Jack Hadley Weds Gail Ann Smith

A wedding of elaborate beauty which took place at the First Presbyterian church in South Bend, Ind. Sunday had interest to friends of Jack Charles Hadley, son of Mr. and Mrs. Frederick Hadley of Tecumseh. At 5:30 p.m. Mr. Hadley was married to Gail Ann Smith, daughter of Mr. and Mrs. Carleton S. Smith of South Bend by the Rev. Daniel Fowler.

The bride's attendants were her sister, Mrs. Walter Searson of Fort Lauderdale, Fla., matron of honor, and Mrs. E. C. Kidd, also a sister and the Misses Millicent Myers, Marlene Deahl, and Elizabeth Toth, bridesmaids. Robert Hadley was his brother's best man and Ross Hadley, Walter Searson, Daniel Cropp and E. C. Kidd acted as ushers.

The bride was very lovely in her gown of rose pointe lace and tulle over satin, made with fitted bodice in off-the-shoulder style and with a train in chapel length. Her veil made in four tiers was also chapel length and was held by a capulet of lace. She carried a cascade bouquet of valley lilies and white orchids.

The gowns of the bridesmaids were of Neptune green taffeta in floor length and their flowers were trianglar cascades of snodrift pompoms with satin leaves.

The bridal dinner was held at the Oliver hotel in the setting of a formal garden, with white standard mums and simulated magnolia trees against a background of bronze gates and Grecian pillars.

Both bride and groom graduated from Rollins College, at Winter Park, Fla., where the bride was affiliated with the Phi Mu sorority. Mr. Hadley also attended the University of Florida and Adrian College. After a wedding trip to the Bahama Islands, they will be at home at Indianapolis, Ind.

Those from Tecumseh who went to South Bend for the wedding included Mr. and Mrs. Frederick Hadley, Mr. and Mrs. Jack Douglas, Mr. and Mrs. Gale Douglas, Mr. and Mrs. Donald Nixon and Mr. and Mrs. Reginald Dixon.

Mr. and Mrs. William Snooks had as guests Sunday, Mr. and Mrs. Joseph Kundert and family of Delphos, Ohio.

Patricia Patton Wed Wednesday

At a candlelighted ceremony in the Baptist church Wednesday evening at 8 o'clock, Patricia Jean Patton became the bride of Robert H. Roadarmel. The Rev. Alvin Brazee performed the double ring ceremony before a grouping of palms, candelabra and hampers of white gladioli and chrysanthemums.

With Richard Wegner at the organ, the Misses Marlys and Evelyn Arnold sang "With These Hands" and "Because" before the arrival of the bridal party and at the close of the ceremony Kenneth Schwartz sang "The Lord's Prayer."

The bride, who entered the church on the arm of her father was preceded by little Barbara Roadarmel, niece of the groom, as flower girl and her cousin David Lemerand who carried the rings.

The maid of honor was Miss Joan Lewis, and bridesmaids were the Misses Mary Glancy and Shirley Teske. Charles Roadarmel was his brother's best man and Wayne Patton and Donald Roadarmel, brothers of the bride and groom acted as ushers.

The bridal gown of satin under blush pink net and white nylon lace was especially becoming to its wearer, who was lovely in a fitted bodice and full, floor length skirt, made with hoops. The deep yoke of illusion was edged with lace and embroidered with pearls and sequins as was the lace cap which held the double finger-tip length veil. She carried a white Bible with white roses and satin streamers.

The maid of honor wore a floor length gown with a turquoise velvet bodice and matching net skirt over taffeta, while the dresses of the bridesmaids were of shrimp pink in identical styling. Their flowers were cream colored mums in cascade arm bouquets and they wore head bands of satin leaves with white poms.

The mother of the bride was gowned in deep blue with navy accessories and the groom's mother wore gray with matching shoes and hat. Both had gardenia corsages.

A reception for 150 guests followed the ceremony in the Baptist church parlors and an open house was held later in the Patton home. Mrs. Donald VanHook had charge of the guest book, Mrs. Evelyn Pannone served the bride's cake and was assisted by Joan Robinson, Mrs. Fay Whelan, Dorothy Pannone, Joan Scott, Shirley Van Hook and Jeanene Heflin.

When the couple left for a wedding trip to northern Michigan and Canada, Mrs. Roadarmel wore a blue knitted suit with white angora trim and navy accessories.

The new Mrs. Roadarmel is the daughter of Mr. and Mrs. Wayne Patton, graduated in 1950 from Tecumseh high school, attended Michigan State Normal College and is employed at Tresco. The groom, son of Mr. and Mrs. Bert Roadarmel of Toledo, is a graduate of Macomber high school in Toledo and is now serving with the United States Air Force.

THE TECUMSEH HERALD

A public record of news and advertising printed in Tecumseh since 1850.

ONE HUNDRED SECOND YEAR — NUMBER 52 TECUMSEH, MICHIGAN, OCTOBER 1, 1953 FIVE CENTS A COPY

Annual THS Homecoming Friday Will Feature Parade, Football Game, Dance

Tecumseh will get its first glimpse of the 1953 high school Homecoming queen Friday afternoon when students — their band and their floats — parade through town at 2:15 p. m.

The colorful parade begins from Maumee street in front of the high school and proceeds south to Chicago Blvd., west through the business district to Presbyterian church, back on Chicago to the stoplight and then north on Evans to Recreation field.

Again Friday evening, her regal highness and court, plus the class and organization floats will parade during halftime before a huge Homecoming football throng. Captain Bill Benham will crown the queen on the gridiron and present her with a bouquet of roses. The group entering the outstanding float will receive a $10 cash prize. Judges are Mrs. Ron Harris, Mr. and Mrs. Ralph Hodges and Ken Blumerich.

Candidates for queen are from each high school class.

9th — Rita Crosby
10th — Mary Lou Partridge
11th — Donna Berdine
12th — Louise Duckworth

Each high school student will cast one vote before the polls close tonight. Announcement will be made at a pep rally Friday morning.

The Homecoming football game starts at 8 p. m. with a rugged Monroe Catholic Central eleven invading.

After the game students and alumni will join in their annual dance at Central school. Products Chieftains will provide music.

Directing Homecoming plans is the Student Council, J. J. Walper, president.

Massed Bands Thrill Huge Festival Throng

There were 601 high school musicians on the field Tuesday night as a dozen Lenawee county high school bands joined in the greatest massed-band concert over assembled in seven Tecumseh fall band festivals.

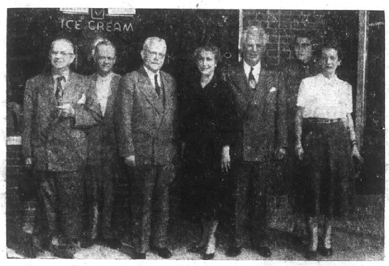
Another first this year was the throng, over 5,000 strong, many from distant points as Recreation field was jammed with spectators. And they were more than pleased with what they saw and heard.

From the opening presentation of colors to the final massed strains of "Star Spangled Banner" it was a Sousa dream program with a Hollywood touch. For each of the twelve bands played and performed their assigned portion of the "Story Hour."

From the largest Adrian high band to the smallest Sand Creek unit, each won the hearts of the huge crowd.

Praise also went to master director Clair Camburn under whose baton the event stepped off in precision-like manner. The Chamber of Commerce and other assisting organizations were praised for the smooth running spectacle from ticket sales to exit.

Senator Chats During Local Visit



After discussing various GOP achievements during an informal coffee hour at Don's Grill Friday, Senator Homer Furgason chats with local political friends. Left to right are Judge G. A. Rathbun, Willis Mohr, Earl Michener, Mrs. Furgason, Senator Furgason, Mrs. C. W. Howe and Mrs. Richard Walker.

Senator Homer Ferguson, Michigan's senior senator who is one of the most powerful of the leaders in the present administration in Washington, strongly believes that more time should be spent in cutting the size and cost of government rather than looking for new sources of revenue.

The silver-haired senator, accompanied by Mrs. Ferguson, was guest of honor at a coffee hour Friday morning in Don's restaurant. He stopped in Tecumseh for an hour on his tour of Michigan to make his report to the people on the accomplishments of the 83rd Congress and the progress of the Eisenhower administration.

Senator Ferguson also predicted that income taxes will be cut in 1954 and that excise taxes will be lowered. "I believe also that the excess profits tax will not be continued," he said.

Talking about prosperity, Senator Ferguson said that the present administration seeks a prosperity, based on peace and not war. "We cannot have a prosperity built on the blood of our sons," he said.

"We can be strong because of our spiritual beliefs and our faith in religion," he said. "And with faith we can continue to be strong."

"You don't fight wars only with weapons, you must have a belief in God. And we in America believe in God."

Following his coffee hour in Tecumseh, Senator and Mrs. Ferguson motored to Adrian where he visited the Lenawee County Fair.

SEEK APPRECIATION DAYS REPLACEMENT

Chamber of Commerce directors are busy searching for a program to replace the now ended Appreciation Days.

C of C president Clarence Beach said a new Tecumseh promotion plan is forthcoming. After two years Appreciation Days had steadily grown in popularity.

Certificates that have not been cashed are redemable anytime within the next month.

Woman Killed As Accidents Mount

A Brooklyn woman was killed instantly early Tuesday morning when the car in which she was riding left Mill street just north of the Iron bridge and crashed into a tree.

The accident happened at the same point where Dick Henkel left the road two months ago. In fact, the same mail box was clipped off. Henkel went 272 feet off the pavement, Denzel Myers, Rt. 1 Tipton, driving the fatal car Tuesday morning, went 496 feet. Henkel's car rolled over and hit a telephone post, Myers' skidded upright into a tree. He is being held in Lenawee county jail awaiting hearing.

Another accident on north Mill happened at the Brown street intersection Sunday afternoon when nine-year old Jimmy Marsh darted in front of a car driven by a Saginaw woman. The son of Mr. and Mrs. James Marsh, So. Maumee street, Jimmy is recovering satisfactorily in the hospital. There is no charge.

This is the fourth accident in recent weeks in that stretch of road. Two weeks ago John Austin was killed at North Evans and Logan.

DRIVE OPENS OCT. 20

Life-blood of a dozen Tecumseh activities, the annual Community Chest drive opens with a kick-off breakfast Oct. 20, general chairman Frank Rice, announced this week. He also sent out a call for needed captains and precinct workers.

No small job the drive chairmanship. Rice faces a bigger task as this year the Red Cross drive is combined with the Community Chest as Tecumseh will only be asked to give once.

Complete plans will be announced prior to the opening breakfast.

Fluoridation Referendum In City Charter

Two Softball Crowns To Tipton Team

WINNING SOFTBALL TROPHIES is an old story for Dick's Standard Service, Tipton, for the above squad copped Tecumseh's summer league championship for the past two years. Left to right are, seated, Bob Overy, Wesley Whelan, Dick Kahle (sponsor), Charles Isaacson and Lee Robinson. Back row, Bob Dick (bat boy), Vic Shandley, Ed Furgeson, Gilbert Ives, Jack Greenwald, Max Gilpen and Jerry Barton. Not pictured, Ken Swartz, Dick Roost, Bob Willnow, Gerald VanValkenburg and Albert Hart. The club was undefeated in '52, lost only two in '53.

Solution Sought For More Supervision Of School Children During Noon Hour

BY SUPT. JAMES McDOWELL

Non-completion of Patterson school for use this fall has caused many problems which the schools have been attempting to solve. When Patterson school is occupied no children attending it, except for a few Kindergartners, will live more than three-quarters of a mile away and all are expected to walk to school or furnish their own transportation and the building will not be open at noon. The few Kindergartners will be transported by bus from Tecumseh Acres.

At present these pupils are housed at Central and at the High school building which are more than a mile from some of their homes. These pupils are now being furnished transportation by bus and the result is overcrowding in the bus. This condition will be reduced markedly with the completion of Patterson and it is hoped that parents will cooperate by accepting this necessary inconvenience.

Tecumseh bus routes are short and no child should, unless unforseen difficulties arise, be picked up in the morning or left off at night more than one hour earlier or later than school hours. Many pupils in other districts are from one and a-half to two and a-half hours in transit and we feel that our children are being more than adequately transported at present as far as length of ride is concerned.

Teachers at Tecumseh have a long teaching day as far as school days go, for all must be in the building by 8:15 a. m. and must remain until 3:45 p. m. at night and in addition have noon hour duties and extra curricular activities. Tecumseh children have a longer school day for educational purposes than most schools and are receiving a more well rounded education through good use of this additional time.

Bus children are allowed in the school building when they arrive and are supervised by one teacher at Central during their lunch period and by two at the cafeteria. When they have finished eating if any time remains, the children are allowed on the playground which is fenced in or in the building as they desire. The teachers then eat their lunches.

Some parents are using the public schools as a glorified baby sitting service for many children who live practically within sight of the schools are forced by their parents to remain at school during the noon hour. This is fast becoming an intolerable situation for supervision is becoming impossible. Children, so say our best educators, need to go home for lunch wherever possible.

There will be a meeting of all parents who are interested in aiding in making plans to improve our bus service and in providing additional supervision for bus children at 3 p. m. at the Central auditorium Friday. It is hoped that perhaps it will be possible that enough parents will be interested so that a plan of supervision by the parents taking turns will result.

It is unfortunate that every child cannot return to his home for a warm lunch at noon or at least a hot lunch in the cafeteria where the schools provide adequate supervision during the noon hour. However, since this seems impossible in Tecumseh due to the fact that in so many families both the mother and father work or the mother has social obligations at noon, the schools are trying to provide adequate supervision during the noon hour. However, if additional supervision is desired, the problem requires the attention of parents of the children involved and if your child stays at school at noon, attend the meeting Friday.

WELL WATER SAFE

James Tonneberger invites persons who want a cool drink of clear, refreshing well water to visit the flowing well on his property north of Paul's Trailer park, North Union street, anytime. He further asked clarification of an earlier state test which rated the water unsafe.

For a second sample passed the state test rating the water safe for drinking.

Metcalf Opens "Letter" Week

"Letters bring happiness," postmaster Jack Metcalf said in announcing Tecumseh's observance of national Letter Writing Week. "Writing and receiving letters is as close a part of every American life as any habit or tradition.

"How much we depend on the mails," the likeable local postmaster pointed out, "yet how much we take this vast service for granted."

National Letter Writing Week is Oct. 4 to 10.

Metcalf also announced the final date of Oct. 8 for obtaining applications for probational appointment to positions of substitute clerk and substitute carrier. Applications can be obtained from Civil Service secretary Mrs. Percy Bowen. Competition is limited to residents of Tecumseh between the ages of 18 and 50. Further information is available at the local Post Office.

Christmas packages for overseas servicemen must be mailed between Oct. 15 and Nov. 15, airmail packages before Dec. 2. The latter must not weigh more than two pounds and be more than 30 inches in overall size.

Duck stamps are now on sale at the post office, Metcalf said.

FINED FOR PASSING LOCAL SCHOOL BUS

Richard Coscarelli was fined $25 plus costs of $4.30 and was deprived of driving for 30 days after recently pleading guilty to passing a parked Tecumseh school bus from behind.

Principal Neville Hart reviewed the state law which prohibits motorists from passing a parked school bus except from the oncoming direction.

ELECTED TO BOARD

Dr. Richard Dustin was elected to the board of directors of the Lenawee County Cancer Society at the annual meeting held Thursday evening at the Court House, Adrian.

Mrs. Harvey Heyser, state commander of the American Cancer Society spoke on the operations of that organization and stressed the fact that donations are distributed wisely. Plans were made for the October meeting at which Sister Miriam Michael O.P. of Siena Heights College will be guest speaker.

MEMBERSHIP TOPIC

Annual membership drive will highlight a pancake supper and business meeting of the Underwood-Orr American Legion post tonight. Commander Bob Lowe said pancakes and sausage will be served to post members beginning at 6:30, business meeting will follow.

SPEED TIMER

A new portable speed-timer will be used by the local police force beginning next week to accurately check driving speeds at various points in Tecumseh at different times.

NEW SALES MANAGER

Jim Spooner has taken over sales management of cars and trucks at Butler Motors. Harry Schuch has been promoted to service manager. C. O. Butler has received two tickets to the Lions-Rams profesional football game in Detroit for truck sales in September.

Observe 50th Wedding Anniversary

Mr. and Mrs. Ernest H. Van Vleet will celebrate their golden wedding anniversary with an open house at their home, 204 N. Pearl Sunday, from two to five p. m. All friends and neighbors are invited to celebrate with them.

The couple were married October 7, 1903 at the farm house of the bride's parents near Northville and have been residents of Tecumseh since 1906.

They have one daughter, Mrs. Dale Tingley, one grandson, Dale Ernest Tingley of Tecumseh and one granddaughter, Mrs. Boyd Baird of Gaylord, also two great-grandchildren.

Mr. and Mrs. Van Vleet are both active members of the Tecumseh Baptist Church and Mr. Van Vleet is also a 40 year member of the Knights of Pythias Lodge.

Council–Manager Form Selected, Charter Nearly Ready For Approval

An enlarged Tecumseh will soon have a chance to read its completed city charter — and sometime later in October, to vote on its approval.

For three long months of detailed study by the nine-man charter commission are near an end.

How Tecumseh will be operated under a modern city form of smooth-running, more-economical government is written into 18 chapters of an amazingly complete document which will replace the age-old village charter.

The council-manager form was selected after much discussion as the best form to fit Tecumseh's needs. When the final revisions are agreed upon sometime early in October, the charter will be presented to the entire voting public within the new boundaries while an official copy is sent to Governor Williams for approval.

When the latter is received a popular vote will be taken, and if approved, the new form will replace the old.

From information received to-date, Tecumseh will undoubtedly like what it reads in the new charter — for such public issues as fluoridation of drinking water will be put squarely before the voters in the future. Contrary to the present system, the council-manager form allows voters to decide all important matters common to the community.

Praised By Anti-Fluoridation Group

Earl Bryan told The Herald this week that his Anti-Fluoridation Committee is "one hundred per cent behind the Charter Commission" and its proposed plan.

"We're not anti everything. We want to work toward the same goals as the commission — for the good of the community and its citizens.

"With the kind of a charter they have drawn up, which provides an easy referendum, we'll go to bat for its adoption," the Anti-Fluoridation head said.

The well-balanced charter commission, elected last July, has done a remarkable job weighing advantages and disadvantages of other cities in Michigan to prepare Tecumseh's future "constitution." Members of this group are Robert H. Moore, chairman; James Beardsley, vice-chairman; Glenn Driscoll, secretary-treasurer; Frank Smith, Perry Satterthwaite, E. M. Campbell, Rev. Edward Escolme, H. H. Hanna and Charles H. Mensing.

Some of the features already approved by the charter commission include:

- A seven-man council to be nominated by petition and elected in the spring vote.
- Three councilmen are to be elected each year for two year terms and one for a one year term.
- The council will elect its own mayor as presiding head of the council and chief executive officer of the city. He will have a vote on all matters before the council.
- The only other elected officers will be the justices of the peace.
- The council will select a manager who is responsible to the council at all times. He will be empowered to appoint the treasurer, the clerk, the assessor, the city engineer and such other subordinates as are required and approved for normal operation of the city. Certain officers may be combined if economy warrants.
- The board of review, the city attorney, the hospital board, the cemetery board and such other boards which may become necessary will be appointed by the council.
- The charter carries a provision for initiative, referendum and recall. This would allow voters to bring any issue affecting the public before the voters for determination.

Under the city form all local governmental services are furnished, including those formerly performed by the township. The duplication of taxation as now administered by the village assessor and the township assessor would be eliminated. All property will be assessed only once by the city assessor.

Instead of having only one supervisor for Tecumseh township on the county board, Tecumseh will have four for the city alone giving more local representation. They will be appointed by the council but entire compensation will come from the county board.

Citizens will be required to register only once under the new charter—to cover all elections.

City elections will be non-partisan with local issues the determining factor.

All taxes will be collected by the treasurer.

Hospital's Place In Community Eyed

From Tecumseh to Tacoma, Mrs. H. E. Whelan found that hospitals everywhere fill a place of prime importance in the life of every community.

MRS. H. E. WHELAN

"And the cost of hospital service to the individual is less than that of a good hotel," the president of Herrick Memorial hospital said upon her return from a month's conference in San Francisco and in Hawaii.

After listening to many informative sessions of hospital problems, Mrs. Whelan had nothing but words of praise for Tecumseh's fine medical center and its able head, Miss Gertrude Spaulding.

Her trip started back in August when a special sight-seeing train left Chicago for California. There, numerous lectures, discussion groups and forums considered today's many hospital problems of operation.

From there the group flew to Honolulu and another series of panel discussions and general hospital meetings. She is shown alongside a giant United Airlines passenger transport before the nine hour oceanic flight, her first.

NEWSPAPER CREED — On the eve of National Newspaper Week, Oct. 1 - 8, we offer the widely accepted Journalist's Creed for it is written between the lines of a thousand newspapers, large and small, every week. In fact the strength of a free press is so often focused on metropolitan papers that this year the national spotlight is on the hometown weekly — voice of the people, cyclopaedia of American life.

> I believe that the public journal is a public trust; that all connected with it are, to the full measure of their responsibility, trustees for the public; that acceptance of lesser service than the public service is betrayal of this trust.
>
> I believe that clear thinking and clear statement, accuracy and fairness, are fundamental to good journalism.
>
> I believe that a journalist should write only what he holds in his heart to be true.
>
> I believe that suppression of the news, for any consideration other than the welfare of society, is indefensible.
>
> I believe that no one should write as a journalist what he would not say as a gentleman; that bribery by one's own pocketbook is as much to be avoided as bribery by the pocketbook of another; that individual responsibility may not be escaped by pleading another's instructions or another's dividends.
>
> I believe that advertising, news and editorial columns should alike serve the best interest of readers; that a single standard of helpful truth and cleanness should prevail for all; that the supreme test of good journalism is the measure of its public service.
>
> I believe that the journalism which succeeds best—and best deserves success — fears God and honors man; is stoutly independent, unmoved by pride of opinion or greed of power, constructive, tolerant, but never careless; self-controlled, patient, always respectful of its readers but always unafraid; is quickly indignant at injustice; is unswayed by the appeal of privilege or the clamor of the mob; seeks to give every man a chance and, as far as law and honest wage and recognition of human brotherhood can make it so, an equal chance; is profoundly patriotic while sincerely promoting international good will and cementing world-comradeship; is a journalism of humanity, of and for today's world.

TAKEN FOR GRANTED — The visit to Tecumseh last week of Senator Homer Ferguson, Michigan's senior senator and chairman of the Senate Republican policy committee, is something taken for granted by the average Lenawee county citizen.

The reason is that Tecumseh is in the U. S. A. In this great country of ours, leaders in government keep in touch with the people because we have a government of the people, by the people and for the people.

Can you imagine the top leaders of Russia "dropping in" for morning coffee in a town about the size of Tecumseh behind the Iron Curtain for an informal gathering without armed bodyguards and an entourage of bullies in attendance? We doubt that it has ever happened.

When Senator Ferguson came to Tecumseh he and Mrs. Ferguson came to renew acquaintances, tell what is going on in Washington and to learn what the people of Tecumseh think about how things are going insofar as it concerns their national government.

As Senator Ferguson said, it is only by learning what the people think and want from their government that their duly elected representatives in Washington can properly represent them.

Senator Ferguson chooses to keep in touch with the people of Michigan in the first person. His method of doing so is commendable. His down to earth approach is something other leaders in government should copy.

And because he knows the thinking of the people of Michigan, he has become a great leader in the Senate.

●

FOR FIRE PREVENTION — It seems that these "weeks" have a way of piling up, for we are reminded that the first week in October is annually Fire Prevention Week — which reminds us of the many deaths and huge property losses that result each year from the careless cause of fire. We urge all readers to make a personal resolution to exercise extreme care to prevent tragedies resulting from fires in Tecumseh. A little thought about this danger, as cold weather approaches, will pay dividends and possibly prevent unnecessary death and destruction.

Carefulness in the woods at this time of the year will also save many millions of dollars worth of timber, which is consumed by forest fires every year. When one realizes that several farms in the United States burn every hour, the seriousness of Fire Prevention Week will be appreciated. Too often only those who have experienced a fire appreciate the warning issued every year at about this time, and we hope readers in this community will concern themselves with this problem during Fire Prevention Week.

●

ANOTHER TEST — A reader asks of our opinion on Martin P. Durkin's sudden resignation from President Eisenhower's cabinet, and all we can say, "It's another test for Ike, he's a big man, he'll pass it." The President vigorously combats, from the beginning, the Democrat claim that Washington is now run by big business and more and more anti-union. If it resulted from a Taft-Hartley rift, we know that the best is forthcoming and another good man who will stand behind his labor beliefs can be found.

One thing is sure, good government is endangered when workers vote for an inferior candidate just because he promises them favors. The same is true with farmers, veterans, employers, etc. There has been too little emphasis on the common welfare of the nation in the past twenty years and too much on special interest pressure groups.

Eisenhower is still the nation's number one hope!

Is That So!

By Miss Clara Waldron

(The second of two articles about Tecumseh's vanished celery industry).

When conditions were favorable the celery growers made money, and the business grew over the years. It was far from all "velvet," however. The soil required special fertilizers, seed had to be imported, then carefully nurtured in seed beds and the young plants had to be set out by hand. Weeding, blanching (which was done by banking with soil held in place by long planks), harvesting, trimming, washing, tying and wrapping, all were hand operations.

Even at the wage scale of its early days, celery's pay-roll was a big one. Many a Tecumseh boy earned his first money setting celery or weeding the long rows under the summer sun that was reflected, in smothering heat from the black soil.

As more and more help was required, families were located on the land. Many of them were German, a few coming directly from Germany for the work. Thus celery was responsible for bringing a new element into a neighborhood hitherto largely New England in its background. Names that will be remembered as associated with the management of the farms, besides Dr. Stewart and the Russells, were Mr. Hollister, who had charge of the Tecumseh Celery Co., Joseph Hanford, the owner of that land and Mr. Lowe, who was bookkeeper for Prairie Side for many years. But the men whose names were synonymous with celery and Prairie Side were Ernest and Fred Daisher. Ernest in particular gave it a life of unremitting work and his fortunes went down with the industry.

Irrigation was another large expense item for it had to be carried on night and day during the growing season. At first this was supplied by windmills and when the wind did not blow, the pumping was done by horse-power tread mills. Later steam engines were used and then the more efficient gasoline engine could be heard for miles on a quiet evening, put-putting away to keep water flowing between the rows.

And what beautiful, long, clean rows they were! And what a fresh, pungent, earthy smell they gave off of a summer evening! Driving out to the celery farm was one of the season's pleasures. Visitors were always taken there as part of their entertainment and those straight lines of pale green foliage, extending endlessly against the velvety black soil, left an unforgotten picture in the minds of that generation.

At the height of its prosperity, more than a hundred carloads a season were shipped by the growers and the profits found their way into the economy of Tecumseh. It was "celery money" that enabled Dr. Stewart to build the Chicago Blvd. house now occupied by Dr. and Mrs. A. H. Brown (much larger, more pretentious and elaborately decorated than in its present form) and money from the same source supplied other, less obvious needs.

And then almost over night there were no more profits. The growers struggled on a few years in a small way, but hand labor was too high and too scarce. There were setting machines available but they could not do the other necessary operations. Competition with the all year round growing climate of Florida and California was well nigh impossible to meet and the supermarkets with their demand for a year round supply direct from the grower eliminated both the wholesaler and the small grower.

The land is still there, much of it now a desolate waste of head-tall weeds, undergrowth and young trees. Perhaps someone will find a profitable use for it again—and history will start on another cycle.

W. H. WILLIAMS

Governor of the 23rd Rotary district, W. Hugh Williams, Wyandotte, will make his official annual visit to the Tecumeh Rotary club at their meeting Tuesday. Just back from a trip to the Rotary International convention in Paris, the district head will meet with local Rotary officers and committee chairmen at 5 p.m. preceding the meeting at the Country Club.

ENTERTAIN OFFICERS

Mr. and Mrs. Owen Partridge, associate Worthy Patron and Matron of the Order of Eastern Star entertained Sunday evening at the home of Mr. and Mrs. M. G. Partridge honoring Mr. and Mrs. Ray Schlegel, Worthy Patron and Matron of the order.

Guests were the twenty-two officers with their wives and husbands. The evening was spent socially and Mr. and Mrs. Schlegel were presented with a gift of a card table and matching chairs by their fellow officers. They in turn gave each of their associating officers a gift in recognition of their cooperation during the past year. Refreshments served by the hosts concluded a pleasant evening.

MRS. EDGAR SHARP DIES AT HOME OF DAUGHTER

Mrs. Minnie E. Sharp died Friday at the home of her daughter, Mrs. Nyra L. Parrett of Tecumseh. Born at Deerfield, Ohio, Oct. 5, 1862, she was the daughter of Moses M. and Margaret Brown Huff, later of McConnellsville, Ohio.

On March 16, 1886, she was married to Darius L. Lucas and for a while resided at Edison, Ohio, but returned to McConnellsville to live until 1903 when she took her children to Iowa where she made her home for several years. She married Edgar Sharp of McConnellsville, August 11, 1911. After his death in 1932, Mrs. Sharp continued to live in McConnellsville until 1936 and since then has made her home with her children in Michigan. She was a life long member of the Presbyterian church and a life member of the Rebekah Lodge.

Surviving are stepsons, Harry B. Sharp, McConnellsville; Dr. Leslie Sharp, Leesburg, Fla.; son, Harry H. Lucas, Dearborn; sister, Blanche Huff, McConnellsville; daughters, Mrs. Parrett and Mrs. Jessie M. Matthews, Tecumseh; Mrs. Margueritte Harrington, Lodi, Ohio and Mrs. Maize D. Cornetet, Columbus, Ohio; eleven grandchildren and fourteen great grandchildren.

Services were held Monday, 2 p.m. at the Green Funeral Home, the Rev. Alvin Brazee of Iron Creek church officiating.

Grade School News

Second Grade
Miss LaPointe

There are twenty-two girls and seventeen boys in our room. Children who came from out of town are Sharon Fowle from Camden, Gregory King from Adrian and Sue Morgan, Carleton. We are glad to have them with us.

John Wayne McKenzie, Glenn Schmidt, Roy Sparks, Gary Peterson, Delbert Hawkins and Susan Whitney have September birthdays.

Barbara Colgrove brought the house of the Three Bears to school. The upstairs and downstairs are furnished with big, middle sized and little furniture.

Those of us who attend the Adrian Fair will give a report on what we saw that we liked the best.

We are enjoying our physical training classes and music which are taught by Mrs. Marx and Mrs. Schippers.

For our nature study class we have had grasshoppers, caterpillars, a fish, a turtle, and pigeon

Second Grade
Mrs. Garlick

We have had a fire drill and noise of the gong frightened some of us. We'll not be afraid again because now we know how it sounds.

We have new furniture in our room. We are also using the new books which we shall use at Patterson. We are trying to keep these things in nice condition.

We are very happy to have Art, Music and Gym as special classes this year.

Jay Osburn brought us a birthday treat. Thank you, Mrs. Osburn for the nice cookies.

Joe Hanna is in University hospital with polio. Get well soon, Joe. We miss you in our room.

We have enjoyed our Science work. We have been learning about insects, mammals, and birds.

We have 35 children in our room. There are 15 boys and 20 girls. Two of our girls are new to the Tecumseh schools. Ann Surratt went to school in Indianapolis, Ind., and Janice Drummonds went to school in Huntsville, Ala.

Maxine Fuller told us about her interesting trip to the West this summer.

We are watching to see all of the things which tell us that autumn is on its way here.

Third Grade
Mrs. Vallie

Thirty-seven children came back from vacation and are now busily working in Room 207. Several children are new in Tecumseh this year. They are James Johnson from Detroit, Hilda Dotson from Ivyton, Kentucky, Dean McCarley from Bexar, Alabama, and Raymond Oliver from Alabama.

We've started our year's work by doing a unit on cities. As a part of this unit, we are making a scrapbook. We have found pictures about city life and have written a story about the Empire State building. All the boys and girls looked up the information for this story in encyclopedias.

Each morning we have a news period. Three children bring to the schoolroom something they think would be of interest to the group. April Smith brought an interesting seashell, Tim Sisson, a collection of stones, and Sherry Packard, a book showing pictures of World War II. Sheila O'Neil told us about some sea shells and Bob Peck told us of an invention he wants to patent some day.

We have a library for which the children brought in books of their own. Our librarians are Sharon Martin and Raymond Oliver.

Monitors have also been chosen. They are Jack Rutherford and Letha Kimerer.

Third Grade
Mrs. Illeck

We are a family of 37 happy boys and girls.

We had fun doing the things we liked to do, during the summer vacation. Now, we are glad to be back to school.

Most of our group has attended Tecumseh Public Schools before this school year. However, we do have some newcomers. We are happy to welcome these boys and girls. One of the newcomers is Clarence Jansen. Clarence spent all of last year traveling in South America. He has had many wonderful experiences and we enjoy the times he shares those experiences with us.

We have been studying insects, mammals and spiders in our Science classes. Some children have mammals for pets. Larry Harper and Grant Baughey brought pet rabbits for us to study. Bruce King brought a tiny pet mouse.

Our class is divided into three reading groups. Each group is using a different basic reading book. We voted to use the "Weekly Reader" for current events and supplementary reading in all groups this year. Most of the boys and girls have brought money to pay for a year's subscription.

The first day of school we made a booklet called "Our Vacation." On each page we wrote a sentence and drew a picture to illustrate it. This was the beginning of our Language work for the year.

This week we had a surprise. Mrs. McClenathen from the Zaner, Blosser Handwriting Company visited our room. She was trying to help us improve our handwriting. We have been writing our spelling words on the blackboard. Our teacher helps us to form our letters correctly at the board.

Some of us write beautifully. However, we are all trying to improve our writing.

In our Arithmetic classes we are making our own flash cards. Each time a new addition or subtraction fact is presented, we make a flash card for that fact. It is fun to learn addition and subtraction facts this way.

We miss Joel Bailey, Carol Bassett, and Madonna Strand. We hope they will be well enough to come back soon.

Second Grade
Mrs. VanWinkle

Well, here we are, upstairs and in the Second Grade. When you read about us last year, most of us were downstairs, in Miss Warner's First Grade.

We all had a very nice summer and are happy to be back, reading, writing and doing numbers. Oh, yes, we must not forget to tell you that we feel real grown up, now that we have Art, Music and Physical Education. We enjoy these new classes very much.

Mrs. VanWinkle is reading a book, "The Boxcar Children" to us during our story hour. It is a mystery and we can hardly wait from day to day to find out what will happen next.

We colored and cut out squirrels, acorns and oak leaves and have put them all across the front of our room. The squirrels look very happy, so we call it, "A Squirrel Party." We have been talking about how the squirrels are now very busy, gathering and storing nuts, so that they will not be hungry this winter.

We are so glad that we are again having this way of letting you know all about us and our work. You will be hearing from us again, real soon.

A survey reveals that more college graduates have headaches than people with little schooling, and single persons suffer more from headaches than married ones. MORAL: Stay ignorant and get married.

John Deming, son of Mr. and Mrs. Virgil Deming, who graduated with the Tecumseh high school class of 1953, has enlisted in the army and is now stationed at Fort Knox, Ky., for basic training. A going away party for Pvt. Deming was given recently by members of his class and other friends.

Jack Tonneberger, organist and musical director of the Ausburg Lutheran church in Toledo, will give a dedicatory recital Sunday evening at 7:30 at the Lutheran church of Our Saviour in Trilby, Ohio. The occasion will be the dedication of a new organ in a church in Trilby, which is a suburb of Toledo and near Sylvania.

Perry Satterthwaite went to New Hampshire last week for a few day's motor trip through the eastern states.

Abi Evans chapter, D.A.R. was represented at the regional meeting in Jackson last Wednesday by seven members, Mrs. Joe Rice, chapter regent, Mrs. Burtsel Claus, Mrs. Roy Whiting, Mrs. Arthur Brown, Mrs. Lyman Curtiss and the Misses Ethelyn Garlinghouse and Edith Ingersoll. The conference, composed of members from ten southern Michigan chapters, met at St. Paul's church, where a meeting was held in the forenoon followed by luncheon.

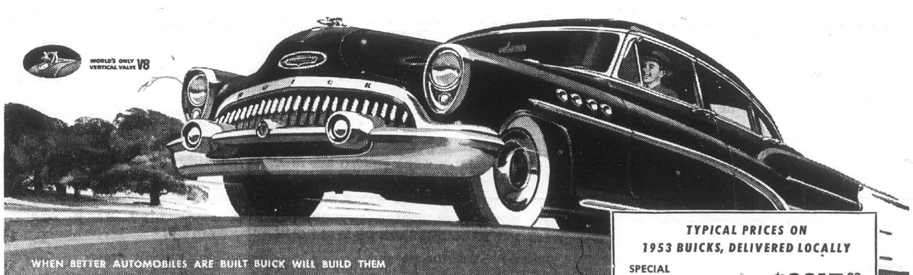
TRY THIS V8 POWER



WORLD'S ONLY VERTICAL VALVE V8
WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

Up a long steep hill—from a standing start—that's where you ought to sample this Buick's silent might.

Or on an ultramodern turnpike, where you can cruise at legal limit in a practically effortless loaf.

But try it you should—just to know the exuberant experience *this* V8 power can bring to you.

For this is automotive power that springs from a V8 engine of unique design—the brilliant new V8 Fireball engine that nestles under the hood of every 1953 Buick SUPER and ROADMASTER.

It is the world's first and only V8 engine with vertical *valves, and a muffler of* zero *power loss.*

It is the only standard-production American car engine to reach 8.5 to 1 compression.

It is the first Fireball *V8—with a host of advanced engineering features—and with the highest horsepowers, Series for Series, ever provided in a Buick SUPER or ROADMASTER.*

You ought to try this spectacular new Buick engine.

You ought to try it for instant response, for almost effortless power delivery, for silken quiet.

And, very definitely, you ought to try it teamed with Twin-Turbine Dynaflow* for new, solid getaway and truly infinite smoothness. Getaway that's instantly responsive—and really easy on fuel.

REPORT FROM BRUSCH MEDICAL CENTER

Some Dangers Attending FLUORIDATION OF DRINKING WATER

1.

A. The Human Body

a. The human body is composed of many trillions of cells. The cell is the living unit and is composed of inorganic and organic elements. All cells contain a substance called protoplasm. This is the cellular tissue. Any substance that deteriorates or destroys this celuular material is classified as a protoplasmic poison.

Sodium fluoride 1 ppm, with which we are concerned, belongs in this group. The percentage of water in the body equals 60-65%. The brain tissue is most vulnerable to sodium fluoride 1 ppm because it has an 85% water content. The brain alone is composed of about nine trillion cells. Under normal physiological conditions, each cell of the body feeds and breathes. When any of its cells are interfered with in any way, so that these biochemical actions are slowed, or hastened, or stopped altogether, an allergy results.

b. Inorganic elements of the body
    a. Teeth
    b. Skeletal structures
    c. Water content

c. Organic elements of the body
    a. Structural tissues - proteins-fats-carbohydrates
    b. Muscles-skin-appendages
    c. Vital organs-glands
    d. Blood and lymph

B. OCCURENCE OF FLOURIDES IN NATURE TYPES — INORGANIC AND ORGANIC

a. Inorganic sodium fluoride is a water soluble and highly toxic protoplasmic poison made from bauxite clay. It is not the same form of fluoride found in the body's skeletal structure, in plant foods, and indirectly in animal tissues.

b. Fluorine is a deadly gas, used as a spray for pest on fruit trees.

c. Fluorine is a liquid. One or two drops in the eyes would kill a human.

d. Hydrofluoric acid eats metal and glass. Its fumes are deadly. One drop burns a deep hole in human tissue.

e. Sodium fluoride as a powder. A most effective pest exterminator (will cause nasal bleeding, if inhaled).

C. ORGANIC CALCIUM FLUORO-PHOSPHATE IS NON-TOXIC AND IS NOT WATER SOLUBLE. OCCURS IN TRACES IN THE HUMAN BODY AND SEEMS TO BE "FIXED."

b. Found in plants, fish, molasses, soy beans, milk, cheese, eggs and practically all foods we eat. May occur in some as high as 700 ppm without harm. It also occurs in shells and bones, natural pearls owing to their rich luster to a high calcium fluorophosphate content.

D. HOW FLUORIDES ARE ABSORBED INTO THE BODY ACCIDENTALLY

a. Inhaled in the air in industrial exhaust or contacted. Destructive action may simulate of radiation.

b. Contacts:
    1. Bleaches
    2. Emery dusts
    3. Insect and roach powder-sprays
    4. In etching glass
    5. Water
    6. Foods (fruits)
    7. Industries - tanneries - rubber works - brass works - electronics, etc.

E. RATE OF ABSORPTION OF SODIUM FLUORIDE

a. Imbalance of ph or acidity or lakalinity of body fluids
b. Activated by gastric acidity
c. Dependent on alkaline reserve
d. Activated by intestinal alkalinity
e. Dependent on calcium reserve
f. Presence of metals increases rate of absorption

F. EFFECTS OF THE PRESENCE OF FOODS IN THE BODY ON THE ABSORPTION OF SODIUM FLUORIDES

a. More absorption takes place in the presence of fats and starches
b. Presence of roughage speeds up its action
c. Small amounts absorbed more quickly
d. Amount ingested in foods depends on soil and water content
e. Amount of food and water ingested alters amount of sodium fluoride in action
f. Rate of absorption is altered by:
    1. Body weight
    2. Age range
    3. Sex
    4. Glandular functions (metabolism)
    5. Temperature

N.B.—

THE IMPORTANT PERIL IS FLUORIDE ACTIVITY RATHER THAN FLUORIDE CONCENTRATION.

G. HOW SODIUM FLUORIDE, 1 PPM, POISONS THE HUMAN BODY

a. On continued drinking of small constant doses of sodium fluoride 1 ppm in the drinking water, ordinary toxic symptoms of varying degrees are manifested at first, usually gastro-intestinal in nature. Severe acute poisoning produces hepatitis, an acute toxic liver condition.

b. The enzyme actions are destroyed and the metabolic processes of the body cells are interfered with, blocking absorption of necessary proteins, fats and carbohydrates.

c. The areas first attacked are those with a high calcium content, like the blood and bones. Fluorides have an extremely active affinity for calcium. On ingestion — or drinking — it gives up its sodium ion readily and seeks to combine itself rapidly with all available and UNAVAILABLE calcium in the body.

H. HOW THE BODY IS AFFECTED

N.B.

a. Sollman, the pharmacologist, points out, among the many poisonous effects of the fluorides, that CALCIUM FLUORIDE — the end result of the insidious robbing mentioned above — does not DISSOLVE in the presence of SODIUM FLUORIDE. THIS INSOLUBLE PRECIPITATE eventually ALTERS the Feeding and the BREATHING of the CELLS of the HUMAN BODY.

b. Sollman also warns that constant small doses of sodium fluoride produce CAPILLARY CONSTRICTION. This is the alteration caused in human tissue which produces an inbalance in the blood. Finally, recognized allergic symptoms of varying kind and degree are manifested.
    1. Vaso-motor disturbances and rhinitis
    2. Bronchitis and asthma
    3. Gastro-intestinal disturbances
    4. Dermatitis-hives-acne
    5. Alopecia
    6. Diabetes
    7. Anemias

I. WHEN SODIUM FLUORIDE 3% IS ADDED TO MILK, IT COAGULATES IN 10 MINUTES.

Imagine what this would do to an infant's digestion?

J. HOW SODIUM FLUORIDE INTERFERES WITH CARBOHYDRATE METABOLISM

a. Produces symptoms similar to diabetes
b. Causes sugar to appear in the urine
c. Causes sugar to appear in the blood

K. HOW SODIUM FLUORIDE INTERFERES WITH FAT AND PROTEIN METABOLISM

a. Causes loss of appetite
b. Causes loss of weight
c. Causes weakness
d. Causes retarded physical growth
e. Causes retarded mental growth

N.B.—

ALL THESE UNTOWARD ACTIONS WOULD EFFECT CHILDREN AGES ONE TO SIX IN A REASONABLE SHORT TIME, IF THEY WERE FORCED TO DRINK SODIUM FLUORIDE 1 PPM IN THEIR DRINKING WATER DAILY.

L. HOW SODIUM FLUORIDE INTERFERES WITH MINERAL RESERVE OF THE BODY

a. Withdraws calcium from bone
b. Causes brittleness, spontaneous fractures (that is, breaking without reason) and osteomalacia
c. Depresses the action of the heart muscle. Calcium interference
d. Interferes with respiratory center in the brain
e. Precipitates calcium in the brain tissue, causing varied nervous and psychic disturbances. Capillary constriction occurs readily in brain and nervous tissue
f. Puts off acidity of gastro-intestinal tract — causes varying degrees of diarrhea
g. Causes accidents in pregnancy, due to depletion of calcium in blood.

M. EFFECTS OF FLUORIDES ON CANCER

a. Fluorides definitely shorten the lives of animals with Cancer, which would lead us to assume that they would affect humans in a like manner.
b. Fluorides may also affect any organ in the body.

N. MOTTLED TEETH DUE TO FLUORIDE INGESTION

a. First sign of allergy to fluorides.
b. This occurs when fluorides are ingested over a long period of time. Not every one gets mottled teeth, even though fluorides are ingested over a long period of time.

O. GOOD TEETH

a. Each individual has an inherent biochemical makeup. Individuals vary as much as 700%.
c. Good teeth are inherited.
d. Calcium is essential for good teeth.
e. Good hygiene of the mouth and hands of children is necessary.
f. A healthy glandular system, to deposit calcium in the right place.
g. Prevention of childhood diseases, especially mumps.
h. Fluorine is not essential for good tooth formation.
i. Dentine will not form without sufficient calcium.

P. INFLUENCE OF ENVIRONMENT ON TOXICITY OF SODIUM FLUORIDE 1 PPM

a. Temperature.
b. Humidity.
c. Concentration.
d. Mineral content of soils.
e. Removal should be the rule where concentration is high.

Post-mortem analysis of the human body, where death was due to fluorine poisoning, showed no differences, except the presence of fluorine in all cells of the body.
Allergy effects produced over a period of time would vary for each individual.
Small consistent doses of sodium fluoride 1 ppm would first poison, then sensitize. Acute and chronic conditions would be induced by allergy.

2. Public Health Facts

A. VITAL STATISTICS

a. Population of U.S.A. — 153,900,000.
b. One out of 8-10 is a child between 1-6.
c. Life span 50 years ago — 45.8 years.
d. Life span today — 68.8 years.

B. COMMON CAUSES OF DEATH 50 YEARS AGO

1st — Pneumonia
2nd — Tuberculosis
3rd — Heart
7th — Cancer

C. COMMON CAUSES OF DEATH TODAY

1st — Heart
2nd — Cancer
7th — Tuberculosis

D. PER 100,000 THERE IS A SHIFT FROM INFECTIOUS TYPE TO DEGENERATIVE DISEASE

750,000 rheumatics
250,000 paralytics
These conditions 4x's that of diabetes
2x's that of tuberculosis
2nd only to mental disease

E. COMPARISON IN MORTALITY RATE FOR DIARRHEA AND SENILITY BETWEEN NEW MEXICO AND TEXAS, WHERE THE SOIL CONTENT OF FLUORIDE IS AS HIGH AS 0.18% IN SOME PLACES, AND MASSACHUSETTS

	Diarrhea Deaths due to	Senility Deaths due to
Massachusetts	3.3%	2.4%
Texas	24.6%	37.7%
New Mexico	49.4%	114.5%

F. MORTALITY RATE FOR PREMATURE BIRTHS

National average	26.7%
Texas	35.1%
New Mexico	55.9%

Premature births are not listed as a cause of death in Massachusetts.

3. Sodium Fluoride

N.B.—Neither Fluorine nor any of its compounds has ever been medically or pharmacologically accepted. Sodium fluoride, in any solution or concentration, is a protoplasmic poison.
1 ppm of this substance in the drinking water of the nation would eventually cause great physical and mental distress, because it would produce widespread allergy. Now about 10% of the people are allergic.
In our research of five years in the traditional allergies such as hay fever and asthma, we have established that basic substances as bread, milk, eggs, fish or fruit ingested daily can cause and keep these condtions activated. Now these substances belong to a group of allergens classified as "basic," because they are contacted daily. Sodium fluoride belongs to a protoplasmic poison, and therefore outside the "basic."
The individual reaction to constant ingestion of sodium fluoride 1 ppm would be controlled by specific sentitivity rulings in each case.

WHAT IT DOES TO CHILDREN

Continued use in the drinking water of children would in time render them more susceptible to the ordinary diseases of childhood, thus entirely defeating the purpose of the PLAN in the first place, because it is these common infections of childhood that actually inhibit and destroy the endocrines, the pituitary especially, which is directly responsible for good tooth formation, development and health. It would also render them highly sensitive to lukemia, polio, diabetes, tuberculosis and cancer.

We have already shown, by use of the Healy Blood Allergen Diagnosis Test in over 500 cases, that sodium fluoride 1 ppm follows the pattern of all "high sensitizer" factors.

ALL CHILDREN ARE SENSITIVE IN THE HIGHEST DEGREE. The blood is tested directly with sodium fluoride 1 ppm. It is absolutely accurate. Aged adults and pregnant mothers follow, then sensitive young adults.

Pregnancy is a known "sensitivity" state. Also there are two individuals to consider. It is a known fact that very often the increased ingestion of a basic substance like MILK causes lowering of the normal reticulo-endothelial block, inducing child loss.

WHAT WOULD HAPPEN IF THESE MOTHERS ARE FORCED TO DRINK SODIUM FLUORIDE 1 PPM IN THEIR DRINKING WATER?

SUMMARY

1. **Sodium Fluoride is a PROTOPLASMIC POISON in any concentration or dilution.**
2. **Important peril is FLUORIDE ACTIVITY rather than fluoride concentration.**
3. **Ingestion of Sodium Fluoride 1 ppm in the drinking water would make every one allergic, children highly so.**
4. **Industrial workers contacting other high sensitizer factors, such as irritating fumes, dusts, powers, greases, rubber, metals, coal, radiation, etc., would be seriously affected.**
5. **Suggested comparison of vital statistics between fluoridated and non-fluoridated areas. Also, polio epidemics or incidence.**
6. **We have tried to show how all body activities may be affected by constant ingestion of Sodium Fluoride 1 ppm in drinking water, which would eventually result in cycle disease conditions of the blood, liver, pancreas, kidneys, nerves and bones.**

Grand Rapids Poisoning

News that a Detroit group representing 25 organizations were convinced that there were 'benefits' from this poisoning at Grand Rapids indicates that they have seen and heard only what the propagandists dished out for them. If they really wanted facts they would find that after five years of drinking this poison at Grand Rapids 1,031 people died of heart disease and its complications compared to 585 the year before the poisoning started, and that deaths from Nephrites and Intra cranial lesions increased 50% while population only increased 7.8% in the four year period 1944-48.

Write Congressman Roy W. Wier, 3rd District, Minnesota, Washington, D. C. and support his bill No. HR — 2341, which would stop fluoridation nationally!

EARL BRYAN, CHAIRMAN

MACON

Mrs. Hamilton Moore
Correspondent

Judge Breakey of Ann Arbor will be guest speaker at the Macon church, Sunday, October 4 at 7:30. The public is invited. Macon Youth Fellowship is sponsoring the meeting.

Mr. and Mrs. Henry Miller and Mr. and Mrs. Herbert Gilmore returned home Sunday after spending several days in northern Michigan.

Mrs. Lois Jordan was hostess Thursday afternoon to the Macon W.S.C.S. Mrs. Wade Scudder conducted the business meeting when it was decided to purchase a new Communion cloth and bread tray for the church. World Day of Prayer will be observed by the group Tuesday, Oct. 27, 2 p.m. Mrs. Lawrence Ward of Milan will be the speaker. Clinton society will be guests that day. Mrs. Rose Gilmore led the devotions and Mrs. Harold Kuder had charge of devotions. Mrs. Pearl Kuder read a poem, "Back Seat Driving" and several ladies took part in a play on missionary work. The next meeting will be Oct. 22 at the home of Mrs. Raynor Scudder.

The Macon Women's Club will be hostesses to Reciprocity Day at the Macon Methodist church, Thursday, Oct. 8, with luncheon at 12:30.

Mr. and Mrs. Frank Riggs and family of Ann Arbor, Mrs. Jack Davis, Ricky and Vicky and Mrs. Loren Dicks and family of Tecumseh were Sunday guests of Mr. and Mrs. Joseph Bock.

Miss Colleen Vershum of Ottawa Lake spent the weekend with her brothers Russell and Richard Vershum.

Mr. and Mrs. Ted Greenfield and son Jack, Mr. and Mrs. Bert Bruder and Mr. and Mrs. Hamilton Moore were among thirty-nine who surprised Mr. and Mrs. Chalmer Bruder of Belleville, Sunday, on their eleventh wedding anniversary. A picnic dinner was enjoyed and in the afternoon Edward Furlong showed colored slides taken this summer on a trip to Colorado.

Clayton Bigelow, Charles Bigelow and sons, H. F. Moore and sons, and Robert and Elton Osborne were among those from Macon who attended the Father and Son banquet in Clinton Monday evening at the Methodist church.

Philip Zick, son of Mr. and Mrs. Ed Zick, is slowly improving from an attack of polio in University hospital, Ann Arbor. He is able to be out of the iron lung during the daytime except for a rest period and during the night. He enjoys receiving cards and having visitors. His parents visit him each day.

Rally Day was observed Sunday during regular church service. The Primary group sang "The Creation" and "I Thank You." Miss Lenora Jordan is new teacher for the Beginners class that was formed. Primary department teachers are Mrs. Marie Frost, Mrs. Virginia Thomas, Miss Karen Swanston and Mrs. Lois Jordan.

GIRL SCOUT TROOP 9

Ann Cameron was elected president of Girl Scout Troop 9 when the group met at the Scout cabin last week for the first meeting of the year. Other officers elected were Alice Titley, first vice president; Janette Buehrer, second vice president; Mary Seager, secretary and Jane Crawford, treasurer.

Outdoor cooking was voted by the girls as their project for this fall and on Tuesday evening they enjoyed a hike and cook-out. Pancakes and sausage were on the menu, the girls preparing the meal themselves. Leaders of the troop, sponsored by the Presbyterian League, are Mrs. H. W. Truesdale and Mrs. L. H. Titley.

Garden Club Plans Landscaping Of Hospital Grounds

Beautifying the grounds at Herrick Memorial hospital is the plan of Tecumseh Garden Club members who have rallied behind a number one civic project.

A committee of Mrs. J. R. Thompson, chairman, Mrs. Charles O'Neill, Mrs. R. W. Herrick, Mrs. R. J. McCoy and Mrs. Charles Kempf directs a plan to complete plantings at the hospital's two lobby entrances this fall and develop the rest of a landscape plan next spring, which has been drawn up by Leo Bishop.

The hospital board has agreed to future care and maintenance of the landscaping, Mrs. E. C. Boss, Garden Club president said.

The project includes planting beautiful shrubs and trees.

Since this is a civic project which will give added beauty and pleasure to the entire community, the Garden Club invites cash contributions from individuals or organizations in Tecumseh and surrounding areas served by the hospital.

"The hospital belongs to all of us," Mrs. Boss explained, "so all donations to the project are welcome, large or small."

Checks should be made payable to Mrs. Harold Kelso, 25 Maple St., Garden Club treasurer.

EXTENSION CLUB

Mrs. John Quigley entertained the Northeast Extension Club at her home on Milwaukee road for their September meeting, Tuesday of last week. Fourteen members and one guest were present, and the leaders presented a program on county health. The summary of the survey made by the County Health Council was presented through booklets that have been recently published and its application to local conditions was discussed.

Officers for the new year were elected as follows: Mrs. Marvin Johnson, chairman; Mrs. Raymond Bird, vice chiarman; Mrs. Curtis Brown, secretary-treasurer; Mrs. Frank Csokasy, publicity; Mrs. John Quigley, community chairman and recreation director; Mrs. Lester Ruhl and Mrs. Clifford Southern, project leaders; Mrs. Elmer Wilt and Mrs. Wayne Blanchard, substitute leaders and Mrs. Ellsworth Robinson, historian. Refreshments were served by the hostess after the meeting.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. Russell Hall of 301 Center Drive, Herrick Park, are announcing the engagement of their daughter Barbara to Douglas Daykin, son of Mr. and Mrs. Leonard Daykin of Britton. Wedding plans will be announced later.

I'm Often Wrong

By Neil Hunter

NOTHING LIKE IT—Whatever your occupation may be and however crowded your hours with affairs, do not fail to secure a few minutes every day for refreshment of your inner life with a bit of poetry. Here's a touch of verse we've always enjoyed and pass along for your refreshment today.

When the evenin' shade is fallin' at the endin' of the day
And a feller rests from labor, smokin' at his pipe o' clay,
There's nothin' does him so much good, be fortune up or down
As the little country paper from his own home town!

It ain't a thing of beauty, and it's print ain't always clean
But, it straightens out his temper when a feller's feelin' mean
It takes the wrinkles off his face, and it brushes off the frown
That little country paper from our own home town!

Now, I like to read the dailies an' the picture papers too
An' at times the latest novels an' some trash, don't you?
But when I want some readin' that'll brush away a frown
Give me that weekly paper from my own home town!

•

LOG JAM — Our desk is so jammed with bits of this, that and the other, we're asking you to help clean the mess up by filling in the lines between these brief facts which have invaded the I'm Often Wrong department of late . . . Tuesday, Dec. 1 has been set for the season's "one day any deer" kill . . . regular season will be Nov. 15 - 30 to kill legal bucks with firearms . . . plus an Oct. 1 - Nov. 5 archery season . . . quiet people aren't the only ones who don't say much . . . nothing has ever caught on so fast and with such popularity in Chicago as Cinerama . . . every word counts when writing your last will and testament . . . careless drivers are people who play the hearses . . . don't forget, the Indian homecoming game with Monroe Catholic tomorrow night.

•

PEOPLE WE LIKE — There's no end to Tecumseh people we like to know . . . people like Cliff Preston, congenial master of ceremonies at the Airport Bowling Alley . . . have you bowled lately? . . . it's a wonderful sport, not too involved though the big timers make a lot out of it . . . we like to take any near-fit ball off the rack, enjoy a few frames of fun and chalk a poor score up to good fellowship and exercise . . . in bowling everyone is an equal, from the office boy to the plant executive . . . it's a great leveler.

We can't get excited about this World Series, too much subway for us, the Yankees for the fifth straight time, second for the Dodgers, five out of eight . . . it's too much greater New York for us midwesterners . . . and all part of the great decline in national baseball attendance . . . and the I'm Often Wrong enthusiasm.

We'll take our own Tecumseh high Indians anyday, win or lose on the grid turf! You know, some will travel to the big games, pay a high price for a distant seat and think he's having a wonderful time, and then not out to support his hometown team for a third of the money, a better seat right among his neighbors . . . some say, it isn't the game but the color, the atmosphere . . . we claim you get all of that, and more, right here at home!

•

DEAR DAD:

They say the smallest word is I and the biggest word is YOU. That isn't just our idea, it's the Tecumseh attitude Dad.

Your Son,
Neil

From where I sit ... *by* Joe Marsh

One for the Books!

Noticed the Missus had a red ribbon tied around her finger at breakfast one morning last week. "What's that for?" I asked. "Your memory slipping?"

"It's not for me," she answers, "it's to remind *you*, and everybody else who asks what it's for, to contribute to the Woman's Club Library Fund. We need $200 and we figured we'd get more help if we could get people to ask *us* about it."

Well, as it turned out, the red ribbon worked just fine. The ladies are having the library all fixed up—and there's enough money for some new books, too.

From where I sit, it would be a fine thing if we had some sort of private reminder when we forget the rights of our neighbors. Like when we start telling them what *we* think is best. I may like a travel book and a temperate glass of beer while you prefer a cup of tea with your historical novel. Let's both remember not to "put the finger" on the other!

Letters To The Editor

Editor, The Herald:

A lesson in simple arithmetic!

The city of Milwaukee was approached with the fluoridation program, the cost would be $78,000 per year, the fluoridators painted a rosy picture of saving the children's teeth with this protoplasmic poison.

The council listened and then several alert councilmen started to figure this cost—$78,000 less $780 leaves $77,220; or 92% finds its way to the sewer without ever reaching the children's teeth.

For instance, the factories, laundries, toilets, fire hoses, lawn sprinklers, etc., take the most water, 7% then goes into bath tubs leaving 1% to children's teeth.

The same thing applies to Tecumseh, $1,200 per year, 99% via the sewer, 1% to the children's teeth. This is a lesson of how to get rid of the taxpayer's money, 1% or $12 to the children's teeth and $1,188 down the sewer per year and we get poisoned too.

You can always buy a new set of false teeth but you cannot buy a new heart or a new body.

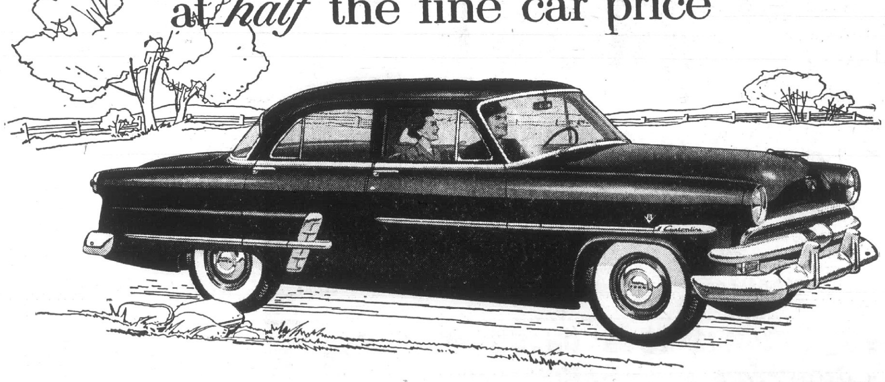
THE FINE CAR
at *half* the fine car price



Duplicating America's costliest cars, feature after feature, Ford is worth more when you buy it . . . worth more when you sell it!

A FEW MINUTES on the telephone calling the dealers who sell America's finest cars will reveal there are at least eleven models among four makes with price tags over $4,000!

Now the interesting thing is that in feature after feature the Ford car duplicates each of these fine cars, and *for less than half the fine car price!*

Look under the hood of the most expensive cars and what do you find?

A V-8 Engine!
Well, the Ford car has a V-8, too. In fact, it has had a V-8 since 1932, and since that time Ford has built more V-8's – by *millions* – than all other manufacturers combined. And there's no other builder in Ford's price range that's seen fit to offer one yet!

But the engine, as fine as it is, is only one of many things that make a fine car *fine.*

Automatic shifting, for example. All the fine cars offer it in one form or another because it's one of the things that make a fine car *fine.* But if you've never driven a Ford with Fordomatic you've missed one of the finer things of life. This amazing transmission not only does away with clutching and shifting forever – it gives you exactly the amount of power you want, when you want it —automatically.

Fine car power steering, too. The big, heavy costly cars offer it for the same reason they offer power brakes. It's a man-sized job for a 120 pound woman to handle a car weighing two tons or more without it—especially when parking. Our "Master-Guide" has two distinct benefits.

First, it gives a hydraulic power assist right down at the wheels *and just enough to take out the work.* You don't relinquish one particle of control—rather your control is more complete and far easier.

Second, being hydraulic, "Master-Guide" power steering absorbs those fatiguing steering wheel tremors caused by ruts and roads in bad repair. *And you don't pay a fine car price for "Master-Guide."*

But there is another fine car feature—the Ford ride. Books have been written on the subject of riding quality in an automobile, but the payoff comes on the pavement – *or lack of it!* Many people associate a comfortable ride with excess weight, but it's not weight alone that makes for comfort. If it were, those big five-ton trucks which you see every day would be the most comfortable vehicles on the road.

Without being technical we can tell you that what's been done with the suspension and springing system gives the Ford a softer ride, a smoother ride than many cars which tip the scales at better than an added half ton.

What about room? Here's an interesting point. If you've felt that only a costly car offered enough room, you just ought to sit down in a Ford even if you're out-size and six feet four! The so-called big car is bigger on the outside, but unless you buy a limousine with those little jump seats, it's not one passenger *bigger inside.*

Visibility is another fine car Ford feature. We say Ford cars offer "full-circle" visibility because they all have huge, curved one-piece windshields and a huge rear window to match . . . *plus* side windows that mean every passenger gets room with a view!

How beautiful is a Ford? A great English poet, John Keats, once wrote "Beauty is Truth, Truth Beauty"—well, he could have been writing about our car for its beauty comes from honest, clean lines in every dimension. In fact, we think most people agree—even our competitors —that the appearance of a Ford Car leaves very little to be desired. It is "at home" wherever it goes and it goes everywhere.

But what about Ford quality? Does it too match the fine car? Is the sheet metal of the body panels as thick? Is the finish as good? How about the trim and things like that? Well, as far as we can determine, the sheet metal is identical in thickness in practically all instances. As to finish – we believe Ford's *baked-on* enamel has no equal in any car. Ford upholstery fabrics and trim are less costly, but they're less delicate, too, and if anything, more durable.

How then is it possible to give you this fine car at half the fine car price?

Part of the answer lies in Ford manufacturing skills and knowledge as evidenced by the V-8 engine. Part of it comes from the ever increasing numbers of cars Ford produces and the economies they make possible. And, part of it comes from Ford's willingness to give greater values than might be expected in cars selling in Ford's price range. And that's the Ford idea.

Worth more when you sell it!

ORDER OF APPEARANCE

W. J. C. HASTINGS, and wife, NANNIE, CHARLES F. HASTINGS, and wife, ANNA, JOHN R. HASTINGS, and wife, MINNIE, NELLIE LAWRENCE, MARTHENA MOSHER, MARY MILLER, JAMES B. HUNTER and JOHN HASTINGS, or their unknown heirs, devisees, legatees and assigns, and all persons who might claim under the persons named, any dower or homestead right whether vested or unchoate, at the time of beginning such suit or proceeding.
Defendants.

At a session of said Court held at the Courthouse in the City of Adrian in said County on the 19th day of Aug., 1953.

PRESENT: Honorable Henry I. Bourns, Circuit Judge.

On reading and filing the Bill of Complaint in said cause and the Affidavit of Roberta B. Greenman attached thereto, from which it satisfactorily appears to the Court that the Defendants above named, or their unknown heirs, devisees, legatees and assigns, are proper and necessary parties Defendant in the above entitled cause, and

It further apeparing that after diligent search and inquiry it cannot be ascertained, and it is not known whether or not said Defendants are living or dead, or where any of them may reside if living, and, if dead, whether they have personal representatives or heirs living or where they or some of them may reside, and further that the present whereabouts of said Defendants are unknown, and that the names of the persons who are included therein without being named, but who are embraced therein under the title of unknown heirs, devisees, legatees and assigns, cannot be ascertained after diligent search and inquiry,

On motion of J. C. Beardsley, Attorney for Plaintiff, it is ordered that said Defendants and their unknown heirs, devisees, legatees and assigns cause their appearance to be entered in this cause within three months from the date of this order, and in default thereof that said Bill of Complaint be taken as confessed by the said Defendants, their unknown heirs, devisees, legatees and assigns.

Lot 4 on the Plat of Eber Shearman Addition to the Village of Tecumseh, except therefrom the west 10 feet thereof.

It is further ordered that within forty days Plaintiff cause a copy of this order tö be published in the Tecumseh Herald, a newspaper printed, published and circulated in said County, such publication to be continued therein once in each week for six weeks in succession.

Henry I. Bourns
Circuit Judge

AGREEMENT WITH THE "JONES HAULING SERVICE"

Agreement made and entered into this 21st day of September 1953, by and between the Village of Tecumseh, a Municipal Corporation, of Michigan, hereinafter referred to as the VILLAGE; and Elwin Jones, D/B/A Jones Hauling Service of 806 Everhard Street, Jackson, Michigan, hereinafter referred to as the CONTRACTOR;

WITNESSETH:—

The VILLAGE agrees to give the CONTRACTOR the exclusive franchise for the pick-up and disposal of garbage and ashes within the corporate limits for a period of two years from and after this date.

In consideration of such franchise, the CONTRACTOR agrees to make pick-up from domestic establishments within the Village twice per week from October 1, 1953 to October 1, 1955, as per Ordinances of the Village of Tecumseh pertaining to the collection of garbage, said Ordinances being incorporated herein by reference.

The CONTRACTOR agrees that no charge will be made in excess of $1.25 per month for such service save and except that the CONTRACTOR may make an additional charge of 10c per pick-up when it is necessary to climb or descend stairs and except that said charge of $1.25 per month covers only the first twenty-one gallon can. An additional charge of 75c shall be made for the second and each additional twenty-one gallon can.

Pick-up schedule and rates on the collection of commercial garbage and ashes shall be as agreed between CONTRACTOR and the particular commercial establishments.

It is understood by the VILLAGE that weather conditions may sometimes prevent a pick-up twice weekly. When such circumstances occur, the CONTRACTOR will make up for such omission by picking up doubly on the following pick-up without additional charge.

In the event that CONTRACTOR'S service under this contract is unsatisfactory, the VILLAGE may, without notice, terminate this franchise and ashes within the corporate limits. The VILLAGE shall be the exclusive judge of the standard of satisfaction required and the desicion of the Council is final.

If the contract be terminated, the VILLAGE may take such steps as it deems proper to establish service through other agencies; and damages occasioned the VILLAGE, the advance payments made by the citizens, shall be repaid the VILLAGE, in proper proportion, by the CONTRACTOR and, in default thereof, the VILLAGE may declare forfeit a certain bond in the penal sum of $5,000.00. Said bond shall, with good and sufficient sureties thereon, be deposited with the Clerk of the VILLAGE on or before October 1, 1953.

This contract cannot be terminated by the CONTRACTOR without serving upon the VILLAGE sixty days written notice of intent to terminate.

CONTRACTOR shall at all times keep adequate books and records covering the drivers garbage accounts and the same shall be available for inspection by the Officials of the VILLAGE.

IN WITNESS WHEREOF the parties hereto have hereunto set their hands on the day and year first above written.

Letters To The Editor

Editor, The Herald:

I would like to express my personal thanks to the Tecumseh police and the auxiliary police, who so capably handled our Band Festival traffic problem on Tuesday night.

I would also like to give special thanks to Neil Hunter for the superb publicity which our Festival received. It was through his efforts that pictures of our majorettes and articles about the festival appeared in newspapers all over the county and in the Jackson and Detroit papers. Very wonderful job, men.

R. Peck,
Tecumseh Band Director.

The employer is the hub; the employees complete the wheel; and if they are ot get any place, they must both turn in the same direction.

STRENGTH FOR THESE DAYS
from The Bible

Heaven and earth shall pass away; but My words shall not pass away.—(St. Luke 21, 33.)

In these anxious days, when the threat of the man-made destruction of whole cities, whole populations, haunts our lives, our only sure solace is to turn to the immortal words of Christ Jesus—for therein is our only hope of salvation, of peace within our troubled souls.

J. C. BEARDSLEY SPEAKS AT OPENING MEETING OF BUSINESS WOMEN

The first fall meeting of the Business and Professional Women's Club, held in the Fellowship Center Monday evening was presided over by the new officers, president, Mrs. George Hay; vice president, Mrs. Duaine Service; second vice president, Mrs. Ray Sluyter; recording secretary, Mrs. Homer Colson and treasurer, Mrs. Gordon Garlick.

Dinner was served by the Westminster League from tables attractively decorated with autumn leaves by the hostesses, Mrs. Nora Schultz, Mrs. Gordon Greiman and Mrs. Nyra Parrett. Grace was asked by Mrs. M. G. Partridge. Forty-eight members and two guests, Mr. and Mrs. James Beardsley, were present.

The program, in charge of Miss Ann Carson and Mrs. Cecile Smith, began with a collection of old time piano selections played by Mrs. Edna Staulter and was followed by group singing of old songs. A comedy skit, "Scene from Traffic Court" was presented, the cast including Miss Lucile Hawley, Mrs. Dale Tingley, Mrs. George French, Miss Edith Ingersoll, Miss Marie Koernig, Mrs. Ray Sluyter and Mrs. M. G. Partridge.

James Beardsley, guest speaker, whose topic was 'The Law Is On Our Side," traced the rights of women under the law from medieval times until the present when their situation is almost equal to that of man. A question and answer period followed during which many interesting facts were disclosed.

During the business meeting, the committee on the "clean up" campaign, consisting of Mrs. Reginald Dixon, Mrs. Purnell Osborn and Mrs. G. W. Spangler reported that posters publicizing the movement were being made under the direction of art teacher Mrs. Helen Westgate, by the pupils of the seventh and eighth grades. Prizes will be awarded for the three best and they will be displayed along with those receiving honorable mention. It was also reported that the village has purchased four trash cans to be placed on the main street and it was voted that the club pay for the lettering on them. The committee felt that this a worthwhile project in which every adult and child should cooperate.

The Joyce Andrews Swimming pool committee, Mrs. Gordon Greiman, Mrs. Frank Laskey and Mrs. George Hay reported that they had written many letters to organizations regarding this matter and that many had responded with contributions, including their own club.

The next meeting, October 26, will be a trip through the publishing offices of the Toledo Blade and will be in charge of Miss Marjorie Wickwire. Transportation and dinner will be arranged by the hostesses, Mrs. Mervyn Boltz, Miss Margaret Lowry and Mrs. Vevia Anderson.

SPECIAL MEETINGS AT FRIENDS CHURCH

Special evangelistic meetings now in progress at the Friends church will continue each evening of this week at 7:30 p. m., including Saturday evening, with the concluding service being held Sunday evening.

Wednesday night is Youth Night. Following the evangelistic meeting Rev. Owen Glassburn, evangelist, will meet the young people of the church in the downstairs room for an hour of social fellowship during which time he will show beautiful travel pictures.

Thursday night is Young Married People's Night with a similar social hour for young married people as that held on Wednesday evening. On Sunday evening Mr. Glassburn will give the second part of the subject "My Life Story." The first part of this inspiring story was given last Sunday evening. Special features are also being planned for the morning worship service at 10 o'clock, and for the Rally Day program in Sunday school at 11:15 a. m.

MISS LOUISE LEIGHTON WEDS PHILIP FUTSCHER

At ten o'clock Saturday morning Miss Louise Leighton, daughter of Mr. and Mrs. Edward Leighton and Philip J. Futscher, Detroit, were married at St. Elizabeth Catholic church by the Rev. Fr. Thomas J. Collins. They were attended by Dr. and Mrs. Henry Maud.

The bride's gown was of white lace over bridal satin and she carried pink roses while Mrs. Maud wore pastel green crepe with yellow roses.

Mr. and Mrs. Futscher left after the ceremony for a motor trip through Canada and Maine.

CLASSES RECOGNIZED AT METHODIST RALLY DAY

Methodist Rally Day, Sunday brought a large attendance to church. Gary Hizer read the morning scriptures and the offering was dedicated by the Rev. Ronald Brunger for young people's work.

Departments of Sunday school were presented by their leaders, nursery school by Mrs. Truman Rentschler by means of songs and dramatizations; the primary by Miss Bertha LaPointe, who also gave Bibles to all those entering the fourth grade and read the cradle roll announcing the names of those who would now be in the nursery school. Other promotions were announced by teachers of each class.

Awards for those who had not been absent for a year were given by the Rev. Brunger and included Roger Mead, Sally Hunt, Louise Anderson, Fay and Kay McClure, Steven Hunt, Richard Brunger and Joe Anderson.

Mrs. Earl Greene, Sunday school superintendent, then gave recognition to teachers of the various classes; Mrs. Jennie Temple, Dependable class; Mr. Greene, men's class; Rev. Brunger, Semper Fidelis; Aden Mead, high school; Maynard Lucas and Mrs. J. C. Cameron, intermediate boys; Mrs. Robert Bonner, intermediate girls; Mrs. J. T. Callihan, junior girls; Paul Hadsell, junior boys; Miss LaPointe, primary; Mrs. Herbert McClure and Mrs. Joseph Poley, kindergarten and Mrs. Clifford Deaner and Mrs. Rentschler, nursery.

A rally day play "Take a Look" was then presented in pantomime with Earl Greene as interpreter, its theme being the problems of modern youth and their solution.

OBSERVE ANNIVERSARY

Friends and relatives of Mr. and Mrs. John Mead of Trenton, former Tecumseh residents, have been notified that the Meads are observing their fiftieth wedding anniversary with open house at the home of their son Donald Mead in Ferndale, Sunday afternoon.

Mr. Mead came to Tecumseh fifty years ago as a bookkeeper at the Hammond lumber office. Mrs. Mead is the daughter of the late Mr. and Mrs. Robert Elliott and spent her girlhood in Tecumseh. She is a cousin of Miss Mary McWilliams and Mrs. Floyd Elliott.

THE TECUMSEH HERALD

A public record of news and advertising printed in Tecumseh since 1850.

ONE HUNDRED THIRD YEAR — NUMBER 1 TECUMSEH, MICHIGAN, OCTOBER 8, 1953 FIVE CENTS A COPY

Tentative Charter Soon Ready For Distribution

A tentative draft of Tecumseh's new city charter is now in the hands of the nine-man commission and later in October it will be printed and distributed to all residents within the enlarged boundaries.

Chapter eighteen of the charter, which provides for details pursuant to inauguration of city government in Tecumseh, is the final step in completion of the lengthy document. This chapter also provides for the charter election, election of city officials and transfer of present village government to city government with required interim financial provisions.

Later in October, an open meeting will be held at the Central building for discussion, explanation and criticism of the charter. Members of the charter group will then meet and make whatever changes seem advisable after hearing suggestions from the community.

Following final printing of the completed charter, an official copy will be submitted to the state attorney general for the governor's approval. Providing legal details are handled promptly, the charter commission will be able to set an election date before Christmas.

Some additional features of the charter in addition to those listed in last week's Herald include:

- Restriction of the tax rate to one and one-half percent, the same as under the present village government.
- Notice by first class mail of all increases in assessments on or before the first Monday in March. This will give all taxpayers a chance to protest to the board of review, which convenes on the second Monday in March.
- Fiscal year of the city and its agencies to begin on July 1 and end June 30 of the following year. This will allow the council elected in April to make plans for the next fiscal year. At present the budget is made up in December because the fiscal year starts January 1, which is before the tax income for that year is known.
- The city manager will submit a budget for the council's approval on the third Monday of April each year. A public hearing shall be held before final adoption by the council.
- Notice of special assessment hearings shall be sent to all property owners involved by mail.

There are 84 council-manager cities in the State of Michigan. The largest is Grand Rapids and the smallest is Gaasha in Iron county. In sixty-six of these, either a resident or non-resident may become city manager.

Tecumseh's city charter states that the manager shall be selected solely on the basis of his executive and administrative qualifications. The council appoints the city manager which makes it imperative that every voter select qualified men for council to oversee the administration of city government.

COMMUNITY ACTIVITIES ALL DEPEND UPON ANNUAL FUND DRIVE

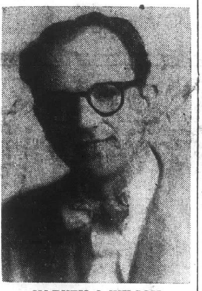
On the eve of Tecumseh's community fund drive, general chairman Frank Rice pointed to the annual event as the "life-blood of a dozen community activities."

The matter of fact chairman outlined this year's goal of $8,400 in the following catagories:

Girl Scouts	$ 300.00
Boy Scouts	1000.00
Cabin Maintenance	150.00
Recreation Center	1200.00
A Family Recreation Center	
Service Club	500.00
A Local Program for those in need	
Hospital Auxiliary	350.00
Cancer Society	500.00
To provide X-ray and treatment for local cancer patients	
Salvation Army	500.00
United Health and Welfare Fund	1200.00
Tecumseh's way of giving aid to 27 worthy organizations and eliminating separate drives by each group	
Community Parties	400.00
Setup each year for Halloween and Christmas parties for the children	
Red Cross	2300.00
	$8400.00

A kick-off breakfast Oct. 20 will officially open the drive here.

OPENS AUTO AGENCY HERE OCTOBER 15



HARVEY J. WILSON

A new Plymouth - DeSoto automobile agency will be opened in Tecumseh Oct. 15 by Harvey J. Wilson. It will be called Wilson Motor Sales and located on the corner of East Pottawatamie and South Ottawa.

Wilson has leased a new brick building from Harry Morris and has installed modern service and parts departments in addition to sales and display space.

The new agency owner came to Tecumseh in 1947 and was employed by Kroger until 1949 when he became a salesman with Butler Motors.

Official opening announcement will be in next week's issue.

PHILLIP ROFF NEW POLICE OFFICER

A former Tecumseh man, Phillip Roff, who has been living in Adrian during recent years, has joined the local police force. He lived here before World War II and was graduated from Tecumseh high school. After serving in the Armed Forces he moved to Adrian where he operated a service station.

With his appointment as officer here, Roff plans to move back to Tecumseh.

The seven-man police force is now composed of Chief Kilbourn, Oliver Heberlein, Bob Purkey, Eugene Skinner, Richard Simpson, James Vallie and Roff.

Plan Return Of Appreciation Days

"We didn't know what a good thing we had," one merchant said this week in urging the Chamber of Commerce to renew Appreciation Days in Tecumseh after cancelling the program which had attracted Saturday night crowds here for the past two years.

At an impromptu meeting of merchants Monday afternoon, it was decided to get behind the program and reinstate it the last week in October, providing a majority support is given. Announcement will be made later if a return is decided.

Clarence Beach, C of C president, said Fay Whelan deserves recognition for guiding Appreciation Days during the past. "Without his help it could never have been possible."

Beach said Forest Abner and Ralph Sager also spent a lot of time and effort on the "drawing."

Plan Halloween Costume Parade

First call for spooks! Halloween is just around the corner and Tecumseh's biggest Halloween parade is in the making.

Instead of an early evening parade as in past years, youngsters will vie for prizes in five different costume classes in a big afternoon march down Chicago boulevard on Saturday, Oct. 31.

All kids up to the sixth grade will be eligible to compete for prizes and join in the colorful parade of wierd ensembles. The parade will start at 4 p.m. with the high school band out in front. After marching before a judge's stand, the youngsters will receive favors and finally attend a late afternoon show free.

The Chamber of Commerce, Rotary, Exchange and Village Council are all making elaborate plans for the event. An evening Spook Show for teenagers is also being arranged for Saturday night.

Also according to Tecumseh custom, a window painting contest is being planned with the art classes completing arrangements for picturing Halloween on downtown store windows. Prizes will be awarded in three classes.

TRAVEL FILMS AT P.T.A. MEETING

A travelogue on Trinidad and Tobago will be presented at a meeting of the Parent-Teachers Association, Thursday, Oct. 15 in the High school cafeteria. Mr. and Mrs. John McColl who have recently returned from a trip to the British West Indies, will show colorful films of natives and their surroundings.

Mrs. Wellington Wotring, P.T.A. president, will have charge of a business meeting. All parents of elementary, junior and senior high school students are invited to attend the program which begins at 8 p.m.

SPEED TIMER IN USE ON MILL ST.

Tecumseh's new electrically operated speed timer was used for the first time this week on North Mill street with remarkable success.

Chief George Kilbourn said four summonses were issued for speeding and a number of warnings given after the uncanny "eye" detected violators of the 25-mile-an-hour limit.

Kilbourn explained Tecumseh's maximum speed limits as 25 miles per hour downtown and 30 miles per hour on the outskirts. The change takes place on Mill street at the bridge.

New speed signs are being posted on Chicago and Mill.

FFA Stamps Go On Sale Oct. 13

Tecumseh was asked to join the rest of the nation this month in using the new three-cent postage stamp which honors the Future Farmers of America by high school ag instructor Paul Burns.

This national organization of, for and by the boys studying vocational agriculture is an important part of Tecumseh's public school system. Burns said, "FFA serves to motivate and vitalize farmer-citizenship."

He outlined FFA aims as building leadership, character development, sportsmanship, cooperation, service, thrift, scholarship, improved agriculture, organized recreation and patriotism. The Future Farmers exist because of a cooperative spirit and desire on the part of farm boys, 14 to 21 years of age, preparing for farming through vocational agriculture, to enjoy the fellowship of one another. Improved agriculture, better local communities, a more satisfying farm home and more efficient farm-citizens are emerging as a result of FFA experiences.

Russell Spaulding, Britton-Macon Agricultural school instructor and president of the Lenawee Agriculture Teachers association, announced the sale of stamps here right after the annual FFA convention in Kansas City, Oct. 13.

BLOOD BANK WILL BE HERE NOV. 4TH

More than a duty—an opportunity to help—will be given to Tecumseh residents again Nov. 4, when the Michigan Department of Health, assisted by the Lenawee Red Cross chapter, will send its mobile blood bank here.

Blood is still urgently needed to help in the fight against polio, as well as the constant need for hospital use.

Mrs. L. W. Larsen and Mrs. Vincent Haight are in charge of local arrangements and welcome volunteers to help during the one day clinic. Hours will be from 2 to 8 p.m., at a place to be announced later.

Schneider Cited By Legion Award

In a special letter to the Underwood-Orr American Legion post, a Michigan department officer commended Louis S. Schneider for outstanding work in child welfare.

The letter reads in part, "It gives me a great deal of pleasure to present to your Tecumseh post this Special Citation issued by National headquarters for outstanding Child Welfare work during the past year.

"We highly commend Mr. Schneider who acted as chairman and your Post for giving him whole-hearted cooperation in this most worthwhile program for children. F. W. Rogers, Dept. Chairman."

At the monthly Legion meeting last week, this letter was read and recognition was made by Commander Bob Lowe.

Preceding the meeting a pancake supper was served by Harold Easton, Roy Richard, Glenn Kohler, Bob Custard, Larry Cote, Jim Rohrer and Neil Hunter.

Lowe launched the 1954 membership drive with the post aiming at a goal of 400.

Friday night a benefit dance will be held in the Legion hall with proceeds going to a member of the Jackson Zouaves drill team injured in Adrian on Labor Day. The Lenawee county Legion council are sponsors.

ANOTHER FRONT

New store fronts hold a one-sided edge over their older brothers along Chicago boulevard as merchants continue to give their show windows a new look. Latest to remodel is Allison's, managed by Ray Puffer. The building is owned by G. A. Rathbun. Installing the new front is Earl Bryan.

Also keeping pace with Tecumseh's dress-up trend is Consumers Power. The utilities building on Ottawa and East Chicago recently received a new coat of paint outside and is undergoing redecoration within.

Queen For A (Homecoming) Day With Court

Tecumseh high school royalty was on parade Friday night during halftime ceremonies at Recreation field. Pretty freshman Rita Kay Crosby, sitting, had just been presented with the queen's bouquet of roses by football captain Bill Benham when pictured. Other members of the regal Homecoming court are, left to right, Donna Bordine, junior; Louise Duckworth, senior and Mary Lou Partridge, sophomore. (Dixon Photo)

Non-Water Users Levied Share Of Sewage Operation

STREET WORK NEARING COMPLETION BEFORE WINTER, NELSON REPORTS

A loop hole in the village sewage disposal plant operating assessment plan was uncovered by the council in session Monday night and promptly corrected.

For a few residents in the past have been using sewage facilities and not village water. Since the sewage assessment plan in the past has been solely on the basis of water consumption, a new ordinance was written providing the payment of $2.40 each six months.

The ordinance reads in part, whereas the Village of Tecumseh has recently erected and established a sewage disposal plant at great cost to the inhabitants and the necessary revenues to maintain it are obtained by a surcharge upon the water users, it is deemed necessary to levy a minimum charge of $2.40 each six months against all persons who do not use village water but who do use the village sanitary system and are obtaining benefits from the sewage disposal plant and must rightfully share in the cost of its maintenance.

Regular village water users pay 12c per thousand gallons of water used for operation of the disposal plant from meter readings in July and January, they are billed in April and October.

Also Monday night the council accepted a petition by residents on East Pottawatamie favoring the establishing of a professional office by Dr. M. R. Blanden at 416 E. Pottawatamie across from the hospital.

Engineer Ed Nelson reported that street work is rapidly advancing before the arrival of winter. He filed the following monthly report with the council.

"By going to Escanaba to the water convention, I failed to get a report out last month, so this is a combined report for August and September.

- We have completed the work on curb and gutter for this year. In August and September we installed curb and gutter on the following streets: North Union, East Pottawatamie and East Logan streets.
- It was necessary for us to install 400 feet of new sidewalk at the hospital, also, we have a start on the landscaping.
- We used two carloads of asphalt and three seal coats on the following streets: one and one-half blocks on Adrian street, two and one-half blocks on Pottawatamie street, one and one-half blocks on Union, one block on Logan, two blocks on Division, two blocks on Wyandotte and have single sealed a number of bad spots throughout the town.
- We repaired the school playgrounds. Then we installed 580 feet of six inch and eight inch tile, and put in seven catch basins; hauled 200 yards of gravel and installed 580 feet of fence.

"We have the disposal plant landscaping about done, and have hauled in 235 tons of stone, to the filter. We took all dirt off of No. 2 digester, and found 22 leaks; we believe we have all leaks repaired and have covered both digesters. The gas pressure shows four pounds on No. 2 digester, so I believe this tank will be making burnable gas very shortly.

"We have been cleaning up the parking lot off of Logan street and have given it a single seal coat, I believe this will prevent any water holes. It should be in good condition for some time. Also we have a good start on the new parking lot behind Council building, we should have this lot in useable shape in another week.

"Have installed 500 feet of six inch water mains on Park street, and hope to complete the water mains on this job in a week or so. Have two hydrants changed which the Products asked for. We hope to change one each week on Saturday until completed. Have put in 40 new water services the past month.

"The program we have for the coming month is as follows:

Replace sidewalk on West Chicago between Democratic and Adrian street

Start sanitary sewer to Burt street

Complete new parking lot

Complete water main in Sunset Meade subdivision

Install sanitary sewer on Ternes road

Rod out all sanitary sewer mains

Dress up all streets that have no curb and gutter

Install new walk between Wyandotte and Division street."

JUSTICE IS SLOW

Further delay in the arraignment of Bill Brown, Rt. 2, Adrian, was announced this week when the preliminary hearing was postponed until Oct. 16.

Charged on two counts of manslaughter and negligent homicide after the Sept. 12 death of John Austin, Brown has been out on bond awaiting trial.

Beautiful Floats Made Annual THS Parade Big Event

Tecumseh high's version of the Mardi Gras was packed with colorful floats Friday when a half dozen dazzling decorated floats drifted down Chicago boulevard in a gala homecoming parade. Later the elaborate crepe paper displays on wheels appeared between halves at the Tecumseh - Monroe Catholic game.

Judges awarded first prize for originality to the freshman class for its "We'll Sock 'em" entry. Second prize was awarded to the Senior class for its "We're Expecting to Win" and third to the Seventh grade for "We'll Beat 'em to a Pulp."

Headed by the high school band, the entire student body marched in the half-hour parade.

The annual game went to rival Monroe Catholic Central 21-7.

Bill Benham scored the lone Indian TD on a sparkling 90-yard jaunt and then kicked the extra point.

After the clash students and alumni joined in the annual Homecoming dance at Central school.

This week the Indians journey to Morenci for their fourth game of the season. Coach Lester Runk will be without the services of four regulars, Roger Butler, Elroy Vanderpool, Bill Scutt and Doug Hooten.

After Morenci the gridders take a week off and then go to Hillsdale Oct. 23.

STATE VFW RITUAL TEAM COMING HERE

Tecumseh will have a chance to see the famed state champion Veterans of Foreign Wars ritual team from Detroit in action here Oct. 17 at the Baptist Youth House.

For the public has been invited to witness the installation of new members into Hall-Slater post 4187, commander Harlan Boyes announced.

An open meeting will follow the installation.

WESTMINSTER LEAGUE

Further plans were made for the Fall Festival of the Presbyterian church at a meeting of the Westminster League Tuesday evening at the home of Mrs. John Curth. Mrs. Jessie Sluyter displayed varieties of candy that could be ordered and the balance of the evening was spent sewing for the church fair.

Conservation Group Plans Annual Banquet Nov. 10; Open Club Sunday

Members of the Tecumseh Conservation League will officially open their recently purchased club grounds with a trap shoot Sunday. Located two miles north and one mile west of Billington's Corners, the 80-acre tract which now includes a club house, rifle range, trap course, archery course and picnic grounds will be officially thrown open to members and their guests with this Sunday's event.

At a recent meeting in the VFW hall, plans for an annual banquet and program to be held Nov. 10 were announced. Dinner will be served at three places, Grange hall, Baptist and Methodist church with a program following at Tecumseh Products Union Hall.

Mont Neff, of "Michigan Out-of-Doors" TV fame, will be featured on the program. Tickets are on sale for the general public.

Motto of the fast-growing league is "Give Game a Brake."

A NEED FOR SCOUT LEADERS is evidenced by this group of interested Den 7 Cub Scouts as they look up from instruction on making "barrel seats." Denmaster Dr. M. R. Blanden is fashioning an oval lid for the seats, which can also be used for storage. Left to right are David Crosby, John Boyes, Eugene Verrier, David Blanden, John Butten, Tommy Smith, Tim Whitney, Ronnie Dixon, Gordon Williams, Bobby Wilbar. Many other Tecumseh Cub packs and Scout troops are less fortunate, for they are without leaders to guide their programs.

FUN WAS IN ORDER Sunday night after Dick Purkey and Florine Schultz were joined in happy matrimony for no sooner than the smiling couple left the altar at Presbyterian church than they went on an after-dark search for their get-away car. It had been hidden, but good. For after locating the trimmed-up car behind Strand Theatre, Dick and Florine found it had been wedged in a narrow spot and then jacked-up on heavy timbers. The newly weds are shown still smiling before their puzzling predicament, which ended in true fairybook fashion—happily. (Dixon Photo)

THE UNITED WAY — Once a year Tecumseh is offered the opportunity to join hands and form one big team to do a community job the easy way — the united way. It is a time when good neighbors come to the aid of the community they love and support, everybody gives and everybody benefits. On the eve of our annual drive, Tecumseh can look back on ten outstanding years' service by the governing Community board.

For it was on Oct. 19, 1953 that the Tecumseh Community Fund board was organized by a party of interested citizens, J. Floyd Elliott, M. L. Dannells, Rev. James C. Murdock, George H. Adamson, Perry Satterthwaite, William Berkhof, John Zeigler, Clarence Gilman, Rev. Edward Escolme, R. H. Moore, Earl L. Wickwire and Wade Jones. Of this group, the original board of directors were R. H. Moore, Perry Satterthwaite, George Adamson, John Thompson, and Rev. Edward Escolme. Of these, John Thompson and Rev. Edward Escolme have served continuously since its inception. Mr. Thompson was the first president of the board and Rev. Escolme has been secretary-treasurer for the entire period.

The purpose of the organization was for raising and administrating funds for local organizations. The Fund board agreed to join with the Lenawee County Patriotic War Fund League and the first budget was for $4,000. Only four local organizations participated in the 1943 drive, Wolverine Council, Boy Scouts, Girl Scouts, and Opekasit (a youth club), the remainder of the funds going to the War Fund League. In contrast, in this year's drive, ten local groups are participating, plus 27 United Health and Welfare Agencies, for a total 1953-54 Fund drive budget of $8,400.

Since 1950, the Fund drive has included the United Health and Welfare Agencies. This eliminates separate drives for the variety of worthy causes that all communities have been asked to support. This year for the first time, the campaign includes the Red Cross drive and will eliminate the Red Cross drive both on the door-to-door basis and the voluntary solicitations at the United Savings Bank. By agreement with the Fund board, the Red Cross reserved the right to ask for funds only in event of a war emergency or a national disaster.

The board feels that their purpose is the same general purpose as the United Health and Welfare Agencies' board, only on the local level, namely, to see that the campaign funds are made available to local groups, rendering a specific community-wide service, according to their several programs and needs. It has been repeatedly pointed out that the United Fund drive is the most economical way to raise monies both from the conservation of time and energy of the workers and actual cost of the drives. Locally, last year's Fund drive cost less than one half of one percent of the total funds raised, and a total of 130 people worked on the **one annual drive.**

Through the years, a reserve fund has been built up — available for local worthy or emergency needs. Prior to 1952, $2,500 a year for a period of several years was allocated to the reserve fund. Last year only $1,000 was included in the Fund campaign budget for the reserve fund and this year the board is not asking for any funds for the reserve fund. However, any overage in the current campaign drive will of course be placed in the reserve fund, as has been done in the past. Through the years the Fund board has felt a moral obligation to conserve monies in the reserve fund, except as a particular need arose that in the judgment of the board warranted the use of such funds.

During the past year, $1,200 was voted by the board from the reserve fund for improving the playground at the Central building. The board is prepared to make its contribution to the Joyce Andrews' Memorial Fund from the reserve fund when it becomes apparent just what the need will be. The board is also on record as willing to give financial assistance to the Scout building project when that program has been worked out by those responsible.

Present members of the Tecumseh Community Fund board are Mrs. Frank Smith, president; Rev. Edward Escolme, secretary and treasurer; Mrs. Richard Preston, corresponding secretary, and John Thompson, Ned Rosacrans, Owen Partridge, Howard Diedrich and George Green, Jr. — with Frank Rice as campaign chairman for the 1953-54 drive.

The Tecumseh Community Fund board and the campaign chairman Frank Rice wish to express their grateful appreciation for the splendid cooperation of community minded citizens in the past, and are looking forward to a successful 1953-54 Tecumseh Community Fund drive beginning with its kick-off breakfast October 20, 1953.

CHURCH GROUP ORGANIZED

A group of young women of the Presbyterian church met at the home of Mrs. David Faling Sept. 30 to discuss organization of an additional group of workers to carry on activities of the church. Mrs. Harold Wilson and Mrs. Ray Sluyter were present to lend a helping hand in organization and to give advice regarding future plans. While no name has been selected for the group, officers were elected as follows: president, Mrs. Faling; vice president, Mrs. Bart Aiuto; secretary, Mrs. Donald Purkey and treasurer, Mrs. Suzanne Dicks. Meetings will be held the last Wednesday of each month at 8 p. m., the next meeting to be at the home of Mrs. Dicks.

OBSERVES BIRTHDAY

A birthday party with a rather unusual guest list occurred Sunday afternoon when Mr. and Mrs. David Gibson entertained in observance of Mr. Gibson's 86th birthday anniversary. Of the forty-eight present over forty were Mr. Gibson's nephews and nieces and their families, descendants of his six brothers and three sisters.

The hosts received with their daughter and family, Mr. and Mrs. Stanley Woods and sons David and Sam of Deerfield. Mrs. Gibson was assisted in serving by Miss Vera Gilbert. Miss Lillian Cannon poured coffee, Mrs. William Gibson presided over the punch bowl and Mrs. George Simpson cut the birthday cake at a lace covered table decorated in yellow and white. Miss Rita Mueller had charge of the guest book.

Mr. and Mrs. Edward McCrate attended from Columbus Grove, O., Mr. and Mrs. George Younglove, Mr. and Mrs. William Younglove and Mr. and Mrs. Samuel Gibson from Detroit and Mrs. Eula Avery from Ann Arbor. Other guests came from Britton, Deerfield and Clinton.

OPEN HOUSE MARKED GOLDEN WEDDING SUNDAY AFTERNOON

A pleasantly informal atmosphere pervaded the home of Mr. and Mrs. Ernest VanVleet Sunday afternoon when their many friends and relatives gathered to mark the golden anniversary of their marriage. The house was profusely decorated with flowers from well wishers and a flood of cards and gifts testified to the esteem with which they are regarded by the community.

Mr. and Mrs. VanVleet greeted the more than 150 guests assisted by their daughter and husband, Mr. and Mrs. Dale Tingley. Their granddaughter, Mrs. Boyd Baird of Gaylord had charge of the guest book and Mrs. Ethel Schultz, a sister from Ypsilanti cared for the gifts.

Mrs. Floyd Bryan cut the wedding cake and Mrs. E. C. McConnell and Mrs. Ernest Harris poured at a lace covered table, which was decorated with white tapers in gold candlesticks and a center arrangement of yellow roses and pompoms, the gift of friends. Mrs. Lillian Owen, Mrs. George Wittrup and Mrs. Robert Egan assisted with serving.

Among those who attended from out-of-town were Mr. and Mrs. Alfred Wiitanen, Ferndale; Mr. and Mrs. Kenneth Rich, Fred Rich and Mr. and Mrs. Frank Dicks, Plymouth; Mr. and Mrs. Eural Clark, Corrine and Gloria Clark, Northville; Mr. and Mrs. Harold Clark, Mrs. Ethel Schultz and Freeman Schultz, Ypsilanti; Mr. and Mrs. Fred Chandler and two children, Midland; Mr. and Mrs. R. G. Mayo, Mr. and Mrs. Kenneth Hay and Miss Ella Titus, Jackson; Rev. and Mrs. Alvin Brazee, Iron Creek and Mr. and Mrs. Dan Boutell and daughter, Manchester.

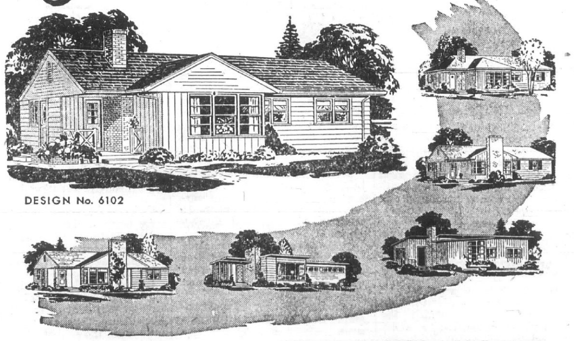
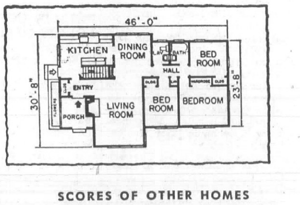
6 Beautiful Exteriors
WITH A CHOICE OF PRACTICAL FLOOR PLANS



DESIGN No. 6102

COME IN AND SEE THESE
New Designs
WHICH JOIN THE SCORES OF MODERN HOMES IN THE WEYERHAEUSER 4-SQUARE HOME BUILDING SERVICE



This plan is fascinating because it illustrates interesting choices of floor plans and exteriors.

The architect begins with a basic exterior and floor plan. Then he creates five distinctly different exteriors, with a basementless alternate plan if desired. Professional pointers like these can be extremely helpful to the family that plans to build. Feel free to come in and see them.

SCORES OF OTHER HOMES

Our Weyerhaeuser 4-Square Home Building Service also contains scores of other modern home designs. Each is the work of a prominent architect . . . each is carefully engineered for greater home value. Come in . . . study all the modern homes in this Service . . . use them as professional guides in your planning. Blueprints for each home are available.

Grade School News

Grade Two
Mrs. Puffer

We have been drawing our impressions of the fair and pasting them on a long strip of paper on the wall. We drew pictures of ourselves, too, on the paper so that we have an interesting record of ourselves at Lenawee County Fair.

We like our room with its fine new tables and chairs. Another thing we like is our post office in the corner with its rows of mailboxes for our hats, scarves and dinner pails; also its pretty colored hangers for the coats.

Yvonne is our new girl, so now there are 39 children. As all become better acquainted with one another we know we are going to enjoy Second grade.

Grade Four
Mrs. Whiting

We have 18 boys and 14 girls in our room this year. We are trying to be good citizens of our school. We have organized a citizenship club and made rules. Our officers are: President, Michael Rohrer; vice-president, Jean Osworth; secretary, Susan Owen; and treasurer, Eugene Verrier.

Jimmy Marsh has been in the hospital this week, but we hope he will soon be back in school. We all wrote letters to him for our penmanship class, and are preparing a fruit basket.

In geography we have been studying about Netsook, an Eskimo boy, and are making a trading post, kayaks (boats), tupiks (tents), kudliks (lamps), sledges, etc. for our display table.

We are all looking for different kinds of boats for social studies class. We will mount these and put them on our bulletin board, to compare boats of olden times with modern ones.

Grade Four
Mrs. Baily

There are thirty-one in our room this year—eighteen girls and thirteen boys. We like our nice large room. Right now we are using tables and chairs but will have new desks later.

We had two birthdays in September—Jamey Gabler and Linda Dicks.

In geography we are studying about Bunga—a little boy who lives in a hot, rainy land. We are learning about the different kinds of animals in science. So far we have studied animals, birds, and reptiles.

Grade Five
Mrs. Uckele

We have fourteen boys and twenty-one girls in our room.

We have accepted the challenge to help keep the school yard clean. John Winzler is the boy's captain and Mary Ann Hunter is the girls'. This week we are to have special "Clean-up" days.

In social studies we have studied about how the United States began. Now we are beginning to study how it expanded.

Grade Five
Mrs. Osburn

School opened this fall with thirty-eight pupils in our room, 25 boys and 13 girls.

We are divided in gym classes this year. Mrs. Marx teaches the girls and Lester Runk the boys.

Mrs. Skippers is our music teacher again this year.

In our social studies class some of the children are making stockades. We have some very good ones started.

Every morning we have inspection for neatness and cleanness.

Last Friday school closed for the day so we could all go to the fair. Almost all of us did go and we enjoyed it very much. This week we wrote stories about the fair.

Mrs. D. Hodges, Mrs. Lyle Grigg, and Mrs. Robert Smith are going to be room mothers for our room this year.

The boys are practicing soft ball and hope to challenge another fifth grade soon.

Grade Five
Maxine Runk

The boys and girls in Mrs. Runk's room elected officers. They are president, Jerry Breitenwischer; vice-president, Bruce Le Fevre; secretary, Dennis Harrison; and treasurer, Eugene Brion. We voted to change officers every month. We have our meetings on Tuesday mornings.

Last week we decided we could be good citizens by not strewing candy wrappers, our school papers, etc. on the downtown streets. Then we discussed how we could be good citizens at school by keeping our school yard neat. Tuesday and Friday we picked up papers, glass, and sticks from around the building. We hope children in other rooms will join us in our clean-up campaign.

Gale Kimerer brought some caterpillars to school. We have been watching them build cocoons.

One day last week we saw the Civil Defense film, "Duck and Cover." It showed what people should do in case of atomic attack. When we practice we get under our desks, on our hands and knees, away from the windows, and cover the backs of our heads and necks with our hands. This is fun, but we know that knowing what to do might save our lives.

Many children in our room had birthdays in September. They were LaDonna Buku, Jerry Breitenwischer, Dennis Harrison, Karen Jedele, Eugene Brion, Linda Griffin, Gale Kimerer, Helen Hicks, Ruth Ann Hagadorn.

DOLLAR FOR DOLLAR
YOU CAN'T BEAT A PONTIAC!

It's GM's Lowest Priced Eight!

Quality Proves It!

Be hard to please when you compare automobiles—and you *will* be pleased with Pontiac. Quality shows up in Pontiac wherever you look: In *size*—with its long, road-leveling 122-inch wheelbase . . . unmatched at the price! In *beauty*—with smart Silver Streak styling and surprising luxury. In the unseen quality of engine and chassis—features that are revealed in the long, economical life Pontiac cars always deliver.

Performance Proves It!

This one's easy! Simply come in and drive a Pontiac. You'll feel the eager response of America's best-proved high-compression engine. You'll see how Pontiac's power reserve supplies all the pep you'll ever need and provides a velvety smoothness that makes highway driving a pleasure. With Pontiac *dependability*, you can go on and on like this—with an absolute minimum of service. So don't settle for less than the pleasure of Pontiac performance when it costs so little!

Price Proves It!

Pontiac offers you all of this extra value at a price *just a few dollars above the smallest, lowest-priced cars!* And when it comes to resale value, Pontiac ranks with the leaders year-in and year-out. That's our final reason why, dollar for dollar, you can't beat a Pontiac. Now come in and give quality, performance and price a chance to prove that Pontiac's the best buy—*for you, too!*

The Funeral Is A Symbol . . .

. . . of our love and affection. In it we pour out our regard for the soul departed. It is often the manifestation of the feeling of an entire community.

It can also be a solace to the grieving family, and an occasion to inspire unity, and confidence in the future. Yes, the funeral stands for much.

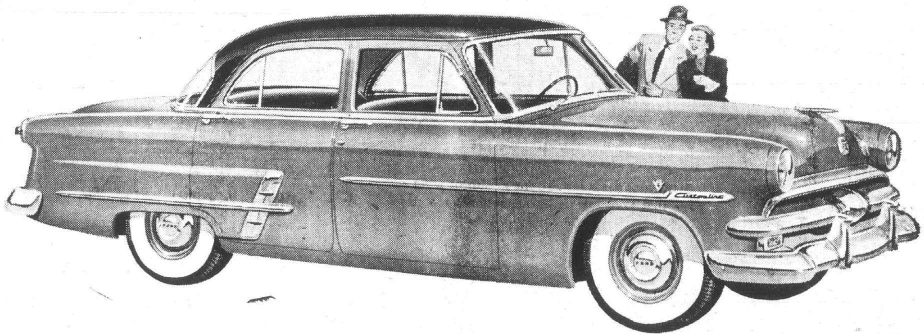
Your car will never be worth more!

NOW IS THE TIME TO GET THE BEST TRADE-IN ON A NEW FORD!

Your car is depreciating in value as it gets older . . . we can give you the *best possible price* for it NOW! Here's why: Our Fords are selling faster than ever! Naturally we want to keep this rapid turnover going—but we need more used cars to do it. And that's where the high price comes in—for *you!*



Here's where you get the most for your money!

FORD BRINGS YOU EVERYTHING (AND WE MEAN *EVERYTHING*) YOU'VE EVER WANTED IN A CAR, AT A PRICE THAT'S WELL WITHIN YOUR REACH!

Choose Ford's famous high-compression V-8. Or if it's a Six you want, Ford offers you the Mileage Maker Six—with overdrive this year's Economy Sweepstakes winner. Both have Ford's Automatic Power Pilot which meters just the right amount of gas, times ignition precisely, burns fuel evenly and completely. And only Ford brings you Center-Fill Fueling that permits easier "filling up" from either side, suspended pedals that eliminate floor holes, foam-rubber cushions front and rear in *all* models, and a new "automatic ride" which reduces road shock in the front end alone up to 80%! And according to recent surveys, a Ford returns a higher proportion of its original cost when sold than any other car at *any* price!

Tecumseh BOOK SHELVES *Library*

If you are interested in where people come from, in why they left where they were and why they came where they are, there are two books on the library shelves that are for you. One is "Westward Expansion" by Ray Allen Billington and the other "Yankee Exodus" by Stewart H. Holbrook. They are not new books, but if you wish to understand the forces that made our communities what they are, they are worth taking off the shelves.

Mr. Billington says his book is a story of the American frontier, but its foundations are even wider than the term implies. A careful reading leaves one with a very good grounding in American history and a deeper understanding of national character than the average history supplies. Fay Billington is in himself of interest to people of this area, for he is a descendant of the Billington, Whelan, Beebe and Allen families of Franklin township.

In Yankee Exodus, Stewart Holbrook deals with the same subject on a narrower basis. Himself an exiled New Englander, he writes of individuals, groups and religious cults which left that particular section for "greener pastures" farther west. His book has a "folksy" touch that makes it easy reading.

Both books contain much material about our especial region and both leave you with the question of where are the frontiers of the future.

FRIENDS MARK 20TH HARVEST HOME DAY

For the twentieth year in succession the Friends church is observing the second Sunday in October as Harvest Home Day. This coming Sunday, Harvest Home Day will be marked by special services morning and evening.

Dr. Byron L. Osborne president of Cleveland Bible College will be the speaker at worship service, 10 a.m. There will be special music by a girls' trio consisting of Dorothy Mangrum, Anne Gray, and Margaret Willis, all of whom are students at Cleveland Bible College, and all from the state of Virginia.

Rev. Amos Henry, a former pastor of Raisin Valley Friends church will be the speaker at the evening meeting held at 7:30. Lelanel Gorton, a member of the Ypsilanti Friends church and a student at Cleveland Bible College will be soloist at the evening meeting.

As in former years the church will be decorated with flowers, fruit and vegetables. All making a contribution of farm and garden produce are asked to please have it at the church by noon on Saturday so that it may be used to decorate the church. Through the years, Harvest Home Day has had as its motto, "No gift too large—no gift too small." All canned fruit, potatoes, apples, etc., together with all offerings of the day in church and Sunday School will be given to Cleveland Bible College.

o

IRIS CLUB

Mr. and Mrs. Clarence Beach and Mr. and Mrs. Neil Pearson were in Muncie, Ind., Saturday and Sunday attending the fall meeting of the Sixth Region of the American Iris Society. Arrangements have been made to have the regional vice president of the association, Jay Ackerman of Lansing come to the local meeting to be held in Tecumseh this month. The date of the meeting will be announced later as it is contingent on Mr. Ackerman's schedule.

I'm Often Wrong

By Neil Hunter

FATHER FORGETS — The only thing we can say about wheezing through work this week with a cold is that it's not uncommon, but uncomfortable. But to lighten our misery, a helpful reader submits this masterful piece of prose to pass along to the Herald family for better reading; if you've read it before you'll want to read it again, if you haven't, absorb its moving thought for the betterment of your inner soul.

Listen, son: I am saying this as you lie asleep, one little paw crumpled under your check and the blond curls stickily wet on your damp forehead. I have stolen into your room alone. Just a wave of remorse swept over me. Guiltily I came to your bedside.

These are the things I was thinking, son: I had been cross to you. I scolded you as you were dressing for school because you gave your face merely a dab with a towel. I took you to task for not cleaning your shoes. I called out angrily when you threw some of your things on the floor.

At breakfast I found fault, too. You spilled things. You gulped down your food. You put your elbows on the table. You spread butter too thick on your bread. And as you started off to play and I made for my train, you turned and waved a hand and called, "Good-bye, Daddy!" and I frowned, and said in reply, "Hold your shoulders back!"

Then it began all over again in the late afternoon. As I came up the road I spied you, down on your knees, playing marbles. There were holes in your stockings. I humiliated you before your boy friends by marching you ahead of me to the house. Stockings were expensive — and if you had to buy them you would be more careful! Imagine that, son, from a father!

Do you remember, later, when I was reading in the library, how you came in, timidly, with a sort of hurt look in your eyes? When I glanced up over my paper, impatient at the interruption you hesitated at the door. "What is it you want?" I snapped.

You said nothing, but ran across in one tempestuous plunge, and threw your arms around my neck and kissed me, and your small arms tightened with an affection that God had set blooming in your heart and which neglect could not wither. And then you were gone, pattering up the stairs.

Well, son, it was shortly afterwards that my paper slipped from my hands and a terrible sickening fear came over me. What has habit been doing to me? The habit of finding fault, of reprimanding—this was my reward to you for being a boy. It was not that I did not love you; it was that I expected too much of youth. It was measuring you by the yardstick of my own years.

And there was so much that was good and fine and true in your character. The little heart of you was as big as the dawn itself over the wide hills. This was shown by your spontaneous impulse to rush in and kiss me good-night. Nothing else matters tonight, son. I have come to your bedside in the darkness, and I have knelt there ashamed!

It is a feeble atonement; I know you would not understand these things if I told them to you during your waking hours. But tomorrow I will be a real daddy! I will chum with you, and suffer when you suffer, and laugh when you laugh. I will bite my tongue when impatient words come. I will keep saying as if it were a ritual: "He is nothing but a boy — a little boy!"

I am afraid I have visualized you as a man. Yet as I see you now, son, crumpled and weary in your cot, I see that you still are a baby. Yesterday you were in your mother's arms, your head on her shoulder. I have asked too much, too much.

Dear Dad:

In this newspaper game we naturally get a lot of digs, for when you write in black and white it's bound to displease someone here or there, compliments usually come few and far between. But in Tecumseh, people don't throw us to the lions like they do the news guys in big cities when a bobble is made or someone's toes are stepped on.

Here we've had more than we could ask for in the line of encouragement to carry on! Yes Dad, we like it here.

Your son,
Neil

GOLDEN RULE CIRCLE

Mrs. Hilda Will was hostess to the Golden Rule division of the Presbyterian church Tuesday evening, assisted by Mrs. Norris Morehouse, Mrs. Sam Sisson and Mrs. Stephen Illeck. Guests of the evening were Mrs. George Walworth, Mrs. Hale and Mrs. Richard Walker and thirty members were present.

The group voted to sponsor the Bluebird Girl Scout troop for the coming year and Mrs. John Saling gave a most interesting report on her attendance at the General Assembly last May. Devotions by Mrs. Dale Bowen closed the meeting.

October 14 a public breakfast will be served by the group at Bancroft cleaners, from 7 a.m. until all early risers are fed.

The next meeting, Nov. 3, will be with Mrs. Leon Rosacrans, assisted by Mrs. Paul Keyser, Mrs. Nora Schultz and Mrs. Edith Cotton Smith.

Monday Club Opens 59th Year

The scope of the coming year was indicated at the luncheon which marked the opening of the 1953-54 season of the Monday Club at the Youth House of the Baptist church Monday afternoon. Eighty-six members and guests were seated according to their birthday anniversaries at tables decorated in keeping with the monthly theme, which ran the gamut from a snow man in January, through April umbrellas, June brides, vacation fun and fall festivals. Mrs. Herbert Murphy and her committee were responsible for the clever arrangements.

Mrs. Thomas O'Hara presided over the first business meeting of the year and reported on the spring club federation meeting held in Lansing. She also announced the annual convention of the Southeast District which will convene in Dearborn, October 7 and 8 and urged members to make early reservations for the chartered buses and for the dinner.

Monday's meeting was Past President's day and those who were present were given recognition. They were Mrs. Robert McCoy, Mrs. Edward Aebersold, Mrs. Truman Rentschler, Mrs. Perry Hayden, Mrs. Faye Whelan, Mrs. J. M. Mulvaney, Mrs. Herbert Temple and Mrs. Guy T. Pocklington.

The musical part of the program, presented by Mrs. Mulvaney, consisted of a piano selection by Mrs. Thomas Gallant, "Song of the Bayou" and vocal solo, "Look for the Silver Lining," sung by Mrs. Albert Merz. Mrs. E. J. Aebersold then introduced Mrs Grant Jones, Milan, a guest of Mrs. Marion Alderdyce, who gave an inspiring review of Thomas Costigan's book "The Silver Chalice." Mrs. Merz closed the program by singing, "I Believe."

The October 19 meeting will be at the home of Mrs. L. W. Larsen with the ladies of the Art Department in charge of the program.

Letters To The Editor

Editor, The Herald:

For many weeks my enjoyment of the Herald has been interrupted at page two or three by paid advertisements sponsored by Tecumseh's Anti-Fluoridation Committee. The crowning blow was in the "Letter to the Editor" column — a letter signed by Earl Bryan containing a lot of nasty references to "politicians" in our city government.

This seems to me to be a beautiful example of the pot calling the kettle black. If anyone has been making noises like an amateur politician, I think Mr. Bryan has filled that role quite well.

His efforts to keep Tecumseh from becoming a city were odorous to say the very least, but this last bit of endeavor is, to me, ridiculous.

He has given us quotations from any number of people and institutions all the way from Walla Walla to Timbucktu — but never a well-known authority; produced an "eminent" dentist which turned out to be a person obviously not very well versed in modern dental practices; accused our city government of being undermined by some foreign power; hinted that our wonderful staff of doctors do not have the scientific education enjoyed by the AF Committee; called our P.T.A. murderers; threatened to import goons from Jackson to stage a demonstration; threatened to bring an injunction against the city (by the way, what happened to that?); letters to the editor have appeared (curiously filled with "facts and figures" that could only be available to someone near and dear to the AF Committee) to impress the citizens that everyone is in complete agreement with him.

In short, he has expended a lot of wind, time and money to satisfy some selfish whim only to have his whole campaign proven a useless fraud, as far as this resident is concerned, by a small item in the pamphlet given out by the Mobile X-Ray Unit which stated in effect that "If fluoride has not been added to your water supply, have it sprayed on your children's teeth by your dentist."

These people are sincere, their motives cannot be doubted. They are interested solely in the health and welfare of the people, of that we are all sure. But what really motivates Mr. Bryan? I think we can be sure of that also.

Let Rembrandt stick to his painting and leave the politics to someone better qualified for the job.

Very Sincerely,
Mrs. Patricia Reed

Editor, The Herald:

As president of the Tecumseh Ministerial Association, I would like to call to the attention of the organizations of our town, the fact that in the past Wednesday night has been regarded as church night. Our public schools have cooperated in reserving Wednesday night for the churches. But there is now a distinct tendency on the part of our community organizations, to move in upon Wednesday night. The result is that the churches find it increasingly difficult to find a time for mid-week services or classes, choir practices, and other events.

Some of our community leaders are actually following the lead of the Communists—unconsciously, of course. In such countries as China, the Communists did not at first openly attack the church. Instead they scheduled patriotic rallies, Communist youth meetings, "potato bug" Sundays, etc., at the exact time of scheduled church services and events—in order to weaken church loyalty and attendance. After the churches (which the Communists know to be the chief support of human rights and democratic ideas) had been thus weakened, the Communists shifted to a direct attack on the church. In the light of our modern world situation—is it not important to keep and support a church night in Tecumseh?

Purkey–Schultz Vows Exchanged

The Rev. Charles Bragg of Dundee, a long time friend of the bride and her family, united in marriage Florine Eva Schultz, daughter of Mr. and Mrs. Lewis Schultz and Richard Lee Purkey, son of Mr. and Mrs. Lee Purkey at 7:30 p.m. Sunday evening at the Presbyterian church.

Mrs. H. W. Dillon's organ music set a reverent mood for the ceremony which was heightened by Mr. and Mrs. Arthur Schwartz' rendition of "Because" and "The Lord's Prayer." Entering on the arm of her father, the bride was preceded to the altar by her sister, Mrs. Fred Randall, matron of honor, Miss Carol Harper, bridesmaid, her two tiny nieces, Lynn and Diane Schultz as flower girls and her nephew, Michael Schultz, who carried the rings on a heart-shaped pillow.

Mr. Purkey was attended by Donald Maves as best man and the ushers were Richard Colson, Harold Anderson Jr. and Donald Purkey.

Miss Schultz wore ivory bridal satin fashioned with a fitted bodice and hooped skirt made with a peplum and extending into a short train. Chantilly lace and pearl applique edged the illusion yoke and formed her cap which caught the double, fingertip veil. She carried a tulle covered white Bible topped with white rose buds and ivy with a cascade of satin ribbon looped with rose buds.

Changeable bronze and irridescent peacock green taffeta made the gowns of the matron of honor and the bridesmaid in ballerina length, with head beads and mitts in matching maline and their arm bouquets were of Fugi mums and pompoms in bronze and cream respectively. The flower girls were dressed in yellow taffeta and carried miniature Colonial bouquets in white and yellow.

Mrs. Schultz wore black crepe with a corsage of pink dot poms for her daughter's wedding, while Mrs. Purkey's dress was blue with similiar flowers.

White gladioli and pompoms in altar vases and hampers were grouped with palms and cathedral candles to decorate the church and yellow and white was the color scheme of the Fellowship Center where the window decorations were autumn leaves and candles.

Two hundred guests gathered for the reception in charge of the Golden Rule Circle. Mrs. John Watson and Mrs. Cecile Smith poured while Nancy Kinietz, assisted by Mary Lou Burleson cut the three-tiered wedding cake topped by wedding bells and trimmed with yellow roses. Donna Burleson officiated at the guest book and Margaret LaLonde and Virginia Gregory had charge of gifts.

The bride wore a brown suit and brown accessories when the new Mr. and Mrs. Purkey left on a trip to Washington and the Smokies. On their return they will live in an apartment on N. Maumee St. and the groom, who was recently released from military service, will assist his father in the garage business.

SAFETY!

Yes, you can buy "SAFETY" . . . if you drive a car! Why take chances with brakes, poor tires, or a motor that's too weak to give you power when you need it. Children in the street, increased traffic, and crowded highways are all safety hazards.

But one hazard that can be eliminated quickly, economically and dependably — is that of a poor-performing, unsafe car.

Drive in today and let us give your car a thorough safety check, you owe it to yourself and the community to drive a "safe" car . . . **don't delay . . . do it today!**

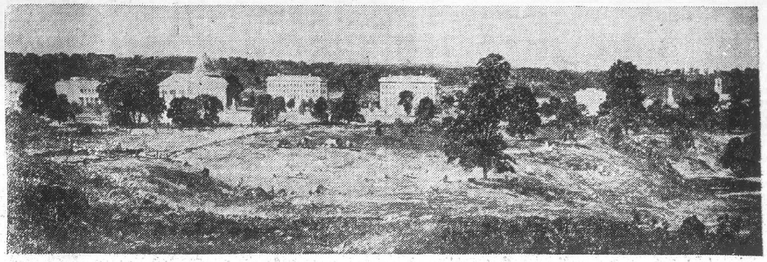
How U-M Campus Looked 100 Years Ago



This is how the University of Michigan campus looked 100 years ago when instruction in engineering was started by Alexander Winchell. Winchell's appointment was made in November of 1853 by the Regents. In the spring of 1854, the Regents had Jasper F. Cropsie, a New York artist, come out to do a painting of the campus. The engineering centennial will be celebrated on October 23 and 24 with a program involving major addresses by Secretary of Defense Charles E. Wilson and Robert Moses, New York commissioner of parks.

New 1953 Buick SPECIAL
2-Door, 6-Passenger Sedan
Model 48D (illustrated)

*Optional equipment, accessories, state and local taxes, if any, additional. Prices may vary slightly in adjoining communities due to shipping charges. All prices subject to change without notice.

WHY should you do yourself out of the big things in motoring life?

Why pass up the room and power and comfort and niceties of big-car travel — when you can buy a big, new Buick SPECIAL for just little more than the price of smaller cars?

We show our price here to prove our point — to prove that you *can* buy this Buick SPECIAL for just a few dollars more than you have to pay for one of the so-called "low-price three."

Figure what *that* means—

Just a few dollars more for a lot bigger hoodful of power — Fireball 8 power — the highest horsepower ever placed in a Buick SPECIAL.

Just a few dollars more for big and spacious 6-passenger roominess — and the solid, steady comfort of Buick's famed Million Dollar Ride.

Just a few dollars more for Buick styling, Buick handling, Buick luxury, Buick fun.

But do you know what else those few extra dollars get you in this big, broad, beautiful Buick?

THE GREATEST BUICK IN 50 GREAT YEARS

They get you a long list of standard equipment *at no extra cost* that most other cars at or near its price charge you for, *as extras*—which makes our quoted price even lower than it looks.

We have the facts and figures to prove our points. All we need is you, at the wheel.

Drop in on us this week and see for yourself that your new-car money really buys big—in Buick.

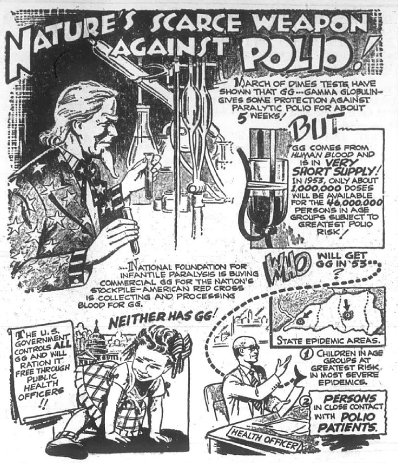
BOND A MONTH
MD
O. SOGLOW

If you're a professional or self-employed person, you probably find it difficult to save money systematically. Well, there's a wonderful plan designed especially for you. It's called the Bond-a-Month Plan. And it's the easy, systematic way to invest in United States Savings Bonds.

Your own bank offers the Bond-a-Month Plan—without any service charge. You simply fill out a card authorizing the bank to buy a Bond a month in your name. Funds are transferred each month from your checking account. Then each month a Savings Bond is delivered to you —automatically!

Invest regularly in Savings Bonds through the Bond-a-Month Plan.



NATURE'S SCARCE WEAPON AGAINST POLIO!
MARCH OF DIMES TESTS HAVE SHOWN THAT GG---GAMMA GLOBULIN--GIVES SOME PROTECTION AGAINST PARALYTIC POLIO FOR ABOUT 5 WEEKS!
BUT...
GG COMES FROM HUMAN BLOOD AND IS IN VERY SHORT SUPPLY! IN 1953, ONLY ABOUT 1,000,000 DOSES WILL BE AVAILABLE FOR THE 46,000,000 PERSONS IN AGE GROUPS SUBJECT TO GREATEST POLIO RISK!
...NATIONAL FOUNDATION FOR INFANTILE PARALYSIS IS BUYING COMMERCIAL GG FOR THE NATION'S STOCKPILE--AMERICAN RED CROSS IS COLLECTING AND PROCESSING BLOOD FOR GG.
WHO WILL GET GG IN '53...?
NEITHER HAS GG!
THE U.S. GOVERNMENT CONTROLS ALL GG AND WILL RATION IT FREE THROUGH PUBLIC HEALTH OFFICERS!!
STATE EPIDEMIC AREAS.
① CHILDREN IN AGE GROUPS AT GREATEST RISK IN MOST SEVERE EPIDEMICS.
② PERSONS IN CLOSE CONTACT WITH POLIO PATIENTS.

Marvin Barber Weds Bay City Girl

Mr. and Mrs. Burnell Moon and Mrs. Harry Tuckey were in Bay City last weekend for the marriage of their son and grandson, Marvin Leroy Barber and Miss Elaine Geraldine Nelson which took place at the Messiah Lutheran church in that city.

The bride, daughter of Mr. and Mrs. Carl W. Nelson of Bay City, was given in marriage by her father and the rites were solemnized at 7 p. m. by the Rev. Philip Nelson. The altar was decorated with chrysanthemums and a grouping of palms and lighted tapers.

For her gown, the bride chose nylon net and lace, with a pleated waltz length skirt, and lace jacket and the finger tip veil was of French illusion. She carried a bouquet of red roses.

Miss Joan Nelson was her sister's maid of honor and the bridesmaids were Mrs. George Reif, another sister of the bride, and Mrs. Raymond Thompson of Tecumseh. Their gowns were identical in style, of nylon tulle and lace, with fitted bodices and full, waltz length skirts.

Mr. Thompson was best man and ushers were George Reif and Gerald DuFour of Tecumseh.

Two hundred guests attended the reception in the church parlors where the wedding cake was served from a lace covered table, before Mr. and Mrs. Barber left on a trip to northern Michigan.

WIT AND WISDOM CLUB

Mr. and Mrs. W. G. Waldron were hosts for the Wit and Wisdom Club, Monday evening, for their first meeting of the 1953-54 season. In the absence of the president, Mrs. John Lott, Charles Branigin called the meeting to order and presided over the short business meeting.

Faye VanValkenburg was program leader and announced a two piano duet, "The Blue Danube Waltz," which was played by Mrs. Arthur Schwartz and Mrs. George Schippers. He then introduced Sam Coscarelli, who gave a most amusing and graphic running commentary on the pictures of South America he displayed by means of colored slides. Although the travelogue began in New York City and included a few other South American countries, most of the pictures were taken in Brazil and Mr. Coscarelli left his audience with a comprehensive view of that region.

The Waldrons assisted by the Faye VanValkenburgs and Dr. and Mrs. H. H. Loveland served cider and doughnuts from a table decorated with an arrangement of autumn fruit and vegetables with sprays of brilliant dogwood foliage and berries.

GRANGE BOOSTERS NIGHT ATTENDED BY OVER 250

Boosters night of the Tecumseh Grange which took place Saturday night at the Grange Hall was an unqualified success. Two hundred and fifty members and guests partook of the delicious chicken supper and adjourned to the auditorium for the program. which began with a tap dance number given by four girls and a piano solo played by Mary Bush. Anthony Korican played an accordion solo and Mrs. Percy Cadmus and daughter Charlotte presented a short, amusing skit.

The Rev. O. E. Priest of Clinton then spoke briefly about his pleasant associations with the people of the community and the inspiration he had received.

Dancing was the entertainment for the balance of the evening, music being furnished by the Driscolls.

Schools Filling Up Faster Than Expected, Building Needed On Adrian Street

(The detailed financial operation of Tecumseh's school system and its constant struggle to meet increased enrollments is explained in the following article which contains a lot of "meat" for every taxpayer as Tecumseh will need another school build- in two years, and then another in 1959)

By Supt. James McDowell

Current operating costs for 1952-1953 were $320,338.06 from which, for tuition purposes, the state excludes board salaries of $750.00, transportation costs of $3821.84 and Veterans Institute costs of $3661.33 leaving $312,104.89 which may be used as a base for figuring tuition. There was an average membership of 1400.5 pupils so the per capita cost upon which tuition was based was $222.85.

Actually the per capita cost in Tecumseh was much higher for to our total current operating costs of $312,854.89 should be added the amount of the bond debt retirement collections (13 mills) or $87,444.91 which goes to pay for the housing of pupils in Tecumseh. This totals $400,299.80 which, when divided by the average membership of 1400.5, gives an actual per capita cost to District No. 7 of $285.83. The state allowed District No. 7 $173.00 per secondary school child so the cost to this district for each secondary child was $112.83. The state allowed District No. 7 $153.00 per elementary child and therefore it cost this district $132.00 per elementary child.

Districts sending children to our schools paid $62.00 per child for elementary children in tuition or 47% of the cost borne by this district. For each secondary child the other districts paid $95.75 in tuition or 85% of the cost to the local district. This was at the maximum tuition rate which the district was allowed to charge under the State law. This means that for every $1.00 spent for elementary children attending the Tecumseh school 47c was paid by the sending district and 53c was paid by the local school district for children other than its own. Similarly 85c for secondary pupils was borne by the sending district and 15c by the local district. Last year we had fourteen elementary tuition pupils and one hundred sixty-six secondary tuition pupils which meant an added tax burden to the people of Tecumseh District No. 7 for providing buildings and education for these non-resident pupils of $3,815.28. This was approximately 5% of the total amount raised for buildings during the past year. This would seem an unfair load on the local district and a good thing for non-resident pupils from other districts attending our schools.

Next let's examine the school tax rates of these sending districts, keeping in mind that the assessed evaluations of all districts are not the same as Tecumseh No. 7.

District	No.	Mill Rate	District	No.	Mill Rate
Adrian	1 Fr.	7	Raisin	1 Fr.	8
Cambridge	1	7.5	Raisin	2	9
Clinton	4 Fr.	8.0	Raisin	2 Fr.	17
Franklin	1	7	Raisin	3	9
Franklin	2	9	Raisin	5	9
Franklin	4	8	Raisin	5 Fr.	7
Franklin	5	8.8	Raisin	6	19
Franklin	7	7	Raisin	7	9
Franklin	10 Fr.	8	Raisin	10	9
Macon	1	9	Tecumseh	1 Fr.	8
Macon	3	9	Tecumseh	7	21
Ridgeway	1 Fr.	21	Tecumseh	9 Fr.	9

Only one other district has a tax rate equivalent to Tecumseh Dist. No. 7 and only two others are more than half the local rate. The average for all districts sending pupils to Tecumseh Public Schools is 9.6 mills which is less than half what the Tecumseh taxpayers are assessed.

Tecumseh schools are already overcrowded and even with the opening of the new Patterson school and the additions to the high school the overcrowding will be reduced for at most one or two years. This does not represent poor planning by the local Board of Education but rather that almost three years of rapid growth have taken place since plans were originated and the buildings are not yet complete.

West Branch, Brownville, Central, and Patterson are equipped to handle but 1030 pupils, 35 to a room and we now have 930 pupils in those grades. Therefore, by next fall, according to our estimated enrollment trend these buildings will be overflowing for there will be better than 1100 children in the elementary schools. The secondary school picture is not quite as bad for with the additions, the building will house adequately up to approximately 700 (without noon classes which we have now) and we already have 629 enrolled for this year. However, it would be the fall of 1955 before noon classes would be necessary again.

Tecumseh schools, despite careful planning by the Board of Education, are filling too rapidly to keep pace with the taxpayers' financial ability to pay. The Patterson school and High school additions were partially financed through a $650,00.00 bond issue which when paid will have cost the taxpayers $650,00.00 principal plus $103,910.00 interest or a total of $753,910.00. At the present assessed evaluation this will be paid in full in approximately 7½ years or by the school year of 1959-60.

At that time projected enrollments of children already born and living in Tecumseh come to a total of 2812, 1595 in grades Kindergarten—six, and 1217 in grades seven to twelve. This enrollment would mean at least two seven-room additional grade schools similar to Patterson and approximately eighteen rooms in addition to the High school. Estimated cost of these additional buildings at present prices is approximately a million dollars. We cannot wait until 1959 to start building. Where is the money coming from? Shall we limit our enrollment to only Tecumseh Dist. No. 7 children? Shall we consolidate with or annex the districts now sending tuition pupils? These are questions confronting the Board of Education at the present. A new elementary school should be started on the Board property on Adrian street by at least the fall of 1955.

Suggestions for solving these problems will be welcomed by the Board of Education. Write them down and send to James McDowell, Superintendent of Schools.

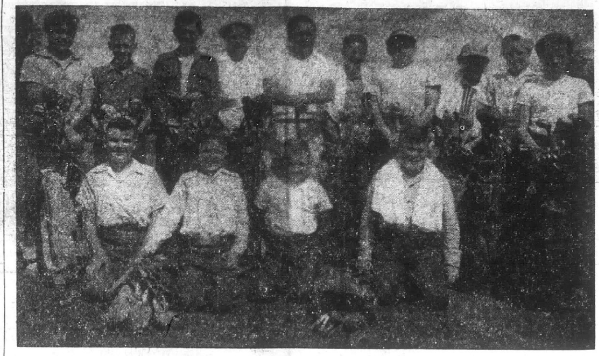
Will Open New Store Nov. 6

William Engle, Adrian, announced this week his plans to open a new variety clothing store in the former Anderson building on East Chicago boulevard on Nov. 6.

He has leased the building from D. Coscarelli and will call the new firm, The Charles Co.

Plans are now underway for installation of a new front and complete interior renovation.

Mr. Engle has been in the clothing business in Adrian for the past four years. He will make his family's home here.



"BEST CADDIES IN THE COUNTRY," Tecumseh golf pro Leo Bishop said in praise of this group of lads who tote clubs and shag balls during the summer at the local course. And he should know, for the husky, curly, dark-haired professional has toured golf courses all over the nation. He points "his" caddies as fine examples of youth today, "young gentlemen, of good character, pleasing personalities and willing to work." A summer's caddying is also a great physical builder, the pro pointed out. Left to right, are, front row, David Rutherford, George Forgas, Greg Mason, and David Lamkin. Back row, Larry Lopez, Ted Kempf, Marshall Boike, David Elliott, Bishop Gary Williams, Dick Baker, Ronnie Gurtzweiler, Ray Lasky, and John Elliott.

Community Fund Is YOU Drive Chairman Explains

Amidst a pile of volunteer worker kits, stickers, pins, pledge cards and assorted other Community Fund supplies, general drive chairman Frank Rice summed up the whole matter of contributing in, "The community fund is YOU!"

"It is your heart and hand and your conscience, it's your contribution to Tecumseh to make it a better city in which to live, in which to work, in which to raise a family.

"It is an expression of your humility, your helpfulness to those in dire need of help, it helps in civic and charitable endeavors, it helps in preventing despair and desperation—before it happens.

"It is your responsibility, your opportunity. Everybody contributes, everybody benefits, Tecumseh Community Fund is a united endeavor. Give, and you give to yourself, to a better and kindlier community, to a more decent world," Rice said.

Official soliciting begins next week after a 9:30 a.m. kickoff breakfast at the Legion home. Some of the captains already announced are residential co-chairmen Mrs. H. H. Hanna and Mrs. Max Smith.

Chairman of the outlying business firms, Herb Dillon; township chairman, LeRoy Titley; downtown section chairmen, Elmer Eberhardt, Neil Hunter, John Saling and Max Brandt.

Solicitation will be carried on through the residential and business districts to make sure everyone is called on.

This year's goal of $8,400 includes support of eleven activities including the Red Cross, Salvation Army, Community parties, Boy and Girl Scouts, Cabin maintenance, Recreation Center, Service club, Hospital auxiliary, Cancer society and United Health and Welfare.

ARRESTED FOR LARCENY

A Wayne man who has been operating an appliance repair business over Green's Clothing was arrested Saturday and charged with stealing $10,000 worth of repair parts taken from the Detroit Edison Co. in Wayne and stored here. He was taken to Lenawee county jail awaiting hearing.

GOOD NEWS!

All news is Good News to the busy Herald staff which extends a perennial invitation to you to write, call or bring your items of interest to the newspaper office.

No mind-readers, the wide-awake staff needs the community's cooperation in gathering the bits of "this-and-that" which go toward making The Herald, Tecumseh's own home town, newspaper.

We've just sharpened up a batch of new pencils and re-ordered a supply of typewriter ribbons with an eye on the many fall and winter activities ahead. To cover these we need YOUR cooperation.

Home Builders Are Keeping Up With Tecumseh's Steady Growth

Tecumseh's home building program continues in high gear this fall after a near record pace during the past summer which saw contractors working at top speed to provide the community with much needed dwellings.

According to Glenn H. Kohler, sales broker for Tecumseh Acres and Herrick Park, thirty new homes were completed in these two subdivisions this summer, 19 in Tecumseh Acres, 11 in Herrick Park.

Approximately 15 other homes have been built by individuals throughout the village, it is estimated.

To see a typical new home built here this summer, Mr. Kohler has invited the general public to attend a Model Home showing this weekend and next at 7387 Orchard Lane. Many of the modern conveniences and furnishings will be seen.

Kohler reviewed other building and improvement projects during 1953 which included the purchase of a site at 140 W. Chicago for the construction of a new building by the Tecumseh branch of Adrian Federal Savings & Loan. Actual work on the structure will begin this week with completion by March of 1954. This will be an ultra-modern one story building which will greatly add to the downtown district's appearance.

Other building here during the year includes a new motel, beautiful swimming pool, high school addition, and new elementary grade school.

A spacious new maternity addition to Herrick Memorial hospital will be ready for use within the next month. This will make the local hospital one of the largest in Lenawee county. The east addition will have two modern-equipped operating rooms, two delivery rooms, plus additional bedrooms.

Land has also been purchased by Town & Country Homes, Detroit, in Indian Acres for the construction of some 80 new homes. Sewer, water and gas mains have been installed so that actual home construction can follow immediately.

CONSERVATION SHOOT POPULAR TO MANY

A large turnout Sunday morning initiated the season's first trap shoot at Tecumseh's Conservation league ground three miles northwest of Billington's corner. Another shoot will be held this Sunday, 10 a.m. to 3 p.m. Ammunition and refreshments are available on the grounds.

Plans for the league's first annual banquet Nov. 10 are progressing, A. R. Smith, president reports. Tickets are on sale at Baldwin's, Garno's, Green's Clothing and Puffer's.

PLAN BASKETBALL GAMES IN NEW GYM THIS WINTER

At a meeting of the Board of Education Tuesday night, Supt. James McDowell announced that the new gymnasium addition is progressing satisfactorily and basketball games will be played on the new floor during the coming season.

"It will not be ready for the first game," he said, "but we expect to use the gym sometime after the first of the year."

At present all the walls are up and the plumbing going in.

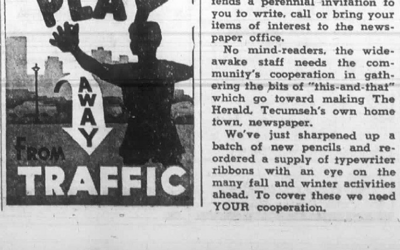
Painting is underway in the high school classroom addition and millwork going in at Patterson school.

The Board made plans for sidewalks and drive ways at the elementary school and worked on a two-way lease with the village whereby the school will lease Central playground from the council and in turn give the village a lease on the swimming pool property.

EXCHANGE CLUB

Oil Progress Week was the topic discussed by the Exchange Club following their weekly dinner at the Country Club last evening.

President Russell Garno presided and introduced James Barton as program leader. Mr. Barton, in turn, introduced his guest, F. J. Swindell, Detroit, business manager of the Standard Oil Co. for this area. Mr. Swindell explained the purpose of this nationwide week during which the oil industry is trying to bring to the public a better understanding of the changes and improvements that have been made in its products through research and experiment. He emphasized that through competition and free enterprise every user of oil had benefited in improved commodities.



Public Hearing Oct. 26, Election Dec. 14, City Form In Effect Jan. 5th

Another stride in Tecumseh's progress toward becoming a city was completed this week by the nine-man Charter Commission which announced completion of its detailed work.

The new "constitution" is complete and in the process of printing for distribution next week before a public hearing on Monday night, Oct. 26 at Central School auditorium.

At that meeting the city charter will be explained and questions about its text will be discussed. Roughly outlined are the following steps which must be taken before Tecumseh can become a city.

- Printing and distribution of the first charter draft, which will be done next week.
- Public hearing, Oct. 26, Central School.
- Revision and second distribution of charter.
- Sending of a final copy to the governor for approval.
- Final printing of the approved charter in the legal newspaper, Tecumseh Herald.
- Registration of unregistered voters before No. 14.
- Filing nomination petitions for city commissioners before Dec. 1.
- Election Dec. 14.
- City government, if approved, will take over Jan. 4, 1954.

The proposed charter is a masterful job in its detailed completeness of 18 chapters, a preamble and final resolution for adoption.

Many of its points will be explained by the commission members at the Oct. 26 hearing. Among the early misunderstandings is the office of city mayor.

Under the charter, a mayor is elected by the seven councilmen.

These councilmen must file petitions not more than 21 days nor later than 14 days prior to an election. The people select only the seven council members and a justice of the peace.

At the Dec. 14 election all persons within the proposed city boundaries will be eligible to vote if registered.

Judy Foos Heads Marching Band

DIRECTOR NOTES BAND INTEREST INCREASE

Judy Foos was elected president of the high school marching band at a recent organization meeting. Judy Fairbanks was elected secretary, Shirley Meads and Geraldine Drouillard, librarians.

New officers of the Junior high band are Gerald Kruse, president; Barbara Crowell, vice-president and Bill Fielder, secretary.

The marching band will play at the Hillsdale football game Oct. 23. Band members are hard at work on the formations which they will present during halftime. This showing will be different from any seen in the area in recent years.

A great deal of planning and rehearsal goes into the band's seven-minute performance at halftime on the football field. From one to three hours are taken up in planning the theme and sequence. Then special music must be arranged, which often takes as many as seven hours. Then the band must be rehearsed in the maneuvers and music. This time is limited to five hours per week. Thus as many as 15 hours may be spent in preparing one seven-minute band showing, director Robert Peck explained.

There are 38 members of the marching band which is led onto the field by drum major Shirley Larned and twirlers Edna Freshcorn and Martha McKenzie. The Junior band's membership totals 20 this year. There are 28 out for the sixth grade band.

Peck reports the bands steadily growing and improving in musicianship.

A fifth grade beginner's band will be organized later in October with hopes for 40 players.

BLOOD BANK HERE NOV. 5

Mrs. L. W. Larsen, Red Cross chairman, announces a change of one day in the previously planned scheduling of the Blood Bank for Tecumseh. It will be held Nov. 5 at the Legion Home from 2 to 7 p.m., with no appointments being taken after 6:30. Members of the Hospital Auxiliary will be in charge of the canteen and Mrs. Robert Laidlaw will head the nurses aides who will assist.

Mrs. Larsen and Mrs. Vincent Haight are scheduling donors now and any organizations holding meetings before Nov. 5 may have cards on which members may make appointments.

AUXILIARY HEARS OF NEED FOR NURSING

National Need for Nursing was the subject discussed at the October meeting of the Hospital Auxiliary by guest speaker Miss Winifred Fisher, Ann Arbor, who was introduced to the group by Miss Gertrude Spaulding.

Mrs. Hoyt Whelan, auxiliary president, reported on her recent trip to the National Auxiliary Conference held in San Francisco and Hawaii where she represented the local organization. She could touch only on the most important aspects of the meetings but gave her hearers a comprehensive picture of a very busy convention.

During the business meeting, Mrs. Veva Conner, membership chairman, presented as new members, Mrs. Carlos Jones, Mrs. Charles O'Neill, and Mrs. Dan Coleman.

Mrs. L. W. Larsen, local Red Cross chairman, brought to the attention of the auxiliary the Blood Bank which has been scheduled for Nov. 5 at the Legion Home. The organization voted to take charge of the canteen work for that important event.

Mrs. Don Heesen and her committee served refreshments following the program. She was assisted by Mesdames Earl Greene, Oscar Snyder, Gordon Garlick, Leon Williamson, E. J. Aebersold and Percy Bowen.

WILLIAM LEACH

An outstanding Gospel illustrator of movie and TV fame, William Leach, will paint colorful Biblical pictures and then bring them to life in a series of evening presentations at the Friends church this week. The public is invited to attend the evening series which continues every night at 7:45 p.m. through Sunday.

Editorials

ROAD WITHOUT SIGNS — After a minor weekend mishap in which a vehicle went over the Chicago boulevard curbing where the lanes separate at west city limits, we were asked why there are no signs along the new pavement and we got to editorially wondering ourselves. After a brief inspection we found but a few No Parking signs along the boulevard. At this writing the Keep Right sign, which was knocked down by the motorist who missed the separation has not been replaced.

This mishap could have happened long before as no warning is posted of the coming division or is any mention given to speed. We asked locally about the absence of signs and the blame went right to the state, no flashers, no new lights, none of the signs which should have gone up last summer. The highway commission may take this matter lightly but Tecumseh should rally for its own sake. Highway traffic coming in on West Chicago does not begin to slow down until quite a few blocks into the residential district.

There is no warning when the speeds change.

Business men will tell you how important signs are. Thousands of dollars in retail sales were lost for Tecumseh during the summer because traffic was misrouted around our village. Confusing signs actually brought motorists from Clinton into town on Blood road after driving across Milwaukee and back on M-50 only to be stopped at the bridge. If this business of no signs is our fault, let's get to the bottom of the trouble, if it's all the state's fault, let's still get to the bottom of it. Tecumseh has done its share in carrying the state's expenses.

Maybe this all points to the need for smoother operating city government.

PRAISE TO OUR TEACHERS — Who deserves more praise than the teachers of our children? Nine months of the year they strive to make better young men and women out of the boys and girls we call our own. Much has been written about the great job teachers do. This is part of an article a teacher wrote in an education journal, entitled "Why I Teach." It expressed the philosophy of the successful teacher so adequately, and yet so sensibly, we are reprinting it for your pleasure, and your added insight into the things that motivate a member of one of our most important professions.

"Why, after a generation of teaching in the public schools, do I look back with gratitude and ahead with enthusiasm? No doubt, because I like to teach, and reasons why I like to teach. I trust these reasons are worthy of the profession and the people with whom I work.

"How better can one work out a way of life, a personal philosophy than in the atmosphere of youth? In what other profession can one be held more easily to good standards of effort? In what other field can one find the daily lift in the good humor of those about one? Where else can one work with as select a group as school administrators and fellow teachers?

"In the schools of what other country can one find the privileges of free thought and action which are in our American public schools? Where else can one enjoy the wholehearted confidence which parents and the community place in the teachers of their schools?

"Experience in, and contacts with, other types of work have made me satisfied with teaching. The memory I have of many fine men and women, who were my teachers and who considered me as their fellow teacher, all give me a great sense of worth."

●

DATES TO THINK ABOUT — Tecumseh has some "big" events coming up, save the dates, for each plays an important part in your life, or for someone else in your family.

- Community Fund drive, opens Tuesday.
- Halloween party, Sat., Oct. 31.
- 1st City Charter public hearing, sometime during the last week in October.
- Hospital addition opening, date to be announced later.

The community's newspaper, The Herald will keep you in close touch with these and other Tecumseh activities, but it is YOU who make them all possible and it is for you they are planned. Participate whenever you can, for you'll find that through neighborly cooperation this will become an even better place to live.

FAVORITE PRAYER — To awaken each morning with a smile brightening my face; to greet each day with reverence for the opportunities it contains; to approach my work with a clean mind and to hold ever before me, even in the doing of little things, the ultimate purpose towards which I am working; to meet men and women with laughter on my lips and love in my heart; to be gentle, kind, courteous through all the hours; to approach the night with weariness that ever woos sleep and the joy that comes from work well done — this is how I desire to waste wisely, my days.

Letters To The Editor

Editor, The Herald:

As president of the local Parent-Teachers Association, I'm making a plea to you parents—please do not have your child stay at school for his noon lunch period IF you live within one mile of the school.

If you would go to school JUST ONE noon hour and see the problem, I'm sure you would be more than happy to cooperate. There is an average of 190 pupils at school for lunch and only about 100 are entitled to be there.

I don't believe there are any of us who would deliberately make "baby-sitters" of our teachers if we really realized the situation. Please try having your child come home for his or her lunch and see how much they enjoy having lunch with "Mom." I whole-heartedly believe you will see a difference in their alertness and attitude toward school.

Let's ALL cooperate with our school system. Thank you.

Respectfully yours,
Mrs. Wellington Wotring
P.T.A. President

Editor, The Herald:

Your last week's Letter to the Editor by Mrs. Patrica Reed, 312 W. Cummins, shows ignorance.

This lady made the statement that Mr. Bryan said that the PTA were murderers, this is a lie and is libelous. The advertisement, if we the committee can read English, said that Mrs. Aileen S. Robinson, past president of the Junior Hi PTA 5217, East 43rd St., Seattle, Wash., compiled this data while in office and from the Congressional Record; not the chairman of the Anti-Fluoridation committee. There is no record of Mr. Bryan preventing Tecumseh from becoming a city as accused. This remark came from someone with a one-track mentality. We have accused no one on the council of anything yet. We hold no one guilty of this poison program yet. That is not our way.

But we are against fluoridation.

Actually all we have been fighting for is a vote on this issue. We the committee have the old folks, the sick and crippled and the children at heart. What will this continual dosage of poison do to them? Anyone who wishes to drink this witch's brew can buy sodium fluoride at any drug store but you will have to sign a poison record in the druggist's book before you can take it with you.

If you, the people of our community, anyone of you, can find anything dishonest or disloyal or wrong with Mr. Bryan's character, now is the time to come forth with it! We the committee dislike no one, for to hate anyone is not good, but evil, and the things we do for our fellow man are always registered with approval by Almightly God. He judges our every move.

Through the efforts of the entire Anti-Fluoridation committee we have an amendment in this new charter. Now the people can vote on this issue the democratic way, which should have been done in the first place instead of sneaking it into the water supply and threatening the water works employees into silence.

We the people did not order this poisonous chemical added to our water supply, therefore we do not have to pay our water bills until it is removed and the pure water restored. No one can, by law, force you to pay for something you did not order. Now, let this be thoroughly understood by the people of Tecumseh, if the people vote this chemical into our water supply which is still unconstitutional, we will accept it because of majority rule, and not just one individual.

This is the American procedure.

Fluoridation Committee

CHILD STUDY CLUB

Past presidents of the Child Study Club were guests at the October meeting held Monday evening at the home of Mrs. M. R. Blanden. Mrs. Sam Sisson, Mrs. Howard Truesdale and Mrs. Blanden gave interesting highlights of the years they were in office and in the absence of Mrs. Richard Preston her characteristically amusing report was read.

Mrs. Robert Ries acted as leader in place of Mrs. Owen Partridge and introduced the guest speaker, Mrs. A. B. Ellis, president of the state organization. Mrs. Ellis spoke on the function of the state association and its relation to local groups. Favors were in keeping with the season, black witches with candy suckers for broom sticks.

RECEPTION HONORS LOUIS CARSWELLS

More than one hundred friends of Mr. and Mrs. Louis Carswell met Saturday evening at the Baptist Youth House to extend good wishes to the newly married couple.

The reception was arranged by Mr. and Mrs. Lawrence Holdridge, Mr. and Mrs. Charles Stevenson, Mr. and Mrs. Lyle Grigg and Mr. and Mrs. George Green Jr. The guest book was in charge of Mrs. Llewellyn Sisson while Mrs. Priscilla Brown and Mrs. Edward Kirkland received the gifts.

Mr. and Mrs. Carswell received their guests, assisted by Mrs. Carswell's parents the Rev. and Mrs. B. O. Bashore and by Mr. and Mrs. Roy Carswell and Mr. and Mrs. Coy Carswell.

Mrs. Jessie Matthews and Miss Marcia Bashore poured tea and coffee and the traditional bride's and groom's cakes were served from a table decorated with white chrysanthemums and silver wedding bells.

Autumn flowers and foliage adorned the reception room and music throughout the evening was supplied by Al Middlebrook and Mrs. Kenton Hunt at the organ. The bride and other ladies in the receiving line wore corsages, which were gifts of the groom, while the men had boutonniers.

ALTAR SOCIETY

Mrs. Paul Lauer presided over the business meeting of the October session of the Altar Society of St. Elizabeth Catholic church at the Parish house on East Chicago Blvd. Wednesday evening. Plans were completed for a rummage sale to be held in the hall Oct. 16 and 17 under the chairmanship of Mrs. R. J. Bowers and Mrs. Lawrence Cote.

It was voted to sponsor a Brownie Scout troop and to send $5 to the Garden Club to aid with the landscaping project at Herrick Memorial hospital. Mrs. Lauer appointed as October committee, Mrs. Cote, chairman, Mrs. R. T. Dixon, Mrs. Richard Drouillard, Mrs. Agnes Forgas and Mrs. Julia Kutzner.

The Rev. Fr. Thomas Collins spoke to the group after the business meeting and Mrs. Robert Bowers and her committee conducted a white elephant sale. Refreshments were served.

Modern Art Takes a Licking!

Did you know we had a real artist in town? Yes sir! Handy Jackson was a contributor to the Sculpture Exhibition at the Centerville Fair last week.

His work was streaky pink and curved all around—sort of streamlined. Caused quite a stir. Nobody was sure what it was supposed to represent, but some liked it and thought it was good art. Handy gave me the lowdown:

"Why, it was nothing but a piece of cattle salt our cows have been lickin' at for months. I just had it mounted. Fooled a lot of folks — one fellow even wanted to buy it!"

From where I sit, Handy's "modern art" just shows how some people can be led astray. Some even get to be "experts"—especially about the other fellow's business. Whether it's art or music, or a simple thing like choosing, say, beer or milk with a snack, we should live and let live. There's no call for either of us to set ourselves up as a "model" for the other!

Talk of the Town

Mrs. George Adamson spent last week in Detroit with her sister and husband, Mr. and Mrs. L. B. Dimond. Mr. and Mrs. Adamson and Mr. and Mrs. W E. Slayton of Adrian were Sunday guests of Mr. and Mrs. Norman Thurston of Toledo.

Pfc. Kenneth C. Frost, son of Mr. and Mrs. Carroll Frost, Route 1, and Cpl. Harold Righter, son of Mr. and Mrs. Milton Righter, recently received the Republic of Korea Presidential Unit Citation as members of IX Corps. Pfc. Frost is a truck driver with the 101st signal battalion's Company C and arrived overseas last February. Cpl. Righter is a pole lineman with the same battalion, also arriving overseas in February.

Mr. and Mrs. Lee Kelley spent Sunday in Toledo with his brother and family, Mr. and Mrs. Ray Kelley.

Mrs. Lavern Mansfield is moving this week to her new home in Hopkins, Mich. Her address there will be R.R. No. 1. Her son and wife, Mr. and Mrs. Clifford Mansfield have been here this past week from Indio, Calif. visiting her and Mrs. Mansfield's parents, Mr. and Mrs. Floyd Spence.

Mrs. Lena Moiles was taken to Herrick Memorial hospital Sunday afternoon for rest and observation. Her nephew, Eugene Judson of Jackson was here for the day and accompanied her.

Mr. and Mrs. Marvin Watkins, accompanied by Mrs. Bert Warren were in Delta, Ohio last week to attend the funeral of a cousin, Mary Belle Luce of Delta.

Mrs. Francis Stone has returned from a month in Florida where she was the guest of her brothers and their families, Mr. and Mrs. Samuel Foote of Gulfport and Mr. and Mrs. John Foote of Largo. On her way home Mrs. Stone stopped over at Tamassee, S. C., for a two day visit at the school maintained there by the Daughters of the American Revolution for the children of that region, who would otherwise receive little education. Two hundred-and-fifty pupils are housed in the buildings which are named for various states and there are other day students. Part of their maintenance is provided by food brought in by their families. The care of the buildings and preparation of food is part of the training in addition to regular studies. Mrs. Stone found it a most inspiring place, worthy of the name given it, "The Place of the Sunlight of God."

Mr. and Mrs. Norman Sisty and daughter Norma attended the golden wedding anniversary, Sunday of Mrs. Sisty's parents, Mr. and Mrs. Gus Niner of Maumee, Ohio.

Mr. and Mrs. Harry Creger and Mr. and Mrs. L. W. Johnson spent Sunday afternoon in the recently tornado devasted area of Flint. They were interested observers of the production line work of reconstruction that was being carried on by volunteer groups. They report that much has already been accomplished but the scenes of destruction are still apparent.

Mr. and Mrs. Carl Miller, Ferndale were Sunday visitors at the home of their aunts and uncle, the Misses Myra and Elizabeth Chase and Comfort Chase.

Miss Lillian Cannon is entertaining this week Mrs. Maime Erickson, Detroit.

Sunday guests of Mr. and Mrs. Clarence Hunt were Mr. and Mrs. Carl Lindberg and children, Fred and Virginia, of Palmyra.

A group of ladies of the Friends church went to Detroit Friday night to hear Billy Graham, evangelist who is speaking at the fair grounds colosseum. They were Mrs. Robert Baird, Mrs, Harry Creger, Mrs. Melvin Muhn, Mrs. Richard Woodcox, Mrs. L. W. Johnson and Miss Mabel Lockwood.

Mrs. Roy VanWinkle, the former Vita Rude, visited Mrs. Floyd Elliott last week. Mrs. VanWinkle, who had spent the summer at her cottage at Wamplers lake was on her way to her home in Detroit.

Mrs. Allan Seager left today for Grand Rapids for several days with her parents. Her mother, who recently underwent surgery in a Grand Rapids hospital in convalescing at home.

Is That So!

By Miss Clara Waldron

Someone has written verses that begin, "Just stand aside and watch yourself go by." It can be a rather startling experience to do that, and a very wholesome one. And it was somewhat that experience that was gained by meeting and talking to some of the members of the Globe Trotters Club. The frank, penetrating insight of these World War II brides placed America and Tecumseh in a new perspective. And no viewpoint was clearer than that of the young mothers who had been reared under the strictly efficient educational system of pre-war Germany.

Julia Gutoehrlein before she became Mrs. Everett Fielder, had taken seven years advanced training in the schools of Stuttgart, Wurttemberg, Germany. Her father, a lawyer, and oddly enough a British citizen, had paid for each year of that schooling and there was little wasted time and few "frills" in the system.

Mrs. Fielder had been born in the town of Lindau on a storybook island in Lake Constance, connected with the mainland only by a causeway, and almost in the shadow of the eternal beauty and majesty of the Alps. Yet in spite of the beauty of their surroundings, her family for generations had yearned for the greater freedom and opportunity of America and her grandfather, when only a lad of 17, had come here for several years. He returned to marry his childhood sweetheart and, yielding to her wish to be nearer her native land, had settled in England. There he raised his family going back to Germany only for his old age.

So Julia Fielder was already American in spirit when she married but even so she has not found the adjustment easy. Perhaps it was more difficult because she had idealized America and Americans. In her own words, "There are so many things so different from the way I thought them to be, and I was surprised and disappointed to find people here to be just that—just people. I had imagined them to be something special." Always her grandfather had talked of America and when her grandmother had finally visited it, she too had loved it; yet when Julia came to make it her home, she found it had its faults. She has three children now, and they are her career, for she says, "I mean to teach my children the true meaning of being Americans, the way the first settlers meant it to be, which in my opinion is the only answer to combat the dangers that lie in wait for this country. If all people here would decide to live such a life, I believe we would not have to worry about Communism."

Julia Gutoehrlein Fielder gave up the beauty of Lake Constance for the more commonplace horizons of our middle west — and freedom of opportunity. She means to train her children to help maintain that freedom. We, the ones she calls "just people," may well "stand and watch ourselves go by."

Congress of the United States
House of Representatives
Washington, D. C.

August 12, 1953

Mr. and Mrs. Earl H. Bryan,
307 S. Ottawa Street,
Tecumseh, Michigan.

Dear Mr. and Mrs. Bryan:

On August 10 you wrote me of your strong opposition to the fluoridation of city drinking water and expressed interest in and approval of my bill, HR-2341, which would protect the public health from the dangers of fluoridation of our water with this pungent, corrosive gas, known as fluorine.

I believe you would like to know the present status of this legislation. About three weeks before the Congress adjourned, I called on Mr. Wolverton, Chairman of the Committee on Interstate and Foreign Commerce, before whom this bill is pending, and we sat down and discussed future committee action on my anti-fluoridation bill. I mentioned to him that he had promised me a fair hearing on this bill of ours and that I was sure he would give me a fair hearing but because of the time left in the session and the fact that I would need about two weeks in which to send out notices of the hearing to about 15 high-class professional witnesses that I hoped would be able to get here to testify before the committee, it was really too late to arrange such a hearing with any chance of success.

Mr. Wolverton then stated if I would write him a letter at once indicating an agreement he would promise me a hearing sometime in January or early February, 1954. With that as an agreement, I decided that better organization of our forces and efforts could be had rather than to have a hearing and the Congress adjourn before action could be taken on the bill.

Also, I recently learned that two of my very good witnesses are now on extended vacations and not available, so I hope it works out better at the start of the new session in January, 1954, than at the closing of this session.

I do want to thank you for your interest in the legislation that I have introduced in the Congress to protect us from this poisonous chemical in our public water supply.

Sincerely yours,

RWW:C

Grade School News

Special Room
Mrs. Buttolph

We have been very busy studying the trees around our school. We like to spatter, ink, paint, and wax leaves.

Yesterday we went to visit the sorghum mill. We liked to watch the man put the cane into the machine that took out the juice. At the mill they gave each of us some molasses. It was sweet and good.

In science we are studying animals. So far we have studied birds, insects, and mammals. The boys have brought in many crabs and two turtles.

In our shop we have been learning how to use and take care of all of our nice tools. We have fun using our new jig saw.

Grade Six
Mr. Kelty

The class has been seeing film slides and pictures of Greek culture. The pictures were obtained from Lenawee County Library.

Their language has been used in correlation with Social Studies. They wrote a paragraph on the "Culture of a Country" using the text book as a guide.

Grade Six
Mr. Kaiser

This year we have twenty-five girls and eleven boys in our room. We are located in the new addition of the high school.

Once again it is time to join box overseas. Our room Red Cross box overseas. Our room Red Cross committee consists of Mary Colgrove, Doris Oliphant, Alice Titley, Steve Kruger, and Richard Stephenson.

Our two archers, Ralph Helzerman and Gary Hall, have been up north trying to get a deer. We are expecting some interesting reports from the boys.

Last week in Science class we studied about sound, and the people in our class that are in the Junior Band gave us a very fine demonstration on how their instrument makes a sound. Sandra Howard brought in a zither and Ann Cameron brought a ukulele to enable us to see how a stringed instrument makes sound.

This week we started our study of the weather. Charts have been made so that the air temperature, condition of the sky, wind direction, and moisture fall can be recorded. We plan to use these charts for the next four months. Gary Hall and Roger Mead are to bring in the weather forecast and weather map each day and put it on the bulletin board.

Grade Four
Mrs. Colson

There are thirty-one of us this year and we really fill our schoolroom. We are all hoping that we will soon move into a larger room.

At recess time we play on the recreation field and enjoy using the swings and slides. Some of the boys play football, too.

Geography is one of our favorite studies this year. We have visited Bunga, a pygmy boy who lives in Malaya. We are going to visit an Eskimo boy and girl who live in Boffin Island. We think it is fun to learn new and interesting facts about these friends from other countries.

In our history class we are reading how America was discovered and settled. We are also learning how to read maps and globes, and how to use an index. We will use these often to find out new things for ourselves.

MUSIC CLUB

The Tecumseh Music Club will be entertained by Mrs. P. B. Hardy Tuesday evening, Oct. 20. This will be an evening of Indian music with the performers in Indian costume, the program having been arranged by Mrs. R. S. Moore. The gentlemen are especially invited as there will be an exhibit of many interesting weapons, utensils and costume items that make up the Indian collection in the Hardy home.

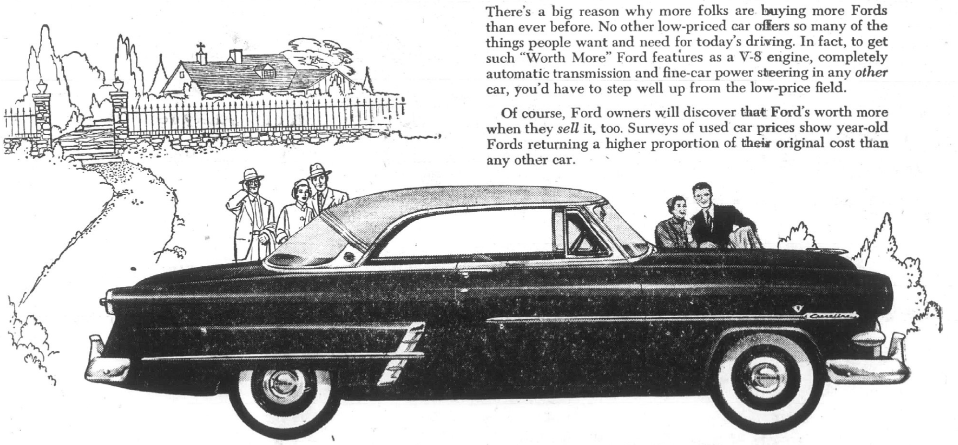
Most-liked low-priced car

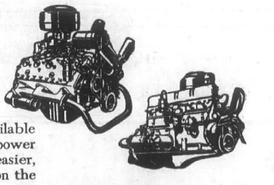
. . . among people who want more for their money when they buy . . . and more money when they sell!

There's a big reason why more folks are buying more Fords than ever before. No other low-priced car offers so many of the things people want and need for today's driving. In fact, to get such "Worth More" Ford features as a V-8 engine, completely automatic transmission and fine-car power steering in any *other* car, you'd have to step well up from the low-price field.

Of course, Ford owners will discover that Ford's worth more when they *sell* it, too. Surveys of used car prices show year-old Fords returning a higher proportion of their original cost than any other car.



because it's most like high-priced cars



Ford's V-8 is the same type of engine powering America's finest (and costliest) cars. And Ford's Mileage Maker Six is the most modern Six in the industry.

. . . more and more people are considering Ford as the one fine car in the low-price field!

It's hard to believe that a car which is built like the finest still sells in the low-price field. Yet a Ford with its hulltight Crestmark body, its Full-Circle Visibility (most in its field), its new fine car ride and roomy luggage locker (roomiest in its field) delivers at a figure that keeps it right down in its price class.

Ford's the only low-priced car which offers you a choice of a completely automatic transmission (Fordomatic), Overdrive or Conventional Drive. And Ford Master-Guide, available on all V-8 models, is the last word in power steering . . . makes turning up to 75% easier, yet retains the natural feel of the wheel on the straightaway.

See . . . Value Check . . . Test Drive the Ford of your choice at your Ford Dealer's. Find out why Ford is America's "Worth More" car.

June Stuart Weds Lee Armstrong

Baskets and altar vases of pink and white gladioli formed the setting for the marriage of June Stuart, daughter of Mr. and Mrs. W. E. Staurt, Burt St. and Lee Armstrong, son of Mr. and Mrs. Charles L. Armstrong, Onsted at the Methodist church Saturday evening.

The Rev. Ronald Brunger officiated and the couple was attended by Mr. and Mrs. Hugh Parlett of Dearborn as matron of honor and best man. Other attendants were Mrs. Frank Prichard, a sister of the bride and Miss Susan Armstrong the groom's sister, bridesmaids. Traditional organ music was played by Mrs. Kenton Hunt.

White satin under lace in ballerina length formed the bridal gown and her veil was lace trimmed and finger tip length. She carried a white Bible topped with red rosette roses. Mrs. Parlett wore yellow net over satin in off-the-shoulder style with matching stole and carried a basket of contrasting pompoms, while the bridesmaids' gowns were made in identical style of blue and rose and their flowers were also baskets of chrysanthemums.

A reception for 125 guests was held in the church parlors with Mrs. Donna Ward and Mrs. James R. Smith, cousin and sister of the bride serving the cake and Joyce Stuart another sister officiating at the coffee urn, while Miss Jane Parlett served the punch.

Mrs. Armstrong wore a suit of postman blue for their wedding trip into northern Michigan. On their return they will live in an apartment in Clinton where Mr. Armstrong is employed at the Clinton Woolen mill. Mrs. Armstrong is an employee of the General Telephone Co., Tecumseh.

YOUTH CONDUCT SERVICES

Sunday morning services at the Congregational Christian church were conducted entirely by the youth of the church. Jack Patterson led the call to worship, Sharon Claxton and Mary Bush sang "Bless This House." George Rodgers led the congregation in prayer which was followed by a response by the children. The hymn "Have Thy Own Way, Lord" was used as a special by the choir. Offering was taken by Karen Millyard, Suzanne Spohr, Patricia Eberhardt and Betty Luegge. The story to the children was told by Penny Niblack. She concluded her story with a solo "The Creation."

Welcomes were given by Billy Kale, Barbara Luegge and Nancy Brown. The nursery and beginners sang and Linda Keeling gave a poem. Kay and Philip Benedict, Pepper Griewahn and Terry Auten represented the beginners with an exercise. Susan Leighton from Tecumseh sang "Zacchaeus."

Rita Griewahn, Susan Palmer, Sandra Beal and Susan Rowlands gave poems and greetings from the primary department. The primary group sang "Softly and Tenderly and Whosoever Will."

Gloria and Larry Hummel, Jimmy Dansforth, Richard Keeling, Cal Rohrback and Neil Benedict gave poems and exercises from the juniors. The junior group sang "What a Friend We Have in Jesus," "He Lives," and "Safe Am I."

Promotion certificates were given by the superintendent, Mrs. Elmer Eberhardt.

The Britton - Macon school P.T.A. will meet Monday, Oct. 19, 8 p.m. in the school gym. Henry L. Bretton, instructor in political science at the University of Michigan will speak on the United Nations. This is an open meeting and the public is invited.

Britton Odd Fellows and Rebekahs enjoyed a family night Thursday evening at the I.O.O.F. hall. A cooperative supper was served to 55 persons. During the social hour, Ford Exelby showed films on the community Labor Day parade and trips he and Mrs. Exelby had taken to Florida and Canada.

Mrs. Kenneth Smith entertained Monday evening in her home at a shower for Mrs. Ray Bracey and baby daughter, Shannon Rae. Games were enjoyed and prizes awarded were presented to the honored guests. Refreshmnts were served by the hostess assisted by Mrs. George Hawkins and Mrs. George Cline.

Edwin Faust, 14 year old son of Mr. and Mrs. Otto Faust of Rt. 2, Britton suffered a broken leg during football practice at the school Tuesday afternoon. The bone was splintered about four inches above the ankle. His leg has been placed in a cast.

The following mothers were chosen to be Den Mothers for the Cub Scouts: Den one, Mrs. Vern Neidlinger and Mrs. Charles Bigelow; Den two, Mrs. Gerald Richards and Mrs. Lester Ruhl and Den three, Mrs. Arthur Sommers and Mrs. Norman Yarkow.

Mr. and Mrs. George J. Cline of Milan were Sunday dinner guests of Mr. and Mrs. Andrew Crutchfield. Afternoon callers were Mr. and Mrs. Edgar Smith and children, Manchester, Mr. and Mrs. Chester Crouch, Hudson and Mr. and Mrs. Warren Filter and children, Tecumseh.

Weekend guests of Mr. and Mrs. W. S. Niblack and Penny were Mr. and Mrs. Charles Beach and sons, Clarkston, Miss Phyllis Monday and Miss Marcella Niblack, Toledo.

Mrs. Emma Bach returned home Sunday from a nine day trip with Mrs. Robert Panke and son Michael, Detroit. They were guests of relatives at Chassell and visited at Houghton, Hancock and Copper Harbor.

Sunday guests of Mr. and Mrs. William Cundiff were Mr. and Mrs. Chester Crouch, Hudson.

Orin Randall, Clarence Scott Jr. and Wilbur Scott spent the weekend in northern Michigan hunting with bow and arrow.

Mr. and Mrs. Gordon Logan with Mr. and Mrs. Ed Spreeman, Deerfield spent the weekend in Chicago.

Vere Gill of Adrian and Mrs. Alzada Gill of near Dundee called on Mrs. Ida Miller Friday.

John Keran, who has been a surgical patient for a week at Bixby hospital, Adrian returned home Sunday. Mrs. Rose Cox of Tecumseh has spent the last week in the Keran home.

Mrs. Paul Anders and daughters Angela and Lois of Montpelier, Ohio, spent the weekend with Mr. and Mrs. Clarence Herford and Karen. Mr. Anders joined his family here Sunday and in the evening accompanied him home. A family dinner was enjoyed at the Herford home Saturday evening by Mr. and Mrs. Paul Martin, Tecumseh, Mr. and Mrs. L. W. Martin, Ft. Wayne, Ind., and Mr. and Mrs. Dan Baughey and Jerry, Ypsilanti. The occasion celebrated the birthday anniversaries of Mr. and Mrs. Paul Martin and also a farewell before they leave for Florida next week.

Mrs. E. H. DuBois and Miss Marian Rieve spent the week in Leonard, guests of Mr. and Mrs. Charles Hamilton.

Mr. and Mrs. Llewellyn Pilbeam and Roxana and Mrs. Fern Smith spent Sunday in Toledo, guests of Mr. and Mrs. Walter Burnham where Mrs. Smith remained for an indefinite visit.

OBSERVE ANNIVERSARY

Mrs. Robert A. Childers of Ft. Lauderdale, Fla., arrived by air Tuesday evening to spend a week with her parents, Mr. and Mrs. Delmar Finch and to celebrate with them the golden anniversary of their marriage October 14. The Finches, who are now living in Mrs. Charles Williamson's house on W. Chicago Blvd., were married Oct. 14, 1903, by the Rev. Bower of the Tecumseh Baptist church. Mrs. Finch was the former Ora Bowen, daughter of Mr. and Mrs. J.F.N. Bowen and the wedding occurred at their farm home north of Tecumseh. Mr. Finch's parents were Mr. and Mrs. O. B. Finch of Raisin.

A small group of relatives and close friends were invited to the home Wednesday evining in observance of the wedding anniversary.

I'm Often Wrong

By Neil Hunter

DOING A GOOD JOB — Lenawee county's Probate Judge is evidently doing a bang-up job to gain the confidence of our youth and iron out the problems of delinquency through cooperation and understanding.

Here is an informal letter he sent out to the army of boys whom he asks to help uphold the law.

"Will you take a few seconds of your time to read this letter from your newly elected Juvenile Judge and think it over carefully? During my nine months in office 70 dependent, 16 neglected and 58 delinquent children have been before my court. They have caused me many hours of worry and heartache. Will you do something for me?

1. Think before you do something wrong or allow it to be done by others.
2. Obey your parents, teachers and others in authority, and thereby uphold the law.
3. Some of us are strong and some of us are weak, perhaps you can lend a helping hand to the weaker. Won't you try?

"If you will do this honestly and sincerely, then all of us can rest assured our beloved country will be in good hands."

Another good friend of ours who is also doing a splendid job is Father Michael Collins who is doing a repeat job in Harper Woods paralleling his remarkable accomplishment here. Written up in the Detroit News, Father Collins is rallying his church people into a better organization to build a new church. The News said he "visions a church in the emptiness."

And while we're on the good jobs subject, let's pat the committee on the back who engineered over three thousand local people into the chest X-ray unit. Tecumseh was first in total "sales" in the county, except for Adrian. Here's how the smaller towns line-up in volume and rate per hour.

Tecumseh	3,717	87.6
Blissfield	1,267	110.0
Hudson	1,237	84.5
Morenci	1,178	86.6
Deerfield	543	68.0
Addison	700	80.2

..for all that are in authority, that we may lead a quiet and peaceable life in all godliness and honesty.—(I Timothy 2, 2.)

Thus did the Apostle Paul exhort us to pray—for the elected authorities who determine the policies and acts of government of our beloved land. Prayer for our own individual salvation, while essential, is not enough. Our leaders must be steadfast in the Lord through their prayers and ours if we are to survive as a nation.

Check the used car, (and Truck) sure! But check the dealer, too!

Is he in business "to stay?"

When you buy a used car from a Ford Dealer, you're dealing with an established businessman who has a large investment and his good name at stake. We're here today, and *we'll be here tomorrow!*

Does he really know cars?

Ford Dealers are in the service business, too; work with cars day in and day out. We know how to spot trouble fast. And, our expert mechanics have the equipment and "know-how" to handle *any* service job.

Are his prices really fair?

Ford Dealers handle used cars and trucks as a service to customers who trade them for new ones. We get a lot of trade-ins. And we keep these used cars moving to free our working capital. That's one reason why we offer our used cars and trucks at rock-bottom prices.

Is he interested in you?

Remember—we Ford Dealers want to keep your good will because someday we hope to sell you a *new* car, or another used car, and we want your service business. It's just plain good business for us to play square with you.

Do his cars meet A-1 standards?

When you go to a Ford Dealer's and see the A-1 label on a car, you know it has met with the dealer's A-1 standards. And because you can trust the man you bought it from, you can trust the car.

IT'S WHERE YOU BUY IT THAT COUNTS!

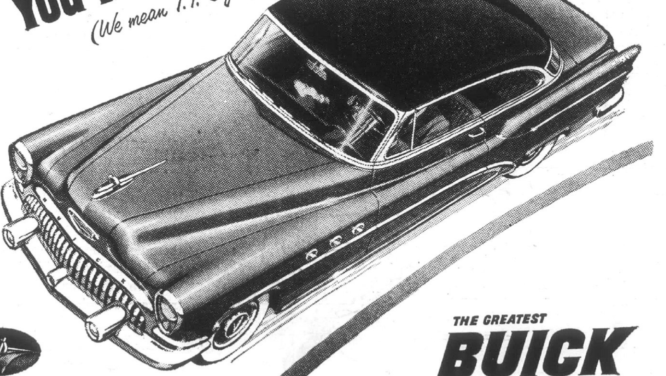
When you want to GO You want DYNAFLOW*
(We mean T.T. Dynaflow!)



WORLD'S ONLY VERTICAL VALVE V8

THE GREATEST BUICK IN 50 GREAT YEARS

No doubt about it—as thousands of prideful owners will tell you.

When you press the pedal of a 1953 Buick with Dynaflow, you *move.*

You move with instantly responsive getaway, with great quiet, with truly infinite smoothness.

You move in this special and spirited and soul-satisfying manner because you're bossing *Twin-Turbine* Dynaflow — where two turbines, instead of one, now turn out the magic.

We can put pictures before you to show how TT Dynaflow delivers its sensational performance and flowing-oil smoothness. And we will, if you ask.

But surely you ought to take the wheel of a 1953 Buick with this big-thrill wonder drive and let your own sensations tell you how wonderful it is.

You ought to try it for getaway, for cruising, for suave deceleration — for the sheer and restful comfort it gives you every step of the way.

And, very definitely, you ought to try it for the power that goes with it . . .

For the highest horsepowers and compression ratios, Series for Series, ever placed in a Buick—including the power of the world's newest V8 engine in every SUPER and ROADMASTER.

Why not come in and try out this terrific performance team of Buick power and TT Dynaflow?

We're ready, willing and eager to show you what you've been missing — and how easy it is, price-wise, to have it. Can you drop in on us for a no-obligation sampling—this week?

MILTON BERLE stars for BUICK —in the BUICK-BERLE SHOW on TV Tuesday evenings. Also, every Saturday, tune in The TV Football Game of the Week—a "GM" Key Event

One Of The Most Unusual and Outstanding presentations Ever Given In The Realm Of Gospel Artistry.

EVERY NIGHT REMAINING THIS WEEK

THURSDAY, FRIDAY, SATURDAY, SUNDAY

Starting at 7:45 p. m.

Beautiful, true to life pictures are drawn as the people watch, and then as if by magic, the picture actually "comes to life" and the figures move and talk. Sound effects are actually heard as the waves roll in or as the train crosses the trestle. Lighting effects change day to night and back again.

These services are for the whole community of Tecumseh, being entirely non-denominational in emphasis. Everyone is cordially invited. There is no admission charge made.

MRS. ROBERT MOORE BURIED WEDNESDAY

Mrs. Margaret Moore, 87, widow of Robert Moore, died Sunday at the home of her daughter, Mrs. Ruth Rappold of Blisfield township, where she had lived for the last nine years. Born in Ireland, Mrs. Moore came to this country when 19 years old. She had resided on a farm southwest of Britton. She was a member of the Holloway Presbyterian church and the Ladies Aid.

Mrs. Moore is survived by two daughters, Mrs. Rappold of Blissfield and Mrs. Elizabeth Ikle, Adrian; one son Bert, Britton; eight grandchildren; 15 great grandchildren.

Services were held Wednesday, 2 p.m. at the Niblack Funeral Home with burial in Raisin cemetery near Holloway. Dr. Thomas Rogers officiated.

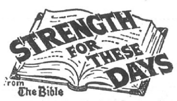
PLAN SALE

The teachers of the Baptist Sunday School met Tuesday evening at the Youth House. Plans were made for an all church rummage sale to be held Nov. 5, 6, and 7. Hours will be from 9 a.m. to 5 p.m. and the place will be the Baptist Youth House.



..except the Lord keep the city, the watchman waketh but in vain. —(Psalm 127, 1.)

We build our defenses strong—our armies, our fleets, the warplanes above, the radar nets that sweep the skies. But if we as a people, as a nation, base our hopes for survival on material might alone and forswear Almighty God, we will be defenseless indeed.

LINES BY SOGLOW

It's a nice feeling to know you have something put away for a rainy day. And the best place to put that "something" is in United States Savings Bonds. Now, Series E Bonds have been improved. Now you don't have to wait ten years for your Savings Bonds to mature—they mature in only nine years and eight months from date of issue. And they continue to earn interest even after they mature at the improved rate of three percent compounded semi-annually for as long as ten additional years. Invest in United States Savings Bonds for that rainy day . . . and a sunny future!

THE TECUMSEH HERALD

A public record of news and advertising printed in Tecumseh since 1850.

ONE HUNDRED THIRD YEAR — NUMBER 3 TECUMSEH, MICHIGAN, OCTOBER 22, 1953 FIVE CENTS A COPY

Proposed City Charter Subject Of Public Forum Meeting Monday

From taxation to registration, the proposed new Tecumseh City Charter will be analyzed by the men who best know its contents—the Charter Commission — Monday night at an open forum meeting in Central school auditorium.

It will be a town-hall type gathering starting at 7:30 p.m. open to all residents within the proposed boundaries of an enlarged city. The discussion will be focused on the first draft of the new charter which was printed and distributed to over 1,600 homes Monday.

The Charter Commission extended a special invitation to urge all eligible voters to attend after reading over the first printing of its recently completed document. By no means a final draft, the first charter is subject to change and revision as the public needs require.

Along with a representative of the Michigan Municipal League, the commission will answer questions and explain any misunderstandings written into the 18-chapter masterpiece of political science which may be Tecumseh's governing organ for as long as the old charter existed, over 100 years.

R. H. Moore, commission chairman, will be in charge of the meeting. Persons having questions are asked to write all queries down and direct them to the moderator to assure an orderly meeting. The importance of this first public forum was emphasized by Mr. Moore who said, "The first draft is by no means a final one, but it is a beginning and subject to public revision."

Following the Monday night meeting, the commission will go to work making changes as it sees fit for the best interest of a future City of Tecumseh.

The revised document will then be sent to Gov. Williams for approval and printed in its final form in The Herald Nov. 24.

Then on Dec. 14 the City Charter will be submitted to qualified voters for approval. At the same time a slate of seven councilmen and a Justice of the Peace will be elected to serve the new city government. They will go into office Jan. 5, 1954, taking over the operation of the city and making the transition from village to city as provided for in chapter 18 of the charter.

All persons living within the limits of the proposed City of Tecumseh should make certain they are registered to vote in this election. The village and township clerks are the only constituted board of registration for the purpose of making the first registration of qualified voters in the city. All persons who are now either registered village or township electors residing within the proposed boundaries, will automatically be registered as city electors. In case there is doubt in your mind, check with H. H. Hanna, township clerk or Mrs. Naomi Sallows, village clerk.

The majestic beauty of an Eastern Star installation is shown in the splendor of this group of new Tecumseh chapter No. 51 officers who were officially installed during ceremonies here Saturday night. Left to right, front row, are Emma Partridge, Lillian Westgate, Owen Partridge, Louise Partridge, Ann Rozelle, Clair Rozelle, Marie Morehouse, and Lucylle Schlegel. Middle row, Alice Schneider, Agnes Harris, Crystal Barber, Julie Johnson, Florence Gallant, Ruth O'Neill, Nina Smith and Anna Bryan. Back row, Charles Driffell, Norris Morehouse, Ledah Beal, Vera Driscoll, Melvin Smith and Elmer Bryan. (Dixon Photo)

Youthful Artists Ready To Splash Colors In Annual Window Painting

Glaring hues of orange and black will be common on Tecumseh's downtown show windows during the next week as an army of some sixty youthful artists dress up the business district to fit the season's spooks and goblins theme.

Already Mrs. Dorothy Westdyke has assigned pupils in the fifth, sixth, seventh and eighth grades to store windows from one end of the business district to the other. The youngsters will go through the formality of getting permission from each proprietor this weekend and then go to work next week.

Three prizes will be awarded in each grade. Bert Ousterhout, chairman of the project, said that a special water paint has been ordered.

But this is only a part of Tecumseh's Halloween program for local organizations are cooperating for a gala party Saturday afternoon, Oct. 31 for all the kiddies.

A parade for the little folks will start at 4 p. m. with a free movie and treat following. The affair will be over by 6:30. Chamber of Commerce directors have arranged prizes for the best costumes in each of six classes, ghosts, witches, cowboys, pirates, most original and miscellaneous. There will be a first, second and third prize in each division.

NO MORE BURNING PERMITS DURING DRY INDIAN SUMMER

Fire chief Baldy Alderdyce posted a notice at Fire Hall this week that no further permits to start fires will be issued until the current dry Indian summer ends.

Recent fires include a grass fire Friday at 110 E. Pottawatamie, Marie Koernig's residence; a car fire Saturday in the Logan street parking lot, a wire shorted in Harold Kent's car; a grass fire Sunday at Gus Willnitz' farm near Tipton and a brush fire Monday at Brown and Maumee, Howard Diedrich's residence.

Police chief George Kilbourn asked home owners not to pile leaves or rubbish where Halloween pranksters might set fires.

Arrests by village officers include two drunken drivers, Jay Campbell, Tecumseh, and Andrew Cleveland, North Adams. Campbell pleaded guilty and was fined $50 and $8.60 costs. His driver's permit was automatically revoked indefinitely.

Bill Brown, Rt. 2, Adrian, charged with negligent homicide in the death of John Austin, has been bound over to circuit court.

NEAR COMPLETION

Tecumseh's newest Raisin river bridge at east village limits is rapidly nearing completion and is expected to be in use before winter. Concrete posts for guard railings are now being poured following finishing work on the actual road bed.

Cub Scout Pack Presents Awards

An impressive flag ceremony opened the first meeting of Cub Scout Pack 4 at the Central school auditorium Monday evening. One hundred parents and Cubs took part in the ceremony under the direction of the mothers of Den 4, Mrs. Donald Beevers and Mrs. Howard Truesdale.

G. Maxwell Smith, acting Cubmaster for the evening then inducted Grant Baughey, Ronnie Baxter, Richard Brunger, Michael Deaner, Larrie Eaton, Robert Fisher, William Fisher, Dwight MacPherson, Roger Mikesell, Phillip Randant, David Rangler, Tim Sisson and Eugene White.

The awards were as follows: Robert Wilbar, Wolf Badge; Ronnie Dixon, Gold Arrow and two Silver Arrows under Wolf Badge; Tim Whitney, Gold Arrow under Wolf Badge; Billy Truesdale, Bear Badge and Gold Arrow; one year Service Stars, David Crosby, Johnny Boyes, Tommy Smith, Eugene Verrier, Tim Whitney, Gordon Williams, Robert Wilbar.

ORGANIZE DEN

A new Den, to be numbered one, was organized at a meeting of Cub Scout troop 73 Monday night in the Fellowship Center. Members are Tommy Dickinson, Norman Grigg, Barry Hall, Larry Hayser, Paul Limes, Gary McKenzie, Larry McClain, Michael Osburn, Donald Sniffen and Charles Wilson.

Joseph Naugle is troop 73 Cubmaster.

Council Accepts New 'River Acres' Subdivision Plot

A detailed plot for a vast new housing subdivision on Tecumseh-Clinton road beginning at the Iron bridge and extending north of the proposed city limits across from Meyers Aircraft was accepted by the village council in session this week.

For the subdivision plot conformed with zoning ordinances and specifications required.

Dr. William S. Britton appeared before the council to present a letter he had from the Public Health Service clarifying and fortifying some misunderstanding about fluoridation. The council said the present fluoridation procedure would remain until the new city government takes over when a referendum could be held to let the public decide the question.

Under the present system this is not a question for public vote. Engineer Ed Nelson said he asked engineers and officials at a state conference in Escanaba about fluoridation. He reported seven cities have recently installed it and none have had a vote on the issue.

Dr. Britton said that the local Anti-Fluoridation group is under investigation by the FBI and Department of Internal Revenue for it is believed some of the money to finance the Tecumseh campaign is furnished from out-of-town sources.

Mrs. Russell Cooper appeared before the council for water on Burt street. The village is working on the project now and plans to have it completed in two weeks.

The village is also pouring three-quarters of a mile of sidewalk at Patterson school and some at the high school.

Also discussed Monday night were the need for street signs, street lighting and downtown alley repair.

A lease with the School Board was further discussed over the paying of personnel to supervise swimming next summer at the new pool. It was estimated that five people would have to be hired at an approximate cost of $64 a day, and the pool will take in only an average of $50 a day. There will also be other operating and maintenance costs to be paid. These will either have to be paid by the school board or the village.

PLANS FOR EXCHANGE ECONOMY RUN MADE

Plans for an economy automobile driver's "run" to be held Sunday, Nov. 1, were outlined by David Dick, high school driver training instructor, at the Exchange Club meeting this week.

He reported that over 60 students are interested in participating in the event which includes driving a 90 mile course on the basis of "competitive economy."

SOS For Donors

Only donors are needed now to make plans complete for the blood bank at the Legion Home Nov. 5. The canteen is ready, with Mrs. C. W. Gilman and the rest of the Hospital auxiliary: the nurses aides are ready, with Mrs. Robert Laidlaw at their head. Mrs. Larsen and Mrs. Haight are ready to keep an eye on things in general.

Now when you, Mr. and Mrs. Tecumseh, sign up, it will be complete. You can do that by getting an appointment card at Baldwin's, Hite's, United Savings Bank, Eggleston's, Palman's or Butler's. Or you will be welcomed if you come in without a card any time between 2 and 7 p.m. on Nov. 5. Then that pint of blood will be on its way to the one who desperately needs it and the picture will be indeed complete.

Announce Band For Beginners

DEMONSTRATION OCT. 28 FOR PUPILS, PARENTS

"Future bandsmen, take notice," director Robert Peck declared, "here is your chance to march at football games and take part in parades — join the band."

Tecumseh public school's band instructor sounded this invitation in opening the largest drive for band players ever held. It came prior to the annual band instrument demonstration Wednesday, Oct. 28, at Central school auditorium.

Peck urged fifth graders to take advantage of the opportunity to join the popular beginner's band and learn how to play and march.

Next Wednesday's display and demonstration of insruments features a music educational director from Chicago who will explain a new rental-trial plan for student's use of instruments.

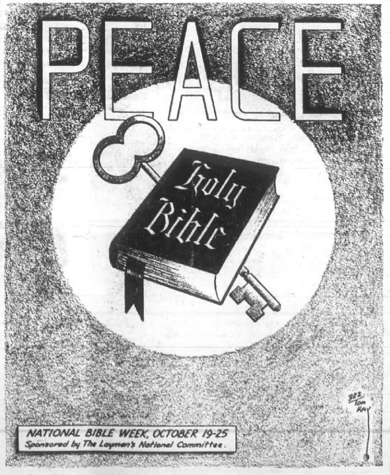
All fifth grade students will be given a special musical aptitude test this week and the results of the test will be used to recommend participation in the beginner's band group.

"Band training is a worthwhile activity which helps to develop students both physically and emotionally," Peck explained.

Band instrument training is offered to students as part of the instrumental music program of the Tecumseh school system.

PLAY AT HILLSDALE

After a week's rest, coach Lester Runk's Indian gridders invade Hillsdale Friday night for a Southeast Conference clash. Still seeking their first triumph, the Orange and Black eleven are back at full team strength. The Indians return for a home game with Clinton Nov. 3.



NATIONAL BIBLE WEEK, OCTOBER 19-25
Sponsored by The Laymen's National Committee.

In 1941, the Laymen's National Committee, a strictly non-sectarian organization, first sponsored National Bible Week. The idea was, and is, to encourage everyone to read the Bible a few moments each day, in the belief that this will help greatly in solving our individual and collective problems.

This year the Week will be observed for the 13th time, beginning October 19. The theme is "The Bible, the Key to Peace." A better theme could not have been chosen. For certainly it is clear that if peace ever is to come again to this troubled world, there must be a tremendous resurgence of spiritual values—and of those principles of conduct which the Bible stands for.

Read your Bible during the week—and every day thereafter.

Over 100 Community Fund Workers Out For $8,400 In Unified Solicitation

Tecumseh dug deep in its pockets this week to raise $8,400, this year's quota in the Community Fund drive which covers all civic contributions.

The most unified of all local Fund drives officially opened Tuesday morning with an inspiring kick-off breakfast at American Legion Home.

General chairman Frank Rice told a corps of over 100 captains and their aides to tell Tecumseh to "open your hearts and purses; giving once for all." Workers were asked to put the actual money in the background and consider personal lives first, for that is the object of the drive. "We are our brother's keepers," he said.

He said the drive dates are Oct. 20 to Nov. 2.

Solicitation kits and materials were given out after a breakfast served by the Legion Auxiliary to the following workers.

Northeast

Mrs. Paul Hadsell, Mrs. Carl Thompson, Miss Ann Carson, Mrs. James Elliott, Mrs. Josephine Barritt, Mrs. Walter Pfaus, Mrs. Geo. Hay, Mrs. Lewis Schultz, Mrs. Richard Purkey, Mrs. Robert French.

McCoy, Mrs. Roy Beasley, Mrs. Lillard Brown, Mrs. R. C. Osburn, Mrs. Hugh Andrews, Mrs. Earl Kruger, Mrs. Otto Meiers.

Maves Trailer Park

Mrs. Russell Thurlby.

Mrs. H. H. Hanna and Mrs. Max Smith are residential co-chairmen with Herb Dillon directing collections in the outlying business district; LeRoy Titley, townships; Elmer Eberhardt, Max Brandt, Neil Hunter and John Saling, downtown business sections.

During the kick-off program Tuesday morning, John R. Thompson, chairman of the Community Fund board, outlined the history of the organization, dating its birth 10 years ago this month. Through the years, he pointed out, the annual drive has gradually been unified until this year, for the first time, all solicitation is taken care of in the single effort.

For this year, the Red Cross is combined with 10 other organizations and activities giving Tecumseh a chance to give once, for all.

Mr. Thompson praised George Green for a successful drive last year and noted the excellent prospects for another after viewing the tremendous turnout.

Marvin Dale, United Health and Welfare representative, also spoke. Rev. Edward Escolme pointed out the Christian aspect of the drive and Rev. Ronald Brunger opened with an invocation.

Rice mentioned that everyone will be given a chance to give though an overlapping is being avoided by focusing all solicitation on the residential. Only business proprietors are being called upon, otherwise, to contribute in the name of their firm.

This year's goal of $8,400 includes support of Salvation Army, Community parties, Red Cross, Boy and Girl Scouts, Cabin maintenance, Recreation center, Service club, Hospital auxiliary, Cancer Society and United Health and Welfare.

L. W. LARSEN

At the annual meeting of Grand Chapter of Royal Arch Masons of Michigan, held Oct. 16 and 17 at Jackson, L. W. Larsen, Tecumseh, was elected Grand Master of the First Veil.

Mr. Larsen has been active in Masonry over the past 12 years. He has been presiding officer in all local Masonic bodies; has served as District Instructor for Grand Chapter as well as various District and State committees.

Mr. Larsen is sales manager, refrigeration division, Tecumseh Products Co.

NOON LUNCH PROGRAM FURTHER DISCUSSED AT P. T. A. MEETING

One hundred-and-fifty interested parents and teachers met Thursday evening for their association meeting at the Central building.

The most important item of discussion during the business meeting conducted by the president, Mrs. Wellington Wotring was the problem of the noon lunch period at the Central school. A further appeal was made to parents who live within a mile radius of the school to have their children eat their noon meal at home.

Currently 150 pupils are fed at the cafeteria, which is a normal situation; but trouble and confusion result from the fact that as many as 220 children are bringing lunches to eat in the Central assembly hall. This results in the necessity of teachers donating their own lunch hour to maintain order. It is also an injustice to the one-hundred rural pupils whose presence there is justified.

Announcement was made of the Parent Educational Institute to be held in Ann Arbor, Nov. 4 and 5. Anyone interested in attending may contact Mrs. Wotring, telephone 369-J.

Entertainment of the evening was a most interesting illustrated lecture by John McColl about the island of Tabago. Beautiful colored pictures on the screen transported the audience to that paradise of the Caribbean.

A hostess committee with Mrs. Frederick Dickinson as chairman served refreshments.

TOWN HALL MEETING — New England's early settlers would smile with approval on Tecumseh's plans for a community town meeting Monday night to air the vast proposals printed in the first draft of a proposed charter. For this method of settling matters of mutual interest to all is basically American.

Unheard of in their homelands across the ocean, America's early founders rose to speak in town hall meetings that are today still a by-word of democracy.

But whether you plan to rise and speak — or not — plan to attend Monday night's important public gathering at Central school. Hear the fine points of this vast charter explained by "experts," the men who wrote it. Tecumseh can be proud of this document and the commission which prepared its details.

A glance through the detailed document fortifies this. No small undertaking, the business of writing and rewriting the charter's details took months of pin-point work, and as the modest members of the charter commission admit, "It still isn't complete in every detail."

That's why the Monday night meeting was arranged, to go over the first printing for revision and future changes before final completion. Needless to say, everyone should read the charter which has been mailed directly to each resident in the new "city boundaries;" for many have already declared their interest in reading its contents from cover to-cover. And that is as it should be. Just looking over the brief heading on the front page stimulates the reader to dig for more inside. When questions arise or misunderstandings appear, note them and turn them over to the moderator at Monday night's Town Hall meeting at Central school.

TURN ON THE LIGHTS — Business was so bad one night that a gas station owner declared, "I'm going to turn off the lights and lock-up." That's one psychology we could never figure out. A merchant further amazed us, "Trade is so dead now I'm not going to advertise."

If it's discouragement that this quiet spell between school opening and Christmas shopping has gripped the community, look toward a brighter future when downtown traffic bustles with bundles.

If it's for lack of a stimulating program to make Tecumseh a better shopping center, let's combine the genius of our many merchants and improve a situation which is apparently creeping in the wrong direction.

Anyway the nice days come one right after the other in a remarkable Indian summer.

EDUCATION WEEK — The second week in November (8 - 14) is worth red-lettering right now, for it will be National Education week, an occasion for taking stock of our schools and sizing up how well they are doing their job of training our men and women of tomorrow.

We're all invited to visit the schools and devote whatever time we can to getting better acquainted with the teachers, inspecting classrooms, and familiarizing ourselves with school problems, needs and plans for the future. The invitation isn't limited to parents. It includes all who have an interest in education.

The schools are playing an increasingly important role in preparing our children to grow up into well-rounded, responsible citizens. We need to know more about our schools, what they are doing and the problems they face, if we are to help the schools to discharge their responsibilities.

Let's visit the schools during American Education Week.

Ceramic Art Collection Subject Of Interesting Monday Club Program

Displaying beautiful specimens from her unique collection of antique Chinese snuff bottles and describing the ceremonial use of snuff in ancient Chinese society, Mrs. Charles Shierson of Adrian had the interested attention of the members of the Monday Club, Monday afternoon, at the home of Mrs. L. W. Larsen. Her unusual hobby has resulted in the collection of more than 600 items of ceramic art that have a jewel-like beauty.

A bit of poetry from a Herald editorial was quoted by Mrs. Lynn Hubbard as the religious thought of the day and during the business meeting Mrs. Thomas O'Hara gave a report of the proceedings at the District Convention of the State Federation in Detroit last week, which was attnded by a group from the local club.

Announcement was also made of the County Federation meeting to be held in Adrian, Nov. 4, which will be a tour of the Michigan Producers Dairy plant with lunch served by the company at a cost of 65c. Mrs. Nina Heath is in charge of reservations and transportation and members are requested to contact her if they plan to attend.

A nation wide project of the Federation to collect funds for the restoration and preservation of Independence Hall was mentioned and approved by the members. Mrs. Guy Pocklington stated that it was due to the efforts of club women in that area that the build ing of a prison camp near Interlocken was abandoned.

Mrs. Lillian Hoagland was voted into membership and Mrs. Norman McConnell was reinstated.

The November meeting has been planned as a trip to the International Institute of Immigration Service at Detroit on November 3. Twenty-five must be registered for the trip, however, or the project will be abandoned and a substitute program held on the regular meeting date of Nov. 2. Mrs. Iva Marsh is chairman of registrations.

Cider and doughnuts were served by the hostesses to the forty members and three guests present.

BUSINESS WOMEN TO TOUR TOLEDO BLADE

A tour of the Toledo Blade publishing offices is being planned by the Business and Professional Women's Club for Monday evening followed by dinner in Toledo.

Those desiring transportation may call the committee in charge, Mrs. Mervyn Boltz, Mrs. Vevia Anderson or Miss Margaret Lowry, or one of several drivers leaving at different times for convenience of members, Mrs. George French, Mrs. George Hay, Mrs. Margaretta Brisbin, Mrs. Annabel Finnegan, Mrs. Godon Garlick, Mrs. Reginald Dixon or Miss Marjorie Wickwire.

Parking lots on either side of the Blade building will accommodate cars of the group. All will meet at the Blade at 7 o'clock, each group making its own arrangements for leaving time and dinner.

GOODWILL PICK-UP

Goodwill Industries trucks will be, in Tecumseh and Britton Tuesday, Oct. 27, to make pick-ups of discarded materials. Persons who wish to arrange for a truck pick-up may call their local telephone representative. In Tecumseh call Mrs. Carl Burch, 868; in Britton call William Kuster, 2121.

BIRTHDAY OBSERVED

Mrs. Harriet Knight reached her ninety-first birthday on Friday and the occasion was observed by two family parties. The preceding Sunday Mr. and Mrs. Floyd Bryan entertained Mr. and Mrs. Norman Orr and three children of Plymouth, Mr. and Mrs. Franklin Knight and three daughters of Farmington, Mr. and Mrs. Russell Knight and daughter and Mrs. McMillan of Northville and Mr. and Mrs. Frederick Bryan and two children from Britton.

Friday evening Mr. and Mrs. Frederick Bryan gave a birthday dinner for their grandmother with Mr. and Mrs. Burt Gray, Mrs. Lillian Owen, Mrs. Lillian Hoagland, Mr. and Mrs. Carl Kempf and Mr. and Mrs. Floyd Bryan as guests. Mrs. Knight was given special honor at the Baptist church Sunday and received many gifts and cards.

Letters To The Editor

Editor, The Herald:

I anxiously awaited the arrival of last week's Herald. I thought I might receive something in the nature of a sane reply to my letter of the week before. Instead, I found that the Anti-Fluoridation Committee had stooped to relying on technicalities to pull them through the rough spots.

They sponsored the propaganda against the P.T.A., along with a lot of other malarkey! To try to whitewash over it now in such a manner is an insult to the intelligence of every reader of The Herald!

I thought it significant that Mr. Earl Bryan's name was absent from the signature of the letter. Did he temporarily withdraw from the limelight with the thought that such unfavorable publicity could be detrimental to his political career?

Incidentally, a refresher course in elementary civics, together with another talk with our Lord, might prove beneficial to the AF committee. It's entirely possible that they misinterpreted both.

Very sincerely,
312 W. Cummins

Grade School News

Grade One
Mrs. Faling

Hello again! The weeks have gone so fast since we talked to you last. We have been doing many things in our room and we eagerly await the time to tell you about them.

We have three reading groups now and we call ourselves "Jets," "Ships" and "Indians." We enjoy our own groups. We have been reading about Dick and Jane's family and finding that their family do many of the things ours do. We drew pictures of our family and included our pets.

In arithmetic we are learning about groups of two and three. We enjoy using our "windows" with our books. We think they are magic. We also have fun with bottle caps and chips of wood. We see how many designs we can make using two and three.

In writing we have been practicing our names. We try not to make the mistakes Dick and Jane did in our books.

Our alphabet books are beginning to grow. We have finished the letter H. We like to draw the pictures for each page. We decided we would like some flash cards of our own like Mrs. Faling has so we are making some from construction paper. Every letter has a different color.

The weather has been so nice lately that we went for a walk last Tuesday. We saw many interesting things about autumn. We found some cocoons so we are going to watch them next spring and see what develops.

Laura Seager had a birthday. She was six years old. We enjoyed the ice cream and cookies. We learned a new birthday song and lit the candles on the cake. We know there will be more parties.

That's all for now. See you next month.

Grade One
Mrs. Elsie Neitling

We are very excited. We are learning to read. We have a big book. It is all about Dick and Jane.

Our room looks like Halloween with all our pumpkin and black cat pictures.

Carole Winfield had a birthday this week.

Mr. Greene brought us two balls to play with at recess.

We get our report cards soon. We have been learning about bears. We wrote our own story about bears.

James Creger, Barrie Finnegan and Larry Alcock have been ill.

Kindergarten—Brownville
Margaret Heimerdinger

We are decorating our room for Halloween. We have made black cats, witches, and Jack-o-lanterns. There is real excitement about our forthcoming costume party, Oct. 30.

Every Friday is our show and tell day, we certainly have a variety of things brought to school.

We each collected two leaves and made a place mat by putting the leaves between wax paper and pressing them.

We can bring records and the teacher plays them on the Victrola.

Grade One
Marvel Steinhoff

We first grade boys and girls at West Branch will soon be ready to read. We like to do our puzzle pages very much. We also have some nice new library books which we enjoy very much. Our teacher read us "The Three Bears Visit Goldilocks."

We are decorating our room for Halloween. We have two very large black cats which almost scare us as we enter the room.

Our room has little helpers. We change room helpers every two weeks.

Kindergarten—West Branch
Myrna Bugbee

We are glad its time for our news again. We have done so many nice things that we want to tell you about. We made a "Good Health Train" to show the foods which were good for us. We each brought pictures from home to show our playmates. We are glad we're drinking milk every day, because that will make us grow.

During Fire Prevention Week we talked about the fireman, what his work is and how he helps us, his clothing, and tools. We had a little fireman hat to wear and a fire engine to play with.

For Columbus Day we made some pretty sail boats. We talked about Columbus, too. We have had three birthday parties this month to celebrate the birthdays of Timmy Dickinson, Georgia Meads, and Janis Reed. Their mothers brought us some good cupcakes. Others who have birthdays this month are Gayle Richardson, John and Nina Marsh, Patty Green, and Keith Schmidt.

We have a calendar in our room which we fix every day. We paste a little picture on to show what kind of day it is. So far we haven't had to paste any umbrellas on it. We have enjoyed finding pretty leaves. One day we went out in the yard and found a pretty leaf which we would like to make. We colored them and put them on the wall. We are busy getting our room fixed up for Halloween, and looking forward to a party. We learned a little about a Jack-o-lantern.

Several of us brought our dolls, teddy bears, and other toys to show our friends. We have lots of fun sharing our things. We are learning to put puzzles together, too.

We have two new girls in our room. They are Doris Bonnell and Barbara Wood. We're glad they came to be with us.

"Stop, look, and listen!" That is our little rhyme which we say each day just before we go home. We hope we'll all remember to do just that.

We'll be seeing you next month.

NEW FIRST AID RULES — Old-timers in the Good Samaritan arts of first aid received the shock of their lives this week. A new supplement to the first aid textbook of the American Red Cross, now being issued to its more than 87,000 instructors, reverses traditional ideas on tourniquets and treatment of frost-bite.

The Red Cross now recommends that tourniquets be used only where loss of blood threatens life. If it must be used, it should be placed close to the wound; and once tightened is not to be relaxed until a physician orders it. Frozen members should now be warmed quickly in a pan or tub of warm (not hot) water, rather than thawed out slowly in cool water as heretofore. And don't keep the victim out in the cold.

Make a note — if you have one of those 4,400,000 first aid books now obsolete!

KEEPS THEM POSTED — We receive many, many nice letters from Tecumseh folks who have strayed away from their home community and are now living at distant places. Their fine statements of praise to the hometown Herald are so well summed up in this brief piece of verse.

"We never realize how much the hometown paper means
Till we have wandered far away from the old familiar scenes,
And then it's just as welcome as a letter from a friend.
We read it through from front to back, from beginning to the end
And when we see the names in print of folks we used to know
A flood of tender memories will set our hearts aglow.

"We remember how that paper was a standby in our home,
And how we'd scramble for it just as soon as it would come.
Sis looked for all the personals; Dad read the livestock news;
Grandad liked editorials — if they sided with **his** views!
But Mother never seemed to have a part that she preferred,
She just sat down, when she had time, and read it every word."

COUPLE CELEBRATE 50TH ANNIVERSARY

The golden October landscape made a perfect setting for the fiftieth wedding anniversary of Mr and Mrs. Adelbert Wooten at their farm home on Billmeyer road Sunday afternoon. One hundred-and-fifty guests came to wish them well from Detroit, Ionia, Ithaca, Lansing, Ypsilanti, Morenci, Delta, Ohio, and nearby communities.

The open house was planned and arranged by Mrs. Wooten's niece, Mrs. Ruby Lewis and a friend, Mrs. Alice Anderson of Lansing and they were assisted by Mrs. Melvin Wegner, who cut the beautifully decorated wedding cake, Mrs. Neil Pearson and Miss Edith Haviland, who poured coffee and by Mrs. Merlin Fairbanks, Mrs. Elwood Comfort, Mrs. William Budwit, Mrs. Gail Austin and Mrs. George Philips in the kitchen.

The table, covered with a lace cloth over gold foil, had a centerpiece of yellow roses in a gold container, flanked by golden candlesticks, the entire arrangement a gift of friends.

Mrs. Wooten was the former Minta Neusbaum and she and Albert Wooten were married in Ithaca, Mich., October 21, 1903. They lived in Adrian until 1915, where Mr. Wooten worked in the greenhouses of Elmer Smith. At that time they bought their present farm where they have lived ever since and where Mr. Wooten, in addition to his farm work, specializes in chrysanthemum growing, hybridizing many new specimens each year. The many blooms that decorated the house and the corsages worn by the assistant hostesses were all of his culture.

FORMER RESIDENT DIES

Mrs. Floyd Elliott has learned of the death of her aunt, Mrs. R. C. Rasmussen, Buffalo, Wyo. which occurred October 5. Mrs. Rasmussen, the former Emily Hall, was born in Tecumseh, February 15, 1875, the daughter of A. D. Hall and Engelena Heesen Hall. She graduated from Tecumseh High school with the class of 1894 and several years ago returned for a class reunion. She is survived by her husband and several nieces and nephews.

TURN TO THE "CLASSIFIED"

Is That So!

By Miss Clara Waldron

(Another in a series of stories about the Globe Trotters, a group of foreign born war brides).

One thing—among others of course—is to be said about the husbands of that feminist group, the Globe Trotters. All of them had excellent taste.

A case in point is that of Dr. John Thompson when he took more than a professional interest in a patient when he was stationed in Nuremberg, Bavaria.

Officially, she should not have been even his patient. Augusta Staudt was a German civilian, a dental technician, who was no concern of American military personnel. But she had pneumonia, she lived at the home of a worker in the doctor's dispensary and no German doctor was available. So, in the way of all good fiction, he saved her life and lost his heart.

The way of true love did not run smoothly, however, in occupied Germany between an American doctor and a German civilian. His superior officers were sympathetic and as helpful as possible but the most they could do was to give their blessing to a German religious ceremony. That had to suffice for the young Thompsons until they arrived in America and could be remarried where military law did not forbid.

It took more than a legal ceremony, however, to make "Gustie" Thompson a happy American. It took three years of adjustment and a trip back to her native Bavaria. She was handicapped by lack of the English language, she was desperately homesick for the streets and fields about Nuremberg that in her memory were the most beautiful in the world. She thought that people did not like her because she was German. Now, she smiles, "Wasn't I silly!"

When she saw those Nuremberg streets again they looked narrow and cramped and when she came back to Tecumseh it was her home. The people here, those her friend Mrs. Fielder described as "just people," were now her people and her friends. Busy with her home and the four little Americans there, she now says, "I love America, I love everything about it."

You'll get more than you expect

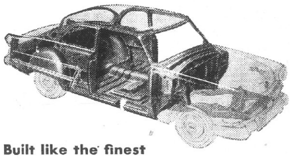
In feature after feature, Ford matches the finest . . .

with fine car ride . . . fine-car build . . . and fine-car V-8 GO!

Check these fine car features that are yours when you buy a Ford, the one fine car in the low-price field. You get glass area galore . . . the most in Ford's field. You get more usable inside space than in any other low-priced car. Seats are foam-rubber-cushioned both front and rear. You get such Ford advances as convenient Center-Fill Fueling and suspended clutch and brake pedals. But here are the *big reasons* why Ford is worth more when you buy it and when you sell it, too!

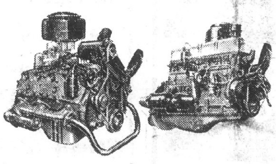
Up to 80% less road shock

Ford has reduced front end road shock (the kind you notice most) up to 80%. And by a perfect teaming-up of rear springs, diagonally-mounted rear shock absorbers and tailored-to-weight front springs, Ford has proved that a car can ride smooth as silk *without* gas-eating extra weight.



Built like the finest

Ford's hull-tight body is sealed against water, dust and draft. Body panels are made of steel of the same quality and thickness as that used in the costliest cars. Ford's rugged box-section frame has five strong cross members including a special K-bar member which adds extra twist resistance . . . gives longer car life.

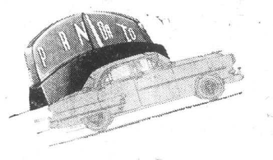


V-8 or Six power

Only Ford in its field offers you a fine-car high-compression V-8 engine . . . the result of Ford's experience building more V-8's than all other makers combined. And Ford's high-compression, low-friction Six is the most modern Six in the industry. Both engines have Ford's exclusive Automatic Power Pilot which squeezes the last drop of power out of every drop of gasoline.

Master-Guide power steering

Ford Master-Guide is the last word in power steering. It does up to 75% of the steering work for you *when you need it* . . . yet it leaves you with a natural feel of steering on the straight-away. And it helps you control the car on rough, rutted roads. Available on all V-8 models.



Fordomatic Drive

It's the finest, most versatile of all automatic drives . . . combines the smoothness of a fluid torque converter and the "Go" of automatic mechanical gears. Ford also offers you Overdrive and Conventional drive.

Something really Special -in power, room, ride, price

We picture here a car that keeps our order book pages turning quicker than quick.

It is the 1953 Buick SPECIAL 4-Door Sedan—the bargain value that doesn't stay long on our showroom floor.

For this is the best-selling Buick in the land—snapped up by eager buyers who know something really special when they see it.

For your information, we present some SPECIAL facts.

It has a Fireball 8 Engine with the highest power and compression ratio ever placed in a Buick SPECIAL—plus, if you wish, the instant getaway response and utter smoothness of Twin-Turbine Dynaflow.*

It has easy-sitting-room for six adults—as much room as you'll find in cars costing hundreds of dollars more.

It has a ride unique among automobiles. The Buick Million Dollar Ride. The soft and steady and ever-level ride that comes of coil springs on all *four* wheels—a full-length torque-tube drive—a massive X-braced frame—a solid and substantial roadweight poised with meticulous balance on broadly spaced wheels.

But what makes the Buick SPECIAL so extra special is the low delivered price it carries.

It is a price just an easy step above the so-called "low-price three"—and a price that gives you more room and power and ride-comfort for your money than you get in any other car, except another Buick.

Wouldn't *you* like to see, sit in and drive one of these great-powered Buicks — look into its beauty, its luxury, its handling ease—and judge for yourself how small a price tag it wears?

Phone us this week, or drop in. We'll be happy to arrange a demonstration.

Mr. and Mrs. Harry Curry have been entertaining Mr. Curry's mother, Mrs. S. J. Bosstick of Terre Haute, Ind., this week. Sunday Mr. and Mrs. Harry Curry of Cleveland were guests in the Curry home.

Tecumseh BOOK SHELVES *Library*

New books for nearly every taste—though perhaps the preponderance is toward entertainment—for those who like their fiction with an historical flavor there are, "Wolf Point" by Leonard Dubkin, picturing the early days of Chicago and a spell that had survived from a prehistoric era; "The Lady of Arlington" by Harnett Kane, about the wife of Robert E. Lee giving a new viewpoint of this much written-about man; "Blind Journey," adventure and romance in America and France with a background of the American Revolution; "Devil's Laughter," a swashbuckling tale of the French Revolution; "The Female" by Paul Wellman, based on the history of the exotic woman who became empress of Constantinople under Justin; and two that have a more modern setting, "The Sands of Karakorum," James Ullman, the search for two missionaries lost in Red China; and "The Bridges of Toko-ri" by the author of South Pacific, heroism in the Korean waters.

For those who take their fiction straight there is a new one by the author of "Miracle of the Bells," "So Long as Love Remembers," with more than a little touch of the supernatural; "The Singer Not the Song" by Lindop, a contest between a priest and a bandit for the soul of a Mexican town; "The Heart of the Family," by Elizabeth Goudge, which will be welcomed by all who remember her "Pilgrim's Inn; "Too Late the Phalarope" by Alan Paton, author of "Cry the Beloved Country," about South Africa and timely in view of the current unrest there; "The Lost General," strictly modern but influenced by a figure from the misty past; and last but, to her admirers, not the least, a new Pearl Buck "Come My Beloved," with a setting in India.

For a touch of much lighter story-telling there is "Lucinda Marries the Doctor" by Elizabeth Seifert and "Stand Up and Die," a who-dun-it by the popular Lockridges and "Apple on a Pear Tree," a story about a boy but written for adults by the author of "Little Mule."

The two non-fiction books on the list are the autobiography of Eva Le Gallienne, "Of the Quiet Heart," of interest to all who like the stage and the actress; and a new volume of "Story and Verse for Children" by Miriam Huber, history of the art of writing for children and including a literary collection which will be welcomed by parents and teachers.

New Standard Premium does what no other gasoline will do!

Prevents stalling with a remarkable DE-ICER additive. Prove it with one tankful!

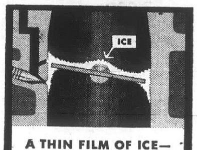
Believe it or not, when your engine quits in traffic at this time of the year, chances are that ice does it. Yes, ice causes *cold-motor stalling* even on Indian Summer mornings! Carburetor ice! And this amazing fast-freeze is likely to occur when the temperature registers between 58° and 28° above zero!

For years motorists have mistakenly blamed their cars for this cold-motor stalling. But now Standard scientists have solved it.

New STANDARD WHITE CROWN Premium Gasoline contains a costly DE-ICER additive. This DE-ICER additive is a built-in anti-freeze that prevents the formation of a thin ice film. Ice that can cripple the action of your carburetor!

And remember . . . you can't buy a more powerful gasoline.

Stop in today and get the gasoline that does what no other gas will do—PREVENTS STALLING due to carburetor ice.



A THIN FILM OF ICE—
a major cause of engine stalling

Even when outside temperatures are from 58° to 28° rapid evaporation of gasoline can cause a *thin film of ice* to form on the carburetor throttle plate. Ice shuts off the flow of fuel during idling. Then, when you make a stop, your fuel-starved engine sputters and dies. DE-ICER additive in New STANDARD WHITE CROWN Premium Gasoline prevents carburetor ice.

You expect more from STANDARD and get it!

DOLLAR FOR DOLLAR YOU CAN'T BEAT A PONTIAC!

It's the RIGHT CAR!

You're looking at the car that's proved the *right car* for hundreds of thousands of people like you because it fills their needs so perfectly. For beauty, Pontiac offers the Silver Streak distinction that is recognized and admired everywhere. For all-around performance, you can't match the *power* and *stamina* of Pontiac's rugged, high-compression engines at anywhere near the price. And Pontiac's dependability and long-lived economy are a matter of record. For important value extras, *Pontiac's* your car!

It's the RIGHT PRICE!

Dollars-and-cents decide the issue for most all of us in making major purchases. But the price of a *Pontiac* will never sway you from buying the *right car*, for the price is right, too! Pontiac engineers discovered long ago that—for very, very few extra dollars in price—they could offer a great deal of extra quality. As a result, Pontiac—*big, beautiful, luxurious, fine-performing* Pontiac—is actually one of America's lowest-priced cars. Come in and see how *easy* it is to own!

It's the RIGHT TIME!

Your present car will never be more valuable as a trade-in than it is today! So don't wait a week, a month or a season to start enjoying all the pleasures of Pontiac ownership. Come in now and discover Pontiac's real extra value—that "Dollar for Dollar you can't beat a Pontiac" never meant more than it does today!

Card of Thanks

I wish to thank my friends for the many cards, flowers, fruit and gifts which I received since I have been ill, especially the Women's Association of the Presbyterian church, the Pythian Sisters, and Past Chiefs, the F.O.E. Auxiliary, the American Legion Auxiliary and the Union of the Clinton Machine. They were greatly appreciated.

Mrs. Verdi Skinner

I want to express my sincere thanks to my neighbors and friends of the Macon community for the many get-well cards and good wishes I received during my recent stay in St. Joseph hospital and a special thank you to Mrs. Melvin Travis for her kind assistance.

Order of Hearing — Appointment Administrator.

STATE OF MICHIGAN,
County of Lenawee.—ss.
Probate Court for the County of Lenawee.

At a session of the probate court for the county of Lenawee, holden at the probate office in the city of Adrian on the 2nd day of October in the year one thousand nine hundred and fifty-three.

Present, HON. L. B. KUNEY, Judge of Probate.

In the matter of the estate of JOHN H. STEELE, Deceased.

On reading and filing the petition, duly verified, of James F. Steele, guardian ad litem for John E. Steele, minor son and heir at law of said deceased, praying that administration of said estate may be granted to petitioner or some other suitable person, and that the legal heirs of said deceased be determined.

It is ordered that Monday, the 26th day of October next, at nine o'clock in the forenoon, be assigned for the hearing of said petition.

And it is further ordered that a copy of this order be published in the Tecumseh Herald, a newspaper printed and circulating in said county of Lenawee, for three consecutive weeks previous to said day of hearing.

L. B. KUNEY,
Judge of Probate.

Your friend in need!

BLUE CROSS-BLUE SHIELD
protection brings modern medical science within the financial reach of everyone!

THE CHANCES ARE 1 IN 3 THAT YOUR FAMILY WILL FACE A HOSPITAL BILL WITHIN THE YEAR!

ARE YOU PROTECTED?

Your doctor is your friend in need in more ways than one.

You know him of course, as an expert on getting you well and keeping you that way. Less known, though perhaps not less important is the role he plays in helping you protect your family against the cost of illness or accident.

Fourteen years ago, together with hospital officials, business men and labor leaders, Michigan doctors helped start the Blue Cross - Blue Shield *non-profit* organizations to bring modern medical science within the financial reach of everyone.

Since then, Blue Cross - Blue Shield have paid out over 300 million dollars in benefits. With over 3 million members, Blue Cross - Blue Shield is Michigan's most widely used health-care protection.

What BLUE CROSS Does!
Blue Cross Comprehensive Group Hospital Plan covers a wide range of hospital services, for up to 120 days, in any one of over 200 participating hospitals.

What BLUE SHIELD Does!
Blue Shield Medical-Surgical Plan pays generous amounts to your doctor for thousands of listed medical-surgical procedures, and for his hospital visits in non-surgical cases.

Protection Without Problems!
There's no red tape with Blue Cross - Blue Shield. Simply show your identification card to your doctor or hospital admitting clerk. Needed benefits are taken care of automatically!

How to Get BLUE CROSS-BLUE SHIELD:
Ask your employer. Check your Farm Bureau or Grange! Write or call your nearest Blue Cross - Blue Shield office.

THE TECUMSEH HERALD

ONE HUNDRED THIRD YEAR — NUMBER 4 TECUMSEH, MICHIGAN, OCTOBER 29, 1953 FIVE CENTS A COPY

Kiddies' Costume Parade, Free Show Saturday Afternoon, Both Highlight Tecumseh's Annual Halloween Program

If a stranger found himself in downtown Tecumseh Saturday afternoon, unaware of Halloween — he would feel, at first glance, transplanted into a land of youthful ghosts, goblins, witches and the like. But on further investigation, it would be evident that Tecumseh was celebrating its annual Spooks Day observance with small fry vieing in a colorful costume parade.

The line of march starts at the corner of Logan and Ottawa streets at 4 p.m. sharp and proceeds through the business section to Strand theater where youngsters will receive favors before attending a free Halloween show. The movie will be out at 6:15 p.m.

Members of the Rotary and Exchange clubs are directly in charge of festivities and will supervise youngsters in the parade, give out treats and guide the costumed figures to the theater party.

Along the line of march will be a judge's stand where prizes will be awarded to the best costumes in six classes: witches, ghosts, cowboys, pirates, most original and miscellaneous. There will be first, second and third place prizes in each group.

Timing of this year's parade and costume theater party was particularly arranged for the younger set and has met with favorable comment by parents as children will be home by 6:30.

A teen-age dance is planned for older boys and girls Saturday evening at Central school gym.

Financially assisting the Rotary and Exchange clubs with Tecumseh's annual Halloween program are the VFW, American Legion and Chamber of Commerce.

WINDOW PAINTING

Another phase of Tecumseh's Halloween observance is the annual decoration of downtown store windows which is now underway. Instructor Mrs. Dorothy Westdyke said painting will be completed Thursday night by pupils in the fifth, sixth, seventh and eighth grades. Three prizes will be awarded to each grade. The student's name and grade appears along with each Halloween sketch. The following are competing for twelve prizes.

Game Of The Year Here Friday Night

An upset was brewing in the Indian grid camp this week as coach Les Runk drilled his orange and black gridders for the invasion of high flying Clinton Friday night.

Clinton is riding a crest after spilling Morenci last week while the local eleven are 'up' for the annual clash with their oldest rival.

The Runkmen will be at full strength going both ways with a much improved offense after dropping a close 14-13 decision to Hillsdale last week.

After Clinton, the Indians trek to Blissfield Nov. 6 and then close at home against Bedford Nov. 13.

A capacity crowd is expected for the game here Friday night as a full section of Redskin rooters are expected from Clinton.

Hite Opens New Basement Dept.

W. D. "Mike" Hite announced the opening of a newly redecorated and furnished housewares and appliance department in the basement of the Hite Hardware store.

The public has been invited to attend a grand opening of the new department Friday and Saturday. Special gifts will be given out.

Mr. Hite came to Tecumseh 17 years ago from Toledo when he opened a hardware store in the building now used by Wright's Drug as a wallpaper and paint store. He moved into the present quarters in 1946.

Assisting in the store's daily operation are Mrs. Hite and James.

Superintendent Explains Public School Plan For Renting Books

BY SUPT. JAMES McDOWELL

Children in Kindergarten are provided with books and supplies which are kept in the Kindergarten rooms and are used by morning and afternoon classes. Kindergartners are not expected to take books home as there should be no need, for all the work is done in school.

The book rental fee is $2. All children in the first grade through the sixth are provided with individual books but are not expected to take them home, for study periods are provided during the day and the day is so planned that few children should need to take books home to study. However, should a child so desire, it is possible to take books home. The book fee is $4.

The seventh and eighth grade children in Tecumseh schools have a special highly diversified program consisting of the key subjects — arithmetic, English, geography and history in the seventh grade and arithmetic, English, history and science in the eighth grade. In addition they have a gym class daily and one of the following for nine week periods as try-out or exploratory courses to investigate interests and abilities in art, music, shop, and home economics.

Boys and girls in the seventh and eighth grade investigate these fields for eighteen weeks each in the two years. When the additions to the high school are complete, no seventh or eighth grades will have a study hall period as the supervised study plan is used in all classes. There is no need for a seventh or eighth grade child to take books home under normal conditions as the work should be completed in school. Books are not provided each individual, for reference books, diversified textbooks and regular textbooks are provided in the classrooms.

This gives the child a more well rounded education in the use of textbooks correlated with reference material and helps to prepare him for high school classes. If a child has need to take books home all he has to do is sign out for them with his teacher at the end of the day and return them the next morning by 8:30 a.m. In this manner we are able to provide excellent reading materials for these grades. The book rental fee is $4.

Starting with the ninth grade and through the twelfth each pupil has a set of textbooks for his classes as the classes vary with the individual. Study hall is necessary as supervised study is only partially provided during class time and outside preparation is necessary. Each child should take at least one study home with him for outside work. It is expected that each and every child will do so and this outside or homework is checked by the teachers. Exceptional children may not need to do outside class work at home, but it is desirable even for these children. The book rental fee is $5.

The plan of operation for Tecumseh schools provides for a minimum of outside homework to be done by pupils from the kindergarten through the eighth grade and for at least one subject to be studied at home in the ninth through the twelfth grades. Parents cooperation in the plan is appreciated and of great value to the children themselves.

LYSTER LEAGUE

At the October meeting of the Lyster League of St. Peter's Episcopal church, held Tuesday evening at the home of Mrs. William Damon, Herrick Park, plans were made for the church bazaar to be held October 30 and for the church dinner Nov. 11. Cards were enjoyed after the business meeting and refreshments were served by Mrs. Damon assisted by Mrs. Allen Russell.

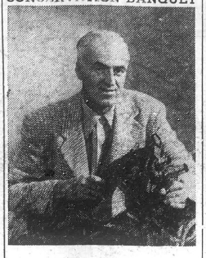
"Here comes the University of Michigan Marching Band."

These words echoing through Michigan Stadium bring the crowd to attention in anticipation of another thrilling performance by one of the nation's top college bands. William D. Revelli is the director and George Cavender is assistant director.

The 146-member band, biggest in its history, is shown pouring out of the tunnel on the east side of the football stadium at its fast cadence of 200 steps a minute.

The band is performing at all but one of the nine games on the Michigan football schedule. Away-from-home trips will be made to Minneapolis (Oct. 24) and to East Lansing (Nov. 14). The Minnesota game trip will be made as guests of the Buick Motor Division of the General Motors Corporation.

TV OUTDOORSMAN AT CONSERVATION BANQUET



MORT NEFF

Probably Michigan's foremost "man's man," Mort Neff of TV fame for his popular sportsman's program, Michigan Outdoors, will highlight the first annual Tecumseh Conservation League banquet Nov. 10.

Neff brings his outdoor show-of shows to the Products Union hall for an evening of stories, movies and tales of hunting, fishing, shooting, trapping and traveling. Conservation League members and their guests will be on hand for the 8 p.m. show following the actual banquet dinner served at the Baptist church (Swiss steak), Methodist church (ham), Grange hall (fish).

Tickets for the dinner-program, one covers both, are on sale at Baldwin Hardware, Garno Barber Shop, Green's Clothing and the Allison store in Tecumseh, or at Griffin's Barber Shop in Britton. Advance tickets are offered in limited amounts, A. R. Smith, 310 So. Pearl, general chairman of the affair said. He is also handling ticket sales by mail at $2 a person.

Presbyterian Fall Festival Nov. 5

Plans are now perfected for the Fall Festival of the Presbyterian church which will be held in the Fellowship Center, Nov. 5 opening at 10 a.m. Miss Ann Carson is general chairman and heads an executive board made up of representatives of the various women's organizations, Mrs. Ray Sluyter from the Women's Association; Mrs. F. K. Smith, Golden Rule Division; Mrs. Harold Wilson, Florence Weld Mission Guild; Mrs. James Elliott, Presbyterian League; and Mrs. Stanley Kruse, Westminster League.

Miss Carson has appointed committees for the various booths and departments as follows: Aprons, Mrs. Al Helzerman, chairman, with Mrs. Clair Rozelle, Mrs. Howard Truesdale, Mrs. Norris Morehouse, Mrs. J. G. Metcalf and Mrs. Kirk Smith; candy, co-chairmen, Mrs. Frank Purcell and Mrs. Joesph Rohweder, with Mrs. Robert Hanna, Mrs. George Walworth, Mrs. Raymond Guy and Mrs. Harlan Dicks.

The country kitchen is under the chairmanship of Mrs. Edward Boss, with Mrs. Albert Jahn, Mrs. Russell Carey, Mrs. Paul Eddy, Mrs. C. W. Hanna and Mrs. Neville Hart; the country store, Mrs. Charles Branigin Jr. with Mrs. Jens Touborg, Mrs. Wilbur Boyce, Mrs. E. J. Aebersold, Mrs. Wayne Hendershot and Mrs. Branigin Sr.; the Christmas booth, Mrs. Mahlon Sebring, chairman, with Mrs. G. H. Fisher, Mrs. Charles Kempf, Mrs. John Curth, Mrs. Frederick Dickinson and Mrs. Virgil Tucker.

Mrs. Fred Marsh is head of the fancy work committee assisted by Mrs. Raymond Kempf, Mrs. Cecil Williams, Mrs. Lynn Harris, Mrs. Wesley Mast, Mrs. John Lott, Mrs. Kenneth Herrick and Mrs. E. J. Nelson, while Mrs. M. R. Blanden has charge of the fish pond, her committee being, Mrs. Albert Bagshaw, Mrs. Thomas Hamilton, Mrs. Hershel King and Mrs. John Quigley; and the trading post is under the direction of Mrs. Nina Heath, with Mrs. Paul Keyser, Mrs. Jennie Satterly and Miss Edith Ingersoll. Toys and dolls will be supplied by Mrs. Robert Ries' committee, Mrs. Robert Manchester, Mrs. Archie Porter and Mrs. Kenneth Hall and the food committee will be headed by Mrs. Wellington Wotring.

Coffee and rolls will be served during the morning, luncheon from 11:00 to 1:00 and tea and cake in the afternoon.

A committee made up of Mrs. James Barton, Mrs. Charles Stephenson, Mrs. Donald Purkey and Mrs. Shirley Smith will provide entertainment for all at 10:30 a.m. and again at 2 p.m., while the Presbyterian Youth Band and Nancy Randall's dancing class will perform at 5 p.m.

A nursery will be in constant session to care for the little tots while mother shops.

Special orders may be placed for candy with Mrs. Joseph Rohweder on or before October 29.

Community Fund Nearing Monday Night Deadline

Amidst a pile of early reports, Community Fund chairman Frank Rice hopefully looked up from his desk at R & S Manufacturing Co. to the Nov. 2 date circled on a nearby calendar and urged all workers to complete their solicitations on time.

The chairman could hardly estimate the outcome of the annual drive with its $8,400 quota but had high hopes of Tecumseh's again going over its mark.

This year it is a matter of giving "once for all" as the Red Cross is among eleven organizations financially supported by the community's united contribution. Others are the Boy and Girl Scouts, Community Parties, Salvation Army, Scout Cabin maintenance, Hospital Auxiliary and United Health and Welfare.

Unsolicited persons can give by sending their contributions to Community Fund Drive, United Savings Bank.

BUSINESS WOMEN TOUR TOLEDO BLADE

Thirty-six members of the Business and Professional Woman's Club met at the offices of the Toledo Blade Monday evening for a conducted tour of that institution which lasted until after nine-thirty.

They were welcomed by Mel Upp, assistant director of public relations, and his assistant, who were most genial and interesting guides. Beginning with a short history of the paper, the party was taken through the business offices, editorial department, engraving rooms, through the rows of 32 Linotype machines and the composing rooms.

The climax of the trip was the press room where the plain newsprint, fed in at one end came out folded newspapers at the other. The press itself would occupy an ordinary Tecumseh store building and took a year to install. Thirty-six pages can be printed at one time.

Old Slogan Fits Blood Bank Drive

STATE UNIT COMING THURSDAY, NOV. 5

"The life you save by giving blood may be your own," Mrs. L. W. Larsen, co-chairman with Mrs. Vincent Haight, said in announcing the dates of Tecumseh's forthcoming opportunity to build up its share in the state blood bank, Nov. 5.

"An old slogan," Mrs. Larsen said, "but it certainly has proven true, and could happen someday to any of us in Tecumseh."

Every healthy adult between the ages of 18 and 60 living in this area is invited to participate in the local program — which starts at 2 p.m. at the American Legion and lasts until 7:00.

Working with the Red Cross and medical groups, a State Public Health unit will establish a local collecting center to renew the supply of plasma in our hospitals. Each person is asked to give a pint of blood, to "save lives."

Appointments can be made for the convenience of donors by signing an "I will give blood on Thursday, Nov. 5 card" which is available at Baldwin's, Hite's, United Savings Bank, Eggleston's, Palman's or Butler's.

Donors who have not signed-up in advance will be welcome at any hour.

The co-chairmen are assisted by the following committees, canteen, Mrs. Clarence Gilman, Mrs. Ned Rosacrans, Mrs. Paul Ammer, Mrs. William Furry, Mrs. Wendell Scutt; registrars, Mrs. James McDowell, Mrs. Allen Russell, Mrs. Earl Greene, Mrs. Harold Kelso, Mrs. Luther Kemp and Mrs. Leon Williamson; nurses, Mrs. Robert Laidlaw, Mrs. Fred Bell, Mrs. Milburn Brooks, Mrs. Parke Kinietz, Mrs. Lauren Campbell; nurses aides, Mrs. R. H. Moore, Mrs. H. H. Hanna, Mrs. George Nichols, Mrs. Wallace Whiting, Mrs. Mac Dillon, Mrs. Don Heesen, Mrs. Glenn Driscoll and Mrs. Elmer Burleson.

ROTARY HEARS REPORT

Rotarians attending the regular dinner meeting at the Country Club Tuesday night came away with a new conception of the scope and importance of their organization.

Five members, who had attended the Rotary District Conference in Detroit the preceding Friday, Mel Partridge, Herbert Dillon, LeRoy Titley, Gale Fisher and Blair Bashore gave reports of the information they had received there and its application to the local chapter. A general discussion followed which brought out new and useful viewpoints of potential service of the organization to the community.

City Charter Completed, Next Step Governor's Approval; Vote Dec. 14

Next step for Tecumseh's progress toward city form of government is what officials call a formality — the signature of charter approval by Governor Williams.

After clerical corrections of the first printing and revisions requested at Monday night's public hearing, the charter commission has completed a final charter and will soon send it to the state capitol for approval.

The public will get a look at the final signed document printed in its entirety in The Herald on Wednesday, Nov. 25.

Then on Dec. 14 the question of its adoption and selection of seven charter commissioners will be put squarely before the voters in a public election. This week's edition carries a notice for registration.

Petitions for city councilman posts will be available Nov. 19 at the Village clerk's office and must be filed before Nov. 30.

An election board and board of canvassers is being appointed for the Dec. 14 vote. The new government will take over Jan. 5.

Among the main changes incorporated in the revised charter was the suggestion Monday night that candidates for the city commission could run who did not live in Tecumseh for two years as originally proposed; thus allowing persons who have recently moved to the new outlying areas to file.

Other points generally discussed during the public forum were referendum voting, assessments and taxation.

Charter commission chairman, Robert H. Moore was in charge of the discussion.

Rev. Edward Escolme praised the commisison for its long hours of detailed work during the past three months.

"I feel in all sincerity," he said, "that this commission has done its very best to produce an adequate charter for the city of Tecumseh. I missed very few of the meetings, so I have watched the procedure closely and feel that we have done our best to serve the community unselfishly.

"There have been no hidden motives in this work," Rev. Escolme added, "we only hope you share in its support."

PARKING LOT OPEN BEHIND FIRE HALL FOR PUBLIC USE

Tecumseh's newest parking lot was officially opened this week to a capacity of 25 - 30 cars as village workmen completed graveling the recently leased area located behind the fire hall. The lot also opens on So. Ottawa street.

This property has been leased by the village from the Chamber of Commerce to provide more parking space for Tecumseh's increasing number of shoppers.

Other village improvements this week included rapid advancements on the foundation of Tecumseh's branch building of the Adrian Federal Savings & Loan. Concrete footings have been poured and foundation work started on the building which will be completed in February at 140 W. Chicago.

Rennovation of the new Charles Company building, where Anderson Grocery operated for over a century, has advanced to the point that owner William Engle forsees a Nov. 6 opening of the new variety clothing store.

Smith Grocery Closes After 34 Years Here

Announcement was made this week by National Foods Inc., that Tecumseh's branch store—known for many years as the C. F. Smith store—will close permanently Saturday night.

The store opened in 1920 and operated continuously. Manager Marvin Watkins, who purchased the building a year ago from C. F. Smith Co., when the change to National Foods was transacted, took over his present position in 1925.

He said the remaining stock of merchandise would probably be moved out by National Foods after Saturday night.

Watkins said he has no definite plans for the future, but will have an announcement after taking a trip to Texas next week.

Ed Aluck, head of the meat department, is also undecided over future plans.

WINGS OVER JORDAN CHOIR

Members of all churches and everyone else interested in good music are invited to a concert at the Presbyterian church Monday evening to hear the famous Negro choir "Wings over Jordan." This organization, which is well known through radio, was slated for a trip to Korea as U.S.O. entertainment, and on the cancellation of this plan, are now touring the country under various auspices. They are probably the most famous choral group in the entertainment field.

A potluck supper has been arranged in Fellowship Center at 6:30 p.m. preceding the concert in order that the public may meet these musicians. Those in charge would welcome anyone who enjoys music regardless of church affiliations. General arrangements are being made by Mrs. Harold Wilson and Mrs. LeRoy Titley, supper by Mrs. Ray Sluyter.

Editorials

TV vs DEMOCRACY — Television stood between a decent turnout at Monday night's public charter hearing and the citizens for whom it is written. The few interested persons who did tear themselves away from the screen to find out how Tecumseh will be operated in future years are to be praised; the thousands who didn't, are to be shamed.

Although the charter got a good going over, the small gathering who heard its explanation was far from the throng needed to vote on the document for legal approval — and how can you approve a charter which you don't understand. Granted that this charter makes stumbly reading for the average citizen, which favors attendance at the public meeting designed to clear up such misunderstandings.

Only consolation for the hard-working charter commission, is that Tecumseh approved its work by not attending. An important point stressed at the meeting was the Dec. 14 election and the need for candidates for the seven councilman posts. These will be different from serving on the old council, for the new body will be more of an advisory group, guiding the course of the city manager and the general operation of local government, instead of performing the actual operational functions. The city council will be like the board of stockholders for a corporation.

Men for these posts must be properly nominated. It is hoped that 20 or more will run, including some young men, some from the new areas, also some women.

SOCIAL SECURITY — How much do you know about America's biggest insurance business, Social Security? The average answer is, very little! Astounding for it effects nearly everyone of us.

A true New Deal creation, the federal insurance plan was an honest effort to answer the growing problem of more and more old people without income. It has been praised by many of both parties; scoffed by just as many, also on both sides. Main criticism was funneling the tremendous amount of Social Security money into the general treasury instead of earmarking it for the proposed fund. Of course it has all been spent.

Now the program is up for revision, and to pay off the growing number of claims, a proposal is up to raise the "ante"; a question for our next Congress.

When Social Security was launched back in the depression years, the rate of payment was one per cent for the worker and one per cent for the employer. It was supposed to be increased year after year, but increases have been postponed, until finally it was raised to the present level, 1½ per cent by each. This has been called the "poor man's income tax," which it is. Instead of conserving the funds as we mentioned — like any efficient operating insurance company would — the working man's money has been mismanaged and squandered along with general taxes. Any insurance company operating on this basis would soon be broke, out of business, and its officers in jail, for displanting the assets of their company.

Social Security has been described as the "biggest clip ever put over the government" and we have to agree after we note its many abuses. If you are eligible for payment and fail to demand it, you will never receive a cent, and for every month you miss, you loose, it is not retroactive. We knew one family that received five government checks every month, two were social security, payments for raising two youngsters the wife had by her first husband who died, they were never adopted by the second. As for the increase, we stand by the present level of payment as sufficient and that the policyholders who reach the age of 65, should receive the insurance payments they have paid for, whether or not they are employed. Imagine an insurance company saying to the widow, "Yes, your husband did buy a policy, but we have decided you don't need it so we aren't going to pay you!"

From where I sit ... *by* Joe Marsh

It's the Principal of the Thing!

Every autumn our High School has a contest to see who can get the most ads for *The Recorder*—the school magazine. The winner becomes honorary Principal for a day.

Skip Roberts won last week, and his first (and only) official act as "Principal" of the school was to announce in a loud, clear voice: "I hereby declare today a school holiday!"

Knowing Miss Gilbert, the real principal, it was no surprise to me that she laughed as hard as anybody else . . . and said to go right ahead.

From where I sit, it's no wonder our youngsters think Miss Gilbert's such a wonderful person (even though they know they'll have to make up that day). Her tolerance, her friendly way with people of all ages reflect in everything she does. For instance, at my house Miss Gilbert prefers tea but always respects my preference for a glass of beer. As a *real* person . . . in any community, Miss Gilbert belongs at "the head of the class."

ATTEND RALLY

The Intermediate and Senior young people of the Methodist church helped collect canned fruit and vegetables and other foodstuffs for the Chelsea Old People's home. This is a traditional project of many years standing. On Saturday the food stuff was taken to the Morenci Methodist church, the site of the Sub-district Booth Festival. A MYF Rally was held there Sunday afternoon and evening. This rally was planned by the Rev. Ronald Brunger, sub-district counsellor, and the sud-district officers. Those who attended from the local church were Gary Hizer, Wilma Bumpus, Diane Whitecotton, Beverly McClain, Diane Woodard and Rev. Brunger.

MACON

Mrs. Hamilton Moore
Correspondent

Members of the Macon Community Club met at the home of Mr. and Mrs. Walter Harmon for a potluck supper. Melvin Travis conducted the business meeting in the absence of the president and vice president and Mr. and Mrs. Fred Roe showed beautiful colored movies of their trip through the western states. The November meeting will be in the evening at the home of Mr. and Mrs. Ray Hendershot of Brooklyn.

The Macon W.S.C.S. met Thursday afternoon at the home of Mrs. Raynor Scudder. It was decided to invite the Milan W.S.C.S. to a holiday tea Dec. 3 in connection with the visitation plan. Mrs. Herbert Morden, Mrs. Lois Jordan and Mrs. Carl Thomas will arrange a program for the day. Mrs. Hagen, Mrs. Mehler, Mrs. Munro and Mrs. Hamilton Moore will have charge of the tea. Mrs. Lora Hasted was program chairman for the afternoon and presented Mrs. Clarence Hall who read a poem and Mrs. George Leonard who spoke on missionaries in Chile and Peru. Mrs. Dil Burleson led devotions.

Mr. and Mrs. Ralph Halladay have returned from a week's visit with relatives in Fremont, Ohio.

Mr. and Mrs. E. J. Mitchell and family of Royal Oak spent Saturday with Mr. and Mrs. Hamilton Moore Sr.

Mr. and Mrs. Ed Weimer of Garden City are spending a few days with Mr. and Mrs. Joseph Bock.

Mrs. Mills Swick underwent surgery Thursday in University hospital, Ann Arbor.

Mr. and Mrs. Raynor Scudder entertained Sunday Mr. and Mrs. Walter Carven of Macon, Fred Snauble and Mr. and Mrs. Wade Scudder.

Mrs. Joseph Bock and daughter Mrs. Jack Davis and family spent Sunday afternoon with Mr. and Mrs. Walter Dethloss of Plymouth and Mr. and Mrs. Elwood Dethloss of Ypsilanti.

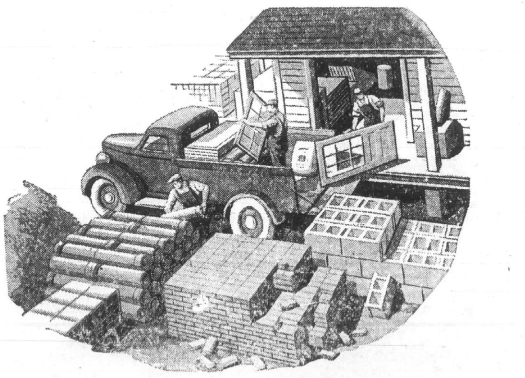
WHY SHOP AROUND . . ?



One patron recently took his list of material to five different lumber yards — for pricing. He found that the R. S. Moore & Son Co. offered these advantages:

1. Up to 16% saving under any other combination of low prices.
2. The ONLY supplier who could deliver the entire bill of goods — and would not argue to substitute other quality than specified.

QUALITY—

MAINTAINING and improving the quality of its products is the most highly emphasized activity of this cooperative milk marketing association.

For thirty-seven successful years the Michigan Milk Producers Association has carried on an intensive quality control program in the belief that it provides its members the maximum of protection in holding and expanding their markets.

The Quality Control Department is adequately manned by competent technicians who are provided with the most modern, approved equipment for both field and laboratory work. The illustration above shows a section of the splendid facilities in which the members of this organization have invested at their Imlay City, Michigan, manufacturing plant. Such a laboratory is available to the dairy farmer only through the means of a cooperative organization spreading the cost among thousands of members.

Consumers share equally with members in the benefits which accrue from the production of highest quality products.

Grade School News

Kindergarten
Dorothy Updike

We have been busy getting ready for our Halloween parties. The morning group will have theirs Friday morning, the 30th and the afternoon group on the same day in the afternoon. We have twenty-seven boys and twenty-seven girls in our room now.

We wish these beautiful fall days would last for a long time as we have had fun finding beautiful leaves, nuts and seeds.

The first story that we have dramatized is "The Billy Goats, Gruff." We all have had turns being the different characters. Many of us know our house number, telephone number and the name of our street. We hope that all of us will know these in a little while.

Grade One
Pat Sclater

-We have started our new "We Talk, Spell, and Write" books this week. The children like this book very much. The first part of the week we chose our room mothers. They are: Mrs. Carson House, Mrs. Kenneth McEnroe, Mrs. Clarence Gabler and Mrs. Donald Morley.

Friday of Homecoming we had a late recess, so that we could stay out and see the parade. We have drawn pictures showing what we would like to do if we weren't sitting in school. The children all enjoy this very much, and we had many different ideas. Tommy brought us some Halloween decorations for our room. Sunday, Oct. 11 was Timmie's birthday. We sang Happy Birthday on Monday for him.

Teddy came into our room, so we now have 31 boys and girls in our room.

The children have all been bringing in horse chestnuts, so that we can use them when we work with our numbers.

Grade Two
Mrs. Puffer

Frederick Steele has been absent because he broke his wrist so we made get well cards for him. At recess time we all walked down ot the post office and mailed them.

We are ready for Halloween. We brought several pumpkins to school and made Jack-o-lanterns. We voted to have the boys bring the refreshments for our party. The girls will furnish the treat when it is Valentine's Day.

We are making newspapers. Each morning we write a page. At the end of the week we will fasten the sheets together and take them home to read to our parents.

In science we have been talking about moths and butterflies. We are busy finding caterpillars to bring to school.

We hope to watch them spin their cocoons.

Mrs. VanWinkle
Grade Two

We are having fun making Halloween decorations for our room. We want it to look real funny and spooky when we have our Halloween party. This will be the first of three school parties. The others will be at Christmas time and on Valentine Day.

We like our new "Numbers in Action" books and the work books that go along with them. We have all brought some of mother's old, odd buttons to use as markers.

Robert Dixon is a new pupil in our room. He came from St. Mary's in Adrian. We are happy to have him join us. We were sorry when Charles Watson moved to another town.

Grade Two
Mrs. Garlick

We have had several birthdays recently. Dickie Hotchkiss, Gary Teitsema, Maxine Sue Fuller, and Ricky Teske are all seven years old now. We enjoyed the birthday treats which some of the children brought.

We are pleased to know that Joey Hanna will be back in school soon.

We have our new Number Workshop books. They are very nice and we are happy to have them.

John Mensiny brought his checker board to school and many of us are learning how to play checkers. We also have a kick ball and bat and ball for outdoor play.

One reading group has made a house of corrugated paper. This is just like a new house which we read about in our reading book.

We are making Halloween decorations for our room looking forward to our Halloween party.

One of our reading group has finished our "Guess Who" books. They are now reading the new "Fun With Dick and Jane."

We are now having milk in the morning instead of the afternoon. Most of us like this better.

We got our report cards last week. Most of us were pleased about them.

We have had several fire drills. The alarm bell no longer scares us. It is just outside our door and is very loud.

Grade Three
Mrs. Vallie

We are all excited about the spell down we are going to have tomorrow. All of us are studying very hard hoping that we will win the surprise prize.

Our gym class is certainly a lot of fun. We come in from the Athletic field all out of breath, but are always anxious for the next time we have our class with Mrs. Marx.

We sang for Mrs. Vallie last week. It was the first time she had heard us sing this year. She thought that Mrs. Schippers had taught us a lot of nice songs and that our voices were very nice.

Our science class is a lot of fun. We are studying about many different kinds of animals. After studying about each animal, we write a story about it and draw a picture of it.

We are very sorry to hear that Eugene Martin will be going to another school after next week. He will be living on a farm though, and we know he is looking forward to that.

We'll be seeing you next month and we'll let you know who won our spelldown.

Third Grade
Miss Baker

There are 35 of us this year — 21 girls and 14 boys. We are located in the Central building but hope soon to be in our new room at Patterson. We are using our new tables and chairs and like them very much.

We are reading many interesting stories in our readers and many of us have read some of our library books.

In language we are learning to write letters and use punctuation marks and capital letters.

We like our science class. We are studying land and water animals and characteristics. Barry Hall brought us some guppies and Penny Head brought a very small turtle which we enjoy watching.

We are getting ready for Halloween. Our room is decorated and twelve of us are planning the party. Michael Mobley, Penny Head, Shirley Radant, and Paul Limes are on the clean up committee. Jane VanValkenburg, Kathryn Tressler, Zaiga Freimanis and Michael Rice are on the serving committee. Barry Hall, Richard Brunger, Michael Whelan and Eugene White are on the games committee.

Happy Halloween everyone.

Grade Two
Miss LaPointe

For our recent Nature study we have had a bullhead brought by James Griffen, a turtle by Sharon Korth, and a large branch of cotton loaned us by Mrs. Arlie Green.

We have finished the book entitled "A Journey Through Healthland" and we feel that we have learned many facts about healthful living. Lana Callihan brought us two osage oranges. One was cut open so we could see the inside.

Those who have October birthdays, are Mary Lou Curtiss, Katheleen Hodges, Ernest Rangler, James Brandt and Tommy Richardson.

We have finished reading "The Box Car Children" and now we are enjoying the sequel "Surprise Island."

We have had several pieces of petrified wood brought to school. We find it hard to believe that this store-like substance was ever wood.

We will have a Halloween party Friday afternoon October 30th.

We are enjoying our new work books in arithmetic.

Grade Three
Mrs. Illeck

We went to visit the library last week. Miss Harding was very kind. She showed us many things about books and told us about the interesting displays in the library. It is such fun to choose your own library books.

We had several visitors last week. One was a garden snake. The other visitors were a family of kittens and their mother.

Friday we had several film strips about "Safety on the Playground." We discussed the ways to play safely at home and at school.

Our arithmetic clocks are fun to use in telling the hour and half hour. We made our clocks from paper plates and made the hands movable.

We are learning to read a thermometer. We are making a weather calendar for the month of October.

Sharon Bartenslager is a new member of our group. She came to use from Onsted, Michigan. Welcome, Sharon.

BRITTON . . . . . .

The Britton and Ridgeway Methodist churches are cooperating on a two weeks mission of evangelism both pulpit and visitation. The Rev. Haybert Woodall, local pastor will be bringing the evening message. The Rev. Frank J. Greer of Flint is in charge of the music with special music each evening. Services are being held this week through Friday at the Britton church and will resume Nov. 1 through Nov. 6 at the Ridgeway church.

A masquerade dance will be held Oct. 30 from 8 p.m. to 12:30 in the Britton-Macon Agricultural school gymnasium sponsored by the school band. The high school orchestra will furnish the music.

The Britton Business Men in cooperation with the Britton-Macon Agricultural school P.T.A. will sponsor the Community Halloween party Saturday night. Cash prizes will be awarded for the most outstanding costumes. After the parade through the business district the children will go to the school gym where the judging will take place and games and contests will be enjoyed.

The primary, juniors and intermediates of the Congregational Christian church met in the church parlors Sunday evening from 5 until 7 o'clock for a Halloween party. This is the first of a series of group meetings to be held throughout the fall and winter months for the children and youth of the church.

Mr. and Mrs. Clyde Brown, Mrs. Mary Gobba and Mr. and Mrs. Clifford Brown and daughter Susan Lee of near Holloway were Sunday dinner guests of Mr. and Mrs. Robert Goetz and son Gregory of Ann Arbor. Mr. and Mrs. Norbert O'Hara of E. Lansing were also guests in the Goetz home. The occasion celebrated the birthday anniversaries of Gregory Goetz, Clifford Brown and Mrs. Gobba.

Cora Byers of Adrian was a Friday guest of Mrs. Ida Miller.

Mrs. LaVern Underwood and daughter Adele of Detroit were weekend guests of Mr. and Mrs. Clarence Underwood.

Mr. and Mrs. William Cundiff were Sunday guests of Mr. and Mrs. James Cundiff of Sylvania.

Ben J. Beasley boarded a plane at Willow Run Airport Friday for San Francisco, Calif. where he is attending the National Postmaster's Convention this week.

Sunday dinner guests of Mrs. Julia Kutzner and daughter Kathleen were Mr. and Mrs. Ed Boudrie and daughters of Dexter. Afternoon callers were Mr. and Mrs. Dan Eby and children of Maybee.

Mr. and Mrs. Arthur McWilliams and family of Jonesville visited Mr. and Mrs. Charles Fairbanks and daughters Sunday evening.

Mr. and Mrs. Joe O'Neil and Clarence, Wilbur and Caroline Scott with Mr. and Mrs. Kenneth Zarnow visited relatives at Allenton over the weekend.

Mr. and Mrs. Harry Rupp of Weidman spent Saturday with Miss Pearl Smith.

Weekend guests of Mr. and Mrs. Chet Godzina and family were Mr. and Mrs. Michael Makmann and children Tommy and Judy of Detroit.

Sgt. James Gephart of Quantico, Va. spent the weekend with his wife and son, Gregory at the Rev. E. H. DuBois home.

Mrs. E. H. DuBois is visiting for an indefinite time at the home of her son-in-law and daughter, Mr. and Mrs. Kenneth Pawley and family of Oxford.

Mr. and Mrs. Clarence Herford and daughter Karen and Delores Lidster spent Sunday with Mr. and Mrs. Verl Sparling of Ferndale. Mrs. Sparling and Mrs. Herford were guests at a bridal shower given for Mr. Herford's sister Arlene Herford who is to be married Nov. 28 to Robert Eschenbrenner of Manchester, Mo.

IRIS CLUB

There will be a meeting of the local Iris Club Sunday afternoon at 2 o'clock at the Baptist Youth House. Everyone interested in iris growing is urged to hear Jay Ackerman of Lansing, vice president of the sixth region of the American Iris Society. An enthusiastic iris grower, Mr. Ackerman will show slides of the 1953 award winners.

FRANK V. HOAGLAND BURIED IN RIDGEWAY

Funeral services were held Friday at the Niblack Funeral Home for Frank V. Hoagland who died at his home in Britton, Oct. 20. Mr. Hoagland, 85, was the son of John and Louisa Hoagland, who came to Michigan from New York State in 1841 and purchased government land on which Frank Hoagland lived most of his life.

He was married in 1896 to Ellen Craig, who survives as do two children, Lawrence, on the home farm and Louisa Musson of Rochester, Mich.; three grandchildren, Mrs. Dorothy Tucker, Britton and Diana and Lee Musson, Rochester; two great grandchildren, and a niece and nephew, Mrs. Viva Brown and Will Swick. He was preceded in death by one brother, one sister and ten half brothers and sisters.

At the time of his death Mr. Hoagland was the oldest member of the Congregational church, a member of the Masonic Blue Lodge of Tecumseh and of the Tecumseh Grange.

Services were conducted by the Rev. O. E. Priest, with a graveside Masonic service in charge of Howard Wilson Sr. and bearers were Charles Patterson, Wade Hendershot, Harold Craig, Pirl Robinson, Bert Moore, and Ronald Cheever. Burial was in Ridgeway Cemetery.

CIVIL AIR CADETS

A meeting of the Civil Air Patrol Cadets was held Wednesday, Oct. 21. The main feature of this meeting was the showing of a film called "Maps and Compasses."

The following three cadets were promoted to Pfc.: Charles Johnstone, Thomas Maupin and Lonnie Penrod. Several of the cadets were given positions of responsibility, Ray Puffer was appointed assistant supply officer; Thomas Maupin, cadet treasurer; Charles Johnstone, assistant commander; and Lonnie Penrod, public relations officer.

I'm Often Wrong

By Neil Hunter

TRICKS OR TREATS — While we served as pallbearer for a half dozen bushel baskets full of crispy autumn leaves over the weekend, we couldn't help but think back to the autumns of a far off yesterday when we scurried through the cool evening air in groups of ghosts and witches to appear on doorsills with the demand for "tricks or treats" — a magical request that produced apples and candies and all manners of Halloween delights.

It was, and is a tradition with American youngsters who focus their Halloween intentions on a funfilled evening of gayety and mutual goodness, for Heaven only knows our mother gave more gallons of goodies away than we ever brought home. But her peace of mind that youngsters roamed the neighborhood for "tricks or treats" made the mirthful occasion one of better friendships all the way around instead of one of irresponsible youthful rowdyism and malicious mischief.

Halloween is the American way, the neighborhood way, the better friends way of having fun together, teaching better citizenship, stamping out delinquency in the bud!

●

KEEP IT UP — We have a lot of nice contributions for I'm Often Wrong which we hope to use some of these weeks, a letter on life in Boston from Dick Pearson, a descriptive trip through the Pentagon building from Capt. Dorothea Garrison, a poem by Kipling, (someone else contributed it naturally), "If," and a whopping good article on a best-selling book, "Man Called Peter."

We can't print them all now, but appreciate all such contributions and will pass them along from time to time. Best we can do this week is a second hand joke.

"The judge was remonstrating with Washington T. Lincoln over an arrearage in his alimony payments. "Well, jedge," says Washington, "reckon ah is behind on de payments . . . . but you see, mah new wife ain't turned out to be de worker ah tho't she was gwine to be."

●

IN THE BEGINNING — Last week's front page featured a picture of the Bible and announcement of National Bible Week which made us stop twice and think how far we've personally gotten away from our Bible reading and practicing. And we wondered about you and hoped all our friends haven't backslid like we have, away from the things that are really important.

How can we start over again? Put first things first and start, as the Bible does, In The Beginning. Can our daily problems have arisen because we have put the importance of things on the wrong measure and failed to start in the right place, and with a spiritual beginning?

We never were a great authority on the Bible, but from what we know of it, a record is there of the coming of one whose every thought began with God, so that all the mixed-up, wrong or evil ways of the world fled before his divinely penetrating gaze. Can we, somehow during National Bible Week, in an age of high velocity living, start from a new beginning with the Bible — where Jesus began — and no matter how right or wrong we've been in the past, stand straight with the belief that each of us can do at least a particle of good in the world, if by nothing more than by our own example.

THE GOBLINS'LL GET YOU - - - -

It's not the friendly ghosts that stalk on Hallowe'en of whom we'd warn you, Mr. Motorist . . . but rather the spectre of Old Jack Frost, with his icy fingers stretched out to grip your car or truck, first time the thermometer plummets to a damaging low!

But Hallowe'en ghosts serve a warning: It's the last day of October — and you'd better be prepared than sorry! We don't mean to NAG you into winterizing your car . . . unless that's what it takes to get the job done. Drive down Gasoline Alley for our friendly and efficient service . . . plus money saving prices! DO IT NOW!

HARMONY HOMEMAKERS

The Harmony Homemakers held their October meeting at the home of Mrs. Clarence Hunt with twenty-three members present for potluck dinner and the meeting that followed. Mrs. Fred Sheldon read a poem "Evening Grace," before the dinner which featured a birthday cake, honoring the hostess and baked by Mrs. Charles Allen. Stunts and contests made up the program of the afternoon. A work meeting will be held Nov. 18 at the home of Mrs. E. J. Aebersold, with Mrs. Sheldon and Mrs. Bert Bruder assisting.

Local Troops Mark Girl Scout Week

In appreciation of the work of Juliette Low, founder of the Girl Scout movement in America, the Tecumseh Girl Scout Association is encouraging Brownie and Girl Scout troops to observe the Seven Service Days, celebrated every year during the week of Juliette Low's birthday.

Sunday is designated as Girl Scout Sunday locally and a Vesper Service will be held in the Presbyterian church at 4 p. m. with Troop 7 in charge of arrangements under the supervision of Mrs. Julius Vincz, leader and Mrs. Wellington Wotring, committee woman. Troop 9, with Mrs. Howard Truesdale and Mrs. LeRoy Titley as leaders will show how the Girl Scout laws came to be written through a playlet.

All girls having uniforms are to wear them on this occasion and also to their own church schools and worship services during the morning. Parents, relatives and friends are cordially invited to attend this service with the girls. Brownies and Scouts will rehearse at 2 p. m. Saturday preceding the town's Halloween party.

There are eight active scout troops now with some enjoying hikes and cook-outs while others are busy with indoor activities. Mrs. Victor Lawson, leader of Troop 5 has arranged a window display in Palman's store in connection with Girl Scout Week.

Mrs. T. Rentschler, president of the Tecumseh Girl Scout Association, announces that the movement is non-political, non-profit making and is open to all girls of all faiths. The local association adheres to the policies of the national organizations. The activities shall aim through comradeship to develop initiative, self-control, self-reliance and unselfish service to others.

The Girl Scout Association will meet in the Scout cabin on Tuesday morning, from nine until eleven o'clock. All officers, leaders, assistant leaders and committee women are asked to be present.

Ely came from Montpelier, Ohio, Mr. and Mrs. O. W. Recknagel from Detroit and Mr. and Mrs. Charles Ranney from Leslie, Mich. The afternoon was spent socially, with movies shown by Mr. Recknagle and evening luncheon was served by the hostess. A shower of kitchen equipment was presented to the bride-to-be.

METHODIST MEN ELECT OFFICERS

Aden Mead was elected president of the Men's Club of the Methodist church following a potluck supper Thursday evening. Other officers elected were Walter Hizer, vice president; Wilfred Waldron, secretary, and Charles Schoenholtz, treasurer.

Members of the club expressed appreciation of the leadership of the retiring president, Luther Wood, who presided at the business meeting at which reports were given of several new projects of the group.

Program chairman Mr. Mead led in singing and then introduced Dr. William Pellowe, pastor of the Adrian Methodist church, who spoke on "Sense and Nonsense from Mark Twain." The speaker, author of a book about Mark Twain, pointed out that some of our current slang comes from Mark Twain, as well as many timely proverbs, and that his works continue to be read.

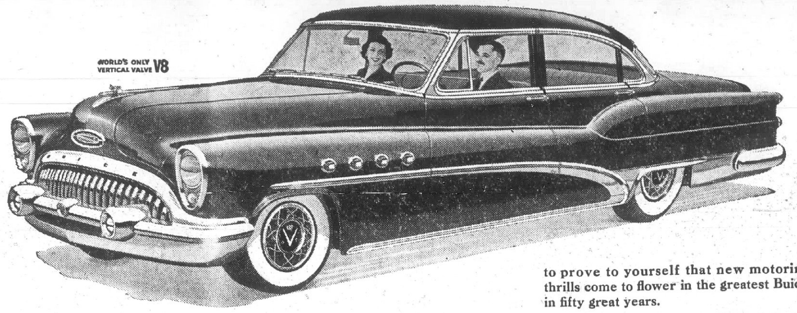
Its V8 puts new ROAD MASTERY at your hand



WORLD'S ONLY VERTICAL VALVE V8

You must have heard about it.

But have you tried the greatest Buick yet built?

Have you sat behind the wheel of a 1953 ROADMASTER and felt the wondrous new road command that is yours?

If you haven't—if you have yet to know the rich exuberance that flows through you when a toe touch releases just a fraction of the velvet power-Niagara of the world's newest V8 Engine—then you are cordially invited to be our guest at this new experience.

We promise you these:

A new and wonderful mastery of hills, of distance, of traffic tangles—from the almost effortless power of this master Buick's advanced new V8 Engine—*the highest horsepower and compression ratio in Buick history.*

A new and instantly responsive getaway—with new quiet and completely *infinite* smoothness—from the drive magic of Twin-Turbine Dynaflow.

A new and exquisite handling ease—from the superb ride-engineering of this automobile, and the as-needed hydraulic assistance of Power Steering, *standard equipment here at no extra cost.*

A new and gracious luxury of interior styling and comfort—from a tasteful blending of deep foam rubber, lustrous nylon, rich broadcloths, sparkling colors.

But you need to experience firsthand the performance and the pleasure and the abiding satisfaction you will find here.

So we repeat a most cordial invitation to you—to drive a 1953 ROADMASTER—to prove to yourself that new motoring thrills come to flower in the greatest Buick in fifty great years.

World's only car with all these features:

Is That So!

By Miss Clara Waldron

Have you ever watched the miracle of a Night-blooming Cereus, opening into full flower? Several hundred people did last week in the greenhouses at Hidden Lake Gardens. That was a Hollywood production with many blossoms, but only a few knew that Tecumseh has staged the same show many times on a smaller scale.

For the past twenty years a plant owned by Miss Lavie Snedecor, who lives at 25 W. Brown street, has produced one or more flowers each fall. Last year there were three of the huge, unbelivably beautiful blooms on the awkward, scraggy plant. This year there were two.

A species of cactus, the Cereus sends out rather long, unwieldly branches and is very slow to develop. This one was started from a cutting by Miss Snedecor, who cherished it patiently for fifteen years before it rewarded her with a blossom. Since then it has brought much pleasure to her and her friends.

A few other specimens have been grown in Tecumseh during those years, especially before central heating and smaller houses discouraged the culture of "house plants." The bay-windows of the Victorian era were conservatories in miniature and there are those who still remember the parties that were held at the Stacy house (now Mrs. Turner's home) on the evenings when the buds on Mrs. Stacy's Cereus were to open.

Probably there is a sermon in the magical burgeoning of such breathtaking beauty after years of dormant ugliness, but only the timeless patience of nature would point a text at once so lovely and so fleeting.

MACON

Mrs. Hamilton Moore
Correspondent

Mr. and Mrs. Raynor Scudder entertained Friday evening, Mr. and Mrs. Wayne Walker, New Hudson, the Misses Gertrude and Jessie Scudder, Mr. and Mrs. Wade Scudder and Fred Snauble. The occasion honored the birthday anniversaries of Wade Scudder and Wayne Walker.

Mr. and Mrs. Russell Vershum returned Saturday evening from their wedding trip through the southern states. They are at home at 99090 Ridge road.

Mrs. Hamilton Moore, Mrs. Wade Scudder and Mrs. Robert Hallowell of Milan attended the Detroit Conference of the Women's Society of Christian Service fall assembly at the Blvd. Temple Methodist church Wednesday.

Mrs. Lamont Camburn and daughter Beulah flew to California for a two week's visit.

The Macon Homemakers Extension Club met Thursday afternoon at the home of Mrs. Charles Howell. Ten ladies of the Clinton Extension Club were guests. Following a dessert luncheon, games were played, Mrs. Leon VanDeusen of Clinton and Mrs. Charles Bigelow winning prizes.

Mr. and Mrs. Wade Scudder spent Sunday in Detroit visiting Mr. and Mrs. Clyde Walker.

Mr. and Mrs. Hamilton Moore and sons spent Sunday with Mr. and Mrs. Wesley Paull and family in Birmingham. In the afternoon they went to Big Lake near Holly.

Mr. and Mrs. Paul Vollmer and family spent Sunday in Pontiac visiting Mrs. Vollmer's parents, Judge and Mrs. Goodloe Rodgers.

John Moore of Creston, Iowa has been visiting friends and relatives in the Macon vicinity. He came to attend the funeral of his sister-in-law, Mrs. Margaret Moore.

MUSIC CLUB

Indian summer weather made a fitting setting for the program of Indian music by the Music Club at its October meeting, held at the home of Mrs. P. B. Hardy.

With Mrs. R. S. Moore as leader, the participants dressed in Indian costume gave an all Indian program. Mrs. Arthur Schwartz and Mrs. George Schippers played "Indian Love Call" as a piano duet; Mrs. Maynard Mulvaney acompanied by Mrs. H. B. Dillon sang, "Sioux Melody" and Mrs. Murray Day sang "Beware of the Hawk, My Baby" to the accompaniment of her daughter Betty. Mrs. Hardy played for the Rev. Ronald Brunger to sing, "By Singing Waters" and Mrs. Schwartz for Mrs. Wilbur Boyce's rendition of "Spring Song of the Robin Woman," while Wallace Whiting sang two solos, "The Moon Drops Low" and "Coming of Montezuma" to accompaniment of Mrs. Dillon. A piano solo played by Mrs. Dillon "Hubenara" and a reading by Mrs. Joe Rice, "What the Indians Eat" concluded the program.

The numbers were unusual and different from the customary Indian program and the atmosphere was further enhanced by the setting of the Hardy home, where the collection of Indian costumes and artifacts was inspected by the company at the end of the program.

During the business meeting presided over by Mrs. Ralph Westgate, the club voted $5 to the Community Chest. Mrs. Boyce, Mrs. Rice and Mrs. George Wittrup assisted the hostess in serving refreshments.

CARD OF THANKS

I wish to thank my friends for the many beautiful cards sent me during my stay at Herrick Memorial hospital, also the nurses for their many acts of kindness.

Laura Butler

Card of Thanks

The family of Frank V. Hoagland wish to extend their heartfelt thanks to all relatives, friends and neighbors for their many acts of kindness. Also for the lovely floral tributes, and sympathy shown them at the time of the loss of their loved one. They wish to extend their thanks to Rev. O. E. Priest for his personal remembrances and comforting words; to Mr. and Mrs. W. S. Niblack for their gracious services; and to Howard Wilson Sr. and the Tecumseh Masonic Lodge.

How can I thank everyone for the wonderful cards, gifts and flowers sent to me while in the University hospital? They all meant more to me than words can say.

Petitioners Protest Expansion Of Protane Bottle Gas Plant

Public Hearing Set For Next Council Session, Nov. 23

A 71-name petition was filed with Tecumseh's village council, in bi-monthly session Monday night, protesting the location of Protane Gas Service Co., on South Adrian street, and requesting the council's refusal to issue the bottle gas firm's forthcoming request for expansion.

The petition read:

"We the undersigned citizens of Tecumseh and residents of the area surrounding Protane Gas Service Co., on Adrian street respectfully petition your honorable body to take whatever steps may be in your power to persuade this company to move to a different location.

"We have been informed that they are planning an expansion program and to this we must seriously object.

"If you do not have the power to force them to move, we ask that you do not issue a permit for further expansion.

"Regardless of how much a hazard the company may be in our midst, we do know that the potential danger has decreased the value of our property."

The petition was signed by H. H. Hanna, Mabel E. Hanna, Rozella Rice, F. M. Rice, Dalton D. Walper, Adele L. Walper, Eulah A. Large, Wesley G. Large, Clara M. Waldron, Russell O'Hara, Owen Fisher, Arthur J. Williams, Yolande Williams, Margaret A. Touborg, Agnes Boss, Edward Boss, L. W. Larsen, C. D. Larsen, Jean W. Colgrove, Philip G. Colgrove, Ann H. Ammer, G. Paul Ammer, Kenneth G. Herrick and Jens Touborg.

C. A. Giltner, B. G. Ousterhout, Arlene Ousterhout, Lillian Giltner, Shirley J. Herrick, Florence E. TurnBull, W. G. Porter, Virginia Hodges, Lloyd Westcott, Lester Tucker, Mary Blaska, Mr. and Mrs. M. H. Thielan, Mr. and Mrs. Walter Pieper, Mildred Wilson, Leland Kapnick, C. F. Sage, Effa Sage, Genevive R. Sage and R. I. Sage.

R. F. Helzerman M.D., Edna Helzerman, Jean Barton, Hazel Herrick, R. W. Herrick, Mr. and Mrs. R. S. Ross, Mr. and Mrs. Arthur Jepson, Mr. and Mrs. Mason Armstrong, Mr. and Mrs. George Meads, Mr. and Mrs. Robert Wood, Ayesha Laidlaw, O. W. Laidlaw, H. Fogelsong Jr., Mrs. Rita Korth, Henry Korth, Mrs. Margaret Covell, Snow Kelly, Mrs. Snow Kelly.

A general discussion followed the reading with a number of petitioners expressing their desires to have the Protane plant move.

The council agreed not to issue a building permit until after a public hearing, which was set for the next meeting, Monday, Nov. 23.

Also Monday night a petition for curb and gutter on W. Kilbuck between Union and VanBuren was filed by H. W. Truesdale, Carl R. Henkel, Dale R. Jacobs, V. C. Haight, Margaret Lowry, R. C. Kempf, George H. Adamson and Melvin Muhn.

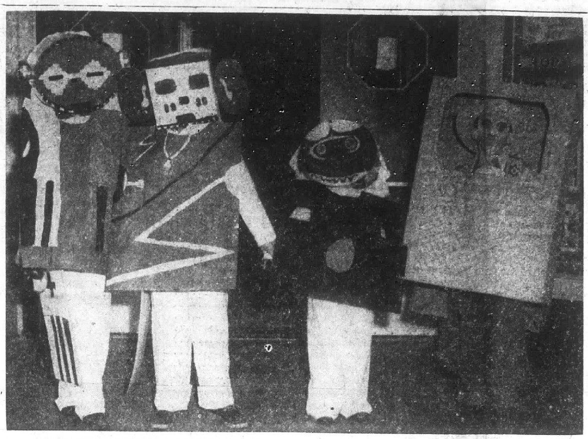
The council heard a request from police chief Kilbourn for a new motorcycle, but postponed action until later.

A letter was read from Harold Naser describing property limits he plans in a subdivision on North Van Buren.

The council discussed a plan to beautify the downtown business district by filling in the space between the railroad tracks and the curb and sidewalk between Pottawatamie and Logan streets with asphalt. This would give a level walking surface instead of the dangerous low trench-like bed along the railroad tracks. An agreement was proposed for offering to the New York Central.

It was also mentioned the trains have been parking for unnecessarily long periods at Moore's making a traffic hazard and issuing large amounts of dirty smoke. The council voted to inform the railroad company of this also.

A group from Tecumseh's Anti-Fluoridation committee was on hand but did not speak. Earl Bryan said afterwards that he wanted to tell the council that his committee is "not under investigation by the FBI or Internal Revenue committee as Dr. W. S. Britton said in an earlier session."



HALLOWEEN WENT MODERN last Saturday when these four youngsters were among 20 prize winners who topped a field of 1,500 appropriately clad figures in Tecumseh's greatest of annual Spooks Day parades. Left to right, are Mary Seager, Ann Cameron, Laura Seager and Robert Richards. They are the children of Mr. and Mrs. Allan Seager, Mr. and Mrs. John Cameron, Mr. and Mrs. Louis Richards.

Mardi Gras Was Never Like This

HALLOWEEN PARADE FILLED WITH COLORFUL COSTUMES

Almost like a cartoon from "Twin Earths", Tecumseh's colorful Halloween parade Saturday afternoon attracted numerous weird figures from outer space who competed with some 1,500 other grade school age youngsters dressed in a variety of costumes that would have pleased the gayest of Mardi Gras throngs.

It was a record event all the way around. Many of the youthful paraders spent three weeks or more designing and sewing their costumes.

Prize winners were divided into three classifications: Cowboy and Indian; witches and miscellaneous. In the first division prizes were awarded to Bradley Hoffman, Charles Osburn and Roger Allen; in the second, to Carol Green, Jane Hodges and Christine Pence. In the other groups first prizes were awarded to Ann Cameron, Laura and Mary Seager, Joyce and Charles Randolph and Robert Richards, secdons to Dorothy Jean Nettleman, Jane Kachur and Jimmy Griffin; thirds to Marian and Pete Peck, Pamela Musch, Bruce Parrett, Terry Beland and Sandy Bishop.

After the twice-through town line of march past judges Mrs. H. W. Dillon, Mrs. David Dick, Mrs. M. R. Blanden and Mrs. Richard Fielder, the army of Halloween figures received candy treats and filed into Strand theater for free children's movies. Exchange and Rotary club members handled the parade and theater party, other civic groups including the Community Fund shared in its financial support.

The teen-agers dance, originally scheduled for Saturday night was cancelled.

WINDOW PAINTING

Another phase of the community's annual Halloween festivities was the decorating of downtown store windows which also hit a record peak in interest and artistry this year.

First prize for the eighth grade was awarded to Tom Price for his painting on the Smith store window. Nancy Smith, whose painting was on the Herald window placed second and Tom Tressler won third prize with his painting at Schneider Bros. salesroom.

In the seventh grade Richard Gregory placed first for his artistry at Wolf Appliance; Linda Hanna second, at Hanna's Insurance; Ruth Cooper, third at Des-Ermia's.

Lavonne Lister at Bancroft Cleaners was winner of first prize in the sixth grade with Janet Harris second, at the Kandy Kitchen; and Jane Dillon third at the Flower Shop.

Jean Ann Hoag at Eberhardt's Insurance, won first prize for the fifth grade Dianne Fuller, second, at Allison's; and Larry Titley, third at Western Auto store.

Nearly every business place in the downtown section was decorated with a Halloween painting, each signed with the artist's name. Those taking part in the project were Larry Anderson, Irene Bachtal, Jane Colgrove, Gary Crawford, Norma Jewell, Joan Kempf, Carroll Hawkins, Arlene LeBaron, Yvonne Morningstar, Carol Rutherford, Coreen Marsh, Tom Price, Nancy Smith, Esther Stutesman, Tom Tressler, and Joyce Wilbar, eighth grade; Linda Hanna, Marilyn Helzerman, Teddy Kempf, Ruth Cooper, Richard Gregory, Ivan Halberstadt, Rodna Jepson, Anthony Kasik, Leroy King and Steven Buku, seventh grade; Jane Dillon, Jane Harsh, Sandra Howard, Karen Hall, Mary Seager, Sharon Schultz, Steve Kruger, Doris Oliphant, Roger Mead, Jim Poley, June Creger, Sheldon Nichols, Vera Michajlenke, LaVon Lister, Lee Britton, David Weakley, Harriett Blanden, Fred Jeschke, Janet Harris and Jim Nighswander, sixth grade; Carol Greiman, Susan Day, Dianne Fuller, Donald Linden, Dick Hyatt, Dennis Harrison Patty Squires, Sharon Fielder, Pamela Musch, Larry Titley, Jean Ann Hoag and Marjorie VanValkenburg, fifth grade.

No easy job for judges Mrs. Gertrude Schneider, Mrs. Hal Kelso and Mrs. Robert Moore, many of the windows were exceptionally well decorated and the difference between prizes, or between prize and non-prize winning decorations, was unusually slim.

Mrs. Dorothy Westdyke, art instructor was in charge.

BANQUET FOR SPORTSMEN TUESDAY

Mort Neff Brings "Michigan Outdoors" To Conservation League Program

On the eve of Tecumseh Conservation League's first annual banquet, A. R. Smith, secretary and prominent booster of the organization, reviews its brief history which began on Feb. 15, 1951 when Hall-Slater VFW post decided to sponsor a club for local outdoorsmen.

The original Conservation League's board of directors consisted of nine members and later the by-laws were amended and added three more members. The first year, the club had several speakers at its meetings from various places, including the Department of Conservation from Lansing and Jackson, the Secretary of Michigan United Conservation Clubs, an organization with approximately 50,000 members in the state.

The league has had several noted outdoorsmen as guests and for public showing of movies. Among these are E. W. Hurd, Mort Neff and Luv Clure, outdoor editor for the Toledo Blade. Mort Neff is making a return visit to Tecumseh next Tuesday for the Conservation League's first annual banquet.

The banquet will include meals served at the following places: fish served at the Grange hall, ham at the Methodist church, and Swiss steak at the Baptist church. All meals will be served family style at 6:30 p.m. At 8:00 a program starts at the Products Union hall and the highlight of the evening is a show and talk featuring Mort Neff with motion pictures and experiences of Michigan Outdoors. Neff comes to Tecumseh through the courtesy of the Altes Brewing Co. Those who enjoyed his first visit here are enthusiastic for the encore performance Tuesday. Others who have seen his Thursday night television program well know his ability to hold and maintain his title as director and producer of "Michigan Outdoors."

"This is one banquet no outdoorsman will want to miss," Mr. Smith said, "this evening is devoted to the man, woman and child who appreciate the out-of-doors and find pleasure and relaxation in our Michigan forests and on our blue waters so frequently visited by thousand upon thousands of tourists year after year.

The Conservation Leauge has just recently purchased 80 acres of land northwest of Tecumseh for its club grounds. This beautiful piece of rolling land will eventually contain a rifle range, pistol range, archery course, picnic grounds and it now has in operation a regulation automatic trap for trap shooting. They have held three trap shoots this fall at which many local sportsmen have matched their shooting against a neighbors or friends shooting. Prizes of chickens and turkeys have been given away for the best shooters.

PARENTS INVITED TO CLASSES DURING NAT'L EDUCATION WEEK HERE

November 8-14 has been designated as this year's American Education Week by its sponsors, the National Education Association, American Legion, U.S. Office of Education, and National Congress of Parents and Teachers, Neville L. Hart, high school principal, explained.

Local schools are issuing a special invitation to all parents and other interested persons to visit the schools during this period, and to visit classes in session, Mr. Hart said.

No special evening program will be given this year, as in past National Education weeks, but an open house will be held when the Patterson school is completed, the high school principal pointed out.

TODAY IS "B-D" DAY IN TECUMSEH

If you haven't already made an appointment to donate a pint of blood TODAY, you still have until 7 p.m. to save a life.

For at least two lives have been saved right here in Tecumseh within the past two weeks. A young mother received four pints of blood upon admittance to the hospital and another man with internal injuries was given two pints in a local emergency.

It took twelve pints of whole blood to make the six pints of plasma given in these two cases, both Tecumseh's.

The life you save, by giving blood today, may be your own. The blood bank is operating in the American Legion home today, 2 to 7 p.m.

This We Must See

Plans are in the making for a football game which Tecumseh will not want to miss.

Unique in many ways, the one and only gridiron clash of its kind will match the Rotary Tubbies and the Exchange Heavies.

Yes, Rotary and Exchange will clash in a real live football game if present plans crystalize. The match is set for Friday the Thirteenth, between halves of Tecumseh high's final game.

This, we must see!

Adult Night School Starts Nov. 30th

A record attendance is expected for this season's Night School program to begin in three weeks. Registration on November 23 will be offered for a variety of subjects.

Besides the regular classes of art, general shop, bookkeeping, beginning typing, advanced typing, and refresher shorthand, new classes in dressmaking, slipcovers, drapery-making, and square dancing will be opened.

The courses will be of six weeks duration, meeting Monday and Thursday evenings for three weeks before Christmas, Nov. 30 through Dec. 17; and three weeks after Christmas, Jan. 4 through Jan. 21. The square dancing and art courses, however, will be given only once a week. Classes in square dancing will be held Tuesday evening and in art on Thursday evenings for a period of eight weeks.

The early dates this year will allow time for another six weeks' period starting March 1.

Consult the class schedule in next week's Herald for time and amount of fee for each class.

DRIVING ECONOMY NOT ALL SPEED YOUTHS FIND OUT

How to get over 25 miles per gallon gas mileage and generally operate a car more economically was demonstrated Sunday when 14 high school students participated in the Exchange Club sponsored Economy Run.

Competing with Manchester, Clinton and Brooklyn the local drivers toured the 90-mile course to the best of their "economical driving ability." Top winners were from Manchester, where the event was held for the second year.

Tecumseh winners in the standard drive class were three girls, Bette Driffell, first; Ardeth J. Eaton, second and Sandra Simmons, third. Others participating were Douglas Hooton, Richard Hubbard, William Benham, Albert Comfort, James Nichols, William R. Dean, Charles O'Neill and Earl Kruger.

In the overdrive class Peter Rhein finished first, Louis Vargo, second and Erwin Pennington, third.

Bridge Opens Saturday

Minus any ribbon-cutting, the new east village limits bridge over Raisin River will be thrown open to traffic for the first time Saturday.

Virtually completed except for guard rail painting and cement "pointing" the bridge passed final inspection this week and is declared ready for M-50 highway traffic.

City Charter Simplified

In order to help the citizens of Tecumseh understand the provisions of the proposed charter, the Chamber of Commerce each week will publish this column. Here we will try to get away from the legal terms necessary in the charter and present brief outlines of its provisions. We will also answer your questions and explain some of the more important sections of the charter as they apply to specific cases. Your questions will be most welcome. This first article will deal with some of the general reasons for this type of government and why it is necessary.

The first election concerning the charter will be held on Dec. 14, 1953. At this election the charter will be submitted to the Village for approval. At the same time, the voters will choose seven men to serve on the first city council. One of these seven men will be chosen by the newly elected council to act as mayor. A Justice of the Peace will also be elected.

The City Manager will be appointed by a majority of the council within 90 days. He will be chosen for his training and experience in city government so that he can take care of all the details necessary to operate the city economically. If he is not a resident of Tecumseh at the time of his appointment, he must move here within 90 days and remain as long as he holds office.

Naturally the most important part of this election is to approve the city charter. Unless it is approved, the vote for council members and Justice of the Peace has no meaning. Remember always, that the charter is only the framework under which the city is governed! It is urged that the charter for city government be supported for the following reasons:

It establishes the broad, overall pattern for operation.

Details are in the hands of a City Manager, allowing the council to concentrate on policy.

It outlines modern methods and procedures.

It is modern and flexible enough for an expanding community.

It provides efficient and, therefore, economical operation.

It protects the interests of all members of the community by referendum, recall and appeal provisions.

The methods outlined have been tried and proven by many communities throughout the state.

It is the result of five months of hard and diligent work by the charter commission and the provisions represent their sincere efforts to provide a good working charter for the entire city.

Your charter commission is presenting this charter as the cornerstone for building a better and more progressive community. Your "yes" vote for adoption will be the first step toward our mutual goal of making Tecumseh a better place in which to live.

The charter sets up a city council of seven members. The commission decided on this number for several reasons. It was felt that more than seven members would make the council too big for prompt action. Less than this number would leave the council short-handed if two or three members were sick or out of town. By having the council itself choose the Mayor from its own members, the community has the best chance to have a team. The man on the council chosen as Mayor by the majority will be the most likely man to have the confidence of all.

After this first election, the voters will only vote for four councilmen each year. The three receiving the three highest number of votes will serve for two years and the fourth highest for one year.

By staggering the terms of office in this way, Tecumseh will always have men with experience serving on the council. Each year the city can express its approval or disapproval of city policies over the last year, since the four members elected each year will make up a majority on the council.

The City Manager plan was chosen for two main reasons. First by taking over the details, the City Manager relieves the council of a lot of time-consuming work. Thus the council will not have to spend so much time at meetings and men with limited time may be more inclined to serve. Secondly it is important that a man trained in government be brought in to oversee the growing city functions. Better service from all city activities should be the result of a full-time, trained man operating in this capacity.

COMMUNITY FUND GOAL IN SIGHT — CHAIRMAN

Still tabulating contributions, Community Fund drive chairman Frank Rice said Tecumseh was again assured of "going over the top."

He praised residential workers for doing a "splendid job" this year. Already nearly $8,000 has been pledged of the $8,400 goal and many workers have not completed their solicitations.

If you have not been called upon and wish to financially support the community's many civic activities, plus the Red Cross, you can leave donations at United Savings Bank.

POST OFFICE CLOSED

Probably Tecumseh's only observance of Armistice Day next Wednesday will be the Post Office closing. The lobby will be open for the convenience of boxholders from 2 to 4:30 p.m. A mail pick-up from boxes in the downtown business district will be made at 3:30 p. m.

Family of Korean War Hero, Sgt. Bernard Drouillard, Dedicate Memorial Altar to Tecumseh VFW Post

Honoring her brother, Sgt. Bernard Drouillard, lone Tecumseh serviceman killed in Korea, Mrs. Ted Golat is shown, left, presenting a memorial altar to Hall-Slater Post, Veterans of Foreign Wars. Mrs. Golat and husband Ted, built the altar themselves, gave it to the local VFW post during recent ceremonies at Baptist Youth House. A plaque on the altar's front was given by Sgt. Drouillard's parents, Mr. and Mrs. Richard Drouillard. Pictured, left to right, accepting the altar, are Rev. B. O. Bashore, VFW Department Commander R. Ritzenheim, local post commander Harlan Boyes and Tecumseh VFW auxiliary commander, Mrs. Bert Warren. Michigan state champion VFW ritual team was on hand for the dedication ceremony.

AMERICAN PRINCIPLES — The more stories of savage Red atrocities in Korea, the more tales of brutal treatment to men from the free world who are mishandled behind Red lines, the more truths that come from inside Communist lines, the more convinced we are that American principles will some day make the world free and great just as they made our country great.

Ever since 1789, the name America has, throughout the world, stood as a symbol of liberty, progress and prosperity. What are the basic principles which have caused our country to be respected by all mankind? Here are a few of them. They have made our nation great. They are worth preserving.

1. Honesty is the best policy.
2. Sacredness of contract.
3. Equality of all citizens before the law with special privileges for none.
4. Limited sphere of governmental activity — limitless room for private initiative.
5. Freedom to move one's person, family and property from place to place without interference by individuals or government, to seek employment, and to work anywhere at the occupation of one's choice for any compensation obtainable without hindrance by anyone.
6. Protection of every citizen's right to acquire, hold, and bequeath or otherwise dispose of property and to work and produce, engage in business, and buy and sell without interference by other persons or by government.
7. Encouragement of thrift and capital formation, and the right to climb the economic ladder.
8. Competition unhampered by government and restricted only by the rule that all deals be honest and above board.
9. Maintenance of a republican form of government with the powers of the Federal Government limited to those specified in the Constitution—all other powers being reserved to the States or to the individual citizens.
10. Freedom of religion, speech, press, assembly, and right of petition.
11. Right of trial by a jury of one's peers.
12. Encouragement of and respect for education and learning.

Letters To The Editor

Editor, The Herald:

The present discussions of fluoridation in Tecumseh have not stressed one fact which interests me greatly. That fact is that some fifteen million people of this nation consume water which contains fluorine naturally. Americans in natural fluorine areas have been drinking this water for decades, even centuries in the earlier settled part of our country. These Americans weren't aware of the fluorine, but while they were drinking it they performed an experiment which should set some records for number of participants and years of duration. Over those many years these people certainly became the victims of any ill effects, and the beneficiaries of its good effects.

The only ill effects of fluorine (within the range of which it is ever found in water) is a mottling of the enamel of the teeth. In fact, the mottling was noticed long before the cause was discovered. When the search for the cause of mottled enamel got underway, the water supply of the victims was suspected for the simple reason that the sufferers had common sources of water. Later the water was analyzed and found to contain fluorine. When competent scientists measured the amount of fluorine in the waters of these "mottled enamel areas," they found an amount many times in excess of the amount which is in Tecumseh's water today.

Later, when it was noticed that a decrease in tooth decay seemed to be associated with naturally fluoridated waters, an analysis was made of the water supply of many more communities, and an appreciable amount of these waters contained fluorine. It was at this point that a number of studies were made that proved that people who drank fluoridated water during the early part of their life suffered less tooth decay than those people brought up on water deficient in fluorine.

When public health officials first considered adding fluorine to waters deficient in that mineral, they first had to determine if fluorine was harming the population. They already knew that greatly excessive amounts would cause defective enamel. The question they asked then was this: Did the minute amount of fluorine known to decrease tooth decay cause any harm to the body? They knew where to go for the answer. They compared the amounts and types of illnesses, and the causes of death, of the millions of people drinking naturally fluoridated waters with those same statistics of the people in fluorine deficient areas. They found no differences in health remotely related to the fluorine in drinking, with the sole exception of mottled enamel in the excessively fluoridated areas.

It is apparent that fifteen million Americans proved fluorine's advantages even before the mineral was added to deficient waters.

Sincerely,
T. R. Cage, D. D. S.

MONDAY CLUB HEARS OF ALASKAN TOUR

Because of a last minute change of plans, the November meeting of the Monday Club was held at the Legion Home and about fifty members heard a most interesting account of an Alaskan trip enjoyed recently by Mrs. Claire Beland.

Mrs. Beland explained that the tour was one of a long time series, sponsored jointly by the Michigan Farmer and the Ohio Farmer for their readers. The Belands went on the first of these thirty-five years ago, which consisted of an organized camping trip around the state of Michigan. There were 112 farmers and their families on this 1953 tour, who met at Seattle for the boat cruise to Alaska.

She showed some pictures of the points of interest visited and told of the beauty and resources of the country. The return trip of the boat was the last of the season and many residents came to the states for the winter.

During the business meeting Mrs. Donald Wright was reinstated to membership and Mrs. Leon VanValkenburg and Mrs. Paul Hadsell were received as new members. One hundred dollars was voted to the project of "Girl's Town," which is being sponsored by the state Federation. Mrs. O'Hara announced that as a result of a fund raising campaign, a Stanley party will be held at her home Monday evening.

Mrs. Iva Marsh acted as program leader for the absent Mrs. Charles Williamson and the religious thought was given by Mrs. Lynn Harris.

The December meeting will be in charge of the Music Department, with Mrs. Perry Hayden as leader and will be held at the Fellowship Center.

Talk of the Town

Mrs. Orville Laidlaw and Mrs. Hoyt Whelan were in Detroit Tuesday for the fall meeting of the Michigan Chapter of the National Society of the Daughters of Founders and Patriots. Held at the Woman's City Club the meeting was followed by luncheon. Mrs. Laidlaw, who had been appointed to fill the vacancy of the office of president, was reaffirmed in that position.

Mr. and Mrs. Nilo Manso and two children of Detroit were Sunday guests of Mrs. Manso's parents, Mr. and Mrs. Ellsworth Collins. Mr. and Mrs Orval Minney and three sons of Toledo visited in the Collins home the previous Thursday.

Miss Gertrude Spaulding, superintendent of Herrick Memorial hospital, will go to Grand Rapids Sunday for three days of meetings of the Michigan State Hospital Association on Sunday, Monday and Tuesday.

Mrs. H. Olmstead and son of Monroe spent Monday with Miss Mary McWilliams.

Mrs. F. S. Turner and Mrs. Lucy Terry left Saturday to spend the winter at St. Petersburg, Fla.

Mr. and Mrs. Clare Woodward of Rt. 1, have been notified that their son, Ronald Woodward has been promoted to private first class.

Mrs. W. H. Stuart, Exeter, Calif., the former Florence Conger of Tecumseh, visited Mrs. Roscoe Ferris Wednesday. It was the first time they had seen each other in 35 years.

Clarence Gilmore, Charles Kemp and Mrs. S. W. Boyce left Monday night for Eustis, Fla., where they will spend the winter.

Mrs. Russell Wagner and son John of Cleveland spent from Saturday until Monday with Mrs. Charles Lister. Other guests in the same home Sunday were Mr. and Mrs. Charles Davidson and son Charles of Detroit, Mrs. Garfield Gray and grandson James of Britton, Mr. and Mrs. William Spreeman, Mrs. Robert Nortley and Mrs. Lyle Bidwell of Tecumseh.

Mr. and Mrs. Donald Johnson of Cleveland were weekend guests of Mrs. Johnston's parents, the Rev. and Mrs. Edward Escolme.

Mr. and Mrs. George Adamson left today for Hot Springs, Ark., where they will spend several weeks. On the way they will stay over night with Miss Ella Primrose and her sister and husband, Mr. and Mrs. J. P. Skinner in London, Ohio. All three are former Tecumseh residents.

Mr. and Mrs. Robert Watson of Dearborn were guests of Mr. and Mrs. John Watson, Sunday.

Mr. and Mrs. Mark Davenport of Dundee visited Mrs. Davenport's parents, Mr. and Mrs. Lewis Schultz, Sunday.

Mr. and Mrs. Percy Heidenreich spent Sunday with their daughter and family Mr. and Mrs. Carl Stevens and their two children in Grosse Ille.

Mr. and Mrs. Richard Purkey were in Otsego, Sunday as guests of Mrs. Purkey's aunt and family, Mr. and Mrs. F. J. Bragg.

Mr. and Mrs Marvin Watkins, accompanied by Mr. and Mrs. Richard Watkins of Ann Arbor left Monday morning to drive to Texas. They expect to be gone about a week.

Pvt. Lee W. Faust, son of Mrs. Meriul Faust, has been assigned to Company B, 710th Tank Battalion of the 11th Airborne Division, stationed at Ft. Campbell, Ky. Pvt Faust entered the service in August.

Mr. and Mrs. Fred Oberlin had as guests Sunday Mr. and Mrs. Roger Oberlin and son of Albion.

Orville Bishop has returned from a seven weeks stay at St. Mary's hospital and the Mayo Clinic, Rochester, Minn. His condition is slightly improved.

D. A. R. CHAPTER

Abi Evans chapter, D.A.R. will hold an evening meeting, Friday, Nov. 13 at the Episcopal Parish house with John R. Hood, conservation education consultant for southern Michigan as speaker.

Mrs. Hood, who is located at Higgins Lake, will show pictures on "Outdoors in Michigan." Mrs. Claire Beland is leader.

Members of the Garden Club and their husbands as well as any other interested persons are invited.

A short business meeting will be held at 7:15, while the program will begin at 8 p.m. Members are requested to bring gifts for approved schools. Hostesses for the evening are, Mesdames Neil Pearson, Edwin T. Armstrong, Donald F. Smith, Athol Brainard and R. S. Moore and Miss Irene Wisner.

FRIENDS CHURCH

Dr. Walter R. Williams, general superintendent of the Ohio Yearly Meeting, Friends church, will speak at the Sunday morning worship service here. A missionary to China for 17 years, Dr. Williams is also head of foreign missionary work for the Friends church. Last month three former missionaries to China left the United States to open Friends work on Formosa. Dr. Williams will tell of this undertaking as well as of other work in India at the 10 a.m. service.

LEGION AUXILIARY NAMES COMMITTEES

Committee appointments and plans for future activities occupied most of the time at the November meeting of the American Legion Auxiliary at the Legion Home, Monday evening.

Mrs. George Wittrup reported that her committee had sent 21 Christmas boxes to service men overseas, $50 was voted to the local Community Fund, the date of Dec. 17 was set for the family Christmas party and it was voted to sponsor a Girl Scout troop this season. President Mrs. Vern Manwaring then announced the committees of the various departments: Publicity, Mrs. William Powell; child welfare, Mrs. Kenneth Herrick and Mrs. Loren Campbell; rehabilitation, Mrs. George Wittrup, Mrs. Lester Fogelsong and Mrs. Harold Gibson; flowers, Mrs. John Snyder; Girl's State, Mrs. Robert Smith and Mrs. Gerald Driscoll; Americanism, Mrs. Purnell Osburn; junior activities, Mrs. Ted Brooks, and Mrs. Almond Curtis; poppies, Mrs. Leland Cheever, Mrs. Joe Russell, Mrs. Russell Carey, Mrs. Jan Kachur and Mrs. Kenneth Herrick.

Parlimentarian, Mrs. Louis Schneider; community service, Mrs. Dale Tingley and Mrs. Ray Sluyter; music, Mrs. Glenn Driscoll; Gold Stars, Mrs. Louis Schneider, Mrs. Iva Marsh and Mrs. Charles Osburn; membership, Mrs. Harold Easton; hospital beds, Mrs. Hilda Will and Mrs. Richard Walker; ways and means, Mrs. Bart Auito, Mrs. Ernest Peters, and Mrs. Wallace McGeorge; constitution and by-laws, Mrs. Charles Howe; legislation, Mrs. Truman Rentschler; Pan-Americanism, Mrs. Francis Roe; radio, Mrs. Lawrence Cote; hostess chairman, Mrs. Robert Lowe; civil defense and national security, Mrs. Donald Woods; color-bearers, Mrs. Dwight Drake and Mrs. Wallace McGeorge.

Mrs. Duane Brooks and Mrs. Donald Varnok were guests of the evening and refreshments were served by Mrs. Edward Leighton, Mrs. Gerald Driscoll and Mrs. Wallace McGeorge.

MRS. NETTIE BREEN SERVICES THURSDAY

Funeral services for Mrs. Nettie Breen, who died Monday afternoon at her home, 505 N. Union street, will be held today at the Collins Funeral Home, 2:30 p.m.

Mrs. Breen, 86, was born August 3, 1867 at Cone, Mich., and for the past eighteen years had kept house for her brother-in-law, Thomas Breen in Tecumseh. Her husband, Frank Breen, died March 21 of this year and was followed April 10 by his brother, Thomas. A son George also preceded his mother in death.

Mrs. Breen is survived by a son Russell, two grandsons and one granddaughter all of Detroit, and several nieces, nephews and cousins.

She attended the Friends church and funeral services will be conducted by the Rev. Edward Escolme. Burial will be in Brookside cemetery.

HOSPITAL Notes

Even the most casual observer, passing Herrick Memorial hospital these days turns for a second look. The completion of the new wing and the partial grading of the lawn has brought into sharp outline the pleasingly modern facade and the gracious coloring of the building as a whole. Now a finishing touch of greenery has softened that sharpness.

The Garden Club and other organizations and individuals who are responsible for the landscaping and foundation planting are to be congratulated. The groupings and long lines of low-growing evergreens and shrubs and the miniature yews in the window-box beside the new entrance, even in their present immaturity, add beauty and promise more.

The Garden Club committee, headed by Mrs. John R. Thompson, is well satisfied with the results to date and is most appreciative of the cooperation they have received from the Hospital Board and the village departments. They feel special recognition should be given to Elmer Green, who furnished the nursery stock, for his generosity and careful work, and to Lloyd Rhein and Leo Bishop for the origination and revision of the landscaping plans.

Pleasing as the present effect is, however, the committee feels that it is not entirely complete. Further planting is contemplated in the spring and donations from interested groups and individuals no matter how small, will be more than welcome.

AMERICAN PRINCIPLES — The more stories of savage Red atrocities in Korea, the more tales of brutal treatment to men from the free world who are mishandled behind Red lines, the more truths that come from inside Communist lines, the more convinced we are that American principles will some day make the world free and great just as they made our country great.

Ever since 1789, the name America has, throughout the world, stood as a symbol of liberty, progress and prosperity. What are the basic principles which have caused our country to be respected by all mankind? Here are a few of them. They have made our nation great. They are worth preserving.

1. Honesty is the best policy.
2. Sacredness of contract.
3. Equality of all citizens before the law with special privileges for none.
4. Limited sphere of governmental activity — limitless room for private initiative.
5. Freedom to move one's person, family and property from place to place without interference by individuals or government, to seek employment, and to work anywhere at the occupation of one's choice for any compensation obtainable without hindrance by anyone.
6. Protection of every citizen's right to acquire, hold, and bequeath or otherwise dispose of property and to work and produce, engage in business, and buy and sell without interference by other persons or by government.
7. Encouragement of thrift and capital formation, and the right to climb the economic ladder.
8. Competition unhampered by government and restricted only by the rule that all deals be honest and above board.
9. Maintenance of a republican form of government with the powers of the Federal Government limited to those specified in the Constitution—all other powers being reserved to the States or to the individual citizens.
10. Freedom of religion, speech, press, assembly, and right of petition.
11. Right of trial by a jury of one's peers.
12. Encouragement of and respect for education and learning.

Letters To The Editor

Editor, The Herald:

The present discussions of fluoridation in Tecumseh have not stressed one fact which interests me greatly. That fact is that some fifteen million people of this nation consume water which contains fluorine naturally. Americans in natural fluorine areas have been drinking this water for decades, even centuries in the earlier settled part of our country. These Americans weren't aware of the fluorine, but while they were drinking it they performed an experiment which should set some records for number of participants and years of duration. Over those many years these people certainly became the victims of any ill effects, and the beneficiaries of its good effects.

The only ill effects of fluorine (within the range of which it is ever found in water) is a mottling of the enamel of the teeth. In fact, the mottling was noticed long before the cause was discovered. When the search for the cause of mottled enamel got underway, the water supply of the victims was suspected for the simple reason that the sufferers had common sources of water. Later the water was analyzed and found to contain fluorine. When competent scientists measured the amount of fluorine in the waters of these "mottled enamel areas," they found an amount many times in excess of the amount which is in Tecumseh's water today.

Later, when it was noticed that a decrease in tooth decay seemed to be associated with naturally fluoridated waters, an analysis was made of the water supply of many more communities, and an appreciable amount of these waters contained fluorine. It was at this point that a number of studies were made that proved that people who drank fluoridated water during the early part of their life suffered less tooth decay than those people brought up on water deficient in fluorine.

When public health officials first considered adding fluorine to waters deficient in that mineral, they first had to determine if fluorine was harming the population. They already knew that greatly excessive amounts would cause defective enamel. The question they asked then was this: Did the minute amount of fluorine known to decrease tooth decay cause any harm to the body? They knew where to go for the answer. They compared the amounts and types of illnesses, and the causes of death, of the millions of people drinking naturally fluoridated waters with those same statistics of the people in fluorine deficient areas. They found no differences in health remotely related to the fluorine in drinking, with the sole exception of mottled enamel in the excessively fluoridated areas.

It is apparent that fifteen million Americans proved fluorine's advantages even before the mineral was added to deficient waters.

Sincerely,
T. R. Cage, D. D. S.

MONDAY CLUB HEARS OF ALASKAN TOUR

Because of a last minute change of plans, the November meeting of the Monday Club was held at the Legion Home and about fifty members heard a most interesting account of an Alaskan trip enjoyed recently by Mrs. Claire Beland.

Mrs. Beland explained that the tour was one of a long time series, sponsored jointly by the Michigan Farmer and the Ohio Farmer for their readers. The Belands went on the first of these thirty-five years ago, which consisted of an organized camping trip around the state of Michigan. There were 112 farmers and their families on this 1953 tour, who met at Seattle for the boat cruise to Alaska.

She showed some pictures of the points of interest visited and told of the beauty and resources of the country. The return trip of the boat was the last of the season and many residents came to the states for the winter.

During the business meeting Mrs. Donald Wright was reinstated to membership and Mrs. Leon VanValkenburg and Mrs. Paul Hadsell were received as new members. One hundred dollars was voted to the project of "Girl's Town," which is being sponsored by the state Federation. Mrs. O'Hara announced that as a result of a fund raising campaign, a Stanley party will be held at her home Monday evening.

Mrs. Iva Marsh acted as program leader for the absent Mrs. Charles Williamson and the religious thought was given by Mrs. Lynn Harris.

The December meeting will be in charge of the Music Department, with Mrs. Perry Hayden as leader and will be held at the Fellowship Center.

Thompson, is well satisfied with the results to date and is most appreciative of the cooperation they have received from the Hospital Board and the village departments. They feel special recognition should be given to Elmer Green, who furnished the nursery stock, for his generosity and careful work, and to Lloyd Rhein and Leo Bishop for the origination and revision of the landscaping plans.

Pleasing as the present effect is, however, the committee feels that it is not entirely complete. Further planting is contemplated in the spring and donations from interested groups and individuals no matter how small, will be more than welcome.

for only
$2217.88
It's your money, of course—but we'd like to see you make the most of it.
That's why we publish the price of the big Buick SPECIAL here—to make Point #1: *you can buy this great performer for just a few dollars more than the so-called "low-price three."*
But Point #2—the *smart* point—is this:
When you put up those few extra dollars for the Buick pictured here, you're in the driver's seat of a lot more automobile.
You boss *extra* power — more satisfying power—walloping Buick Fireball 8 power —highest ever found in a Buick SPECIAL.
You get extra room—a lot more comfortable room — real, man-sized, 6-passenger room — as much room as you get in cars costing hundreds of dollars more.
You enjoy *extra* satisfaction — more solid satisfaction—in the ride of this big, broad, road-steady traveler that's cushioned by coil springs on all *four* wheels, and engineered with all the other costly features of the Million Dollar Ride.
And, speaking of extras — here you get, *at no extra cost,* a long list of standard equipment that most other cars at or near the price of this Buick charge you for, as "extras" on the bill of sale.
So, as we said—it's your money—and it's your move.
If you're aiming for the driver's seat of a hard-to-beat buy—*for a lot less than you think*—come in and see us soon.

I'm Often Wrong

By Neil Hunter

LETTER FROM BOSTON — Letter writing is on the skids in this day and age, though we all probably enjoy receiving personal letters more than we realize — for each of us is a guilty party for the slow death of personal correspondence. Why not start a habit of writing a letter a day? It's a Golden Rule proposition, write to others as you will receive. Try it, the results might surprise you.

We once knew a fine lady who wrote dozens of letters daily to people all over, whenever she knew of an anniversary, special event, accomplishment of the like. If a 4-H boy won a fair prize for showing fat cattle, she would drop him a short letter of encouragement, to keep up the good work. Or a girl who gained honors in school, or an older couple observing on anniversary, or a younger man starting into business. It grew into a wonderful habit, for this fine lady in return received daily sunshine into her life in the form of return letters.

This week we received a nice letter from our good friend Dick Pearson, law student at Boston University. We're passing on part of it to you as Dick is well known around Tecumseh.

Dear Neil:

. . . . I got lost five minutes after I got here . . . the traffic is the worst I have ever seen . . . the streets are poorly marked and irregular . . . at first I was lost most of the time . . . a regular procedure for people who don't know Boston . . . a map of Boston looks like a plate of spaghetti . . . the streets follow the old cow paths . . . but I haven't seen a Michigan cow who couldn't walk straighter than this . . . of course there's a lot of tradition and Boston spirit . . . the houses are built a little too close together for me . . . one thing I noticed is a greater awareness of civil defense and possibly of war . . . what a row of law books in front of me . . . see you at Christmas.

PS—The folks are sending me your column every week so I'm keeping an eye on you.

"The Wistful Scent Of Spring Flowers . . ."

Nothing so inspires memory of beauty. Nothing else can equal their effect in lightening the sorrows of death.

Flowers, like soft, sweet music, render their own symphony of fragrance, their melody of charm. Flowers make permanent the memory of beauty of the last rites — a solace to all who truly care.

Faron Andersons Wed Fifty Years

An important event in the social life of Tecumseh fifty years ago was reflected in the informal reception last week Wednesday which marked the golden wedding anniversary of Mr. and Mrs. Faron S. Anderson. What was to have been a very quiet affair developed into a gathering of more than 100 friends during the afternoon and evening at their home on N. Ottawa street.

Only one other member of the original wedding party was present, Miss Edyth Shull, sister of Mrs. Anderson, who was her maid of honor, although there were ten of the wedding guests at the reception. One, Mrs. Charles Mattis, who for many years presided over the town social affairs, catered for the first time at that wedding.

The Anderson's daughter and husband, Dr. and Mrs. Edwin Williamson of Kalamazoo assisted their parents in entertaining their guests, Miss Shull had charge of the guest book and Mrs. R. K. Anderson, Mrs. Richard Mead and Mrs. H. V. Tuckey presided over the silver tea and coffee service which had belonged to Mrs. Anderson's grandmother, Mrs. Peter R. Adams more than one hundred years ago.

The beautifully decorated cakes, which were the work of Mrs. Ted Golat, were served by Mrs. Russell Thurlby Sr. Although no gifts had been requested, there were many and every available space was filled with flowers in shades of yellow and bronze.

Viola Anderson's parents were Mr. and Mrs. John D. Shull and she was married to Faron Anderson, son of Mr. and Mrs. Seaton W. Anderson at her parent's home October 23, 1903. Mr. Anderson was associated with his father in the Anderson dry goods store for many years, and they lived in Tecumseh most of their married life.

Guests from out-of-town who called at the Anderson home included Mrs. Margaret O'Reilly Miller and Mrs. Esther Brewer McCreery, Toledo; Mrs. Alice Anglemyer, Clinton; Mr. and Mrs. Walter Burgess, Colon; Leo Reger, Manitou Beach; Miss Edith Goyette, Ecorse; Mr. and Mrs. Harold Anderson and Mr. and Mrs. Robert Retter, Clark Lake; Misses Mara Sisty and Mary Ebbitt, Adrian; Mrs. Clarence Hause, Clinton; Claude Snyder and daughter Candace, Adrian and Frank and John Keeney, Chicago and Tipton.

WALTER MILLYARD BURIED IN RIDGEWAY

Funeral services for Walter Millyard, 72, who died last Tuesday in Herrick Memorial hospital were held Friday at 2 p.m. in the Niblack Funeral Home, Britton, with the Rev. C. A. Bearinger officiating. Burial was in Ridgeway cemetery. Bearers were George Bruce, Richard Bruce, Donald Covell, Ivan Robinson Jr., Harold Lockwood and William McElroy.

Mr. Millyard had been in failing health for several years and confined to his bed for the last ten months. With Mrs. Millyard he moved to Britton from Detroit in 1929.

Besides his widow Anna Jane who is a patient in the University hospital, Ann Arbor, he is survived by one sister Mrs. Leta Robinson of Detroit and several nieces and nephews.

He was preceded in death by a son, Gerald; two brothers, Harry and Pierce and a sister, Mrs. Carrie Price.

In the Outer Hebrides it is believed that lumbago can be cured by having a seventh child dance in bare feet on the back of the sufferer.

SCOUTS CONDUCT VESPER SERVICE

More than one hundred Brownies, Girl Scouts, their parents relatives and friends attended an impressive vesper service in the Presbyterian church Sunday afternoon at four o'clock. This is an annual affair sponsored by the Girl Scout Association in observance of Girl Scout Week throughout the nation.

Troop 5 with Mrs. Julius Vincz and Mrs. Wellington Wotring as committee woman was in charge of arrangements which included a processional, the advancement of colors, prayer and hymn singing. Troop 7 under the leadership of Mrs. Howard Truesdale and Mrs. LeRoy Titley presented a playlet "How the Girl Scout Laws Came to be Written". Rev. George Walworth paid tribute to Juliette Low, founder of the Girl Scout movement in America, followed by a minute of silence in her memory. The colors were retired and a recessional concluded the service. Mrs. Victor Lawson's troop assisted by others were the choir members for the occasion.

Mrs. T. Rentschler announces that all Brownies and Girl Scouts will meet in the auditorium of the Central school building next Monday afternoon at 3:45 o'clock for a Girl Scout song fest conducted by Mrs. Jean Merz. Old songs and new will be used in preparation for successful Girl Scouting. Leaders, assistant committeewomen and officers are invited to attend.

Grade School News

Fourth Grade
Mrs. Baily

We are all looking forward to Halloween this week, our school party Friday afternoon and the parade Saturday.

In arithmetic, we are learning the times table of fours. We practice them by playing a game and in problems. We are studying about the Far North in geography and learning how Netsook and Klaya live on Baffin Island. We are just completing some booklets about the seven kinds of animals we have learned about.

We have a chart with all our names on it and when we have done some extra reading we get a silver star by our names.

Mrs. Baily is reading "Tom Sawyer" to us now. She just finished a very good book "The Happy Hollisters."

Parents:

If your child has lost a coat, **jacket,** cap, mittens, handkerchief **or lunch** bucket, please call at **the Central** school office as many **of the** items have been found and **brought** to the office.

Grade Four
Mrs. Whiting

On October 30th we had our Halloween party. Many of us dressed up in costumes. We played games and had cider and doughnuts.

Most of us have finished our science scrap books on mammals, reptiles, amphibians, fish, birds and insects. We cut pictures from magazines and pasted them on colored paper.

Our bulletin board this month has been full of Halloween posters.

Robert Bonner's mother visited us one day this month. We like to have our mothers visit us.

We have 17 room duties now, so we each get a turn every other week.

Many of the boys and girls have brought games to school which we play before the bell rings.

Grade Five
Mrs. Uckele

Some of the children have been bringing things to school to make our science class more interesting. Delbert Postarbiewicz brought some fungi. Inez Boltz brought an ant colony in an ant case. John Winzler and Delbert Postarbiewicz brought a waterwheel that they made. Jerry Kapnick brought a waterwheel that he made. John Winzler brought a piece of honeycomb that was found in a hollow tree.

Our new pupils are Sandra Bartenslager and Ronald Dixon.

We enjoyed our Halloween party very much.

Grade Four
Mrs. Colson

This is the week of Halloween, and we are all making plans for our party and the parade on Saturday. We have decorated our room and will have a party on Friday afternoon.

In geography class we have left our Eskimo friends and will go to Europe to visit a boy who lives there. We are learning that people live and work in many different ways.

We are learning to multiply and divide by five. We think long division is fun and some of us can do it very well.

We are making notebooks about plants and animals. We think our parents will enjoy seeing them when they are finished.

Fifth Grade
Mrs. Osburn

Jean Ann Hoag, Patsy Matheny, Dean Eddy, Philip Head, and Dan Morey were the committee chosen to decorate our room for Halloween. It looks very nice.

Report cards were given out last Friday and most of the children were happy with them.

We have a new aquarium in our room with plants, snails and guppies in it. We miss Susan Harris who has moved back to California.

William Ross was absent one day this week on account of illness.

We are quite excited about the new fifth grade band that is being organized. Mr. Peck has given us a music aptitude test and several of us are going to join the band.

Our room is going to have a Halloween party Friday. Half of the room is going to bring refreshments for this party and the rest will bring refreshments for the Valentine party.

Dianne Fuller, Jean Ann Hoag, Marjorie VanValkenburg and Larry Titley were chosen from our room to help decorate the store windows for Halloween.

Fifth Grade
Mrs. Runk

Last Friday was a day of great excitement for all of us. Although we didn't decorate our room very much we had a wonderful Halloween party with a motley assortment of wierd characters presenting themselves after recess. Our party was planned by all of us at our meeting the Tuesday before, with Gale Kimerer, Harold Morgan, and Susan Nichols as the game committee, and refreshments contributed by the group. We had popcorn and fudge. Mrs. Schippers joined our party for a while. We all dressed up for the occasion and we had lots of fun laughing at each other's costumes.

Our class officers for this month were Betty Bishop, president; Clarence Champanois, vice president; Cynthia Poley, secretary; and Bruce LeFevre, treasurer.

We chose a baseball team to play Mrs. Osborne's room, but we all got so excited, our scorekeeper, too, that we are not sure just exactly what the score actually was. Anyway, it was fun and we enjoyed the Indian-summer weather.

We are studying the expansion of the United States and have just finished the unit on the Louisiana Territory. Bruce Le Fevre brought a map of the United States, and small license plates from each state. He pinned the map on the bulletin board with the license plates around it. He has colorful pieces of yarn from each state to its license plate. It helps us to keep all the states in mind in their proper places.

Last week Mr. Peck gave all of us musical aptitude tests. Many of us are thrilled because our parents have ordered band instruments for us and we can already see ourselves playing in the marching band.

FORMER TEACHER DEFENDS YOUTH

A former Tecumseh schoolteacher has come forward to defend the children he calls "scapegoats" of society.

He is Paul E. Johnson, former science instructor at Tecumseh High school, now executive secretary of Detroit's Mayor's Committee on Children and Youth. In an article in Sunday's Detroit News, Mr. Johnson said that blame for crimes actually done by adults has been heaped, either directly or by inference on children.

Mr. Johnson emphasized the fact that parents of problem children could be given assistance most effectively by child guidance clinics, of which there are now 14 in Michigan, and by developing a closer relationship between home and schools. A picture of Mr. Johnson was used with the story.

NEW GROUP MEETS

The group of young women of the Presbyterian church, who are forming a new organization to assist in church activities, met for the second time last Wednesday evening at the home of Mrs. Bart Aiuto

Bible study was conducted by Mrs. Shirley Hammil and during the business meeting committees were named for the following lines of work: Ways and means, Mrs. Earl Baldwin, Mrs. Charles Cottell and Miss Joyce Warner; sunshine, Mrs. Richard Fielder; program, Mrs. Bart Aiuto, Mrs. Shirley Hammil and Mrs. Harlan Dicks. A special committee to select a name for the new group included Mrs Allene Coleman, Mrs. Earl Baldwin, Mrs Dorice Hollanbeck and Mrs. Judy Faust.

The next meeting, Nov. 25, will be at the home of Mrs Fielder.

ENTERTAIN MISSIONARY

The Rev. and Mrs. Edward Escolme entertained during the last week Mrs. William Richmond, who has been a friend of Mrs. Escolme's since their childhood together in Carnforth, Lancashire, England. For the past twenty-five years Mrs. Richmond, herself a birthright Friend, has assisted her husband in his work at the port of entry of the Sudan United Missions in North Africa, a project of a branch of the Church of England.

Part of Mrs. Richmond's work is the publication of a religious magazine in the trade language of the region which is read by the educated natives no matter what their tribal dialect may be. The mission work is in what we commonly call the Gold Coast and is on the fringe of the primitive jungle.

Mrs. Richmond has been spending part of her semi-annual leave with a daughter and her family in Swift Current, Saskatchewan, Canada, coming to the states for work with her husband in connection with the mission. She spoke at the Sunday evening services of the Friends church, describing the life and activities of a modern missionary.

Is That So!

By Miss Clara Waldron

A truly astonishing number of electrical impulses must have been generated a couple of weeks ago by the tires that passed over those lines of black hose laid across the boulevard. Impulses that were registered, counted and recorded will probably be used sometime, somewhere, in the inscrutable wisdom of the highway department.

Fifty years ago the total would have been regarded with unbelieving awe. Fifty years hence it may arouse pitying amusement or even a nostalgic sigh for the passing of the "good old motor car." Whatever the reaction, that total represents only one more mile stone in the constantly changing picture of that road.

Probably a Hopewell Indian of the prehistoric mound builders on his way from Lake Erie to the copper workings of Superior, pondered on how many had gone over the trail before him. Certainly a private traffic count of his own must have inspired the anonymous "poet" of a hundred years ago to write these heart felt lines when, in 1852, he came to the conclusion that the railroad had spelled the doom of — "The Old Turnpike" —

"We hear no more the clanking hoof
And stage coach, rattling by;
For the steam king rules the traveling world
And the old pike's left to die.
The grass creeps o'er the flinty path
And stealthy daisies steal
Where once the stage horse, day by day,
Lifted his iron heel.

"No more the weary stager dreads
The toil of coming morn;
No more the bustling landlord runs
At the sound of the echoing horn.
For the dust lies still upon the road,
And bright-eyed children play
Where once the clattering hoof and wheel
Rattled along the way."

Tecumseh BOOK SHELVES *Library*

There is much to be said in favor of the hoarding of things. Because generations of Tecumseh librarians have kept books, "that might be useful sometime," we now have probably the best collection of local historical material in the state.

While other libraries discarded the volumes sent by the state Pioneer Society because they took up room and seemed to have no immediate use, Tecumseh has a complete set of the forty volumes printed from 1874 to 1929. Perhaps they seemed important because local people had so much to do with the beginnings of the society. Even before the state organization was formed in 1874, Lenawee county in 1868 had its own, "The River Raisin Valley Historical Society."

Speeches, articles and letters read at its meetings were made part of the state Pioneer Collections, printed under a grant of the legislature, and much of this material was about Tecumseh. One volume in particular of the year 1878, contains first hand stories from the surviving pioneers, General Joseph Brown, Ezra Blood and Cynthia Spoffard Bissel Tilton; letters written by Abi and Musgrove Evans and Egbert Brown and articles by on-the-spot observers like J. J. Adam and Francis Dewey.

Chapters on surrounding communities give additional information that round out the local picture and much early history of Detroit and Monroe gives our background. Copies of these reports were sent to all libraries in the state. Tecumseh librarians kept ours, the others wish they had.

ANNOUNCE ENGAGEMENT

Mr. and Mrs. J. Harold Gale of Dalesville, Ind., are announcing the engagement and approaching marriage of their daughter, Virginia Louise, to Pvt. Wilfred Robert Waldron, son of Mr. and Mrs. Wilfred G. Waldron of Tecumseh. The wedding is planned for late December and they will live for the time being at Fort Knox where Pvt. Waldron is stationed.

FRANK FAIRBANKS DIES SUDDENLY

Frank W. Fairbanks, a resident of Tecumseh for twenty-five years, died suddenly Saturday afternoon at his home, 110 N. Maumee street. He was 58 years old having been born in Ogden township, Feb. 24, 1895. For the past eighteen years he had been an employee of the Tecumseh Products Co.

Mr. Fairbanks is survived by his wife, Ferma Ely Fairbanks; two sons, Harold, Jasper and Douglas, Tecumseh; a daughter Judy Anne, at home; two grandchildren; his mother, Mrs. Louise Fairbanks; a brother, Fred, Tecumseh, and several nieces, nephews and cousins.

Those of his family who have preceded him in death were his father, Manford Fairbanks, two grandsons and one granddaughter.

Funeral services were held at 2:30 p.m. Tuesday at the Collins Funeral Home, the Rev. B O. Bashore officiating. Burial was in Brookside cemetery and the bearers were, Lynn Nickols, Ted McConnell, Merlow Packard, Walter German, Harry Schuch and Harold Ruhl.

HONORED AT SHOWERS

Mrs. William Brown of Ridgeway was hostess to friends of Miss Marion Pennington Saturday evening. Two tables were arranged for canasta and Miss Pennington, whose marriage to Mac E. Tennant of Deerfield will take place this month, was presented with a shower of miscellaneous gifts. Refreshments were served by the hostess after the games.

A linen shower for Miss Pennington was given by the nurses of Herrick Memorial hospital during their regular staff meeting last week. Held at the home of Mrs. Charles Newell in Herrick Park, it was in the form of a masquerade Halloween party and the gifts were hidden in a simulated pumpkin.

MACON

Mrs. Hamilton Moore
Correspondent

Miss Ida Walker of Ithaca returned home after spending several days with her niece and husband, Mr. and Mrs. Wade Scudder.

World Day of Prayer and Self Denial was observed Tuesday in Macon. Mrs. Herman Mehler led the devotions, Mrs. Carl Thomas was organist and Mrs. Lawrence Ward of Milan gave a very inspiring talk on "The Lord's Prayer." Members of the Clinton, Ridgeway and Britton W.S.C.S. were guests of the Macon society.

CITY CHARTER SIMPLIFIED

Registration For City Election Explained, Deadline Is Saturday

Last week we discussed generally the reasons for the charter and why we felt it should be adopted. This week, and until election, we will try to answer some of your questions and give specific comments on the more important questions. Here are some of the important questions asked at the last open meeting:

Q. The charter requires two years residence in the village as a qualification for voting and holding office. Does this exclude areas not in the village prior to this charter from voting and holding office? (Example — Tecumseh Acres)

A. Anyone living in the area included in the **new** city boundaries for two years will be eligible to hold office. This will hold true if they have had two or more addresses as long as each address is included in these boundaries. Therefore, a family who lived in the Village of Tecumseh from November 1951 to January of 1953 and then moved to Tecumseh Acres would be eligible to vote and to hold office. A family living in Tecumseh Acres since November 30, 1951 would likewise be eligible. Anyone registered in the last village election is eligible to vote. Also those people registered in the last township election that live in the area to be annexed are eligible to vote. If you are not registered you may do so on or before November 14th with the Village or Township Clerk.

Q. Why does charter spell out procedure for initiative and referendum but say very little about recall?

A. The present statutes are very specific on the procedure for recall. It is necessary to have 25% of the voters who cast ballots in the last general election for governor sign the petition for recall.

On initiative and referendum the procedure is not as cut and dried and the charter details the procedure to follow in this regard.

Q. Why appoint treasurer and city clerk?

A. They are appointed because the council then can choose the best qualified people for the job. They will also report to the City Manager and so must cooperate in every way as a team. An elected official could not be removed by the council for unsatisfactory work. The appointed offices will be a full-time job by combining their duties with the other offices. Therefore, the city will have only those officers which are necessary on a full-time basis. As the city grows, other officers can be appointed without having to carry this payroll when they are not needed, as would be required under an elective system. This provision allows the city to operate in the most efficient and economical way.

Q. Will the public services such as lights, sewers and water be improved?

A. These functions cannot be provided for by the charter. This is the duty of the council members on a city-wide fair basis. For these important services, therefore, you must elect councilmen who will carry out these projects in your interests. The charter only sets up procedures for getting this work done. It is up to you to impress your councilmen with your desires in this respect.

Q. What is the procedure for running a candidate for the first council?

A. Candidates for council are nominated by petition. The petition must be signed by at least 35 but no more than 60 registered voters. An official petition may be obtained from the secretary of the election commission on November 19, 1953. Petitions must be filled out and filed with the election commission between November 23rd and November 30th. After checking the candidate's eligibility and the petition, the name will be placed on the ballot.

CHRISTMAS PROGRAMS PLANNED BY CHURCHES

Plans are already being made by some church groups for early Christmas activities. The Westminster League of the Presbyterian church will hold the annual candlelight service Sunday, Dec. 13 and the following week, Dec. 20, a candlelight cantata, "The Light of the World" will be given by the Junior choir of the Baptist church.

On Dec. 4 and 5, Christmas Tree Lane, which has become an annual event of the Methodist church will be held in their parlors. Methodist Family Night, Dec. 16 will feature a Christmas program and there will be a carol and story hour there Sunday evening Dec. 6. Other churches will hold their usual Christmas eve services, Grace Lutheran having children's programs on both Dec. 23 and 24.

WATKINS WILL OPEN GROCERY STORE SOON

Marvin Watkins has announced that he will open a grocery store "soon"—in about three weeks—at the former C. F. Smith store, the building which he owns.

A name for the new store has not been decided.

Roger Linger will operate the meat department in the new store. He owns Tecumseh Produce Co.

Ed Aluk, former butcher in the Smith store has been transferred to Trenton by National Foods Inc

FIRST 3-D MOVIE HERE WEDNESDAY

Tecumseh residents will have their first opportunity to view a three-dimension movie beginning Wednesday at the Strand Theatre.

Through this new 3-D medium of presentation, "Second Chance," starring Robert Mitchum and Linda Darnell, has added beauty and realism that makes the spectator almost seem to be participating in the scenes.

GIRL SCOUTS HAVE TEN ACTIVE TROOPS

Ten active Girl Scout troops averaging from 10 to 20 girls in a troop and from eight to 14 years in age are now meeting regularly in Tecumseh.

Leadership and time given by officers of the Girl Scout Association are entirely voluntary. Civic minded organizations and groups interested in youth act as sponsors of the troops with representation at the association meetings which are held five times a year. The policies of the local organization are in accordance with the Girl Scouts of America, the national organization, keeping the program on a non-political, non profit-making and non-sectarian basis.

NOTED MURALIST TO TEACH NIGHT SCHOOL ART CLASSES NOV. 30

A well known muralist, Frank Cassara, instructor of painting and drawing at the University of Michigan, is among the faculty listed for Tecumseh's forthcoming adult education night school which opens Nov. 30.

Delmar Crisp, director of the program, said Mr. Cassara will teach oil painting. His murals hang in numerous places including Lansing, the East Detroit Post Office and Sandusky. At present he is exhibiting two etchings and one oil painting at the Michigan Artist Exhibition in Detroit.

Another feature of the adult education classes this year will be square dancing, to be taught by Alex Komocinski, former student of the Edison institute, Dearborn.

Other classes include refresher shorthand, advanced bookkeeping, general shop, typing, dressmaking, slipcovering, and drapery making. Mr. Crisp has suggested classes which depend upon demand.

Enrollment will be held Monday, Nov. 23 at the high school from 7 to 9 p. m. in room 4.

Classes will meet on Monday and Thursday evening beginning the next week.

GRANGE YOUTH

The Grange youth group enjoyed a hay ride Monday evening. They met at the home of their president, James Squires, who lives at Pennington and Shaw roads and after the ride had a wiener roast in the farm woods. Plans were made for changes in the group play which they had intended to give Nov. 28.

HOSPITAL AUXILIARY PLANS ANNUAL BALL AT COUNTRY CLUB

Since the first successful Holiday Ball was sponsored by the Auxiliary of Herrick Memorial hospital several years ago it has grown in popularity as a social event of the Christmas season.

Mrs. Dale Bowen, general chairman of this year's ball, is sure this one will be bigger and better than ever. It will be held at the Country Club Dec. 5, with dancing from nine to one to the music of Freddy Fry's orchestra.

Tickets may be obtained from anyone on the following committee, whose chairman is Mrs. Frank K. Smith, Mesdames Ray Sluyter, Paul Ammer, Jack Osburn, Paul Breitenwischer, Harold Kelso, Donald Cobb, Ned Baldwin, Paul Keyser, Hugh Andrews, Russell Carey, Robert H. Moore, Ted Piehl, James McDowell, Elmer Eberhardt (Britton), Richard Eggleston, Max Smith, and John Lancaster of Clinton.

Chairman of the music committee is Mrs. Allen Russell and that of the committee on decorations is Mrs. C. W. Hanna, assisted by Mesdames James Barton, Charles Stephenson, Robert Hanna, James Beardsley, Leo Bishop, Gerald Osworth, Seymour Barritt, Karl Schneider, John Graham, Don LaBounty and Charles O'Neill.

Community Fund Drive Over Quota By 33 Per Cent

One of Tecumseh's most successful Community Fund Drives went over its $8,400 quota by a record 33%, chairman Frank Rice announced Tuesday night when he turned $11,153 over to the Community Fund Board.

Meeting at United Savings Bank, the board gave Mr. Rice a rising vote of thanks for his splendid work in organizing and "following through" this year's drive to a "most successful conclusion."

The board thanked the entire community for its whole hearted response in supporting the many civic functions financed by the annual drive.

Mrs. Frank Smith and Mrs. Richard Preston were re-elected to the board for three years. Mrs. Smith was elected president for the ensuing year, J. R. Thompson, vice-president and Rev. Edward Escolme, secretary-treasurer.

Other members of the board on hand at Tuesday night's meeting were Ned Rosacrans, Owen Partridge and George Green Jr.

NEW STREET LIGHTS EXPECTED ON TONIGHT

If the final hook-up is made on schedule, Tecumseh's new metal electric light poles with overhanging fixtures will be in use for the first time tonight.

Installed last June, the poles were finally hooked up for temporary use by Consumers Power this week after delayed waiting for the state to install four larger poles on the main intersection.

Anxious to have the new poles used and the old ones removed, village officials arranged for Consumers to complete the temporary job. When the state puts in the giant metal poles at Chicago and Evans, a simple changeover can be made.

Local Blood Bank Turnout Praised

Seventy-one local citizens have the satisfaction that comes from the knowledge of duty done.

That many offered their blood last Thursday for the common good. The fact that ten were rejected does not minimize their effort. Mrs. L. W. Larsen, local Red Cross chairman, expresses satisfaction with the 61 pints collected during the four hours the unit worked. "Many more could have been handled," she says, "but all of us in charge are very pleased."

Mrs. Larsen feels that better results would have been attained if more personal contacts had been made, as it is then people realize their responsibility. She takes this opportunity to thank every one, aides, canteen workers and others who gave so generously of their time.

TEENAGERS NOT FORGOTTEN!

In view of the fact that the "older young people" did not have a party on the evening of Halloween, arrangements have been made to invite this age group to a party after the first of the year, Community Fund members have announced.

JUVENILE HELD

A 16-year old youth is being held in the county detention home, Adrian, after admitting breaking into Ray's Texaco station on Evans street Sunday night and stealing $10.

Bank Open House Next Thursday

Tecumseh's United Savings Bank will throw open its doors next Thursday for an official open house, 11 a.m. to 9 p.m.

The "Cook's Tour" through the spacious new banking quarters includes a look for everyone at some of the most modern furniture, fixtures and bank equipment. The directors, Guy E. Belding, E. M. Campbell, Rollo G. Conlin, Lester Rogers, Perry Satterthwaite, W. E. Swick, and J. R. Thompson together with the staff of employees will be there to greet you.

Directors Thompson, who is also vice-president and cashier, Belding, Campbell, Rogers and Swick along with assistant cashiers Bernice Duncan and Glenn VanDenburgh, have served the bank continuously since the national bank holiday of 1933 and have seen it steadily grow, until today it is one of the largest in Lenawee County. Its total resources exceed $12,000,000.

The bank's recent building program started some 18 months ago and is now complete for public inspection. With a new, modern, 75-foot brick front, new electrically operated glass doors at the main entrance, and modern glass door at the west, new windows, drapes, and fixtures, United Savings Bank has been completely renovated from front to back.

Inside the public will see beautiful now lobby tables, new counters with convenient teller windows and an assortment of up-to-date banking and bookkeeping equipment, including the latest model posting machine. The bank is adding 300 new safety deposit boxes which will bring the number to more than 1,000.

The Thursday open house for local people follows a similar event Wednesday for out-of-towners.

The United Savings Bank was established in 1893.

Present employees of the bank include, J. R. Thompson, Glenn VanDenbergh, Bernice Duncan, Andrew D. Woodward, Merlyn H. Downing, Journey Stoner, Genevieve Carpenter, Gloria Brockway, Emily Pocklington, Elmer Krout, Mary Bowers, Shirley Bailey, Dorothy Williams, Beth Brown, Mary Pate, Maude Emans, Eileen Beach, Janet Tate, Anne Thompson and Lellah Wuerthner.

School Board Approves Plan For Annexing Closed Waring District

BY SUPT. JAMES MC DOWELL

The Waring District or Tecumseh District No. 9 Fractional is a closed district and operates no school. It is sending seventeen elementary and five secondary pupils to Tecumseh Public Schools at the present time. Twenty-two other districts also send pupils to Tecumseh schools but none of the others are closed districts and none send elementary children.

A comparison of actual cost to citizens of Tecumseh who pay taxes on property with those of the twenty-three other districts which sent pupils to Tecumseh Public Schools during the year 1952-1953 is interesting. Taxpayers of District No. 7 paid 21 mills in school taxes last year.

The income derived from this source was $141,884.91 which went to partially pay for the education of 1,220 pupils in Tecumseh Public Schools. Tecumseh Public Schools received $16,891.52 from the 23 districts sending 180 pupils to our schools. The average paid by Tecumseh taxpayers for each child was $116.25 whereas the twenty-three sending districts paid but $93.84 per child they sent to Tecumseh to school.

Tecumseh taxpayers paid 35% more than surrounding districts whose children use the same facilities and have equal educational advantages in the Tecumseh Public Schools. However, the total paid by Tecumseh taxpayers and the sending districts is but 40% of the total per capita cost per pupil of $285.83. The balance comes from other sources within the state.

The local Board of Education having reviewed these facts at its regular November meeting decided to invite the Board of Education of District No. 9 Fr. to meet with them at their regular December meeting to discuss future plans for the education of these children.

Tecumseh's schools are overflowing and non-resident pupils add to our burden. The Board, aware as always of its duty to the community, feels that since Tecumseh taxpayers are bearing 35% more of the cost of educating these children from the Waring District than the Waring District, and since it does not operate a school of its own, that it should be asked to annex to District No. 7. Then it will carry its fair share of the tax load for educating its children.

However, the Waring District if it chooses, is free to operate its own school or send its children to any other public school which would accept them. The tuitition charged for pupils to Tecumseh is limited by law and cannot include capital outlay or debt retirement expenses. Therefore, the only way that it is possible for Tecumseh schools to continue to accept and provide for these pupils is through annexation and the subsequent tax revenues. The Tecumseh tax rate is 8.5 mills for operating and 13 mills for debt retirement. The Waring District rate now is 16 mills for they have a short term special tax of 8 mills in addition to its regular 8 mills. If annexed to Tecumseh Dictrict No. 7 the Waring District would pay 21.5 mills at present.

If the two Boards of Education decide that annexation is feasible and desirable, the Waring District, being a primary district, must carry the matter to the people for a vote. The local Board of Education, being that of a graded district, does not carry it to the people for a vote but decides such matters for itself.

DR. C. L. COOK OPENS PRACTICE HERE NOV. 23

Tecumseh will have a new doctor on Monday, Nov. 23 when C. L. Cook, M.D., formerly of White Pigeon, begins practice in the Ford Building rooms which Dr. M. R. Blanden recently vacated.

Dr. Cook graduated from the University of Michigan Medical college in 1952 and completed an internship at St. Lawrence hospital in Lansing. He was graduated from Michigan State with a pre-medical degree.

While at Ann Arbor, Dr. Cook occasionally came to Tecumseh for "extern" training at Herrick Memorial hospital. He also had a brief practice at Howell.

He has purchased a house on No. Union from Mrs. Frank Sutton. Dr. Cook is married, and has two small girls.

RELIGIOUS MONTH — Because half of all Americans are not members of any religious group, because two-thirds of all Americans do not attend church services regularly, because one-third of all Americans never go to church and because half of all American children do not receive any regular religious education, the month of November has been appropriately tabbed "National Religious Month."

Here are a few brief quotes from well known figures whose stature in life and religion has made them outstanding in one way or another. They have all underwritten National Religious Month with its slogan, "Light Your Life With Faith."

"Ever stood next to your youngster in church? If you have, then surely you've felt that surge of warm feeling spread over you . . . as I have. As we attend church each week with Lance, we see his heart grow bigger with the qualities of love, friendship and tolerance." **Rosalind Russell**

"Our family has always done most things together. And as often as possible, that's the way we went to church." **Norman Rockwell**

"Without Faith, life is meaningless. With it, life is rich and full. Each generation must pass on to the next this fundamental truth — and our children are the richer for learning this truth from their parents." **Sam Goldwyn**

"Faith is a priceless gift that everyone can possess . . . a source of love, comfort and strength which is sorely needed in these troubled times. Only you and I, as parents, can give this gift of Faith to our children." **Herbert H. Lehman**

"There are no words to describe a parent's peace of mind, when he knows, that no matter what happens, the children will always be 'at home' in the one place time does not change." **Bing Crosby**

"When together parents and children come to know the beauty and healing of scripture and hymn . . . then parents communicate their belief in God to their children. And help them find a deep abiding faith of their own." **Clara Savage Littledale**

"My mother used to tell me, 'If you plant a crop and don't cultivate it, nothing grows. That's the way with religion . . . it dries up if you don't tend it.' Going to church has become a habit in our home." **Jackie Robinson**

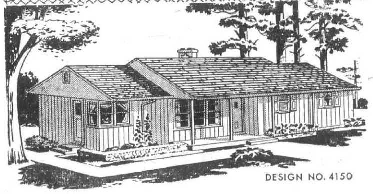
ARMISTICE DAY — Peace had a birthday Wednesday, for it was thirty-five years ago on the morning of Nov. 11, 1918 that the "war to end all wars" was formally called to a halt and the world breathed easy — but not for long. While this event seems a long way off and so many things have happened since, there are many who recall that day with the vivid recollection of hope for a lasting peace and an end to battlefield butchery.

The soldiers of World War I are just as heroic today as they were in 1918. We must never forget the gallant sons of America who were doughboys on the march of freedom, they fought to keep our land free just as heroes in wars before, and since, have.

If we do not continue to be the home of the brave, and personally safeguard the opportunities that are America's, we cannot continue to be the land of the free.

Ranch-type Rambler
FOR A SMALL FAMILY



DESIGNED for a lot of medium size, this sturdy ranch-type rambler assures pleasant, casual living for a two-bedroom family.

The long living room is a delightful room—extending across the full depth of the house with "walls" of welcome windows at the front and rear. The homey fireplace is set against a wall of rich wood paneling. The full, open basement invites you to create the kind of amusement room you have always wanted.

BRITTON . . . . . .

The Britton and Tecumseh Rebekah Lodges cooperated in entertaining the lodges of Dist. No. 10 Wednesday evening in the Britton Odd Fellows hall. Noble Grand, Belle Cundiff conducted the meeting. Nomination of officers was held and it was voted to contribute to the Thanksgiving and Christmas fund for the home in Jackson. The Tecumseh members entertained the group with a play. Lunch was served by Mrs. Dorothy Hindes and her committee.

Students on the honor roll at Britton-Macon Agricultural school for the first six weeks of the school year are: seventh grade, Penny Niblack, Kay Miller, Connie Kahle, Karen Cook; eighth grade, Janet Bearinger, Catherine Lewis; ninth grade, Diana Seagert, Raymond Krauss, Mary Becker; tenth grade, Anne Ricicia. Beverly Rohrback, Paula Schober; eleventh grade, Peggy Jo Pocklington, Delores Lidster, Karen Herford; twelfth grade, Barbara Welter, Jean Judkins and Mary Bush.

At the first meeting of the newly organized Varsity Club, the following officers were elected: President, Dale Monagin; vice president, Allen Barrett; secretary and treasurer, Jim Wood. It was voted to have a magazine sale to help raise funds for the lighting of the football field. The club is sponsoring a "Mother's Day" Nov. 13 at which time the mothers of the players will be admitted to the Boysville-Britton game free and will wear their son's numbers on their back.

Mr. and Mrs. Glen Gripton entertained at dinner Sunday in honor of Mr. Gripton's mother, Mrs. G. L. Gripton, who was observing her birthday. Besides the honored guests, places were set for G. L. Gripton, Miss Luella Haynes, Mrs. Jennie Lowe and Mr. and Mrs. Lawrence Dunning of Ypsilanti, Mrs. Margaret Palmer, Mrs. Margaret McCarbery and children and Mr. and Mrs. Edward Gripton and children of Dearborn, Mr. and Mrs. Bernard Waterbury and sons and Mr. and Mrs. Ronald Frayer.

Sunday dinner guests of Harold Craig and daughter Phyllis were Mr. and Mrs. Ray Porterfield and family of Ypsilanti, Mr. and Mrs. Milton Wells of Adrian, Mr. and Mrs. Hazen Montry and son of Deerfield, Mr. and Mrs. Lee Walden and children of Clinton, Mr. and Mrs. Charles Freshcorn and daughter of Tecumseh, Miss Shirley Ernst of Ann Arbor, Mr. and Mrs. John Keran and daughter and Oliver Craig. The dinner honored the birthday anniversaries of Oliver Craig and Roger Walden.

Mr. and Mrs. Bernard Waterbury entertained their euchre club Saturday evening. Guests included Mr. and Mrs. Charles Kalin of Lapeer, Mr. and Mrs. Nelson Waterbury of Ypsilanti, Mr. and Mrs. Ronald Cheever, Mr. and Mrs. Edmund Millyard, Mr. and Mrs. Glen Furgason, Mr. and Mrs. Robert Wallace and Mr. and Mrs. William Saxton. Prizes were awarded to Nelson Waterbury, William Saxton, Mrs. Kalin and Mrs. Nelson Waterbury. Refreshments were served by the host and hostess.

Mrs. Gerald Richards entertained Friday evening at a supper in honor of her son, Ronald's thirteenth birthday. Afterwards the boys attended the St. Mary's Britton football game in Adrian.

George DuBois of Detroit spent the weekend at the home of his parents Rev. and Mrs. E. H. DuBois.

Bill Bortel was home from Michigan State College over the weekend.

FORM ASSOCIATION

Last Thursday evening at the Youth House of the Baptist church, two organizations of that church merged their identities and efforts into one group in the interests of efficient service. The Ladies Union and Baptist League united to form the Women's Association and elected officers for the new organization. The president is Mrs. Eddie Kirkland; vice president, Mrs. E. H. McConnell; secretary, Mrs. Norman McConnell and treasurer, Mrs. Floyd Bryan.

Plans were made for a surprise gift sale at the next meeting which will be held at the Youth House Dec. 3, 7:30 p.m. Twenty-eight members were present at the meeting and refreshments were served by the hostesses, Mrs. Frank Glenn, Mrs. Donald Creger, Mrs. E. H. VanVleet and Mrs. R. T. Davis. Officers of both former organizations will meet Nov. 17, 7:30 to plan the constitution of the new association.

"FACTS ABOUT FLUORIDATION"

Last week's study showed that the average child living in fluorine-free areas had 10 decayed teeth by the age of 13.

Compared to this, in areas with appreciable amounts of fluorine, the average 13-year-old had only 2.5 decayed teeth.

THEREFORE: IT IS APPARENT THAT AS FLUORINE INCREASES, DECAY DECREASES!

Dare we add fluorine to deficient water supplies to obtain the same results?

So far, this survey has offered an opportunity to improve public health.

But: IS IT SAFE TO DO SO?
And: WHAT IS THE PROPER DOSAGE?

Note that the more fluorine in the water naturally, the better the children's teeth.

In the interest of better dental health for our children this paid advertisment is sponsored by:

Fluoridation

NOV. 4, 1953

To The People Of Tecumseh – –

The advertisements in the Tecumseh Herald for the last two weeks which were signed by Joe Rohweder and George McCombs, two councilmen, and the other doctors and dentists, are trying to deceive the public into believing that the deadly chemical Sodium Fluoride — that was sneaked into the public water supply against the will of the majority of the citizens of Tecumseh — is the same chemical as natural fluoride often found in water.

This could not be so, because inorganic sodium fluoride is a protoplasmic poison which attacks every cell of the human body, while organic fluoride is known as calcium fluoro-phosphate.

The human body can consume as much of this natural organism up to 700 parts per million without harm, but the deadly chemical which is being pumped into our water is dangerous as low as 3/10 parts per million. Natural fluoro-phosphate is not water soluble, but sodium fluoride is water soluble. This is the result of the Delaney Congressional Investigation at Washington, D. C.

We have this data and it is bonafide.

Now if the group who are back of this program here are so sure this chemical is harmless, we, the Anti-Fluoridation committee know they would not mind signing the below affidavit:

Affidavit

County of Lenawee
Village of Tecumseh

November 1953

We the members of the village council and medical men who have advertised in the Tecumseh Herald do solemnly swear that we assume all responsibility of this fluoride program and each mentioned member will post as bond all of his or her individual holdings, real estate or bank accounts or any valuables which they own, and will forfeit same in case that any citizen who uses this fluoridated water is injured or caused to be ill or dies from its effects and will cover all damages to plumbing or appliances belonging to any citizen of this village who must use this water supply; and that we the above mentioned group solemnly swear that this program is harmless without risk.

Notary Public——————Seal

We ask that each member of the council and the medical dental group who advertised in the Tecumseh Herald, sign it and send it to the Herald office so the Anti-Fluoridation Committee can have it notarized.

We the Anti-Fluoridation committee await your reply.

The following announcement may well be startling to you, gentlemen, but there is in the offing and now in the making, a plan to initiate a Congressional investigation of the entire web of malign and corrupt influences back of the extreme pressure being brought to bear, all over the country, to persuade or coerce communities into fluoridating their potable waters. The results of such an investigation will shock and rock this nation as even Tea Pot Dome scandals failed to do . . . When this proposed investigation shall have been completed, there will be a rash of criminal prosecutions and ruined reputations not to count a multitude of red faces. It will reveal fluoridation as the greatest HOAX of the century brought about by the conspiratorial insatiable greed of a big business.

Marion Pennington Mac Tennant Wed

The altar of the Presbyterian church was banked with hampers of white chrysanthemums and lighted by cathedral candles Saturday afternoon when at 4 o'clock Marion Pennington, daughter of Mr. and Mrs. Earl Pennington, Ridgeway became the bride of Mac E. Tennant, son of Mr. and Mrs. Leland Tennant, Deerfield.

Entering the church on the arm of her father, the bride was preceded by her two sisters, Zoe Ann as maid of honor and Louise as bridesmaid, while Robert Fogg, brother-in-law of the groom was his best man and Howard Pennington, brother of the bride, and Donald Crisp were ushers.

Preceding the double ring ceremony, which was performed by the Rev. George Walworth, Mrs. Fred Dickinson at the organ played traditional music.

The three sisters formed a lovely picture. Marion in her ballerina length gown of bridal satin and Chantilly lace, embroidered with sequins, wearing a fingertip veil and carrying a white Bible, covered with lace and topped by a white orchid; Zoe Ann in peacock blue iridescent taffeta and Louise in taffeta of iridescent red. Both of the latter gowns were strapless with matching jackets and draped full skirts in ballerina length. Zoe Ann's flowers were yellow Fugi mums in a Colonial holder and centered with transparent angel feathers while Louise carried a miniature colonial bouquet of cream Fugis with a similar cluster.

The mothers of both bride and groom wore blue gowns for the wedding, Mrs. Pennington's corsage being of pink demure rosebuds and Mrs. Tennant's pink camellias. The groom's grandmother, Mrs. Ida Tennant was also dressed in blue and her flowers were shell pink carnations.

More than 150 guests welcomed by Mr. and Mrs. William K. Brown, acting hosts, were entertained at the reception in the Fellowship Center which was decorated with white cathedral candles, yellow pompoms and greens. Mrs. Robert Fogg, sister of the groom, and Miss Shirley Harvey, Ridgeway cut and served the twin cakes topped by miniature bride and groom at a table covered by a beautiful appliqued cloth. The serving table were Miss Myrtie Kemp and Mrs. Charles Wilson poured coffee was centered by a silver bowl of white Fugi mums and yellow pompoms. The guests were registered by Mrs. Joe Castiglione, Detroit; Zoe Gideon, Kalamazoo and Erwin Pennington assisted with the gifts.

The couple left later for a trip through the southern states, the bride wearing a gray, two piece suit with black accessories, On their return they will live at 406 W. Kilbuck.

The new Mrs. Tennant, who graduated from Tecumseh high school with the class of 1949 and from Henry Ford Hospital school of nursing in 1951, is employed at Herrick Memorial hospital. Mr. Tennant, a graduate of Deerfield high school in 1946, served two years in the U. S. army, part of the time in Alaska and is an employee of the Tecumseh Products Co.

Guests attended the wedding from Britton, Deerfield, Sand Creek, Monroe. Dundee, Clinton, Flint, Lansing, Toledo, Kalamazoo, Detroit, Canada and Jackson Heights, N.Y.

I'm Often Wrong

By Neil Hunter

If space allowed, we could write off a ream or more on the very, very fine job our school system is doing, not just in the line of direct education, but in the indirect manner they are following in laying ground work for better citizens of tomorrow. That matter of citizenship deal isn't one you can write down in a text book, assign a class to study it, chapter by chapter, test them on what they have read, grade the papers and report to the parents, "your child has passed his citizenship test, he or she will be a better citizen in years to come."

It's such an indirect thing that it sneaks up on a youngster when he's not looking and suddenly snowballs through force of habit until almost without knowing, he or she is automatically a better citizen.

This was the case a day or so ago when we wandered through the corridors at Central school and came upon a third grade safety mural hanging right behind the lost-and-found-table. After questioning Earl Greene about the clever project he produced Debby Holden and Terrie McEnroe who gave us the third grade low down on safety —Art Linkletter couldn't have produced a better program.

Mrs. Illeck started the safety idea with her class, it caught fire as each of the youngsters followed through with a personal slogan which are painted around the five by ten foot backdrop. All 37 joined in with safety rules and pictures of safety on the playground, such as "Get Off the Merry Go Round Only When It Stops," "Play Ball Away From Other Children," etc. Little pipe cleaner figures with crepe paper clothes stand in the foreground to complete the backdrop.

We ought to put this whole display in some kind of a time capsule as testimony to the younger generation of 1953, which is made up of a pretty wonderful group of young ladies and gentlemen, third graders and all!

MACON

Mrs. Hamilton Moore
Correspondent

The Macon Women's Club will entertain their husbands Thursday evening at 7 o'clock dinner to be held in the Macon Methodist church. A program has been planned.

Mr. and Mrs. Charles Bigelow and family spent Sunday visiting her parents and brother, Mr. and Mrs. Ray Hendershot and Mr. and Mrs. William Hendershot of Brooklyn.

Karen and Bruce Neil of Adrian spent the weekend with their grandparents, Mr. and Mrs. Joseph Sheward. Their parents were Sunday guests in the same home.

Mr. and Mrs. Bert Bruder spent Sunday in Belleville visiting their son Chalmer Bruder and family.

Clayton Bigelow Jr. of Sault Ste. Marie spent several days last week visiting his parents, Mr. and Mrs. Clayton Bigelow. Friday evening they were dinner guests of Mr. and Mrs. Charles Bigelow.

Born, Nov. 5, to Mr. and Mrs. Robert Leidel, Maybee, a son, at Herrick Memorial hospital. Mrs. Leidel is the former Marjorie Vershum.

Mrs. Joseph Sheward was in Detroit Tuesday attending the funeral of her aunt.

Miss Glendora Cross, Ann Arbor, spent the weekend with her parents, Mr. and Mrs. Merl Cross.

The Macon Community Club will meet Tuesday, Nov. 17, for a potluck supper at 7 p.m. at the home of Mr. and Mrs. Ray Hendershot.

Family Night will be held Wednesday, Nov. 17 with a potluck supper at 7 p.m., honoring the youth of the church.

Grade School News

Miss Hopkins, Grade 6

Mrs. Kachur and Russell Southerland visited us last month. Several of us have brought view-master films which we are all enjoying whenever our lessons are prepared ahead of time.

One third of the pupils in our room took charge of the Halloween party. Jim Neitling was general chairman. Lavonne Lister was chairman of decorating; Patricia Gurtzweiler, chairman of games; and Fred Jesche, chairman of the food. We had potato chips and cider to eat. We played pin the tail on the cat and pin the stem on the pumpkin. We wrote telegrams using the letters in Halloween.

Lavonne Lister got first prize for her Halloween window picture, and Janet Harris won the second prize.

Jan Kachur won second prize for his costume in the Halloween parade.

Our class discussed the salaries of some of our public officials. We were surprised to find in the 1951 World Almanac that our state legislators received only $2,400 a year.

In science class we are learning how water changes the earths surface.

The view-master pictures show many examples of erosion.

This week we are trying out for glee club.

The patrol boys have their belts and ponchos which clearly identify them from a distance.

We have begun work in decimals. So far, it seems easy, but —.

David Weakly is captain of the patrol boys. Janet Harris is lieutenant of the service squad.

In gym, our boys played Mr. Kelty's room in football. The score was 0 to 0.

Mrs. Crawford was our substitute teacher last Tuesday. We hope that she enjoyed the day with us.

Mrs. Buttolph, Special

We had a fine time at our Halloween party. Our room looked ver spooky with old black cats, witches, owls, bats, ghosts, and jack-o-lanterns. Before playing games and seeing a funny movie we paraded into the first grade rooms and tried to scare them with a ghost song. Last came a treat of pop corn balls and candied apples.

The Thanksgiving story is our unit we are working on now. We are still studying about Indians. We have made many wigwams, canoes, head dresses, masks, totem poles, braves, squaws, and papooses. We plan to give a little play at the end of our unit.

Santa's workshop is a very busy place the last period everyday. Already many gifts are ready for a final touch.

We each have read two readers and have now started on our third.

Mr. Kaiser, Grade 6

We had a great deal of fun at our Halloween party. The entertainment committee selected games for us to play, and hid peanuts for a peanut hunt which took place down on the athletic field. Our refreshments were cider and candied apples. Mrs. Harsh and Mrs. Mead, two of our room mothers, were guests at the party.

The following people were chosen for class officers: President, Doris Oliphant; vice president, Mary Colgrove; secretary, Roger Mead; and treasurer, Alice Titley.

Jo Ann Harsh expects to move to a farm near Rasin Center. We will all miss her.

We are very proud of our class members that did such a fine job of decorating the windows uptown.

Aebersold-Keinath Vows Exchanged

Vases of white baby chrysanthemums decorated the altar of St. Alphonsus church, Deerfield at 10:30 Saturday morning when the Rev. Fr. Foley united in marriage Helen Keinath, daughter of Mr. and Mrs. Percy Keinath, Deerfield and Donald C. Aebersold, son of Mr. and Mrs. Clarence Aebersold, Tecumseh.

The bride, given in marriage by her father was attended by her sister, Mrs. Robert Lamp, Melvindale, as matron of honor and Mrs. Thomas Gittus, Britton, another sister and Miss Phyllis Frost, Tecumseh as bridemaids. La Mar Cheever, Tecumseh was best man and ushers were brothers of the bride and groom, Harold Keinath and Charles Aebersold.

Debbie Black and Cheryl Aebersold, nieces of the groom, in floor length dresses of green net were flowers girls carrying baskets of pink and white pom poms and sweetheart roses and a nephew of the bride, Roger Gittus carried the rings on a white satin pillow.

The bride was lovely in a gown of bridal satin and lace, the bodice of which was made with a deep nylon yoke, while the full satin skirt fell into a long train. Her finger tip veil of silk illusion was held by a coronet of pearls and sequins and she wore a strand of pearls, the gift of the groom. A crescent bouquet of white carnations and roses completed her costume.

Identical dresses of net and lace with full skirts and lace jackets were worn by her attendants, Nile green by the matron of honor with a crescent bouquet of yellow carnations and brown cymidium orchids tied with brown satin, and mauve by the bridesmaids, their flowers being shell pink carnations with brown streamers. All wore matching tiaras of pompoms.

Mrs. Ralph DeShelter, accompanied by Mrs. Fred King sang before the ceremony "Ave Maria" and "On This Day."

The mother of the bride wore leaf green while the groom's mother's dress was brown and both had corsages of pink roses and carnations. The grandmother of the bride was in forest green with white gardenias.

A reception for 200 guests was held at 8 p. m. in the Sage building, Tecumseh, with Miss Joan Burke in charge of the guest book.

The new Mrs. Aebersold wore a champagne colored suit with a corsage of white carnations and sweetheart roses when they left for a short wedding trip. She is a graduate of Deerfield high school and of Cleary college and is employed in the offices of the Tecumseh Products. The groom who is also employed at the Products Company is a graduate of Tecumseh high school. Mr. and Mrs. Aebersold will live on Occidental Highway, Tecumseh.

ANNOUNCE ENGAGEMENT

Mr. and Mrs. Elmer Burleson announce the engagement of their daughter Donna to James Hewitt, Detroit. The wedding will take place January 30.

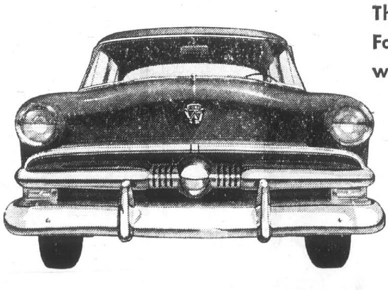
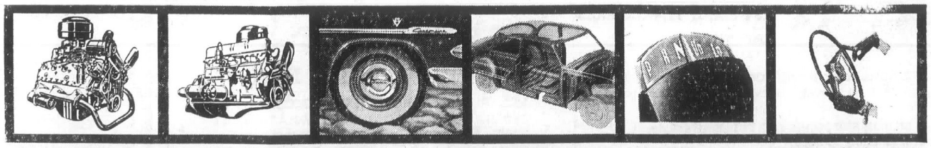
Why more than a million owners this year have chosen the "Worth More" FORD!



They have discovered first hand what the surveys show... Ford, with all its fine-car features, is worth more when you buy it, and worth more when you sell it!

OVER A MILLION OWNERS can't be wrong! Ford is the one *fine* car in the low-price field. It gives you the "GO," the style, the comfort, and "build" of cars that sell for far more. And, it's only natural that Ford keeps its value better, in resale, than any other car on the American Road. Check the features below for some of the "Worth More" reasons for the swing to Ford.



Lowest-priced V-8 in America! And the *only* V-8 in the low-price field. Ford's high-compression V-8 power plant delivers its "Go" on regular gas!

Most Modern Six of all is Ford's high-compression, low-friction Mileage Maker. With Overdrive, it was the winner in 1953 Mobilgas Economy Run.

Smoother Ride, with front end road shock reduced up to 80%, is another Ford big-car feature . . . and you get it without gas-eating extra weight.

Fine-Car Build means using steel of the same quality and thickness as in costliest cars. Ford is the most completely insulated car in its field.

Fordomatic Drive is the only "automatic" in its field with the "Go" of an automatic intermediate gear plus the smoothness of a torque converter.

Finest Power Steering—that's Ford Master-Guide. Does up to 75% of the steering work yet retains normal steering "feel" on the straightaway

When you can trust the dealer who sold you a used car, you can trust the car.

The next question, then, is: *Who* can you trust *most?*

We Ford Dealers are established business men with large investments at stake. Our business reputation depends on *every* business transaction—whether it is a new car sale, a used car sale or a service operation.

We want your used car business, and some day we hope to sell you a new car or another used car. And we want your service business, too!

"But," you say, "granted that you Ford Dealers have reputations to uphold, granted that your mechanics and service facilities make it easier to put your used cars in good shape—how do you compare in price?"

Let us give you some facts and the answer will be obvious. Ford Dealers handle used cars and trucks as a service to customers who trade them for new cars. When we get overloaded with trade-ins, our capital is tied up. Like everyone else, we have to pay our bills. So we must always offer used cars at rock-bottom prices to keep things moving.

Is That So!

By Miss Clara Waldron

Going back into the life story of Tecumseh's landmark houses is a little like visiting with old friends—you learn so many odd, and interesting things. For instance, how many of you ladies who once had your dresses made by "Nettie" Southworth, know that her name was "Lunette?" Somehow is seems such an unlikely name for such a plain maiden lady! And yet the abstract of the house she once owned says it was legally hers.

That was the house on West Chicago Blvd. which has been variously known over the years as the McAllaster, Yawger, Rathbun or Blanden house, and which Mr. and Mrs. Owen Partridge recently earned our gratitude by making so "ship-shape" and gleaming white.

Miss Southworth was a wizard with a needle but her talents did not extend to architecture and she nearly ruined the beautiful lines of the house by replacing its long windows with ordinary two-paned sash, thereby probably saving fuel but causing much sorrow and expense for the George Rathbuns when in 1914 they undertook one of its many restorations.

Probably no house in town has been more remodeled or more written about than this one, not because of its age for there are several much older, but because of its beauty. Our most authentic description comes from the well-known Adrian and Ann Arbor architect, Howell Taylor, who in "Michigan Pioneer Architecture" says it is "one of the fine, vigorous structures of the Greek Revival style," and further describes it as "a one story, modified Greek temple with two fluted Doric columns in antis at the front." "In antis," he explains, means recessed.

Mr. Taylor is speaking, of course, of the upright, central portion of the house for only that comprised the original structure. It must have been very dignified and gracious, standing as it then did, alone, on a lot that included nearly a quarter of the block. He questions the common assumption that it was built in 1829 by James McAllaster, crediting it instead to a Rhoda Pitts Bacon in 1849 because of the amounts mentioned in the transfers. It could have been either.

James McAllaster seems to have been a rather important person in the town about 1839. He was a member of the village council and a highway commissioner but he was obviously a victim of the 1837 depression for he lost the property through a mortgage foreclosure. Perhaps he did build the house and that expense added to his financial troubles. In any event he was the first owner of that individual lot, buying it from David VanTine and Ebenezer Anderson, who owned a large acreage. Mrs. Bacon, ten years later, who obtained the land through a tax sale was evidently a relative, probably agranddaughter of Jacob Ketcham who built the Branigin house, so she would have had a precedent in good architecture.

Whether the original builder was Mr. McAllaster or Mrs. Bacon, they have our thanks; and the owner who later added the lateral wings, while they may have been an architectural desecration did an excellent practical job. The carpenter, who should probably be given the credit for line and proportion was Horatio Keyser, according to his own statement to relatives. As he lived on Chicago street in the 1860's and as the house at that time was owned by Adrian Yawger, it would seem Mr. Yawger deserves the blame or credit for the addition. The Yawgers owned the property for thirty-five years the longest period for any owner. Since then it has passed through nearly a dozen hands, growing over the years to be more an architect's dream and a carpenter's nightmare, but always a pleasure to those of us who pass by.

WESTMINSTER LEAGUE

Election of officers was the main item of business at the November meeting of the Westminster League, Tuesday evening at the home of Mrs. Charles Stephenson. Sixteen members and three guests, Mrs. George Tater, Mrs. Robert King and Mrs. Elwyn Merx, enjoyed a potluck supper at 6:30 after which the meeting was opened by devotions conducted by Mrs. Douglas Murdock. Announcement was made that the annual Christmas candlelight service will be held December 13 and it was voted to give $50 toward the robes for the Junior choir.

New officers elected are president, Mrs. Douglas Murdock; vice president, Mrs. Charles Clark; secretary, Mrs. Arthur Schwartz and treasurer, Mrs. Mahlon Sebring.

The next meeting will be at the home of Mrs. Rolland Reister, Dec. 1.

GOLDEN RULE CIRCLE

Mrs. Leon Rosacrans, assisted by Mrs. Paul Keyser, Mrs. Edith Cotton Smith and Mrs. Lewis Schultz entertained the Presbyterian Golden Rule Circle last Tuesday evening. Plans were discussed for the Christmas party of the Circle at its next meeting. Mrs. Earl Baldwin will be hostess with Mrs. Edward Boss, Mrs. Russell Carey and Mrs. Paul Eddy assisting, and members are to bring a fifty cent gift for a "pig-in-a-poke.".

From where I sit ... by Joe Marsh

Sheriff's "Push" Pulls a Vote

Was talking with our newly elected Sheriff Williams the other day. He told me about a fellow who stopped by his place late one night just before election.

"Heard a knock at the door," he said. "Fellow I never saw before. Told me his car went dead down the road and would I give him a shove. My boy, Flip, and I went out to his car with him. We're all set to push when he steps on the starter and the motor turns over.

"Well, Flip and I just stood there when the fellow leans out the window and says, 'Just wanted to make sure you're the right man to vote for'."

From where I sit, the fellow who's quick to lend a hand makes any community a better one. But you don't have to run for office to prove you're a good neighbor. One way I know is just to have a little regard for the other fellow. Whether your neighbor likes beer or buttermilk, don't try to *push* him to your choice. Just give him your "vote of confidence."

IT'S TRADE-IN TIME FOR A BETTER DEAL
Want top allowance on your present car? See us this week for a deal that will raise your pride. Now is your chance to drive a moneysaving bargain.

It raises your pride *and races your pulse*

You feel it the moment we turn over the keys to you.

You now own the handsomest "hardtop" around — a Buick Riviera — and the warm glow goes all through you.

But not alone for the racy beauty of the car.

You feel that prideful surge, too, from the fact that here you bought yourself a whale of a lot of automobile — a whale of a lot of room and power and soft luxury and ride steadiness—for a lot less than you expected.

For the automobile pictured here is a Buick SPECIAL Riviera—*which means it delivers locally for just a few dollars more than the "hardtop" models of the "low-price three."*

But it's only when you drive away in your bounteous new beauty that the real thrills begin and the satisfaction deepens . . .

When the highest Fireball 8 power in Buick SPECIAL history whispers away the miles with effortless ease . . .

When Twin-Turbine Dynaflow* gives you instant getaway response with silken smoothness, and the Million Dollar Ride levels every inch of your way . . .

When the deep wide seats cradle you in spacious comfort and the great glass areas give you visibility practically unlimited.

Surely you ought to look into this great Buick that's so prideful to own, so thrilling to drive, so easy to buy.

We'll be happy to arrange a sampling. Can you visit us this week?

Realty Views

"Years ago a woman used to go to a doctor to see if she could have children. Today she must go to the landlord." So writes a well-known columnist with remarkable candor.

If you have been renting, you know there is a lot of truth in what he says. No doubt you've learned of attractive rentals only to find a sign "No children". Or perhaps have rented a place and been forced to move when the baby was born.

Home owners, on the other hand, can raise a family with no fear of losing the roof over their heads.

Get into a home of your own. You'll be free from the restraints imposed by landlords. And you'll be surprised how easily a home can be financed. Come in and [illegible] it over.

Card of Thanks

I am taking this means to express my sincere thanks to my neighbors and friends for their many kind acts and for the cards and flowers sent me during my recent stay in the hospital and since my return home. My especial gratitude goes to the Women's Association of the Presbyterian church, the Order of Eastern Star and the Business and Professional Woman's Club.

Mrs. R. M. Moiles

We wish to express our thanks to our neighbors and friends for their kindness and expressions of sympathy in our time of sorrow, especially to R. W. Herrick, Dr. R. E. Dustin, the Rev. Ronald Brunger, the Rev. B. O. Bashore, E. A. Collins and the United Products Workers.

Mrs. Ferma Fairbanks,
Mr. and Mrs. Harold Fairbanks and family
Mr. and Mrs. Douglas Fairbanks and family
and Judy Anne Fairbanks.

I sincerely wish to thank the Rev. Dickin of St. Peter's Episcopal church, the Rev. Fr. Schultz and the Rev. Fr. Lewis of the Catholic church in Ann Arbor for the calls and prayers offered in my behalf. Also the Altar Guild, the Knights of Pythias and Pythian Sisters, my many friends and neighbors and the members of my family for the numerous gifts of fruit and candy and the beautiful flowers and cards sent me during my recent stay in St. Joseph hospital, Ann Arbor.

Floyd H. Guy

Mr. and Mrs. Harold Clark and Connie wish to thank all those who showed their kindness in so many ways during their recent bereavement.

Council Cool to Armistice

City Charter, Fluoride Issues Untangled During Spirited Session Monday

A fundamental of democracy — majority rule — was the keynote to Monday night's spirited council meeting when Tecumseh's governing body went on record in favor of continuing fluoridation.

Despite fervent appeals for a "compromise" by Rev. B. O. Bashore, the council formally issued a public proclamation stating its position past and present on the fluoridation question.

A temporary armistice to appease the anti-fluoridation committee was first considered to stimulate a favorable vote at the Dec. 14 city charter election; but the idea was defeated in favor of the proclamation.

Fluoridation is to continue for the best interests of public health in accordance with the wishes of the majority of the people.

The council session opened with short personal statements by Frank Smith and Ray W. Herrick.

Mr. Smith said that he had heard rumors of a "30 day armistice" with the anti-fluoridation committee to get the charter approved, which he firmly disapproved for its "no good purpose."

"The charter," he said, "is much greater and will clear up such issues, though the two are not to be confused on the same level."

Mr. Herrick then told how he had originally given the fluoridation equipment to the village and asked the council to keep his name anonymous, which he complimented the council for doing. But Monday night he relieved them of this and approved a public announcement of the whole matter.

He also stressed the importance of the city issue to Tecumseh which the public must understand has no connection with the argument over fluoridation.

Mr. Herrick further complimented the council and gave village engineer Ed Nelson a vote of confidence for completing such a large number of improvement projects this year.

Then following a hearing for the Protane Gas Co. and a detailed discussion of building a new well on No. Union street, the Rev. Bashore made an appeal for his compromise on the fluoridation. He arrived late and said, "No matter what you gentlemen have already decided tonight, I am so deeply concerned about getting this city charter passed that I plead with you to reconsider and flush the hydrants, take out the fluorine at least till after the election."

He reviewed working on the city change for the past four or five years and feared now that unless an armistice was made the anti-fluoridation votes would "kill it." He said he personally favors fluoridation but would take it out to get the 300 or 400 anti-fluoridation votes.

Jim Beardsley then spoke, not as village attorney, but as private citizen. He said that lengthy work had been done by the commission on the charter and that it is a "good one," and Tecumseh needs it. "For the sake of the city," he said, "take the fluoride out until a referendum."

The council, however, stood firm on its earlier proclamation, stating they felt a majority of the people favor fluoridation and that those in opposition would be the first to benefit by the new charter; for if they should use their power to defeat it, the village government would continue until another charter could be written and voted on.

DISCUSS FLUORIDATION

Fluoridation of municipal water supplies will be discussed at an open meeting of the Lenawee county dental health committee at 8 p.m. tonight in the Adrian city hall council chambers. The public has been invited.

Gas Co. Question Still Unsettled

After a lengthy three-way discussion between officials of the Protane Gas Co., residents in the area of the bulk plant and members of the village council Monday night, no definite settlement for repairing fire damage was reached, although it was evident the Adrian and Pottawatamie street property owners firmly oppose any expansion of the plant.

Officials from Erie, Pa., briefly outlined plans they had for acquiring additional land to the west and south for expansion "in eyes of safety." As the business is non-conforming to present zoning laws, such expansion would require a public hearing, which appears now in defeat. A large number of opposers were on hand Monday night.

The hour-long discussion brought out many points in favor of the company's need for rebuilding facilities damaged by the August fire and acquiring new property. Even to rebuild within the present boundaries requires a building permit and approval by the state fire marshall.

The petitioners asked the company to put up a bulk plant "out in the country," but Protane officials said this would make for a "split and costly operation."

Further discussion was suggested for the company and property owners at their homes. Action by the council was tabled until next meeting.

Also Monday night, engineer Ed Nelson told of drilling a new 67-foot well on Harry Morris' property on the west side of North Union with good success. The possibility of establishing a new water supply there was discussed. This is closer to the consumers than the flowing well north of Paul's Trailer court.

The council approved installation of electric lights at Bob Walker's dwelling at the village dump and asked that the dump be closed after 9 p.m.

ATTEND LENAWEE HEALTH COUNCIL

A group of Tecumseh doctors, nurses and others interested attended the annual dinner meeting of the Lenawee Health Council in Adrian, Tuesday evening.

Using as his text the council's recently published report of the county health survey, Dr. H. B. Zemmer, Lapeer, president of the State Council, reviewed the needs in the field of health and the progress that has been made. He complimented the Lenawee organization for its forward looking work.

Dr. Edward Schmidt, Adrian dentist, was elected president for the coming year, replacing Milton Porter, county school commissioner, who has served in that capacity during the formation of the group.

Tuesday Issue

Next week's edition of The Herald will be published on Tuesday for distribution before the Thanksgiving holiday Thursday.

Rural correspondents, advertisers and others with news for next week's paper are asked to cooperate. Advertising deadline will be 5 p.m. Monday, late news can be taken Tuesday morning.

The Herald will join with the rest of the community in observing a holiday Thursday.

Public Proclamation

The Council fully recognizes that there is a lot of feeling amongst the residents of the village over the question of the adding of fluoride to the village water supply, and firmly believes that the time has arrived when all the facts must be known by all of the residents and, as is proper and fitting in a democratic form of government, we believe that all of the people should know just how the program was started.

This program was started by a group of public spirited citizens who approached the council on the matter of fluoridation and learned that the village did not have the money to consider any such program at that time. This same group then approached Mr. R. W. Herrick and explained their program and were advised that the matter would be taken under consideration. After Mr. Herrick contacted what he considered to be sufficiently competent health authorities at Ann Arbor, he advised this group of citizens that he would make a donation, and subsequently issued a check in the amount of $2,944.62 to provide the necessary equipment to do this job. There have been numerous rumors as to how this equipment was paid for, and we sincerely hope this clears up that point.

There should be no question in the mind of anyone but that Mr. Herrick and this group of citizens acted in what they firmly believed to be the best interests of the community as a whole. The same is also true of the members of the village council.

It is likewise true that the members of this council have no wish to inflict anything upon the residents when definite proof is given by the majority that it is not for the good of the residents.

On December 14 the qualified voters of the village and the areas affected by the new boundaries have the right and obligation to vote on the new proposed city charter. This new charter clearly sets forth the right and procedure for a referendum vote, and by which the new city council would be bound. Therefore, it is our earnest request that the matter of fluoride or no fluoride be tabled until we all have the opportunity of voting on the matter of the new charter.

It is the duty of everyone of us to vote on December 14 whether it be for or against the city Council-Manager form of government, and we again earnestly request that this greater issue be lifted out of the realm of factional disputes.

LOCAL HUNTERS TREK NORTH FOR RECORD ANNUAL DEER SEASON

What promises to be Michigan's greatest deer season, as far as the number of hunters is concerned, will have a number of Tecumseh sportsmen in the woods.

Among the many local hunters who have already gone north are Fred and Frederick Dickinson, Howard Wilson Sr. and Jr. and Jack Curtiss, who are at the Dickinson cottage at Douglas lake.

Charles Haughn and Arthur Rehkau are hunting near Alpena.

Glenn Kohler and Harold Easton are at Otsego Lake.

Russell and Douglas Hall and Kenneth Ernst went to the Hall cabin in Piney Woods.

M. P. Dermyer, Stanley Dermyer, Clarence Champanois and Jack Gibson are hunting near Gaylord.

Some of the first local hunters to call back with good results were Mahlon Lord, Donald Purkey and Bobby Moore.

David Mack was back in Tecumseh Sunday evening with a three-pointer bagged near Lewiston.

Bob Lowe also had a buck, his first in about 10 years of hunting, by noon Sunday, shot near Boyne City.

Engle's Clothing Opens Friday

William Engle announced the opening of Tecumseh's new clothing store, which bears his name, for Friday. Grand opening festivities continue Saturday with a special drawing Saturday night.

Located in the former Anderson Grocery building, the new clothing firm has completely refurbished the interior and added a new front.

In the same block, a new sign "Marv's Food Store" has been erected in the old C. F. Smith grocery store as Marvin Watkins prepares to open his new concern Dec. 1.

The Rocket Tavern also has a new front.

UNION SERVICE IS THANKSGIVING EVE

Annual union Thanksgiving services will be held Thanksgiving Eve, Nov. 25, 8 o'clock at the Assembly of God church. Special music will be furnished by the host church, the Ministerial Association will take part and the sermon will be by the Rev. B. O. Bashore. The public is invited to attend this service.

Historic Cider Mill Was Once Electric Plant

Snugly resting in a quaint hollow at the north end of Evans creek bridge is the century old building which houses Tecumseh Sorghum & Cider mill—now offered for sale.

Though strictly a seasonal business, sorghum is made almost entirely in October, the future demand for this "sweet" product is bright, and the local mill one of the few remaining.

But owner Ed Goodnough, Monroe, is ready to retire, in favor of a younger man.

The sorghum process is simple the way the threeman team of experts, Goodnough, Clarence Gilmore and Perry Burghardt do it, just as it has been done for many years.

After bundled sorghum is delivered by farmers for processing, the stalks are first crushed and the resulting sorghum juice is run through pipes into a vat where it is heated by steam pipes to remove impurities. The sticky sorghum then flows into another steam heated vat for further "cooking" before finishing. The latter is the ticklish end of the business, because if the syrup remains on the steam pipes too long the operator will find himself with a mess something like caramel all over the pipes.

But by careful adjustments and Goodnough-know-how, a tasty light brown syrup is drawn off, cooled and transferred to barrels as the final step. Farmers return for their share of the delicious finished product on a consignment basis, cost per gallon.

The mill can turn out 100 gallons a day through the short season.

Cider is now only a part of the firm's name; for although old presses are still usable, cider is brought in by the barrel for retail sale.

Historically the brick building dates back nearly 100 years. It was once used as a tannery and later housed Tecumseh's first steam-generated electric light plant.

Clarence Gilmore, who is 84, remembers the old building when he was a boy and often passed it when his family came visiting to Tecumseh from Macon.

The assortment of old heavy iron machinery inside testifies that it was once equipped in the latest mode of an age that has long passed.

CHAMBER OF COMMERCE NOTES

City Charter Has No Bearing On Fluoridation

A lot of people have asked recently if they will be voting on the question of fluoride at the election on Dec. 14. Please note that this election will only be for or against the new city charter. It will have no bearing whatsoever on the fluoride question!

The election of Dec. 14 will decide whether or not Tecumseh will become a city operating under the City Manager plan. At the same time, assuming the charter is approved, a new council of seven members will be chosen to take office on Jan. 5, 1954.

The passing of the city charter is certainly the most important single issue facing us today. The charter will set up an entirely new method of running our city government. It will also establish ways and means for the voters to act on other questions important to everyday living. You, as a voter, will have an opportunity to elect a new council which will take office almost immediately to carry out your wishes. If the charter is defeated, the old council will carry on until the next regularly scheduled election which is in April 1954.

The new charter includes the provision for a referendum vote on any subject provided the minimum number of signatures are presented on petitions. A referendum petition will force a city-wide vote on controversial subjects, such as fluoride in the water, and the council must abide by the wishes of the majority of the voters.

Under the present Village Government it would be almost impossible to secure immediate action on this or any other question. It would be necessary to wait for a regular election and put in new councilmen who will take the desired action. This is obviously difficult since the majority of the voters may be in favor of the council in general but differ with them on a particular proposal. The referendum proposal allows you to defeat one part of the program but retain councilmen who are doing a good overall job. Actually this provision of the new charter is the most democratic way of allowing the voters to make their wishes known to the council. This point alone should be an excellent reason for all groups to support the new charter.

The surest and best way to get all public questions in the open is to have everyone support the charter. The voters can then concentrate on electing councilmen on the basis of their stand on any of the current major issues. To decide the fluoride question, it is therefore to everyone's best advantage to pass the city charter. Then you can vote for councilmen who express your wishes pro or con on this subject. If you still feel that the question should be put to a general vote, the referendum procedure will make this possible.

In any event, we want to point out very definitely that the vote on December 14th, will be on the charter only. At this time, you can elect councilmen who will be on one side or the other on the fluoride question, but if the charter is not passed, the newly elected councilmen cannot take office. Therefore, the first consideration of all sides is to pass the charter.

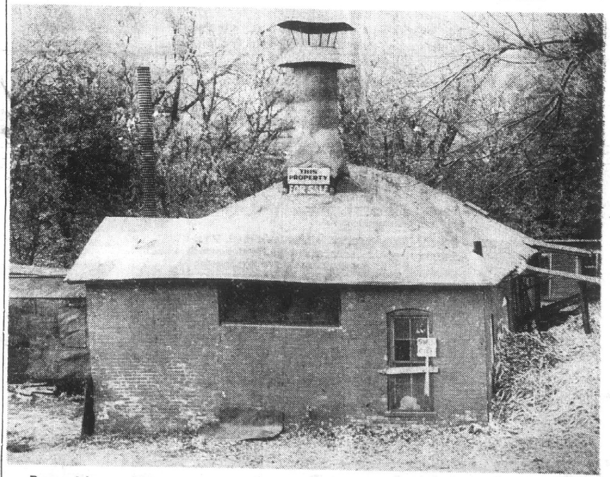
CHARTER SIGNED BY GOVERNOR

Another stride toward a modern, up-to-date city charter for an enlarged Tecumseh was successfully completed this week — Governor Williams signed the proposed document.

The official signed charter was received from Lansing on Wednesday and is now ready for final printing in The Herald and then approval at the poles Dec. 14.

Century Old Tecumseh Sorghum & Cider Mill Still A "Sweet" Business, But Offered For Sale



Powered by an oldtime steam engine on wheels, Tecumseh's red-brick Sorghum & Cider Mill on the banks of Evans Creek, North Mill street, looks just as it did 100 years ago, except for the recently added "For Sale" sign. Owner Ed Goodnough, Monroe, claims it is a "sweet" business, one of the few of its kind left, and a busy one every fall, but in need of a younger head. Inside, the mill is almost a museum with its quaint setting in a hollow on the creek bend.

Time stands still every fall when this three-man crew goes to work making sweet molasses-like syrup out of sorghum which farmers bring in on "shares." Almost the last remaining sorghum mill, this business has a promising future for customers come to Tecumseh with sorghum from a 75-mile radius. Ed Goodnough, left, shown drinking a glass of cider, offers the mill for sale. Clarence Gilmore, center, is an old hand at operating the sorghum making tanks. Perry Burghardt, right, is the "steam" man on the force. The original high-wheeled steam engine forms the background.

Editorials

BRIGHTER OUTLOOK — We can't help but think that a silver lining will soon show through the gray clouds of dissension and on Dec. 14 Tecumseh will turn out 100% for its proposed city charter. That's the way it should be and from our reading of the local tea leaves, that's the way it's going to be. Like so many things that are very important, that are decisive and so important for the common good, it JUST HAS TO BE THAT WAY.

Tecumseh needs a city charter. Fluoridation, or the personalities involved in the fluoridation issue, are beside the point. The issue is progress. Progress incidentally means an easier referendum, and a simpler way to decide public issues. For Tecumseh's proposed charter is a 1954 up-to-the-minute document, a replacement for the old shay we have ridden on for so many years. The village charter is more than out-dated and cumbersome, it is costly and incompetent.

An odd fact about the election; if the charter is defeated, Tecumseh does not revert back to village form. What does it do? It goes to work drawing up another charter of a different nature, with the top candidate for councilman on the city council ballot in charge of getting together a new charter commission. None of the charter commissioners can be repeats from the old.

If a second charter should fail, the same thing happens again. It is not a matter of city vs village now. Tecumseh has already decided to become a city with enlarged boundaries. The matter forthcoming is to decide the best type of "constitution" to guide the new city.

A lot more will be written before election day. We are only asking, editorially this week, for a united understanding that Tecumseh's future depends on each person's agreement to the need for a modern city charter as prepared by the very capable charter commission.

The new charter is our guarantee to clear up some of these side issues — one way or the other.

Letters To The Editor

Editor, The Herald:

For some time I have noticed a considerable amount of bickering both for and against fluoridation of our village water. Who is afraid of whom?

Our great country was originated by majority vote of the people. Let's have a vote of the people who use our city water. I am sure the people of our village are intelligent enough to decide for themselves.

Yours truly,
James T. Osborne

"I could grease my car myself, yank my own teeth, plead my own case in court, or prescribe my own medicine," Sam said; "But I don't. I let a specialist do the job. It gets done better and with much less time and trouble. Costs less in the long run."

Sam paused, then continued, "And that's just the reason why I'm letting you sell my house. You can do the job more effectively than I could do it myself."

"This is an age of specialization. Few of us raise all our own food, make all our own clothes, or ride a horse to work. We've found it is worthwhile to make use of others' talents.

"So, come out today. Look our house over thoroughly. Then get busy and sell it for us."

"Okay, Sam," I said, "we'll be there. And we'll try to justify your confidence in our ability."

How about YOU? Do you want to pull your own teeth?

BIRTHDAY HONORED

Mrs. Guy Haviland entertained Saturday afternoon from 1:30 to 3:30 honoring the fifth birthday of her son, Gordon. The small guests were Stanley Lewis, Vicky Brees, Pamela Brooks, Linda George, Don Kruse, Marilyn Curtis, Carol Woodby, Bobby Powell, Jimmy Foreman and Douglas Gillis. Games were enjoyed as were refreshments of ice cream and cake and Gordon received many lovely gifts from his friends.

MISSIONARY SOCIETY

Members of the Friends Missionary Society enjoyed a potluck dinner Thursday noon in the church workrooms. During the afternoon business meeting presided over by Mrs. Walter Weimer, arrangements were made for contributing articles to various institutions which the church supports. Mrs. Emma Day conducted the devotional period.

Plans were announced for the Christmas meeting which will be a tea at the church parlors Dec. 10. The officers will be in charge of arrangements and a committee composed of Mrs. Ralph Comfort, Mrs. Roland Mohr, Mrs. Harry Creger and Mrs. Leon Johnson was appointed to plan a program.

IT'S A SWAP

There are two sides to every "swap" . . . giving and getting. All through life, we are "swapping" . . . giving up something we want less to get something we want more. That's exactly what happens when you open a savings account and add to it regularly. Once the saving habit is established, you'll hardly miss the small deposits you make each payday. Yet they can make your dearest dreams come true: a home of your own, a college education for your children, financial independence for your retirement years. This is the kind of "swap" that spells success and happiness in life. And the best time to start "swapping" is NOW!

RITUAL TEAM

The ritual drill team of the American Legion Auxiliary held their annual meeting at the Legion Home Friday night with Mrs. Harold Easton presiding. Yearly reports were given and new officers elected. Mrs. Ned Rosacrans is president for 1954 with Mrs. Bart Aiuto as secretary-treasurer. The ritual team is under the direction of Mrs. Charles Howe, while the drill master is Robert Custer. Drill practice will be resumed soon. Plans were made for a Christmas party, the date to be announced later.

Tuesday evening the ritual team went to Adrian to initiate new members of the Adrian organization.

GOODWILL PICK-UP

Goodwill Industries trucks will visit Tecumseh and Britton Tuesday, Nov. 24 and it is hoped by Goodwill workers that with Christmas near at hand, everyone will make a special effort to throw away the old to make way for the new. The number to call in Tecumseh is 868; in Britton call 2121.

"FACTS ABOUT FLUORIDATION"

By 1945, surveys by the United States Public Health Service indicated:

(1) **NATURAL FLUORIDE CONCENTRATIONS OF 1 PPM— (parts per million) RESULTED IN MAXIMUM REDUCTION OF DECAY (65%) AND NO MOTTLING OF TOOTH ENAMEL. Concentrations in excess of 2 ppm showed mottling of enamel.**

(2) **SURVEYS OF ALL AGE GROUPS IN NATURALLY FLUORIDATED AREAS, SHOWED NO DAMAGE TO TISSUE OR BONE STRUCTURE ON PEOPLE WHO HAD BEEN DRINKING THESE WATERS ALL OF THEIR LIVES.**

note:
These studies included such high fluoride concentration areas as:

Climax, Colorado with 27 ppm
Bauxite, Arkansas with 12.7 ppm
Bartlett, Texas with 8 ppm

With this knowledge in 1945, the United States Public Health Service launched practical experiments in several areas by introducing fluorides of 1 part per million into fluoride-deficient water supplies.

Is That So!

By Miss Clara Waldron

(The first of two articles concerning the history of the Brewer-Fitzsimmons house).

Slowly, with meticulous attention to architectural detail, another of our better known landmark houses is being carefully restored. Board by board, stone by stone and now spindle by spindle, James Beardsley is returning the Brewer-Fitzsimmons house to almost its original state.

Almost, because some of the changes made in the intervening years are of too permanent a nature to be altered. Foundations and roof, two essential but inconspicuous items, have been completed and soon the balustrade which is so much a part of its beauty, will be repaired and replaced.

Uncertainty clouds the original date and ownership of this house although, since an Austin B. Waite first bought that individual lot in 1837, he was the probable builder. However, as is not often the case, the carpenter, whose genius actually produced the house is known and in architectural circles it is called by his name, the Anderson House. Elijah Anderson and his brother Elisha were relatives of our well known Anderson family. Both were carpenters and when Elijah built the house on the north corner, Elisha built the one of somewhat similar design across the boulevard, now owned by Mrs. Williamson.

Elijah employed what architect Howel Taylor calls "an unusual variation of the Greek Revival theme, with a well proportioned facade, a well handled belvedere, (cupolo to you and me) a nicely detailed cornice with railing and columns, all of which indicate the inherent good taste of the carpenter-builder." He says that, of course, the large paned windows and the dormer above were modern innovations as was the plate glass front door in the beautifully proportioned doorway with its fan and sidelights.

More space than is available could be used in describing the interior detail, the carefully designed woodwork—black walnut under its coat of white enamel—the unique plaster overhang that borders the high walls and, most unusual of all, the indications that once four sets of double doors formed a square room just inside the front entrance. Doors which, when closed, kept out the cold and made it possible to heat each room with its fireplace, or when opened threw the spacious hall and the two parlors with their facing fireplaces into a single reception room whose sweep was expressive of that age of "gracious living." There are traces of at least five fireplaces, by the way, that indicate early heating arrangements.

MACON

PRESBYTERIAN MEN

"Keeping in Love with Life" was the topic of an inspiring talk by Dr. Louis H. Brumbaugh, Dean of Adrian College, heard by the Presbyterian Men's Club at the second anniversary Charter Night dinner last week. Wives of club members prepared and served the dinner.

At the business session, Mel Partridge presented a project for the partitioning of the Sunday School room which was approved. A birthday card conveying greetings to Charles Kemp, who will be 95 years old Nov. 21, was signed by all present to be sent to him.

John Saling, chairman of the nominating committee presented the following nominees for 1954 officers: President, William Hanna; vice president, John Hamilton; secretary, Arthur Schwartz; treasurer, Harold Hammel.

The group was then entertained by the St. Andrew's quartette and it was announced that the men and women will meet jointly for a Christmas party the evening of Dec. 9.

GOOD CHEER CLASS

Pictures of the scenic beauty of the far west and of points of interest enroute, which were taken last summer by the Rev. B. O. Bashore and by John Hewlett when the two families were on a vacation trip, were shown Friday night for the pleasure of the members of the Good Cheer Class of the Baptist church. The meeting was held in the Youth House of the church, with Mrs. Lillian Hoagland leading the devotions and Mrs. Norman McConnell in charge of the program. Following the pictures, refreshments were served by the November committee.

Grade School News

Grade One
Miss Steinhoff

I am a first grade pupil at West Branch. There are many things which I must learn to do. I have learned that I must keep my pencil sharpened. Crayons are something which give my friends and me much trouble. They seem to hide from us and run away.

The new book called "We Work and Play" is my chief interest now. I also have a new workbook to use with it.

The first week of November we colored and cut out turkeys for our bulletin board. Then we made some Pilgrim boys. We are also learning about our Indian Neighbors. During one of our music classes we danced an Indian dance.

Our visitors during American Education Week included Mrs. Leland Kayner, Mrs. Richard Beemer, Mrs. Lawrence Poley, Mrs. Joseph Poley, Mrs. Donald Creger, Mrs. Elmer Buehrer, Mrs. Clyde Mitchell and Mrs. James Tressler.

Kindergarten
Myrna Bugbee

News time again for Kindergarten! My, but we're a happy group and so busy.

We have our room decorated for Thanksgiving. We had lots of fun making turkeys for our blackboards.

We have a large birthday cake on our wall. When we can tell when our birthdays are, we put a candle with our name on the cake. Most of us have pretty candles on it.

Those who have birthdays this month are Pamela Williams, Kathy Weakly, Mary Lue Garcia, Juanita Juniga, Roxie Ann Ostrander and Doris Bonnell. Mrs. Weakly sent us some nice cupcakes for Kathy's birthday. We like birthdays. We always sing "Happy Birthday" to each one and play the "Happy Birthday" record.

We have been learning to recognize our colors by sight. Each time we learned a new color we fixed our table to match it. One day we had a "red" table. We brought just red things to put on it. We did the same with the rest of the colors, too. We have also made some coloring books all our own.

We have had lots of fun playing the stories of "Little Red Riding Hood" and "The Three Little Pigs." Jana Lee brought us a record of "Train To The Zoo." We like to imitate the different animals.

On Armistice Day we talked about what it was, and learned a finger play about "Five Little Soldiers."

Most of us know our house number, the name of our street, our telephone number, and are learning to tie our own shoes. Some of us can write our names.

We have three new girls in our room. They are Linda MacGeorge, Juanita and Ofelia Juniga. We are glad they came to be with us.

Our room mothers this year are Mrs. Keith Barron, Mrs. George Green, Mrs. Daniel Bush and Mrs. Harry Crosby. They planned a very nice Halloween party for us. We all had lots of fun and lots to eat.

During American Education Week some of our mothers visited us. They were Mrs. Miller, Mrs. Curth, Mrs. Murphy and Mrs. Meyers.

Johnnny Rangler has moved away. We were sorry to have him leave us, but we hope he'll like his new school.

Grade One
Mrs. Sclater

We were glad that some of our mothers came to visit us last week. We showed them the work that we have done, and they watched us do some of our work.

We have had two birthdays. Cora brought us a very nice birthday surprise.

We would all like to thank Mrs. Callahan for keeping us while our teacher was sick.

We have a little turtle in our room. One of the children brought a fish bowl for him. We take turns cleaning the bowl, changing the water, and feeding him.

We have made a Thanksgiving freize showing all of the different things that we are thankful for. We have also been cutting out animal pictures from old magazines showing mothers and their babies.

Grade One
Mrs. Faling

Hello again! Since we were with you last time, we have had three new girls join our room. They are Pamela Bryan who came from West Branch, Renee Rodgers who came from Iron Mountain and Ruth Satterthwaite who came all the way from Tangiers, Morocco. Ruth has many interesting things to tell us about the schools there. Now we have 36 children in our room.

Well our Halloween party was a big success! We certainly had lots of fun. We had a good time trying to guess each other in our costumes. We are certainly glad we don't look like that all the time! We want to thank the mothers who made us the popcorn balls and the fudge.

Very soon we will be finished with our first reading books. We will then start "We Look and See" and we will read words for the first time. We are very anxious to begin. We have a color chart in our room now and most of us can tell the color words. We have been doing seatwork which helps us learn the words faster.

Do you know that most of us can spell our first names? We feel quite proud of that. We have had a race between the boys and girls and so far the girls have beaten the boys.

Our arithmetic is much more fun now that we have "Our Number Workshop" books. We containly enjoy them. We didn't realize that numbers could be so much fun. We like to write our numbers, too. So far we can write through five.

Our ABC books are almost finished. We finished R last week. When we are through, we will make covers for them and take them home.

At recess the boys have been playing football. Someday they hope to play for the Indians.

Distinctive front-end styling is keyed to added power and greater ruggedness of the completely re-engineered Chevrolet trucks. Features include new engines, optional automatic transmission, increased cab comfort and safety and easier load convenience.

We had a prayer on Armistice Day for the people who lost their lives during the war.

Nancy and Kingy both had birthdays last month. They brought us nice treats. They were both six years old.

We were very happy with the snow we had. We hope next time it will stay longer.

That's all for this month. We enjoy being with you. Good-bye.

Grade One
Mrs. Elsie Neitling

We are studying about Indians and the Pilgrims. We are going to display our work in the showcase.

Billy and Ruthann Sipes moved away. Candace Birchfield is our new pupil. We now have thirty-three in our room.

Many of us took our reading books home and read for our parents. We enjoyed doing this very much. We are now reading our second book, "We Work and Play."

Mrs. Day and Mrs. Brooks visited our room. We are very happy to have our parents visit us.

Mrs. Schippers has taught us many new songs. We enjoy having music class two times each week.

Wayne Brooks brought his musical Jack-in-the-box. Many of the other boys and girls have brought books for us to enjoy.

Grade One
Mrs. McFerran

"Playing Indians is such fun, let's be Indians now." November is the month of Indians and Pilgrims for the first graders of Room 313.

We are learning songs and reading stories about Indians. The young Indian brave Squanto from "Squanto and the Pilgrims" is teaching us many things about Indian ways and their life, and of the first Thanksgiving. We also enjoyed film strips about American Indians. We drew pictures and made up our own Indian stories to tell the class. Joel Rutherford, Tom Cobb, Larry Merx, Bobby Williamson, Ronald Clark and Doug Wilcox have brought things for our display. Others have brought pictures for our scrapbook.

Grade One
Miss Warner

We have a lot we want to tell you about this week.

First of all we have three new children in our room, two girls and one boy.

One day in reading we had a lesson which was about some birds. After we finished our work we all drew birds and cut them out. We put them in a row across the blackboard.

In science we have been learning about animals. We have found out what they like to eat and how they get their food.

We have a checkroom chart which we use in our number work. It is divided into rows and boxes. Our teacher gives us a row number and a box number. We find the box and check our toy there.

All of us have been doing very well with our writing. When our papers are neat and the work done right it is put up on the bulletin board.

SERVICE CLUB ELECTS OFFICERS

The annual meeting of the Tecumseh Service Club was called by the president, Mrs. Duaine Service Thursday evening. The meeting was held in the basement of the Library and was attended by representatives of various member organizations.

Following a reading of the by-laws of the organization an executive board was elected, consisting of Mrs. Service, Mrs. Edward Escolme, Mrs. John R. Thompson, Mrs. Lee Purkey, Mrs. Lawrence Price, Mrs. P. G. Colgrove, Mrs. F. K. Smith, Mrs. Ray Sluyter, Mrs. Richard Preston, Mrs. Earldean Roe, Mrs. Edna Codling and Mrs. Richard Woodcox.

Mrs. Service was re-elected president of the organization for the coming year, with Mrs. Codling as vice president; Mrs. Colgrove, secretary; Mrs. Purkey, assistant secretary and Mrs. Price, treasurer.

Mrs. Preston and Mrs. Codling were appointed as chairmen in charge of holiday baskets and it was decided to ask the cooperation of all organizations in their preparation. Committees gave their annual reports and Mrs. Escolme, Mrs. Thompson and Mrs. Sluyter were named the committee on investigation and follow-up.

Tecumseh BOOK SHELVES Library

Because people like to see their names in print and because some of them like to talk about their family background, the library has in addition to the Pioneer Collection another excellent source of local history. Between 1879 and 1909, four sets of Lenawee County Biographical albums were published. Three of them were the work of an Adrian man, Robert Illenden Bonner. Others names are associated in the titles but the work was his.

All contain some historical material, plus the biographies of all the "leading" citizens who could be induced to pay the price. The first, published in 1879, is the best from an historical standpoint as it includes an excellent early history of Lenawee by John J. Adam, teacher, lawyer and legislator, besides the first hand stories of many early settlers. The editions that followed in 1903 and 1909 are largely a rehash of earlier material plus some later information and more family biographies.

The fourth album, a large, ornate and expensive volume, published by a Chicago firm in 1888, contains only family histories.

Copies of all these albums have been presented to the library over the years and the collection is complete except for Vol. II of "Bonner and Whitney, 1879." That seems to have had a very limited sale but if any reader has one he would be willing to sell or donate, it would be much appreciated. Inquiries are constantly coming to the library from descendants of early families and these albums are a fertile source of answers.

Pat Hammack, Richard Ely Wed

Patricia Hammack, daughter of Mrs. Ben E. Hammack and the late Mr. Hammack and Richard Ely, son of Dr. and Mrs. G. C. Ely, Montpelier, Ohio, were married Saturday evening in the Presbyterian church, the Rev. George Walworth, officiating.

Attendants were Mrs. Adalene MacKenzie, her sister's matron of honor, Miss Shirley Baker, Tipton, maid of honor and Mrs. Elaine Philips and Miss Mary Brown, bridesmaids. A brother, Roger Ely, Cleveland attended the groom as best man and an uncle, Kenneth Cotter, Bryan, Ohio, William Raymond, Adrian and Robert Lockhart, Montpelier were ushers.

Mrs. Bertram Updyke at the organ, played the traditional music as the bride on the arm of her brother, Ben Hammack, approached the candlelighted altar, banked with palms and white chrysanthemums. Before the ceremony, Miss Martha Hayden sang "Ich Liebe Dich" and "Because."

The bridal gown was of French imported silk lace over taffeta, made with a fitted, off-the-shoulder bodice, a hooped skirt of unpressed pleats with lace peplum and Cathedral train. Her double veil of illusion was finger tip length and held by a cap of matching lace and her flowers were white roses in an arm bouquet.

The attendants wore identical floor length gowns of irridescent taffeta and nylon net, strapless, with taffeta redingotes. Their flowers were cascades of Fugi chrysanthemums and they wore pearl chokers and earrings presented to them by the bride. Mrs. MacKenzie's gown was emerald green with pink flowers; Miss Baker's cafe'au' lait with chartreuse; Mrs. Philip's pastel green with bronze and Miss Brown's mauve with pink chrysanthemums.

The bride's mother wore a gown of cocoa brown crepe and a corsage of pink camelias while Mrs. Ely's dress was of blue and black taffeta with gardenias and pink Demure roses. The grandmothers of the bride, Mrs. A. J. Hammack, Lexington, Ky., and Mrs. Mark Randall, Tecumseh and Mrs. George Ely, grandmother of the groom were all gowned in blue and their corsages were pink and white carnations. Mrs. Ben Hammack was escorted to her seat by her grandson, Gary MacKenzie, in his role of junior usher.

Mr. and Mrs. H. H. Hanna and Mr. and Mrs. Paul Houghton, Montpelier, acted as hosts to the 200 guests at the reception in Fellowship Center. The guest book was in charge of Mrs. Roger Ely, Cleveland and Mrs. Ben E. Hammack and Miss Nancy Randall, sister-in-law and cousin of the bride cut the yellow and white wedding cake. Mrs. Charles Ranney, Leslie and Mrs. Ernest Hammack poured at a table centered by a silver bowl of white chrysanthemums and Mrs. Ivan Gore, Monroe and Mrs. David Faling assisted with the serving. The gift table was in charge of Mrs. O. W. Rechnagle, Detroit and Mrs. Richard Fielder, who were assisted by Jane Colgrove, Carol Sue Rutherford and Mary Joe Tressler.

Mrs. Ely's going away suit was light gray, with which she wore red accessories. When they return from a trip south they will live at 1268 Slater St., Toledo.

Mrs. Ely, who has been a teacher in Tecumseh and who now teaches in Monroe, is a graduate of Tecumseh high school, with further training at M.S.C. and the Normal College at Ypsilanti. Mr. Ely graduated from Montpelier high school and Toledo University with supplementary work at the U. of M. He served in the armed forces for two years and is now employed at the Owens-Illinois Glass Co.

Guests from away included Dr. and Mrs. G. C. Ely, Mr. and Mrs. George Ely, Mr. and Mrs. William Howald, Mr. and Mrs. Victor Lockhart and son Robert, Mr. and Mrs. Charles Heller and Mr. and Mrs. Paul Houghton, Montpelier, Ohio; Mr. and Mrs. Everald Wagner, Chicago; Mrs. A. J. Hammack, Lexington, Ky.; Clarence Sadtler. Louisville, Ky.; Mr. and Mrs. Kenneth Cotter, Bryan, Ohio; Mr. and Mrs. Dan Nanery, Miss Joan Adams and Thomas Judd, Ann Arbor; Mr. and Mrs. Roger Ely, Cleveland, Ohio; Mr. and Mrs. Charles Ranney, Leslie; Mr. and Mrs. O. W. Racknagle, Detroit, who were entertained in the Hammack, C. W. Gilman and Waldo Mohr homes.

HOSPITAL AUXILIARY

Eleven new members of Herrick Memorial Hospital Auxiliary were announced at the November meeting Tuesday evening. They are Mrs. Robert Blank, Mrs. Harold Davidson, Mrs. George French, Mrs. Lawrence Bater, Mrs. Raymond Guy, Mrs. Homer Coy, Mrs. Ernest Oliver, Mrs. Francis Miller, Mrs. Ned Rosacrans, Mrs. John Keeney and Mrs. Wendell Scutt.

The meeting was opened with a devotional period conducted by Mrs. R. J. McCoy, followed by a short business meeting during which Mrs. Dale Bowen, chairman of the Holiday Ball announced her committees.

The speaker of the evening was Dr. George Wilson, who gave a most comprehensive talk on new developments in the important field of rehabilitation.

The hostess committee, headed by Mrs. Thomas Hamilton Sr. served refreshments. Assisting were Mesdames Nina Heath, Ed Heilman, Edward Harper, Gordon Greiman, Lynn Hubbard and Harry Schuch.

CIVIL AIR CADETS

The cadets of the Civil Air Patrol met Wednesday evening at the Central school building. The class in aerial navigation will be continued. This is the first of a series of classes in pre-flight training. Boys between the ages of 15 and 18 are elegible for this course. The group is planning a Thanksgiving dance, Nov. 25 at Sage Hall. A poster committee for the dance was formed with Ray Puffer in charge and Rosalie Kent is chairman of the committee on decorations.

Best Wishes....

To our new neighbor "Bill" Engle on the opening of his fine, new store.

Best of success on this new addition to Tecumseh's many retail enterprises.

I'm Often Wrong

By Neil Hunter

GALLANT WARRIORS—It was a gallant band of Indian gridders that put away the orange and black football uniforms of Tecumseh high this week and looked to the bright prospects of next year. No excuses, no mourning, these brave warriors didn't win a game, scorewise as the public often thinks, but their coach Les Runk had all the praise in the world for the young men who carried the name of their town and their school onto the field of competitive athletics.

Of course next year such names as Benham (Bob), Vanderpool, Baldwin, Hart and Withrow (Harry) will be missed but a host of promising up-and-coming candidates will bring an improved brand of ball to the Indian camp. The outlook is brighter than it has been for five years.

A modest football bust and award banquet will be held in the high school cafeteria Tuesday with Michigan's assistant football coach Bill Orwig on hand. Only players, cheerleaders and school officials will be on hand.

Then basketball takes over with the first game at Blissfield Dec. 4. A new sport and a new season that hasn't been spoiled yet.

But to the Indian coaches, defeat is a slim measure of success. Looking back over the season there were a number of high spots, like the Hudson and Clinton games, two very fine battles by the locals. Monroe Catholic was probably the worst as the Indian offense suffered nearly 100% injuries after the first quarter.

There were ups and downs, high spots and low dips, but Tecumseh's high school spirit and continued good sportsmanship kept the Indian name at the top of the ranks of good competitors.

THANKSGIVING THEME ENJOYED BY SCOUTS

As the campfire glowed and the beat of Indian drums was heard, the Indian and Puritan theme was carried out by Cub Scout Pack 4 at their monthly meeting Monday evening at the Baptist Youth House.

Boys of Dens 2 and 4, dressed in colorful Indian attire entered the room doing an Indian dance to the beat of two large Indian war drums. Den 2, directed by den mother Mrs. Kenneth Rutherford and assistant Mrs. Ned Rosacans gave the welcome and Pledge of Allegiance.

Den 7, dressed as Puritan men directed by Mrs. R. H. Dixon and assistant Mrs. M. R. Blanden, and Den 9 dressed as Puritan women directed by den mother Mrs. Rhinehart Radant assisted by Mrs. MacPherson portrayed the lives of the Puritans.

Cubmaster Rhinehart Radant, dressed as an Indian chief inducted Eldon Miller into Pack 4. Den 4, under the direction of den mother Mrs. Donald Beevers and assisted by Mrs. Howard Truesdale, presented the award ceremony. Billy LaPrad played a piano selection as Kenneth Beevers called the following Cubs and their parents to the campfire to receive their awards: Phillip Head, Larry Meiers, Billy LaPrad, Jimmy Creger, Lee Britton and Leonard Weaver.

"Cubby" was awarded to Den 4 who had an attendance of 88%.

MUSIC CLUB

Tuesday evening, the Music Club enjoyed a very unusual and inspiring evening of high-fidelity music at the home of Mr. and Mrs. John D. McColl on Monroe road.

It was announced during the short business meeting that the next meeting will be held Dec. 15 at the home of Mrs. Kennard Wise.

John McColl opened the program with an interesting and instructive explanation of the components of a high-fidelity music reproducing instrument. He pointed out that the conventional radio and record player is woefully inadequate in it's sonic scope—delivering only tones of about 60 cycles per second to about 6000—whereas the most perceptive human ear can hear frequencies of about 30 cyles per second to 17,000.

The high-fidelity outfit he has constructed will deliver this complete audible range with breathtaking realism.

He then presented several long-playing recorded numbers to demonstrate this marvelous system, admirably illustrating its bass capabilities.

Refreshments were served from a festive fall table by Mrs. McColl and her assistants, Mrs. P. B. Hardy and Mrs. Murray Day.

AWARDS PRESENTED TO CUB PACK 73

Monday night's meeting of Cub Scout Pack 73 was opened by the presentation of gifts of food from the dens which were collected and sent to a needy family. As this was a fall masquerade party, the Cubs wore fantastic and colorful faces and games were played in keeping with the occasion, each den furnishing a game. The presentation of the flag was given in a colorful ceremony by Den 8 and followed by group singing of "America."

New cubs taken in were Michael Rice, Den 11 and William Bishop and David Langham, Den 8. Silver arrows were awarded to David and Edsel Brooks, Den 3, a gold arrow to Larry Titley, Den 8 and a Bear Badge to Terry Reister, Den 8. "Cubby" was awarded to Den 8 for an attendance of 69%.

A skit entitled "The Thing" was given by Den 3, the thing turning out to be a box of fudge for the pleasure of the den mothers and the mothers who had assisted them during the past month. Assistant den mothers for the next four weeks will be Mrs. Frederick Dickinson, Den 1; Mrs. James Barton, Den 3; Mrs. Orville Bishop, Den 8 and Mrs. Frank Rice, Den 11. Volunteers for the January pack meeting were Mrs. Edward Harper and Mrs. Frederick Dickinson.

Plans were discussed for the Christmas party, Dec. 21 and the meeting closed with group singing of "God Bless America."

NEW SOCIAL SECURITY WITHHOLDING SCALE INCREASES JAN. 1, 1954

The social security tax rate for persons whose work counts toward old-age and survivors insurance is scheduled to increase January 1, 1954.

This scheduled increase in tax contribution is in accordance with the 1950 amendments to the social security law, and was enacted by Congress in anticipation of future obligations of the program.

Employees in jobs covered by the law will have 2 percent instead of the present 1½ percent deducted from their pay beginning with the first of January up to earnings of $3600 a year; their employers will contribute an equal amount.

The new rates will apply to all taxable wages paid after December 31, 1953, regardless of when earned.

In the meantime the Internal Revenue Service reports that employers will be furnished late this year with income tax withholding tables and Federal Insurance Contributions Act (social security taxes) tables reflecting rates applicable next year.

THE PEOPLE OF TECUMSEH ARE STILL WAITING FOR THE ONES BEHIND THIS COMPULSORY FLUORIDATION PROGRAM TO SIGN LAST WEEK'S AFFIDAVIT IN THE HERALD AND POST BOND THAT IT IS HARMLESS

The answer to the false report that was made by W. S. Britton, Veterinarian, in The Tecumseh Herald and discounted by the Federal Bureau man that the Anti-Fluoridation committee was being investigated by the F.B.I. and the Internal Revenue Dept. is just another of the low underhanded ways the public is being treated in Tecumseh by this Fluoridation group when the Village Council refused to honor petitions of the law abiding decent citizens of Tecumseh and turned a deaf ear to their attorney when he appealed to them to settle this outrage peacefully, is just an inverted form of arrogance with a big dose of hypocritical condescention thrown in the full measure of sly insult to the intellectual and cultural level of the people of Tecumseh.

If we do not protest we shall continue to be put upon by all sleazy racketeers to much "popularity" is the slugging and promoting of mediocrities and chicanery.

The cult of this group promoting this engima is a thinly disguised form of Communism or one track thinking.

The much heralded dictatorship of the proletariat with headquarters in Moscow.

We have too much caricature and not enough character in our Village leaders. That is why we the people must clean house, anyone connected with this poison program.

We the people demand a vote by ballot on this issue and all connected with it. You then will know the result.

NOTICE OF CHARTER COMMISSION MEETING SUBJECT: AMENDMENTS

Special meeting of the Charter Commission of the City of Tecumseh, Michigan held at the council rooms of the Village of Tecumseh on this twelfth day of November 1953, at which all nine members of the Charter Commission were present and participating.

Commissioner Campbell proposed and moved the adoption of the following amendments to the charter of said City of Tecumseh, heretofore unanimously approved and adopted by said Charter Commission, namely:

Chapter 2, sec. 2.3 (f) shall be and is hereby amended to read as follows: "The establishment and vacation of streets, alleys, public ways and other public places, and the use, regulation, improvement and control of the surface of such streets, alleys, public ways and other public places and of the space above and beneath them;" (this amendment strikes out the words, "whether such be located within or without the limits of the City").

Chapter 3, sec. 3.5 shall be and is hereby amended to read as follows: "The elective officers of the City shall be seven councilmen and a Justice of the Peace, all of whom shall be nominated and elected from the City at large.

At each regular City election there shall be elected four councilmen and such additional number as may be required to fill vacancies pursuant to the provisions of sec. 5.7. The three receiving the highest number of votes shall each be elected for a term of office of two years, the one receiving the fourth highest number of votes shall be elected for a term of office of one year, and a number equal to the number of vacancies being filled (if any) who shall receive the next highest number of votes in order shall each be elected for a term of office of one year. The terms of office of councilmen shall commence at 7:30 P.M. on the Monday next following the regular City election at which they are elected.

At the regular City election in 1955 and every fourth year thereafter there shall be elected one Justice of the Peace for a term of four years commencing on the fourth day of July next following his election."

Chapter 18, sec. 18.1 (6) Registration, shall be and is hereby amended to read as follows: "The persons designated to act as inspectors for the first election, and named in its meeting of October 27th, 1953, shall constitute a board of registration for the purpose of making the first registration of qualified electors (voters) in the City. Said board shall be authorized to procure the necessary books or files and forms to conduct such registration. The last day for registration shall be November 14th, 1953, the thirtieth day preceding the election. The board of registration may on such last day for registration procure from the Village and Township Clerks the records of the Clerk of the persons who are registered Village electors and Township electors residing in the City of Tecumseh and shall incorporate such records with their records, and shall cause all such persons to be registered as City electors in the same manner as though such persons had then and there applied for registration, and all such persons shall be deemed to be registered as City electors. Subsequent to the election, the registration records shall be delivered to the Clerk."

Chapter 18, sec. 18.2 (2) Terms, shall be and is hereby amended to read as follows: "The three candidates for council who receive the three highest numbers of votes shall be declared elected for a term beginning on Tuesday, January 5th, 1954, and ending on the Monday next following the date of the regular City election in 1956. The four candidates for council who receive the fourth, fifth, sixth and seventh highest numbers of votes shall be declared elected for a term beginning on Tuesday, January 5th, 1954, and ending on the Monday next following the date of the regular City election in 1955. The Justice of the Peace who receives the highest number of votes shall be declared elected for a term beginning on Tuesday, January 5th, 1954, and ending on the fourth day of July 1955. After this election the provisions contained in this charter relative to elections and terms of elective officers shall govern." (to correct typographical errors).

Foregoing motion was supported by Commisison Member Smith, who also moved that the foregoing amendments be voted upon collectively.

First, the motion to vote collectively was unanimously adopted.

Second, the motion for the adoption of the foregoing amendments (voting collectively) was unanimously adopted.

Thrill Maker from start to stop (That's T.T. Dynaflow*!)

SOMETIME soon—like this week—you ought to try a Buick with Twin-Turbine Dynaflow.*

You ought to try it just to be familiar with the great advance in this fully automatic transmission that Buick engineers have accomplished.

You ought to try it just for the fun of bossing a drive where you don't do a blessed thing but steer and press the gas or the brake pedal as you go.

But, pure and simple, you ought to try it for thrills.

We mean the thrill of instant getaway response—with *two* turbines doing the job that one did before.

We mean the thrill of whisper-quiet acceleration—where you barely hear the sound of power build-up, or of flowing oil at work.

And, most emphatically, we mean the thrill of perfect and sublime smoothness from start to stop—the thrill of moving from standstill to and through all travel ranges in one, progressive, infinitely smooth forward "carry" without a gear ever shifting or a clutch-pedal pushed—the thrill, rarely found elsewhere, of silky smoothness in *deceleration,* too.

Will you be our guest at a sampling of a Buick with TT Dynaflow?

Will you try the sweetest, the smoothest and the simplest-to-operate automatic transmission yet devised—and powered by the highest-compression engines in Buick history, including the world's newest V8 in SUPER and ROADMASTER models?

Drop in on us this week and we'll be happy to accommodate you.

It's Trade-In Time for a Better Deal

You'll be thrilled with the top allowance we will make on your present car. Come in and see us for the happy news—now. We can give you immediate delivery.

D. A. R. CHAPTER

An interested group of D.A.R. members and guests met Friday evening in the Episcopal parish house to listen to John R. Hood, conservation consultant of Lansing speak on gaining an understanding of the land and on the problem of conserving our resources.

Mr. Hood, a native of Minnesota, praised highly the natural beauties of Michigan, enforcing his comments with colorful pictures of our out-of-doors. A period of question and answers followed which showed the keen interest of his listeners.

A Christmas collection was taken for a needy school in the southern mountains.

Refreshments were served from a lace covered table on which a horn of plenty poured forth a beautiful display of fruit and flowers. Mrs. Arthur H. Brown and Mrs. Fred C. Dickinson presided at the tea and coffee trays. Mrs. Cecil Smith and Mrs. Neil Pearson were joint chairmen of refreshments.

AUXILIARY TO ENTERTAIN FOREIGN GRADUATE NURSES

During the weekend of Dec. 11 to 13 Herrick Memorial Hospital Auxiliary will entertain a group of sixteen foreign graduate nurses who are taking advanced work at Wayne University School of Nursing, Detroit. They are natives of twelve countries, Formosa, Panama, Sweden, Haiti, Japan, Lebanon, Philippines, Indonesia, Dominican Republic, Greece, Thailand and Puerto Rico.

These young women, outstanding in scientific fields in their own countries, are in the United States for special training and will be in Tecumseh to gain an insight into the life of a small town and rural community. They will be entertained in the homes of auxiliary members and taken on conducted tours to points of interest.

RECEIVE PAINTING

The children's room at Herrick Memorial hospital has received the gift of a painting done by Howard Ashleman, art director for Ross Roy Inc., Detroit. It is a clown picture which will enchant the children and is received through the courtesy of the Detroit Art Directors' Club, because the local hospital is a member of the Detroit Area Hospital Council.

VISIT THE HERALD

Recent visitors at The Herald office were Mr. and Mrs. N. C. Gilbert, who are spending several weeks in this vicinity compiling historical and biographical material for a projected history of Michigan to be called, "History Through the Centuries." They have found local names of especial interest as their home is in Shawnee, Oklahoma, Pottawatamie county, and a neighboring town is Tecumseh, Okla.

Like our own, that Tecumseh is also an old town for the locality, having been an old Indian town to which Friends church missionaries came at an early date. It is the site of an interesting Indian cemetery and an early government school was established there for the Indian children.

MONDAY CLUB

Mrs. Thomas O'Hara entertained forty-five members of the Monday Club for their November meeting, Monday afternoon. Mrs. Earl Greene was program leader and introduced as the speaker, twelve year old Max Smith Jr. who held the interest of the audience with his account of the National Jamboree of Boy Scouts held in southern California this summer.

The religious thought of the day was in keeping with the program, being the reading of the Scout oath. Reports were given by some of the nineteen members who attended the County Federation meeting in Adrian recently, and Mrs. W. G. Waldron was appointed a committee of one to conduct a survey of local doctors regarding the cancer examination program.

As the Monday Club is to celebrate its sixtieth birthday anniversary around the first of the year, it was voted to ask members to contribute to a silver offering at the December meeting to defray expenses of that celebration.

METHODIST ACTIVITIES

Members of the Methodist Sunday School are to hold a skating party at Sand Lake Monday, Nov. 23 from 7 to 9:45 p.m. The party is a sequel to the fund raising campaign for a mimeograph for the church. The public is invited and tickets may be purchased from any member of the Sunday School.

The monthly family potluck dinner at the church will be held on Sunday at about 12:45, following the morning service. This will give members of the congregation who so desire, an opportunity for a leisurely fellowship together. A Thanksgiving program will be enjoyed following the dinner, climaxing with a short program of colored slide pictures.

SERVICES TUESDAY FOR MRS. BENJAMIN CHASE

Minnie Burgess Chase, wife of Benjamin F. Chase, 306 W. Logan St., died Saturday morning at her home. Although she had been in failing health for more than a year, her death was not expected.

Mrs. Chase, 73, was born Aug. 12, 1880, in Bankers, Mich., the daughter of John and Louise Eddy Burgess. Mr. and Mrs. Chase have made their home in Tecumseh for the past 23 years.

She is survived by her husband; a daughter, Mrs. O. A. Dow, Hillsdale, and four grandsons, Duane, Orlando, Fla.; Wendell, Austin, Mich.; Marlin, Hillsdale and Alger, who is stationed with the U.S. Army at Fort Knox, Ky. She was preceded in death by her parents and a son, Lavern.

Funeral services were held for Mrs. Chase at 1 p.m. Tuesday at the Green Funeral Home with the Rev. B. O. Bashore officiating.

The bearers were Owen Dow and Guy Meyers, Hillsdale and Mrs. Chase's four grandsons, Duane, Wendell, Alger and Marlin Dow. Burial was in the cemetery in Bankers.

LET US THANK GOD

Tecumseh Will Pause Thursday In Annual Thanksgiving Observance

Tecumseh will pause Thursday to enjoy traditional turkey dinners, happy family reunions and solemn moments of thanksgiving.

For along with the rest of America, families here will bow heads and speak praise to Almighty God for the many blessings which are ours — just as the pilgrim father did in the pioneer wilderness of a long-ago November Thanksgiving day.

Business activity will come to a halt for the annual holiday, though the Post Office will be opened from 2:30 to 4:30 p. m. for boxholder service. Postmaster Jack Metcalf said a lone mail pick-up will be made in the downtown district at 3:30.

Most stores will close on normal schedule Wednesday evening, however some food markets will stay open later for the convenience of last minute Thanksgiving shoppers.

Schools will be closed Thursday to allow students to spend the day with their families. The brief Thanksgiving vacation from classes continues through Friday and over the weekend.

A Union Thanksgiving service will be held Wednesday at 8 p. m. at the Assembly of God church, ministers of the Ministerial Association taking part. The sermon will be by the Rev. B. O. Bashore and special music has been arranged by the Rev. L. H. MacPherson.

The Rev. Fr. Thomas Collins will celebrate Mass at St. Elizabeth's Catholic church Thanksgiving morning at 8:30 o'clock.

Services will also be held Wednesday evening at 8 o'clock at the church of the Christian Science Society on N. Union street.

A Thanksgiving Day Holy Communion will be held at St. Peter's Episcopal church at 10 a. m. Thursday, the Rev. E. C. Dickin in charge.

Grace Lutheran church will have services at 10:00 Thanksgiving morning, the Rev. A. Jeschke conducting.

Probably one of the largest family Thanksgiving gatherings in southern Michigan will be that of the Leutheuser clan annually attended by the George Schumm family. Held at the restaurant on US-112 in Chelsea operated by their son Fritz Schumm, there will be at least fifty present from Detroit, Wayne, Onsted, Somerset, Saline and Lansing. Entertainment will be furnished by a guest from Lansing, George Buboltz, and an additional guest will be a German exchange student now living with a family at Lake Odessa and a far-a-way relative of Mrs. Schumm's family.

As has been their custom for the past eighteen years, a group consisting of the Misses Edith Ingersoll, Mary Whitelock, Ethel Garlinghouse, Ethel Keyser, Clara Waldron, Lillian Cannon and Mrs. Lena Moiles will celebrate Thanksgiving together, this year at the home of Miss Whitelock. Since their first cooperative dinner at Miss Ingersoll's in 1935, the group, which has, of course, varied somewhat over the years, has met on all seasonal holidays for dinner and a serious session of double twelve dominos.

Mr. and Mrs. Fred Sheldon will be dinner guests of their daughter and family, Mr. and Mrs. Vaughan Curtis of Adrian, whose son and family from Detroit will also be present.

Mrs. B. B. TurnBull will spend Thanksgiving day with a granddaughter and her husband, Mr. and Mrs. Jack Winters in Saginaw.

Fred Swan and his sister Dr. Mary Swan will be guests of Mr. Swan's daughter and family, Mr. and Mrs. Francis Langthorne in Detroit.

The Satterthwaite family and Mrs. R. K. Anderson will join the Harold Nasers, their party being augmented this year by Mr. and Mrs. Joseph Satterthwaite and daughter Ruth. Mr. Satterthwaite will arrive Wednesday from New York and will be here only over the holiday.

Mr. and Mrs. Edward Boss will go Thanksgiving Day to Huntington Woods for a family party at the home of Mrs. Boss's brother and family, Mr. and Mrs. Ralph Houghton.

Mr. and Mrs. Harold Gove will entertain their family at their farm home west of town. Those present will be Mrs. Nettie Gove, Mr. and Mrs. George Kielwasser of Ann Arbor, Mr. and Mrs. Loren Campbell and children and Edwin and Harold Gove and their families.

Mr. and Mrs. Edward Leighton will have as guests Mr. and Mrs. Larry Kendall of Allen Park and Mrs. Maxine Wilson and children.

Mr. and Mrs. Herbert Murphy will entertain the VanWinkle family Thursday, including Mr. and Mrs. Hugh Mark and daughter of Manchester, Mr. and Mrs. Ronald Rossman and daughter of Detroit and David VanWinkle, who will be home from college in Ypsilanti.

Mr. and Mrs. Edward Escolme will go to Cleveland to spend the holiday with their daughter and husband, Mr. and Mrs. Donald Johnson.

Miss Carolyn Comfort will be home from Wheaton College to enjoy Thanksgiving with her parents, Mr. and Mrs. Ralph Comfort.

Thanksgiving Day dinner guests of Mr. and Mrs. Neil Pearson will be their children, Curtis Dolan and Mr. and Mrs. Gordon Pearson, Detroit and Mrs. Ella Louise Brandt and sons.

David Lott Sk/2 will spend the Thanksgiving recess with his parents, Mr. and Mrs. John Lott and grandmother Mrs. David Beck. He comes from Gorton, Conn., where he is now stationed as an instructor at the Coast Guard Training Station.

Mr. and Mrs. George Hay and Mr. and Mrs. Kenneth Heflin are leaving Wednesday for Gladwin, where they will spend the holiday weekend deer hunting.

Elmer Bryan and Wayne Patton are also spending the weekend in northern Michigan at South Branch deer hunting.

Thanksgiving Day guests of Mr. and Mrs. E. J. Aebersold will be their son and wife, Mr. and Mrs. William Aebersold and her parents, Mr. and Mrs. Maurice Baldwin of Pontiac, and Mr. and Mrs. H. K. Smith and children of Tecumseh.

Mr. and Mrs. Elman Service of Ann Arbor will come Wednesday afternoon for the Thanksgiving recess with his father Duaine Service and Mrs. Service.

BUSINESS WOMEN WILL COLLECT YULE GIFTS FOR WORTHY CAUSE

"Let's Give Thanks" was the theme of the November meeting of the Business and Professional Woman's Club Monday evening. Dinner was served in the Fellowship Center by the Westminster League at tables appropriately decorated with yellow candles and chrysanthemums.

The important items of business were decisions to send money for dues to the Child and Public Welfare Fund and to collect Christmas gifts for a worthy cause. Further information regarding type of gifts may be obtained from Miss Alice Hopkins and Miss Gertrude Spaulding and donations should be taken to French's Market.

Mrs. Reginald Dixon reported on the "clean-up" campaign posters made by school children and club members commented on their clever design and expressed their appreciation of the work of Mrs. Westdyke and her pupils.

A sale and auction of Christmas gifts netted the club $31.00.

Mrs. Purnell Osburn and Mrs. Homer Colson were in charge of the musical program which included piano selections, three accordion numbers by Joe Caruso and group singing of songs of the season with Mrs. Margaretta Brisbin at the piano.

Hostesses of the evening were Mrs. Ruth LaPrad, Mrs. Margaretta Brisbin and Mrs. Dixon and 46 members were present with three guests.

The Christmas meeting, Dec. 28, will be held at the Baptist Youth House with Miss Marie Koernig, Mrs. Myrna Tingley and Miss Myrtle Mattis as hostesses.

MANY EARLY CHRISTMAS SEALS PURCHASED HERE

Mail, sprinkled with tuberculosis Christmas seals told its own story this week as Tecumseh moved to support the campaign against TB. Many also took part in the now traditional competition to be the "first" to purchase Christmas seals.

The Michigan Tuberculosis Association released this list of first Christmas Seal buyers of 1953 in Tecumseh: Meyers Aircraft, Ellsworth Collins, Ralph Comfort, Parrett Nursing Home, Mrs. Anna Haughn, Vern Manwaring, Mrs. Ben Hammack, John Hamilton, Partridge Implement Co. and Miss Ann Carson.

A child, singing lustily and a red double-barred cross, emblem of the voluntary TB battle are highlighted on the 1953 seal of the Michigan Tuberculosis Association.

LOW ENROLLMENTS HAMPER ADULT NIGHT SCHOOL PROGRAM

Early enrollments for Tecumseh's adult education night school are so far "inadequate to justify the program," Supt. James McDowell announced, though more interest is expected Monday night when classes officially get underway.

McDowell said, "Tecumseh public schools are attempting for the first time to offer a more well-rounded adult education program hoping that it will meet the needs of the general public more adequately.

"Two semesters of study are offered with a well-rounded staff of qualified teachers."

The superintendent said that registration this week is "far below the needed amount to support the program, but one more opportunity for enrollment will be given to fill the classes."

Adults who wish to participate but who have not yet enrolled may do so at the initial class meeting Monday night, Nov. 30, 7:00 p. m. Registration can be made at room four in the high school.

Delmar Crisp, director of the night school program, will be on hand in hopes of filling all classes which are offered. Courses will be dropped which have inadequate enrollments.

In reviewing the program, Crisp said that only dressmaking classes have been filled. There will be no classes in slipcovering or drapery.

There is a need for three more couples in square dancing. Six more people are needed in oil painting; three more are needed in general shop; three more are needed in advanced typing; two more are needed in refresher shorthand.

The advanced bookkeeping class has been closed. A beginner's bookkeeping class will be offered if six more enroll. Six more are needed in beginning typewriting.

"It is hoped that this program will receive greater support by the public," Crisp said, "as it is a distinct step forward in adult educational opportunities for the general public."

Air Patrol Plans Cadet Training

Following a regional Civil Air Patrol conference in Cincinnati, Tecumseh squadron commander Elmer Burleson announced an extensive cadet training program for youthful aviationists and ground crewmen.

Along with Commander Burleson, the local CAP squadron was represented at the Cincinnati conference Saturday and Sunday by Capt. Leslie Calhoun, Lt. Andrew Roe, Lt. Douglas Hall, Lt. Forest Abner and Lt. James Smith.

The group flew with other CAP officers from southeastern Michigan. They departed from Wayne Major airport, Detroit, in three C-46 planes.

Burleson reported increased interest in CAP activity in Tecumseh. The squadron is currently meeting on the third floor of the Sage building while a permanent headquarters is under construction near Meyers Aircraft. A new VHF transmitter and receiver has been added to the squadron's communications equipment.

New members have been invited to join the squadron, especially the cadet program whose benefits the commander outlined as follows:

- Aviation education to include the social, political, economic, international and vocational facets of aviation as well as an introduction to such aviation subjects as meteorology, theory of flight, navigation, aircraft engines, etc, for the purpose of developing an informed and air-minded citizenry.
- Training in citizenship, character guidance and development, leadership, drill and exercise of command through self-government in the cadet organization and participation in cadet activities.
- Familiarization with the CAP and USAF—their objectives, organization and inter-relationship.
- An opportunity for aviation and related occupation career exploratory activities.
- Participation in a variety of CAP cadet aviation and social experiences, including flight orientation and where appropriate, senior activities, for the enrichment of the individual cadet's experience.

TO CONDUCT SERVICE

Dr. and Mrs. Perry Rawson and family of Addison will conduct the Sunday evening meeting at the Friends church at 7:30. The Rawson family has recently returned from Belgian Congo and Dr. Rawson will show slides and tell of his work there.

"M" COACH SPEAKS AT ANNUAL FOOTBALL BUST

Tecumseh high's coveted "T" for varsity football was awarded to 19 gridders Tuesday night by coach Lester Runk.

Speaking at the annual gridiron bust in the high school cafeteria, Runk praised this year's squad for "sportsmanship and determination."

He presented letters to seniors Roger Butler, Arnold and Harry Withrow, Alroy Vanderpool, Joe Gregory, Albert Hart, Tom Baldwin, Jim Whitecotton, Max McLaury, Doug Hooten, and Bill Benham.

Juniors, Tom Neitling, Philip Stutesman, Dennis Farley, Bill Scutt, Jim Bowser and Charles O'Neill; sophomores, Bob Benham and Bill Brown.

Val Spangler, Jack Purcell, George Tilton and Gary House were members of the varsity squad during the latter part of the season, but were presented junior varsity awards.

Manager letters were presented to Duncan Harris, Doug LeFevre and Jon Smith.

Junior varsity coach Don Brazee presented JV letters to Jim Mack, John Arft, Ed Lewis, Bill Hansen, Don Partridge, Jim Jackson, Bob Manley, Larry Hooten, Ronald Gurtzweiler, Jim Purkey, John Cadmus, Bob Rutherford, Ray Nichols, Ray Larned, Jim Dewey, Glen Hamilton, Harold Tilton and Gary Marsh.

Ceritficates of achievement were presented to John Naser, Warren Naugle, Gary Cameron, Bill Newell, Dean Andrews, Neil O'Hara, Raymond Aylesworth, Charles Foreman, Fred Deaner, Barry Packard, Ronnie Micksell, Bill Spreeman, Jim Armstrong, Ed Covell, Roger Palmer, Bill Lopshire, Tom Maupin and Dave Merillat.

Athletic director Victor Lawson recognized the increased interest in football as sixty boys participated in the new junior high grid program this fall. Assistant coach Carl Hale reviewed his first year of working with the Indian squad.

Following a dinner for players and their parents, toastmaster Jim McDowell introduced Bill Orwig, U of M assitant football coach and scout who told how competitive sports build a better young America. He showed pictures of the Michigan-Minnesota game.

STORES CONTINUE TO REMODEL, REDECORATE

Another Tecumseh business began extensive redecoration and remodeling this week, when the Candy Kitchen temporarily closed for an interior face-lifting. It will be reopened soon.

Consumers Power announced the completion of its interior redecoration program with the installation of new office equipment and fixtures.

Also this week, C. O. Butler said that Butler Home & Auto Supply stock has been sold out except for tires which Butler Motor Sales will continue to handle.

Five months' writing, revising and rewriting what municipal government and State of Michigan officials praise as the "most nearly perfect possible" charter for the proposed City of Tecumseh, is offered this week to the local voting citizens for reading and approval.

An official copy, approved by Governor G. Mennen Williams is enclosed as part of this week's Herald.

The document represents the sincere efforts of the nine man charter commission which selected the council-manager plan, popular in many other Michigan communities which have changed in recent years from the village to city form.

A few of the high points of the charter are summarized here for easy understanding and reference.

1. **Up-To-Date Organization.** Replaces a charter over fifty years old, and makes use of the knowledge about good city government gained since that time throughout the country.

2. **Adoption of Manager Plan.** Provides for the most frequently adopted, the most modern, the most democratic, the most economical and the most efficient form of municipal organization known: The council manager plan.

The complete responsibility for city affairs is centralized in an elected commission of seven, each of whom has identical authority and responsibility. The policies of this council are carried out through a city manager, appointed by the council and responsible to it for the management affairs. The manager's duties and powers are fully defined and limited in this charter, and he holds office under the directives of the council.

3. **Small Governing Body.** Provides for a city council of SEVEN members — an ideal number for a city the size of Tecumseh. This number is large enough to provide representation for different viewpoints, yet is small enough to be manageable.

4. **Non-Partisan. "At-Large" Elections.** Provides that city elections will be non-partisan. This means that city officers will continue to be elected on the basis of local interests and issues and not because of some unrelated national political party affiliation — a proven proposition retained in the new charter.

The entire city will constitute ONE WARD; therefore, you will be voting in city elections for all seven councilmen and all seven will represent you.

Candidates for offices will be nominated by petition.

5. **Few Elected Officials.** Eliminates a great many popularly-elected officials. The voter need only concentrate on electing a good city council and one Justice of the Peace. The clerk, treasurer, and assessor will be appointed by the manager with approval of the council. The supervisors and the city attorney will be appointed by the council.

6. **Broader Powers.** Incorporates the City of Tecumseh under a so-called "Home Rule" charter. This gives the city many additional powers which it did not enjoy under the old Village charter. At the same time, the new charter retains all of the powers of the old charter.

7. **Public Safeguards.** Provides for the traditional democratic rights and safeguards of INITIATIVE and REFERENDUM by Petition signed by not less than ten percent of the number of registered electors of Tecumseh as of the date of the last regular city election. In this manner ANY cause of dissatisfaction with affairs as conducted by the council may be forced to a rapid and fair election by which the people will have an opportunity to overrule any action of the council or manager.

8. **Flexibility.** Outlines a definite governmental organization, but allows enough flexibility to permit the elected commission to keep the city government abreast of future needs and developments. For example, the commission has the right to combine any of the administrative positions provided for in the charter, if one position does not warrant a full-time employee.

9. **Merit System.** Provides that appointments, promotions, and removals of city employees shall be based upon personal qualifications and performance of duty without reference to political or religious preferences.

10. **City Assessments.** Insures uniformity of city assessments by having all assessments made by ONE appointed assessor. An appointed assessor will be employed on the basis of his knowledge of assessment work.

11. **Financial Organization.** Provides for a clear, efficient, and up-to-date financial system: (a) Centralized purchasing is required, giving the city the advantage of low-cost buying; (b) an annual budget must be prepared by the manager and approved by the commission; (c) the city's borrowing power is reasonably limited; and (d) there are definite rules and limitations on entering into contracts.

Methodists Plan Yule Festivities

All circles of the Methodist Woman's Society of Christian Service and youth groups will participate in another Christmas Tree Lane this year which will be held in the church Friday and Saturday, Dec. 4 and 5.

There will be shops along the lane where one can buy aprons, linens and fancy goods, handwoven rugs, Christmas greens, stationery and Christmas cards. Other attractions will be the scramble table, the talent table, the sweet shop, the bakery, Grandma's grab bag and the used comic book section. A special feature on Friday will be a luncheon which will be served to the public from eleven-thirty until one o'clock. The shops will be open from noon until four o'clock on Friday and from ten until five o'clock on Saturday.

On Saturday afternoon a Christmas Tea will climax the festive occasion from two until four o'clock. An appropriate musical program will be presented during the tea. Also, another children's Christmas story hour will be arranged at which time the children will be the guests of the Woman's Society, the exact time to be announced later.

Mrs. Robert Bonner is president of the Woman's Society and Christmas Tree Lane is arranged by Mrs. Clarence Beach, secretary of Christian social relations and local church activities, with the assistance of circle presidents and committees. Proceeds will go into the church fund for repairs and improvements of the buildings.

Another important festivity will be the smorgasgord to be held on Saturday, Dec. 12, with Mrs. T. Rentschler as chairman. This affair will be open to the public.

Editorials

WE CAN BE THANKFUL — At a time when we are horror-stricken at the atrocity reports from Korea, frustrated by the roadblocks in the way of Korean peace, disgusted with apathy of our European partners toward their own salvation and sick at heart over the sell-out of our own trusted public servants to Communism, it may seem we haven't much for which to raise paeans of Thanksgiving.

But we can still agree that the Pilgrims sparked one of the world's great ideas when they decided to risk their lives and assume unpredictable hardships in an all-out sphere. And if that resolute band who survived the first winter on a more desolate coast than they had headed for, in a more rigorous climate than they expected, and hemmed in by the most savage of all the aboriginees in North America, felt the urge to give thanks to the Almighty . . . then so, perhaps, should we.

We can be thankful that the way of life they founded has thusfar been preserved to us. We can be thankful for the bounty of our land. We can be thankful for the progress in the arts, in science and in industry that have given the nation strength, and brought the economic equality of man closer than in any other land. We can be thankful that we still pray to the God of the Pilgrims.

But, in giving thanks, we should pray too for courage, for intelligence, for renewal of the richest bequest of our forefathers — the spirit to conquer. For we shall need the utmost courage to retain our freedom in this world-divided. We must have courage to spare — for those nations where the flame is dying, and only the embers of freedom glow. We shall need the intelligence to make full and proper use of the bounty of our fields, so that it shall not be wasted, and destroyed — as it has been — while millions hungered. And we shall need to continue and advance our efforts to make more and better things for more people . . . for that is the true road to peace.

Above all, we can give thanks that these opportunities are still ours.

Letters To The Editor

Editor, The Herald:

My views: By Grenval W. Spangler, candidate for election to the new city Council.

Fluoridation:

I feel the good intentions of Mr. Herrick, the village council and other individuals were misguided. I feel the introduction of the fluoride to the water system without a majority decision was an unnecessary invasion of the individual's rights. I feel the present method of introduction of the fluoride to the water system would always be impractical with present piping arrangement due to the very high ratio of industrial and commercial usage to the domestic usage. I feel under these circumstances there must be a more practical method of application that would leave the choice more to the individuals affected.

Community Planning:

I believe the City Council should lead in securing the cooperation of the school district and other community groups in completing plans for community growth and progress.

Charter and Council:

I remommend the adoption of the proposed new city charter and the election of people to the council who will endeavor to keep the council responsive to the will of the majority of the people and still consider the needs of the minority.

I feel the city council membership would be representative of a truly cross-sectional viewpoint.

I would suggest that you vote only for the people you are sure you want on the council.

Grenval W. Spangler

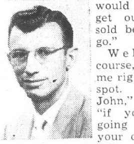
"Why isn't my house selling?" a friend asked the other day. "We have to leave town in another month and we would like to get our place sold before we go."



Well, of course, that put me right on the spot. "Look, John," I said, "if you were going to sell your car, what would you do first?"

"I guess I'd have it cleaned and polished, all the dents taken out of the fenders," he replied.

"Sure you would. Most folks do. But you'd be surprised how many fail to get their house in top shape for selling. Yet they have much more money invested in their house than in their car."

"I get the point," he said with a grin. "I'll make it as attractive as possible. And fix up the screen door and shutters. May even paint it inside and out."

Two weeks later we sold the house. It looked attractive, like a girl about to have her picture taken. And it appealed to several buyers.

Let us help you sell your property. Call 36.

"FACTS ABOUT FLUORIDATION"

In January of 1945, sodium fluoride was added to the water supply in Grand Rapids, Michigan to bring the fluorine content up to 1 part per million.

Muskegon, a fluorine-free city with the same water supply, Lake Michigan, was used as a comparison city to measure any reduction in the decay rate.

IN 1950, AFTER 5 YEARS, THE RESULTS SHOWED THAT THE 6-YEAR-OLDS IN GRAND RAPIDS HAD 65% LESS DECAY IN THEIR PERMANENT TEETH THAN THE 6-YEAR-OLDS IN MUSKEGON.

In 1951 the comparison study between Grand Rapids and Muskegon was ended — SINCE MUSKEGON INSISTED UPON FLUORIDATING ITS OWN WATER SUPPLY.

In the Grand Rapids - Muskegon study, physicians maintained a continuing medical check of the growth and development of the children. Regular, scientifically controlled examinations were made of the bone structure, eyes, ears, blood and urine. NO HARMFUL EFFECTS WERE NOTED!

5 ROOMS • 2 STORIES IN AN ECONOMICAL PLAN

By keeping the basic floor plan close to a square and specifying standard building materials, the architect of this attractive two-story home has planned for economical construction. There are five spacious, comfortable rooms in less than 1200 square feet. The simple lines of the exterior are enhanced by the use of Western Red Cedar shingles combined with flush siding. The built-in flower boxes add a gay note of color.

You will find this new home, with larger plans and views of living room and kitchen, among the scores of other modern designs in our Weyerhaeuser 4-Square Home Building Service.

Every home in this Service is architect-designed and Weyerhaeuser-engineered for sound, durable construction.

Every home in this Service illustrates the principles of good design and good construction. Come in and study them. We will gladly help you with your planning. Blueprints are available for all designs.

Due to the closing of the Legion Home this week, the dancing classes of Miss Nancy Randall will be held in St. Elizabeth Parish House on Chicago Blvd.

Mr. and Mrs. Roscoe Ferris and Mrs. Harold Sage were in Toledo, Friday.

Mr. and Mrs. Al Helzerman and Ralph Jr. accompanied by Leland Randall went to Deer Lake, Saturday where Dr. and Mrs. Ralph Helzerman are at their cabin. Wednesday, Mr. and Mrs. Robert Randall and Marilyn Helzerman will join them for Thanksgiving and Saturday Mrs. Randall and son Paul and her sister and husband Mr. and Mrs. Anthony Krzyaniak of Ann Arbor will go for the weekend. Word has been received that Dr. Helzerman shot his deer last week.

Edwin Gove had a short vacation in the north woods getting a six point buck during a three-day stay at Lewiston last week. He was accompanied by Edward Marine of Holloway and the party was joined later by Marvin Wegner.

Mendal Decker spent the weekend in Meadsville, Pa., with Mrs. Decker and family.

Mr. and Mrs. Lee Kelley were weekend guests of their son and family in Harrison.

Donald Bement spent the weekend in Detroit.

Mr. and Mrs. James Turpin visited her sister in Jackson, Saturday.

Mr. and Mrs. M. R. McClain were weekend guests of relatives in Columbia City, Ind.

Mr. and Mrs. Lyman Curtiss spent the weekend in Allen Park, guests of their son Owen Curtiss and family.

Mr. and Mrs. Chester Beach and Mr. and Mrs. Leon Williamson attended the football game in Ann Arbor Saturday. Sunday Mr. and Mrs. Beach entertained his parents, Mr. and Mrs. Curtis Beach of Ridgeway, honoring the birthday anniversary of Mrs. Curtis Beach.

Mr and Mrs. M. F. Garrison and Mr. and Mrs. Paul Smith of Independence, Mo., were weekend guests of Mr. Garrison's parents, Mr. and Mrs. L. G. Garrison. They attended the football game in Ann Arbor Saturday and all returned home Sunday.

Mr. and Mrs. Arthur Wilson of Ann Arbor spent Sunday at the home of Mrs. Anna LaPointe and daughter, Bertha. Mrs. Wilson will be remembered by many in Tecumseh as Miss Mildred Sutherland, a former teacher in the local schools.

Don Bammer is spending the week in St. Louis, Mo., visiting his sister and family.

Mr. and Mrs. C. W. Allen were in Pontiac, Sunday for dinner with Mr. and Mrs. Oral Boussum. They were joined by their daughter and family, Mr. and Mrs. C. W. Boussum.

HONORED AT RECEPTION

Mr. and Mrs. W. G. Waldron and Mr. and Mrs. John Hamilton were hosts to sixty of their friends and relatives at the Waldron home Saturday evening. The occasion was a reception and shower for Pvt. Wilfred Waldron and his fiancee, Miss Louise Gale of Dalesville, Ind.

Miss Gale has set Dec. 26 as the date of their wedding which will take place at the Yorktown Methodist church, 6:30 p.m.

Music, which included an impromptu orchestra, vocal solos by Mrs. Wilbur Boyce and Mrs. Murray Day and a piano duet by Ruth and Julia Boyce, entertained the guests. Mrs. Maynard Mulvaney and Mrs. Harry Waldron presided at the tea and coffee urns at the lace covered table from which refreshments were served.

Mr. and Mrs. J. Harold Gale and son Wayne of Dalesville, Mrs. J. Harold Gale Jr. of Yorktown, Mrs. Maurice Gale of Muncie, Ind. and Mr. and Mrs. Harry Waldron of Howell were present from out-of-town.

PARENT-TEACHERS ASS'N.

A very harmonious and informative session of the Parent-Teachers Association was attended by nearly 100 members Thursday evening. The program, a round table discussion by the high school advisory teachers, was of special interest to the parents of the older students.

Lester Runk and Delmar Crisp explained the cooperative training program, David Dick the guidance program and driver training and Paul Burns showed slides of the work of the F.F.A. boys to illustrate his talk on the agricultural department.

Mrs. Wellington Wotring conducted a routine business meeting and Mr. Crisp told in detail of the Adult Education courses soon to begin at the High school evening sessions and invited all present and their friends to attend.

Refreshments were served by Mrs. Frederick Dickinson and her committee.

BRIDE-ELECT HONORED

A miscellaneous shower under the auspices of the ladies of the church was given Monday evening at the Friends church honoring Miss Betty Hayden, whose marriage to Kenyon Sprunger of Berne, Ind., will take place Saturday evening. An impromptu program was arranged and refreshments were served. Miss Hayden received many lovely gifts.

GARDEN CLUB ELECTS OFFICERS

Mrs. Harold Kelso entertained the Garden Club Friday afternoon with twenty-nine members present. Miss Inez Halladay and Mrs. Louise Kendall from Clinton were guests.

During the business meeting Mrs. John Thompson reported on the hospital landscaping project. She expressed herself as well satisfied with progress to date, since, due to the generous assistance of organizations, groups and individuals, the front foundation planting is virtually completed. However, there is more to be done on the remainder of the hospital setting and all contributions, no matter how small will be most welcome.

It was announced that the club is making plans for a garden center at the Public Library where books and magazines on gardening, landscaping and flower culture and arrangement will be readily available.

This being the annual meeting, officers for the following year were elected. Balloting resulted in the choice of Mrs. R. J. McCoy as president; Mrs. Victor Voorhees, vice president; Mrs. Earl Wickwire, recording secretary; Mrs. Leon Rosacrans, corresponding secretary and Mrs. Harold Kelso, treasurer.

The speaker of the afternoon was Mrs. Edith Cotton Smith, who displayed interesting and beautiful arrangements of dried natural vegetation, some in original colors, but many painted bronzed and gilded in lovely variations. She also conducted her audience on a memory tour of a "Country Mile" along the Macon road, contrasting it with its present condition and deplored the loss of the beautiful wild flowers and foliage due to the roadside spraying program.

The hostess was assisted in serving refreshments by Mrs. R. J. McCoy, Mrs. Paul Maves and Mrs. Mertie Waring. The next meeting will be a Christmas luncheon at the Country Club, with Mrs. L. W. Larsen in charge of arrangements. Reservations are to be made with Mrs. Leon Rosacrans.

STUDENT EMPLOYEE TO RETURN TO DENMARK

Ivan Hermansen, a student from Copenhagen, Denmark and an employee of the Tecumseh Products during part of his year and-a-half stay in the United States, will start the return journey to his native land the day after Thanksgiving.

In this country under the auspices of the American-Scandinavian Foundation student training program, he came first to Tecumseh in the summer of 1952. About the middle of the year he went to the University of California where he lived at the International house while studying business administration and working for an Oakland manufacturing company.

Mr. Hermansen returned to the Products company in September and now with both anticipation and regret is planning his return home. He will sail from New York on what is called the Christmas ship which carries Scandinavians back to their native land for the holidays. In this case it is a new Swedish liner on her maiden voyage.

A/3c Archie Gainey, son of Mr. and Mrs. Charles Gainey has entered Aircraft Mechanics school, Sheppard Air Force Base, Texas. Airman Gainey entered the Air Force in June.

Is That So!

By Miss Clara Waldron

(Second of two articles concerning the history of the Brewer-Fitzsimmons house.)

During its first twenty years, the house that is now the home of the James Beardsley family had six different owners. None of them seem to have left their names in the town records although Austin Waite, who may be presumed to have built the house in 1837, was briefly a member of the village council.

Then in 1858, it was purchased by Horace Brewer and owned by him, his son Albert and his granddaughter Mrs. P. W. A. Fritzsimmons for the next 86 years. During that time it underwent many minor changes but none in its essential design. There is a story that it was "entailed" with the stipulation that it should not be altered but good taste rather than legal restriction seems to have preserved it. A map of the village in 1857, shows just the main structure with no rear wing, so that rather extensive addition must have been made by the Brewers.

There is another legend about the house that makes it a station on the "underground railway" of pre-Civil War days. This is a story which could have been true although there is no known connection with that movement, so active in this vicinity. It has some foundation in a deep pit under the cellar floor — the traditional "slave hole." It is still there and whether it once hid run-a-way slaves or stored cabbages is now a matter for individual imagination.

There are extensive cellars, with odd passageways and various levels and with one of the very few remaining outside cellar doors, through which were carried the slabs of wood, bushels of vegetables and fruit and barrels of cider and molasses which were part of the lavish economy of those earlier days. "P.W.A.", who was of an ingenious turn of mind, increased the living space of the house by converting a part of the basement into a comodious "recreation" room — probably the first of its kind in town.

An interesting sidelight on the history of the house is the fact that Horace Brewer, its long time owner and Elijah Anderson, its carpenter-builder became partners in the early years of the factory that had so important a part in the business life of the town under the name of H. Brewer and Son Co.

Interesting, too, is the later tie between the two houses, built by the two brothers. Albert Brewer, son of Horace, who lived in the house Elijah built, married "the girl across the road," Harriet Hamilton, daughter of Dr. Increase Hamilton who lived in the house Elisha built. And if it sounds a little like the "House That Jack Built," that is the way with old houses and old families in old towns.

Grade School News

Mrs. Illeck
Grade 3

We are having a series of spell downs. We have had one with Mrs. Vallie's room and one with Miss Baker's. We were the winning team in the spell down with Mrs. Vallie's room. The spell down with Miss Baker's room ended with a tie score, so we shall have another match in the near future to try to break the tie.

In social studies we are studying about "Our Community." We were reading about the post office and its functions and so we thought it would be nice to visit our own post office. Mr. Metcalf and his helpers were very kind. We wish to thank them at this time.

We wish, also, to thank Mr. Neil Hunter for visiting our display case and talking with some of our children.

Our Halloween party was a huge success. Thanks to Mrs. Bishop and Mrs. Blanden. We certainly enjoyed the candied apples.

There are some beautiful big fat turkeys with colorful curly tails decorating our room for Thanksgiving.

We have several children absent. We hope they will be able to come back soon.

David Rangler has moved to Adrian. We are sorry he has gone. Now we have only 36 boys and girls.

Several children had birthdays this month. Mary Lou Hoot brought a birthday treat and Brian Packard brought us a treat. We always enjoy helping our classmates celebrate their birthdays.

Mrs. Van Winkle
Grade 2

Jerry Creger was eight years old a few weeks ago, so last week, joined a Cub Scout troop. Jerry is very happy about this and we are all happy for him. We are all looking forward to being Cub Scouts and Brownies.

Patty Roe and Mrs. Marx our gym teacher had birthdays last Tuesday. We surprised Mrs. Marx by giving her birthday cards that we had made and by singing "Happy Birthday" to her.

We are busy gathering seeds for a seed collection. We have found many different kinds. We have learned that seeds are scattered in many ways. Some have sails and are scattered by the wind. Some, such as the walnut and acorn, are heavy and just drop to the ground. Others are fluffy and float in the air. Then there are some that have little hooks and fasten on people and animals and are scattered about that way.

We have been talking about the "First Thanksgiving" our country had and have decorated our room with Pilgrims, turkeys and pumpkins. We're glad we live in America and we never forget to salute our flag and sing "America the Beautiful". We all feel so good and proud after we do so.

Mrs. Vallie
Grade 3

We were very happy to have Ronald Baxter's mother and Diane Mitzner's mother as visitors during Education Week. It was too bad that more of our mothers couldn't come, but perhaps they will be able to come later in the year.

The "Lions" reading group is working on a puppet show about "Brother Rabbit and Tar Baby." Letha Kimerer is working on the scenery; Jack Rutherford, Janice Hall, and Bobby Peck are making the Tar Baby; Bonnie Blaska and Sherry Packard are making Brother Rabbit; and Michael Deaner, Ronnie Baxter and Tim Sisson are working on Brother Fox.

The "Supermen" reading group read a story about a "Kitten Who Worked." They were interested to find a story in the newspaper about Melvin the Duck who works for a living, too.

After reading the story about "Sojo," the "Spartans" have decided that it is much better to do their own work rather than to try to get someone else to do it as Sojo did.

We felt quite badly about losing the spelldowns with Mrs. Illeck's room and Miss Baker's room. We're ready to try again tomorrow afternoon though, when we have our third spelldown with Mrs. Illeck's room.

Dorothy Updike
Kindergarten — High School

We wanted to see what a porcupine looked like so one day Phillip Barber brought us a fine picture of one. Now when we read our Cuffy Bear book we can really know about the Porcupine that he tried to get.

We like to take turns telling about the Pilgrims and the Indians. We have many interesting things in our room about them. Emily Manwaring brought us some beautiful feathers, just like the Indians wore in their hair. Cynthia Tater brought a little Indian doll and a picture that she cut out of a squaw and her baby. Tommy Drake brought his Indian canoe and Edward Brazee his tomahawk. Dexter Bailey let us enjoy his moccasins one day. Larry Wolf wore his Indian jacket to school. We put our names on the P.T.A. slips that invited our mothers and fathers to join. We have made a big poster with the names of those who sent their fifty cents and we hope that our room will have 100%. We would like to win the prize.

Many of our mothers visited us during Education Week and we enjoyed having them. The following mothers were here, Mrs. Brazee, Mrs. Runk, Mrs. Bailey, Mrs. Dick, Mrs. Hollar, Mrs. Kennel, Mrs. Tater, Mrs. Titley and Mrs. Wolf. We hope that they will come again and we would like to see the others some day too.

Mrs. Heimerdinger
Kindergarten

We have studied the Indians and their early customs. We have drawn pictures of Indians, and made tepees, head bands, drums, mocassins, and beads. We have also combined our number readiness with this unit by learning finger plays, songs, and dances.

From our Indian unit we went directly to the history of the pilgrims. We talked about the hardships of our forefathers, and the many things for which we should be thankful. We have a small log cabin in our room to remind us of our pilgrims.

We are learning to manuscript our names by copies which our teacher gives us. We hope to make our names without copies very soon.

Happy Thanksgiving everyone!

Miss Baker
Grade 3

We are keeping a weather chart for the month of November in our social studies class. We were very excited about the first snow but it didn't last long enough for us to use our sleds.

In language we have been giving reports to the class on various subjects. The class listens to the reports and then tells us our bad points — such as too many ands — as well as our good points.

We made a comic book about one of our stories in reading. They were fun to make.

We had a spelldown with Mrs. Vallie's room and Michael Rice won. We also had one with Mrs. Illeck's room but we tied. Now we are going to have another to try and break the tie.

Our room has horns-of-plenty, pumpkins and turkeys for Thanksgiving. We talked about all the things we are thankful for. We are thankful for more than turkey dinners and pumpkin pies. We are thankful we are Americans.

Happy Thanksgiving everyone.

ALTAR SOCIETY

A very successful card party was given last Wednesday evening in St. Elizabeth Parish Hall by the ladies of the Altar Society. The committee in charge was Mrs. Edward Golat, Mrs. Marie Gruber, Mrs. William Hansen and Mrs. Harry Hoffman. Eighteen tables were filled and twelve door prizes, all of which were donated by members, were awarded. Refreshments were served.

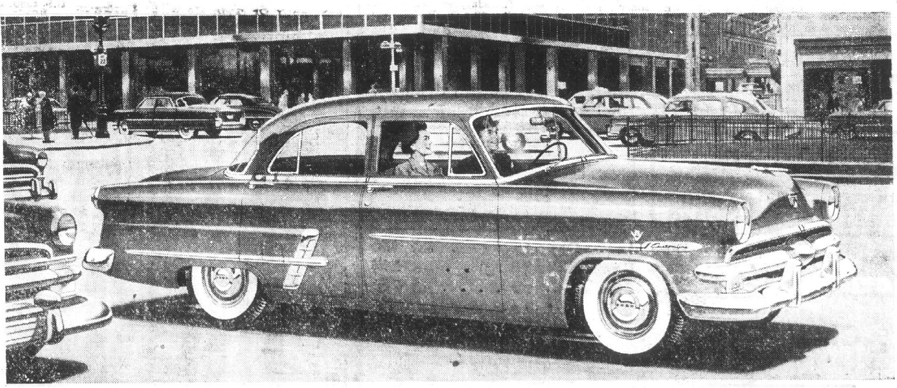
F.D.A.F.

Why the big swing
is to Ford! More than a million buyers decided on Ford this year . . . because Ford's

"worth more when you buy it . . . returns more of its worth when you sell it!"



They like it in traffic!

They're swinging to Ford for good reason. Only Ford in its field offers you a choice of V-8 or Six, with the smooth, agile performance you need for getting around in today's kind of traffic. You get a choice of three great drives . . . conventional, fuel-saving Overdrive or Fordomatic, the only automatic in Ford's field with an automatic intermediate gear for extra GO. You get the full visibility you want, too . . . the most in Ford's field.

They like it
in the hills!

Both V-8 and Six give you hill-flattening GO on "regular," thanks to the Automatic Power Pilot. And Master-Guide power steering, available on all V-8's, makes turning up to 75% easier yet retains the natural "feel" of steering on the straightaway.

They like it for ride,
for room,
and for just
plain good looks!

Front end road shock *alone* is reduced up to 80%! Ford's wide seats accommodate six, while the trunk is a whole suitcase bigger. And Ford's good looks speak for themselves.

To Share A Great Present . . .
To Help Build A Greater Future

These words keynote the solemn thoughts of this bank, its directors and officers as we pause for a moment to reflect upon our mutual growth with Tecumseh and Southern Michigan.

A bank must be many things to many people, but to all people it must stand as a bulwark of safety, security, financial assistance, leadership and progress. To those ends we have directed our most intense efforts during the past 20 years.

We humbly believe that these efforts have been rewarded so that today we stand as such a bulwark as we look forward to still greater progress and achievements with our great American community.

Keyed to progress — dedicated to service, the United Savings Bank is here to serve you and your banking needs. Large or small, you and your account are important to us. We want to serve you.

After December 1, 1953 2% interest will be paid on savings accounts compounded quarterly — March, June, September and December 1st.

Tecumseh Greets Another Yuletide Shopping Season

Beneath a newly decorated boulevard of red and green Christmas decorations, Tecumseh officially greets the Yuletide shopping season with local stores crammed with a gay array of Christmas gifts.

Planned and ordered by the Chamber of Commerce, the first of Tecumseh's beautiful new Yule decorations went up this week to inaugurate the shopping season, which has informally been underway for sometime.

Village engineer Ed Nelson directed installation this week of the attractive, plastic decorations which are a welcome change from the usual lighted Christmas trees used for many years.

Large, illuminated Santas, lanterns and bells decorate each light pole in the downtown area, and motor driven swinging bells will herald the Christmas season at Pearl and Ottawa streets.

Welcoming each shopper to the village will be a lighted "Season's Greetings" sign located at the corner of Evans and Chicago streets. Yards and yards of festooning will complete the decorations.

With Tecumseh all decked out for the season, Santa Claus makes his debut with a gala party for kids on Friday, Dec. 18. He will arrive by truck at 7 p.m. on the main downtown intersection and set-up headquarters to give out a record 2,800 boxes of goodies.

An annual Tecumseh event, the widely attended children's party is jointly supported by the Chamber of Commerce, Rotary and Exchange clubs, American Legion, VFW and Community Chest.

At a meeting this week, plans for boxing the 2,800 presents from Santa to the kids were completed. Each will contain candy and favors. An assembly line system of filling the boxes will be set up on Tuesday, Dec. 15 at the American Legion. At this week's meeting were Les Becker, Harold Easton, David Dick, Miles Runk, Owen Partridge, Virgil Tucker, Mrs. Frank Smith, Rev. Bashore, Russ Garno and Fay Whelan.

After the kids Christmas party, Santa will be downtown all during Christmas week starting Saturday and continuing through Thursday.

STORES OPEN 9 TO 9 BEGINNING DEC. 14

December 14 is more than election day to Tecumseh, it is the day of special Christmas closing hours for the "majority of stores," Leo Lohrman, chairman of the Merchant's division of the Chamber of Commerce said.

Lohrman said most stores will stay open during the entire weeks preceeding Christmas and then on Monday, Tuesday and Wednesday of Christmas week. Closing will be at the usual 5:30 p. m. on Thursday, Christmas eve.

Some of the stores are independently following other store hours. All of them will be open evenings during Christmas week.

Goodwill Industries Bring Helpful Employment to Handicapped Persons

Goodwill employees repair customer flat irons one of the eight contract jobs now handled in the new Goodwill Industries contract building. It is the first building of its kind in the country where handicapped workers, exclusively, are employed on industrial contract work. Goodwill employs over 400 handicapped workers, the great majority of whom are rehabilitated to find places in private industries.

Goodwill Industries has grown into new and larger quarters in its Detroit headquarters, Mrs. Carl Burch, Tecumseh representative explained.

Probably the only organization of its kind in the world, Goodwill now employs nearly 500 handicapped people, there is a waiting list of some 400, Mrs. Burch said.

The original and major project of Goodwill Industries was the renovation of discarded materials and the sale of those articles to the public through the Goodwill stores.

Two years ago they ventured into the contract field and accepted a small manufacturing job as an experiment. It meant more jobs for the handicapped and proved successful. Today Goodwill has eight of these jobs in operation including contracts with Detroit Edison, Bull Dog Electric; Michigan Bell Telephone, Great Lakes Products, Edco International, Parker Wolverine Division, Smith Mathews Foundry Co. and Ben B. Schwartz & Sons.

Now they are in a position to make it a substantial part of their program. They are able to do both light manufacturing, salvage and assembly work for industry.

It is estimated that the gross income of the Detroit Goodwill this year will be close to a million dollars with approximately 70% of the money going into salaries for those who might not otherwise have jobs.

Goodwill is thus a self-supporting, free enterprise, non-profit corporation. They ask only for discards. They do not make any house-to-house canvass but pick up only when the donor makes a call, Mrs. Burch, who is Goodwill representative in Tecumseh concluded.

MAIL EARLY

On the eve of the annual Christmas mail rush, Postmaster Jack Metcalf asked Tecumseh to "send Christmas greetings and packages early." Free copies of a Detroit postal zone directory are available at the Post Office.

Letter To Herald Asks Retraction

Following is a letter received by The Herald signed by Sherman A. Coy of the law offices of Coy and Iannelli, Detroit, which asks for a retraction of statements made in the Oct. 22 and Nov. 5 issues of this newspaper.

The Herald reprints this letter in full, but wishes to state that the reporter in writing the details of the Council meeting of Oct. 19, reported the facts as he heard them. It has been and is the intention of this newspaper to bring the residents of Tecumseh unbiased and accurate accounts of local news worthy of publication.

The letter reads:

Tecumseh Herald
127 W. Chicago Boulevard
Tecumseh, Michigan

Gentlemen:

In the edition of your paper dated October 22, 1953, on page 1, column 3, under the heading of "Council Accepts New 'River Acres' Subdivision Plot, you make the statement, "Dr. Britton said that the local Anti-Fluoridation group is under investigation by the FBI and Department of Internal Revenue for it is believed some of the money to finance the Tecumseh campaign is furnished from out-of-town sources.", and again in your edition of November 5, 1953, on page 1, column 1, you report a group from Tecumseh's Anti-Fluoridation committee was on hand but did not speak. Earl Bryan said afterwards that he wanted to tell the council that his committee is "not under investigation by the FBI or Internal Revenue committee as Dr. W. S. Britton said in an earlier session."

Neither of these statements are true and demand is hereby made upon you to retract these statements attributed to Dr. W. S. Britton by publishing in the next edition of your paper on the front page such a retraction and publishing a true statement of what Dr. W. S. Britton actually said at the council meeting on October 19, 1953. What Dr. Britton actually said was that the FBI had been in the village making an investigation and had asked him if he had heard Earl Bryan or any other member of the anti- group use the FBI or any Government or Army officials name in connection with any advertising or publicity. He also stated that he had been informed in Lansing that the Internal Revenue Department was investigating these anti-groups for their sources of money and material used in advertising.

Unless this demand is complied with, a retraction made, and the true facts printed, you will be subject to an action for liable.

Very truly yours,
COY & IANNELLI
Sherman A. Coy

PLAN CANTATA

December 20 is the date that has been selected for the Christmas Candlelight Cantata to be given at the Baptist church by the combined Senior and Junior choirs. It is entitled "The Light of the World" and the public is cordially invited.

Stage Set For City Election

Tecumseh will risk its first bid for community progress by advancing local government through charter change in more than a century, when voters go to the polls on Monday, Dec. 14.

Copies of the new charter have been widely distributed throughout the present village and in the surrounding annexed areas incorporated within the new city.

There is no organized opposition.

The present village council supports the proposed charter one-hundred per cent.

The charter commission stands squarely behind the document which it compiled during the summer and fall months.

The Anti-Fluoridation committee benefits from the charter as a simple method of referendum was included in its contents allowing citizens to vote on any public question by petition and referendum.

Nineteen candidates have filed for the important council posts in the new city government and will be on the Dec. 14 ballot.

They are Blair O. Bashore, Paul Clauda, Howard E. Diedrich, Hugh H. Hanna, Richard R. Jennings, Harold M. Kelso, Vern Manwaring, Worth E. McClure, Charles H. Mensing, Robert H. Moore, John E. Saling, Arthur J. Schwartz, Karl R. Schneider, Albert J. Seitz, Cecile M. Smith, Edith B. Smith, Grenval W. Spangler, M. H. Thielan, and LeRoy H. Titley.

If Tecumseh becomes a city as expected by a large margin, the top seven candidates who receive the most votes will take office on Jan. 4.

Two candidates will also be on the ballot of the Justic of the Peace office, Robert L. French and Charles Branigin.

Additional copies of the official charter as approved by Gov. G. Mennen Williams can be obtained at The Herald office.

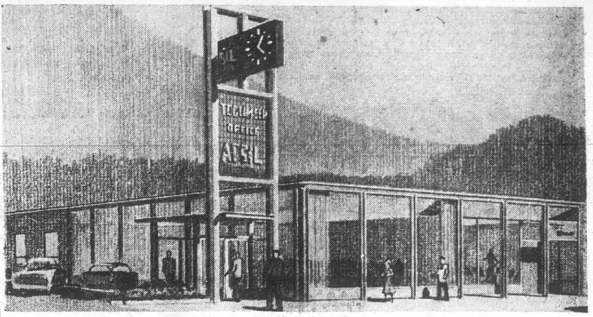
Polls will be opened at 7 a.m. on election day, closed at 8 p.m. Automatic voting machines will be used. All voting by persons within the incorporated areas will be done in the fire hall.

Senior Play Cast Chosen

A modern version of the French play "The Miser," adapted by Walter Kerr has been chosen as the Senior play of the year. Directed by Miss Jacqueline Egan of the speech department, it will be produced the two evenings of Dec. 17 and 18 at the Central school auditorium, 8 o'clock.

The lead will be played by Bill Benham and the supporting cast will include Doris Tressler, Bill Dean, Alroy Vanderpool, Mary Lue Burleson, Dale Tingley, Jim Nichols, Doug Hooton, Pete Rhine and Grace Moore.

New Federal Savings & Loan Building



Tecumseh's newest building, the local branch office of the Adrian Federal Savings & Loan, which is rapidly taking shape at 140 W. Chicago, next to Schneider Bros., will be the last word in modern structural design according to the above artist's drawing. A thermopane glass front will be combined with light brick facing and cement block walls to form the one-story building which will have a clock and sign in front. The sign will read, "Tecumseh Office AFS & L." John Surrat is branch manager of the office which expects to be opened in March. A children's apparel shop will occupy a partitioned portion of the new building.

Weather Allows Late Village Construction Work

"Everything went along extra well this past fall," engineer Ed Nelson reported to the Council recently, as mild weather allowed village workmen to complete a number of late season jobs."

Among those Nelson went on to outline were the completion of work at the hospital addition and sidewalk construction between Wyandotte and Division streets, totaling 382 feet of four foot walk and 150 feet of five foot between Adrian and Democrat.

"We are now working on two jobs," the engineer reported, "the new sidewalk at Patterson school of which we have 3,444 square feet done. We completed sidewalk at the High school, 4,756 square feet of it. We first planned to charge this job on a square foot basis, but we found out that there was too much dirt to move in order to build the walk and street so we are charging the school board for the work on a time and material basis."

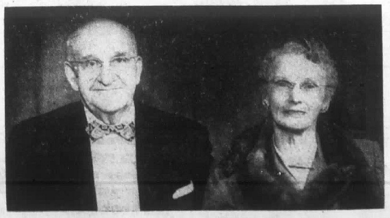
In other recent village undertakings, Nelson reported a good start on sanitary sewer on Burt street where 150-feet of 10-inch tile has been laid and a manhole constructed. The village crew also completed 417 feet of eight-inch sanitary sewer on Ternes road.

Workmen have roded all sanitary sewers on cross streets and all of Herrick Park. They finished landscaping the sewage disposal plant. Nelson said that gas is now being made at the digester.

The water department has installed three of the four hydrants at Tecumseh Products and are changing one hydrant on Patterson and one on Evans from a four-inch to six-inch size.

The new well site on Harry Morris' property near Paul's Trailer camp on No. Union proved unsatisfactory this week and pumped dry under its first test. The well completely drained the water vein in which it was sunk and for a time Tuesday night no water could be pumped at the trailer park.

Water continues to gush from the flowing well a half mile north on Union street at Al Tonneberger's where an experimental drilling was made with success last summer. The second well was drilled at the Morris site in hopes of having a new water supply nearer the residential district.



The fiftieth wedding anniversary of Mr. and Mrs. Fred L. Whelan will be observed Sunday, Dec. 6 with a reception at St. Elizabeth Parish Hall where they will be happy to receive their friends between the hours of 2 and 6 in the afternoon.

Fred Whelan and Minnie A. Stitt were married Dec. 2, 1903, at the farm home of the bride's parents, the late Mr. and Mrs. Fred Stitt on Occidental Road. In 1915, they moved to Jackson returning to the farm in 1934. Since last fall they have made their home at Vineyard Lake. They have one daughter, Mrs. Margaret Kempf, who has arranged the reception.

HEALTH SURVEY GIVES TECUMSEH EXCELLENT RATING

Valuable information regarding health conditions in Tecumseh and the general health of its citizens was gathered during a fall survey by the County Health Council. That information is now within the reach of all those citizens in the form of an attractive, graphically illustrated booklet.

Under the chairmanship of Mrs. Richard Preston, 118 persons who represented nearly every organization in town, called on 876 homes to gather this information regarding 3,000 persons in this community.

Those who were interviewed will remember that the questions covered all phases of home sanitary conditions, family and individual illness and medical and dental care. These strictly impersonal findings were then compiled for the county report, but those totals which affected the 3,000 persons in Tecumseh were given to Herrick Memorial hospital staff of doctors for evaluation and recommendation.

Those recommendations, as given in a letter to Mrs. Preston from Dr. R. E. Dustin, then chief of staff, include the following: "Immunization of Tecumseh children are somewhat higher than for the county as a whole. This is considered good and it appears that an adequate level of immunizations is reached in our school children. We certainly recommend continued pre-school immunizations, and particularly do we wish to stress the importance of complete immunizations within the first year of the infant's life. Both children and adults in this area are most urgently advised to obtain their tetanus toxoid immunizations."

The action recommended by Tecumseh doctors follows closely those of the general county suggestions as given in the booklet "This Is Your Health" which will reach families in this area through Parent Teacher Associations, doctor and dental offices, the public library, hospital lobby, the Herald office and the schools.

Immunization is the need most stressed, especially in the up-to-one-year and the over-five age groups, and the most pressing need as seen in this vicinity is in the field of tetanus toxoid which immunizes against tetanus rather than giving only temporary protection for a few weeks.

Mrs. Preston invites everyone to obtain a copy of the report and study it. She says, "This is your book, you helped make it, now it is ready for your use."

Adult Education Classes Begin

Encouraged by late registrations, adult education director Delmar Crisp announced that night school classes got underway on schedule this week, though a few openings remain.

Twelve couples were on hand for the first class of square dancing Tuesday night at Central school gymnasium. There is still an opening for another set of four more couples who can begin next Tuesday night. A professional instructor is in charge from Wayne.

A minimum enrollment has been reached in oil painting which begins tonight in room 12 at the high school, 7:30 to 9:30. More interested persons can still join.

General shop has been dropped for the lack of two students.

A combined beginning and advanced typing class is underway as is refresher shorthand. Both are still open, however, to more students, Crisp said.

Dressmaking, slipcovering and drapery classes have been filled.

Indian Cagers At Blissfield Friday Night

Two veterans of Tecumseh high's conference champion cage quintet of last year will sparkplug the Indians Friday night in their hardcourt opener at Blissfield.

Coach Victor Lawson listed Albert Hart and Bill Benham along with Jim Bowser, Tom Neitling and Doug Hooten on Friday night's starting line-up against the highly rated Sugar Boys.

Last year Tecumseh rolled-up a remarkable 16-2 record which Lawson viewed dimly when asked if the orange and black "could repeat."

Lawson looked to a lot of team play and accurate shooting to make up for a lack of height. Bowser is the tallest starter at five-foot eleven-inches.

He also pointed to the reserves as important to the Indians as the 1953-54 season rolls along. On the bench, Lawson will have Bill Dean, Bill Scutt, Jerry Barton, Ted Cornell, Tom Baldwin, Val Spangler and Richie Davis.

Tecumseh's sixteen game slate ends Feb. 26. Lawson expects to be on the new gym floor late in January.

LOCAL MEN SEARCH FOR MISSING PLANES

Four members of the local Civil Air Patrol squadron took part in the state-wide search for the two planes missing over Michigan last week. Friday Capt. A. L. Roe, known to his friends as "Speed" Roe, took off with Lt. Lewis Greenman as his observer, while on Saturday, Capt. Leslie Calhoun with Lt. Ernest Peters in the observer's seat air-combed the area west of Lansing, where it was thought the downed ambulance plane might be found.

Although neither pair sighted any wreckage, their efforts in this service is indicative of the aims of the organization, which include keeping experienced pilots in training and fostering interest in the training of new ones against the time when their services may be vital to the public welfare.

OLD EAST BRIDGE IS NO MORE!

Once the pride of the state bridge commission, Tecumseh's Raisin River span at east village limits is no more.

The unique span, built 30 years ago with more re-enforced concrete for its span-size than any other bridge, has been completely blasted out and the approaches removed since the completion of the new bridge.

Too narrow for truck traffic, the old bridge was built on a downhill curve for west bound traffic.

Ruckman-Hanson bridge builders, Ft. Wayne, built the new span. They are removing concrete debris and re-enforcing steel from the old bridge site and cleaning up the approaches.

Now Tecumseh looks to the north for a third new bridge in recent years to replace the "Iron Bridge," over the mill race.

WHOLE-MEN WANTED! — "There is a growing fear in the United States that we are facing as great a danger from internal ignorance as from external attack," says Gilbert W. Chapman, president of Yale & Towne. Over-emphasis of narrow technological training, at the expense of broad cultural education, he thinks, is filling the nation's industries with single-track specialists instead of the well-balanced citizens that top business management must have.

Mr. Chapman believes industry must "redefine job qualifications for specialists." In fact, he would have American business take a fresh look at the whole field of higher education, especially since the large private donors on whom the universities once depended are practically extinct, and corporations are taking their places—to the extent of sixty million dollars last year. In the past, he says, industry gifts have had too many strings, have been too widely "ear-marked for special purposes and for research in applied sciences." More of this money, he thinks, should be given for liberal arts, or given unconditionally to the colleges.

In summing up his position in a guest editorial in the Saturday Review, Mr. Chapman says: "Great crises of history are caused by economic pressures, originating in the desire of man, good or evil, to better his standard of living. These crises can only be conquered by moral force. Never before in history has mankind developed the power to destroy itself. The need for stamina and strength to control this threat can only be met by the enlightened moral and spiritual education of our youth. The specialist must also be a humanist."

In other words, we've gone overboard in teaching our youth more and more about less and less. Perhaps we should forget atoms long enough to remember that "the greatest study of man is man himself."

THIS MUST STOP — Among the most tragic news stories of the year have been those that told, first in one state and then in another, of the suffocation of children who became trapped while playing in discarded ice-boxes and refrigerators. In all, twenty-eight youngsters have met death in this wave of fantastic horror.

To put an end to such accidents the Refrigeration Service Engineers' Society has drafted a law calling for $50 fine, 30 days in jail, or both, for anyone who discards an ice-box or refrigerator without removing hinges and locks, and is urging its passage by all communities and states. The Society also has a standing offer to remove hardware, lids and doors from any such abandoned equipment anywhere in the United States and Canada, and without charge.

Those who are unable to wield a screwdriver or a sledgehammer should by all means avail themselves of the Society's offer before moving such a deathtrap out of the house. And the model ice-box law should be put on the books of every village, town and city without delay. But perhaps the penalties ought to be a little tougher.

Yes – We Do Offer The Lowest Cost Service

We can serve every family that may call—regardless of their financial circumstances.

Our special consideration for those who must include economy in funeral plans is real—for none will offer a lower cost funeral than the Green Funeral Home can provide.

The Missus Keeps Posted

Ever since our electricity was cut off last year on account of me forgetting to mail in the payment, the Missus has been sort of leery about giving me letters to mail.

At first she'd ask if I mailed them, then double-check my coat pocket at night. She stopped that, and I figured she was convinced I'd learned my lesson.

Then yesterday, I got a postcard at the office in a familiar handwriting. I turned it over and by golly it was from the Missus herself! It read: "Thanks, Joe, for mailing my letters." Well! Looks like she figured I *still* needed some checking-up and slipped that postcard in the last batch of letters.

From where I sit, an occasional check-up is a good thing. Check-ups on just how tolerant we are of other people's preferences and tastes, for example. I like a glass of beer with supper, you may prefer cider—but if I ever try to switch you to my choice, simply "address" me with a reminder of your rights.

Letters To The Editor

Editor, The Herald:

Much has been said about the poor school teachers. I agree that their lot is a sorry one, but the kids that live out of town have one that is worse.

Especially the children living on M-50 west of town. They are picked up by the school bus at 7:30 a. m. and arrive at school around 8:00 a. m. before the doors are open. Then after school they ride the last bus getting home around 4:30 p. m. These kids, most of them first, second and third graders, have to put in a longer day than their parents at work.

I wonder, why can't the first ones picked up be the first brought home? It was done during the nice weather and now that bad weather is ahead, the schedule goes back to last year's. We were told that it wasn't going to be that way this year.

Now it changes again, is the reason logical, or is it politics rearing its ugly head so soon?

Yours,
George A. Choske

MONDAY CLUB HEARS MOCK RADIO SKIT

There was little business to occupy the attention of the 45 members of the Monday Club at their meeting this week at the Baptist Youth House. The program, however, presented by the Drama department under the direction of Mrs. Lynn Hubbard, made up in interest.

It was a mock radio skit and included all the entertainment encountered on turning the radio dial. Mrs. Maynard Mulvaney sang a solo, Mrs. W. G. Waldron played a piano selection and an amusing "soap opera" was given by six members of the department.

Mrs. Sidney Wilson poured when tea and cookies were served later at a table decorated with chrysanthemums.

The next meeting, Dec. 14, will have a Christmas theme and a silver offering will be taken, part of which will be used for Christmas gifts for infants of the County Infirmary, the remainder to defray expenses of the club's 60th birthday in January.

Mrs. O'Hara, president, received an invitation for the club, too late to be read at the meeting, requesting the presence of members at a Vesper Musicale to be given by the Tuesday Club of Dundee. This will take place Sunday, Dec. 6 at 4 p.m. at the Dundee Methodist church and the club is invited.

"SOLVING A MYSTERY"

Bill and Betty bought a larger home. Their family had outgrown their first house. It made sense. But it troubled another couple who knew them well.

Jack and Jane pondered. How could their friends afford the larger place? They hadn't been married more than six years. Certainly Bill's job was no better than Jack's. And both couples had three kids.

The mystery grew. Their friends didn't seem to be pinch-penny. They entertained. Wore good clothes. Drove a late model car

There was, though, this difference. Right from the first Bill and Betty had owned a home. While Jack and Jane had spent their entire married life in rented quarters. Still, weren't the house payments about the same size as their rent? Where did the EXTRA savings come from?

Then it dawned on Jack and Jane. Of course, their friends had been INCREASING their equity in a home every month for several years. When they sold the littler one, they received THREE times their original cash down payment. This made it possible to handle the larger home.

The truth spurred them on. NOW Jack and Jane are home owners too. Profit b ytheir experience!!

"FACTS ABOUT FLUORIDATION"

During the 1945-1950 experimental period in Grand Rapids, the Michigan Health Department found that artificially fluoridated areas showed no traceable variance with the death and sickness figures in communities with fluorine-free water supplies.

For example: Grand Rapids cancer deaths;

1944 (fluorine free)	190.5 per 100,000 population
1950 after 5 years of fluoridation,	189.2 per 100,000 population

In 1953, the United States Public Health Service stated that it has yet to receive one valid complaint of injurious effects.

AS A RESULT OF THE GRAND RAPIDS AND NEWBURG, NEW YORK STUDIES, IN 1950 THE UNITED STATES PUBLIC HEALTH SERVICE PUBLICLY AND WITHOUT QUALIFICATION ANNOUNCED ITS SUPPORT OF FLUORIDATION AND RECOMMENDED THAT COMMUNITIES THROUGHOUT THE COUNTRY ADOPT IT.

Thanksgiving guests of Mr. and Mrs. Wade Scudder were Mr. and Mrs. Ralph Walker of Dansville, Mr. and Mrs. Raynor Scudder, Fred Snauble and Ellsworth Lindsley.

Mr. and Mrs. Ralph Halladay entertained with a family dinner Thanksgiving Day. Among the guests were Mr. and Mrs. Eric Halladay and family of Detroit, and Mr. and Mrs. Guy Hoover of Clinton.

Mrs. Ray Gilmore was taken to the Herrick Memorial hospital Thanksgiving morning. She will be a patient there several days.

Mr. and Mrs. Joseph Bock and son Ed, and Dean Moore were among the Thanksgiving guests of Mr. and Mrs. Jack Davis of Ridgeway.

Mr. and Mrs. Burt Bruder, Mr. and Mrs. Hamilton Moore and sons Donald and Richard spent Thanksgiving with Mr. and Mrs. Gerald Carey in Ypsilanti.

Mrs. Joseph Seward spent Thursday in Birmingham.

The Macon W.S.C.S. met Friday afternoon with Mrs. Elton Osburn. Fourteen members and guests attended. Mrs. Carrie Horton led devotions and the president Mrs. Scudder conducted the meeting. Mrs. Ida Mehler, Mrs. Lina Kuder and Mrs. Carrie Horton were appointed a committee to look after the Christmas shut-in boxes to be packed Dec. 18. Anyone wishing to donate something toward these boxes should give it to one of the committee by Dec. 18. Mrs. Dil Burleson will take charge of the flower committee while Mrs. Gilmore is ill. It was decided to have ham for the Christmas family supper, the rest of the meal being planned. Mrs. Herbert Morden had charge of the program, following which Mrs. Osborne and Mrs. Mehler served dessert luncheon.

Mr. and Mrs. Leon Lewis of Holloway spent Sunday in Macon.

Mrs. Ida Maude Tingley and son Clifford of Detroit spent Thursday with her mother.

Mr. and Mrs. Melvin Travis drove to Toledo Sunday afternoon, taking Mrs. Travis' sister, Miss Mae Baker ot her home. She had spent several days in Macon.

I'm Often Wrong

By Neil Hunter

NO TIME TO RELAX—We made it up from the bulging bosom of a bountiful Thanksgiving dinner just in time to start thinking about Christmas and the gay yuletide season which has commercially been upon us for some weeks.

If you thought you had a feast, note the menu for the day back in 1854 as submitted by Bill Hamaker . . . . roast beef, roast venison, roast chicken, roast duck, roast goose, bear steaks, buffalo steaks, fried ham, baked ham, pork tenderloin, lamb chops, fried squirrel, roast quail and wild turkey . . . . and all you could eat for 50c, plus soup, fish, six kinds of dessert, sorghum molasses and apple butter, a pound of fresh churned butter for each table and a gallon of scalding chickory (coffee) . . . . yes, that was back in 1854 when men were men . . . . today we'd have to run a couple of laps around the Red Pond to digest just two-bits worth of that fifty cent feast . . . . and then call for bicarb!

We were thankful for many things, but most of all, a good town to live in, good people in that town, thankful for such an encouraging bunch of fair-minded, hardworking, friendly, cooperative, decent sort of public citizens who are dedicated to making this little Tecumseh of ours the best place on earth to live.

We are thankful to live in a land where we can write this column.

But there's no time for reminiscing or relaxing in the full stomach mode of Thanksgiving, Christmas is upon us and it'll be 5:30 closing on the 24th before we know it and then go dashing out after presents.

●

THE TECUMSEH WAY — We were recently having lunch with some friends in one of those fancy eating places in the city when we noticed a well-to-do gent there leave a circle of big shiney coins around his plate for the waiter to pick up as a tip.

As we talked about tips and such after the incident, our friends pointed out that the Community Fund in their city had failed to meet its goal. We proudly mentioned that Tecumseh went over the top.

This little story has nothing to do about tipping, but as we thought of the coins which every day become tips, we began to wonder about tips and tithes and gratitudes. It is the custom to tip a tithe, which has been inflated to 15% to satisfy the waiter and bring better future service. But how many of us give as much as a tithe to our Church, to our Community Fund, to our charities, etc? How many of us give the waiter a tithe or more, but give only to a good cause, what will get us by? Is it that we are more concerned over the criticism or displeasure of the waiter than we are over the welfare of our Church or charity — or our fellow men. Which renders the greater service?

●

HOW THINGS CHANGE — We used to have a grade school teacher who probably didn't have a fancy degree and who wasn't up on the streamlined ways of modern education, but she had a personal plan of teaching by memorizing, which we understand is scoffed at today, that made as much an early impression upon us, as any other bit of book learning.

We had to memorize poems, or bits of poems, til we were blue in the face. Funny how we hated doing it, but once we licked the poem it was a first cousin to fun. We asked a modern teacher about this, but found today, memorizing is tabbed "busy" work. Busy or not, we'll always remember some of the old standbys, like the last paragraph from Kipling's famous "If" which goes something like this.

"If you can talk with crowds and keep your virtue,
Or walk with kings—nor lose the common touch,
If neither foes nor loving friends can hurt you,
If all men count with you, but none too much;
If you can fill the unforgiving minute
With sixty seconds worth of distance run,
Yours is the earth and everything that's in it,
And—which is more—you'll be a man, my son!"

●

LATEST JOKE — Jokes come and go, we hear 'em, forget 'em. Few stick, here's one that did, it's different.

Two inmates went into Sing Sing together and were assigned to the same cell. One asked, "How long are you in here for buddy?"

"Seventy-five years," was the reply.

"Well, you'd better take the cot by the door. You'll be goin' before I do. I got ninety-nine years."

●

DEAR DAD:

Once in a while we get ruffled up in our job here, Dad, over something we did, or something we didn't do. But when we get ruffled up in a fuss, we remember the old story you always told about getting an unfortunate spot of mud on your coat. Let it dry and it'll drop off, but try and stir it up and you'll just rub it into a mess.

Your son,
NEIL

Norma Bilby Weds Walter Wonderly

Norma Jeane Bilby, daughter of Mr. and Mrs. Dow Bilby and Walter A. Wonderly, son of Mr. and Mrs. William Wonderly of Britton spoke their marriage vows Saturday afternoon in the Tecumseh Baptist church. The Rev. B. O. Bashore conducted the double ring ceremony before an altar decorated with palms, candelabra and tall baskets of white assorted chrysanthemums.

Given in marriage by her father, the bride wore a floor length gown of Chantilly lace over tulle and satin. It had a long-sleeved, fitted bodice with Peter Pan collar and points over the hands. Inset panels of tulle showed the scalloped edges of the Chantilly lace overskirt. Her shoulder length veil was held by a cap of lace and flowers and she carried white roses and pompoms.

Her sister, Doris Bilby, as maid of honor wore blue nylon tulle over satin, floor length with strapless bodice and matching lace jacket. Dorothy Wonderly, sister of the groom, was bridesmaid. Carol and Janet Bilby, the bride's other sisters were junior bridesmaid and flower girl respectively. Their dresses were identical to that of the maid of honor in pink, yellow and green.

David Lorenz of Britton attended Mr. Wonderly as best man. David Murphy of Fort Knox, Ky., Frances Jackson of Eau Claire, Mich., a cousin of the groom, Ronald Wonderly of Milan, the groom's brother, and Otto Miller of Britton were attendants and ushers and Richard Bilby, the bride's brother, was ring bearer.

Mrs. Mahlon Sebring was organist for the ceremonies and accompanied Diane Woodward, who, as soloist sang, "Because," "With These Hands" and the "Lord's Prayer."

For her daughter's wedding Mrs. Bilby wore navy taffeta with a corsage of pink roses; Mrs. Wonderly chose aqua taffeta and her flowers were pink carnations, while Mrs. L. W. Collier, grandmother of the bride was dressed in black crepe with lavender carnations.

The Baptist Youth House was the scene of the wedding reception which followed the ceremony and which was attended by 200 relatives and friends. Mrs. Lester Handy, who had made the bride's dress, served the bride's cake which was in four tiers, topped by a lighted chapel and on descending tiers featured a bride and groom, a maid of honor in blue and a bridesmaid in pink.

Mrs. Frederick Dickinson, cousin of the bride cut the groom's cake. Mrs. Garland Gove served the ice cream, and coffee and tea were poured by Mrs. Raynor Kerr, the bride's aunt, and Mrs. Floyd Barrett of Britton.

Reception hostesses were Mrs. Richard Bilby, Diane Dillon, Mrs. David Murphy and Linda Sisson and Barbara Handy registered the guests.

The new Mrs. Wonderly wore a navy blue jersey suit dress for their wedding trip which took them to the Smoky Mountains. They will reside at 205 W. Logan St.

The bride is a graduate of Tecumseh High school and the groom of Britton High and both are employed at the Tecumseh Products.

Out-of-town guests came from Fort Knox, Ky., Benton Harbor, Jerome, Lansing, Detroit, Addison, North Adams, Petersburg, Wayne, Milan, Adrian and Clinton.

STRENGTH FOR THESE DAYS from The Bible

For I know that my Redeemer liveth, and that He shall stand at the latter day upon the earth.
—(Job 19, 25.)

Why should we of today be so fearful, so faint of heart, when such a faith has survived down the centuries to save and sustain us? Faith in our cause, our nation, our victory over godless Communism, must begin with unswerving faith in God and His omnipotence.

Sprunger - Hayden Vows Exchanged

At the Friends church last Sunday afternoon, Elizabeth Satterthwaite Hayden became the wife of Kenyon Lee Sprunger.

They were united in a double ring ceremony, performed by the Rev. Edward Escolme while Mrs. R. K. Wells and Ralph Comfort, sister and uncle of the bride, sang "Oh Perfect Love." Earlier Mrs. Wells had sung "Ich Liebe Dich" and "Day of Golden Promise" accompanied by Mrs. William Hayden, the bride's sister-in-law, who as organist had played the traditional wedding music.

The bride was given in marriage by her brother, William, acting in behalf of her parents and was attended only by her sister Martha Ann Hayden as maid-of-honor. Benjamin Sprunger was his brother's best man while Joe Hayden, brother of the bride, the groom's cousin, Harry Lee Schlatter of Adrian, and Dalton VanValkenburg, Tecumseh were the ushers.

Deborah Kay Wells, Miss Hayden's niece, dressed in powder blue organdy with head band of white poms and pink rosebuds carried the rings on a heart-shaped, lace trimmed pillow. Massed palms, lighted candelabra and hampers of white chrysanthemums decorated the church.

Chantilly lace and nylon net over satin fashioned the bridal gown which was made with a strapless bodice, longsleeved lace jacket and a waltz length skirt, paneled in lace. Her fingertip veil of illusion was held by a modified Juliette cap of lace bound in satin, and she carried a white Bible decorated with camelias and pompoms and a satin shower. She wore a string of pearls that was a gift of the groom.

The bridesmaid wore mauve, irridescent shantung with double net skirt, having a back feature of circular shantung panels. Her head dress and mits matched her dress and she carried a cascade of mauve pompoms and cream angel feathers.

Mrs. Hayden's gown was of navy with a pink jeweled collar and pink accessories with which she wore a corsage of pink rose buds, while the mother of the groom was dressed in cocoa brown with accessories of dusty pink and a similar corsage.

The reception, following the ceremony, was held in the church parlors and was attended by nearly 200 guests. The ladies of the church had charge of the serving, Miss Mabel Lockwood and Mrs. Edward Escolme poured and Mrs. Naomi Sallows cut the four-tiered wedding cake, which was topped by a miniature colonial bouquet and circled with white poms and pink roses.

Mrs. Sprunger wore a black velvet dress, white accessories and a royal blue coat when the couple left for their short wedding trip. On their return they will be at home at 822 W. Wayne St., Fort Wayne, Ind.

The daughter of Perry and Elizabeth Hayden, the bride graduated in 1951 from Tecumseh High school and attended Wheaton College. Mr. Sprunger is the son of Mrs. Viola Sprunger, Berne, Ind., and the late Edison Sprunger and a graduate of Berne High school. He attended Wheaton for one year and is now a student at International Business College, Fort Wayne.

Guests attended the wedding from Louisville, Ky.; Wheaton, Ill.; Berne and Upland, Ind.; Cleveland, Napoleon and Celina, Ohio; Ann Arbor, Albion, Battle Creek, Macon and Holloway.

Your Indispensable Servant

Six or seven times a day a new unit is added to the American railroads' locomotive fleet.

And every six minutes (as in October) of every hour of the 24 in the day the railroads put a new freight car to work on their tracks.

And yearly they relay enough rail and ties to build an entire trans-continental rail system—a system containing every new technological improvement adaptable to railroad operation.

Why all this?

So that they can continue to be the one and only form of transportation in America that can and does haul anything, for anybody, in any quantity, anywhere, in any season of the year.

The railroads are America's — and your — most nearly indispensable economic servant.

Tecumseh BOOK SHELVES *Library*

This week the library will inaugurate a new feature—a rental bookshelf. It will contain about one hundred volumes which will of course be exchanged at regular intervals. Books of all types will be included, although popular fiction will probably predominate. There will be some of the "best seller" class in each selection, and some non-fiction.

This is being done to give library readers a wider selection and greater turnover of new books than the library can afford to place on its shelves. Any books that prove especially popular and worthwhile will be purchased by the library. Rules and rental rates will be announced later.

THE CITY CHARTER - - -

WHAT'S IN IT FOR YOU?

Recently the Chamber of Commerce, the Charter Commission, the Village Council and independent voters have offered reasons for the adoption of the proposed charter. Open forums have been held where the voters could ask questions and get informed answers. Editorials have been run in the Herald explaining parts of the charter in detail using everyday language. The election is now only 11 days away and we would like to go over again some of the reasons why the adoption of the charter is important to all members of the community.

The new charter and City Manager plan is needed by the Village to streamline our operation and modernize our government. This is necessary if Tecumseh is to continue to grow and prosper into the dynamic community it can be. Some of the more important provisions are outlined here to give you a better understanding of how the proposed charter will benefit you. Below you will find some of the answers to the all-important question which all of you should ask, "What's in it for me?"

MODERN ORGANIZATION

The City charter replaces a charter over 50 years old. It incorporates the latest knowledge and experience gained in running a local government all over the country. The council of seven members is small enough to operate but large enough to give representation to all viewpoints. The City Manager will be required to oversee the daily operation of the city leaving the council time to concentrate on broader problems.

COUNCIL REPRESENTATION

The city elections will be nonpartisan. Council members are elected "at-large" by the whole community and councilmen will represent all segments of the city. Any particular group or area can concentrate their votes for one or more councilmen and have an excellent chance of electing him. That councilman should then be dedicated to the aims and wishes of his supporters since he would be elected on a specific platform. The council will have broad powers including the appointment of other city officers and the community should make an honest effort to elect a good council. With more details in the hands of the City Manager, more and better men should be able to devote their time to this public service. This benefits the community as a whole and you as a voter by giving you a wider and better choice of representatives.

A CITY OFFICER "TEAM"

Since the council will choose the Mayor from one of its own members there is every likelihood that the Mayor and council can operate together as a team. Also the other officers are appointed and must cooperate in every way with the City Manager and council. In this way, the council is assured of getting other officers who will carry out their duties properly and who will always work with them in every way. This benefits you, because you know your city officials are working to find the right solution to your problems rather than fighting among themselves and getting nothing accomplished.

GROWTH OF THE CITY

By making the officers, other than councilmen and Justice of the Peace, appointive, adequate provision is made for growth. If the city needs additional officers they can be appointed as needed and would not be carried on the payroll unless they were working full time. Flexibility is provided by allowing the council also to combine jobs under one officer if the work does not merit two offices. Other provisions are included in the charter to allow for future expansion and still maintain a flexible and economical government today.

EFFICIENT FINANCIAL ORGANIZATION

The charter provides for centralized purchasing giving the city the economical advantages of low cost buying. It also requires an annual operating budget for efficient and sensible allocation of city funds. Further the borrowing powers of the council are limited so that the net bonded indebtedness for all public purposes may not exceed 10% of all real and personal property. General obligation and mortgage bonds must be approved by a minimum of 60% of the registered voters. Rules and limitations are placed on entering into contracts. These provisions protect you as a taxpayer against fraudulent or ignorant spending of your money.

BOARD OF SUPERVISORS

Tecumseh will be allowed four members on the Lenawee County Board of Supervisors. We will only be allowed this representation if we become a city. The cost and expense of these representatives is borne by the county. Tecumseh will therefore, for the first time, have an active voice in all county affairs. You will therefore be protected and advised of all county decisions affecting Tecumseh.

REFERENDUM AND RECALL

The provisions for referendum, initiative and recall make the proposed charter more democratic than the Federal Constitution. With these provisions the voters may express immediate disapproval of any council act. They may also force any controversial issue to a city-wide vote and the council MUST abide by the wishes of the majority. By the recall provision a council member may be removed from office if he does not work for the interests of the voters. Thus the majority of the voters have a voice not only in passing of ordinances and resolutions but on the actions of the council members.

ECONOMICAL OPERATION

By combining the duties of officers, centralizing purchasing, operating from a budget, limiting taxation, restricting indebtedness and all of the other points included in the new charter, Tecumseh city government must operate not only more efficiently but more economically. The proposed charter offers the voters the means for modernizing our city government and gaining for the entire community the most efficient and economical use of every tax dollar. Economy in running the government will naturally benefit each and every voter in Tecumseh.

LIMITED TAXATION

The charter definitely states that the City council may not exceed a tax rate of 15 mills. This is the same maximum figure which is provided for under the present Village Government. This tax rate cannot be increased unless the majority of the electors vote in favor of it. Therefore you are protected against tax increases beyond this point and will have a definite voice in approving or disapproving any tax increase.

FAIR ASSESSMENT

Uniformity of city assessments is assured by having assessments made by one appointed assessor. No special assessment districts may be created by the council for any one public improvement which includes property having an area in excess of 25% of the total area in the city. The assessor must also before the first Monday of March give notice by first class mail of any increase in assessed value of property. This protects you from a tax increase which you may know nothing of and allows you to file suit or request a hearing if you believe the increase is in error.

TO SUM UP -- Under The New City Charter YOU Get:

- More Equitable Council Representation
- Efficient Running Of City
- More Economical Operation
- Referendum And Recall
- Voice On Board Of Supervisors
- Limited Taxation
- A City Officer Team
- Provision For Growth
- Attention To Details

A good gift choice for many families on your Christmas list is a two-in-one gift—something to enjoy at Christmas time, and something to use the year 'round.

In the two-in-one gift class at a very small price is a fruit cake packed in a handsome red enamel casserole with cover. And, with it, a beautifully designed black wire basket with handles, to give the casserole oven-to-table usefulness.

The fruit cake, made from a cook book recipe, is a delicious mixture of fruit, nuts and cake, perfect for holiday serving as a dessert, or as snack fare with a hot beverage. The casserole in which it comes, with its black wire stand, will be useful for winter one-dish meals, and for summer picnics, covered dish affairs, and porch suppers.

You'll find this handsome deluxe packaged fruit cake at your grocer's ready-to-eat cake department.

Future Farmers Activity Noted

Two acre test plots of corn, soybeans, oats, wheat and alfalfa were among the interesting projects outlined by members of Tecumseh high's Future Farmers of America chapter at a recent banquet.

The numerous projects give the youthful ag students a practical use of the educational training offered in school.

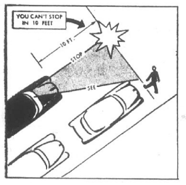
At the thirteenth annual FFA father and son banquet, instructor Paul Burns showed slides of the various projects taken during the summer and fall with the chapter's camera. Beside the crop projects, other pictures showed the boys at work with the broiler project and pig chain.

Edwin Lewis explained the method of raising broiler chickens and gave a list of expenses and revenues for the past year. Bill Every told of the feeder pig which the chapter is raising and how they plan to sell it and use the profit to purchase a registered Poland China gilt.

Bruce Wright further explained about the Duroc gilt chain which is now in operation and how it aids the FFA members in becoming established in farming.

Philip Young is president of the Tecumseh high FFA chapter, John Cadmus, vice-president; Charles Hendershot, secretary; John Wilt, treasurer; Arnold Withrow, reporter and Herbert Quigley, sentinal.

No. 2: You Can't Stop in 10 Feet at 10 Miles Per Hour



That pedestrian who pops out from between parked cars can put you on the spot. The parked car hides him until the last second. When you are far enough along to see him you may have only 10 feet in which to stop.

That fatal triangle in the drawing tells the story. See how close the car is before the line of sight of the driver can reach the pedestrian. He only has to move 5 feet to be in front of you.

At 10 miles per hour your reaction time of ¾ of a second moves you 11 feet before your foot hits the brake. You will still skid 7.5 feet before you stop. In 18.5 feet you would have run over him.

Grade School News

Mrs. Garlick
Grade 2

We have some new supplementary reading books which look very interesting. We also have a new "Abacounter" which we are anxious to use.

One reading group has finished "Our New Friends" and nearly finished "We Three". We shall read "Friends and Neighbors" next. We have finished our "Talk, Spell and Write" books and have our new ones.

Joey Hanna is still out of school but we expect him back real soon.

We are learning to spell words which we use when we write stories. We are finding it more fun to have to ask to have fewer words spelled for us.

Some of use have read our favorite books to the class during story hour.

We become very interested in some shells which were brought to school. Sue Fuller brought shells and a booklet so we could know the names of them. Barry Seidel, David Dustin, Paul Snyder, Ann Surratt, Lettie Ringman, John Mensing, Loretta Mckenzie, and Kathy Butler all brought shells for us to see.

We had a nice time at our Halloween Party.

Birthdays we have had recently are Terry Beland and Mary Ellen Johnson. We enjoyed the treats they gave us.

Tim Lauer is away visiting relatives.

We are enjoying our stories about the Pilgrims and Thanksgiving. We like to make pictures about them.

We enjoyed having some mothers and one father at school during National Education Week. We are hoping to see all of our mothers and fathers when we move into Patterson school.

We have been making a Fall seed collection and a cocoon collection. We hope to have these completed soon.

Mrs. Puffer
Grade 2

Our room is all ready for Thanksgiving. Mrs. Puffer has read us several stories about the Pilgrims and several children have made a large mural on the blackboard of the Pilgrims' journey to the new land.

In science we have just finished an interesting unit about seeds. Among other things we learned about the way seeds travel, so we made individual charts labeled "We Fly," "We Ride," "We Are Carried" and pasted on examples of each type of seed. We also had an interesting display of many different kinds of seeds that furnish food for people, animals and birds.

Ronald Jones' father came to school one day and took our pictures. We now have the snapshots on our bulletin board.

We are reading from the "Hello, David" books in the afternoon. These stories are new to all of us so we are enjoying them.

We have been having a story time each morning. Some children have been composing, writing and reading to the group their own stories, while others have been reading favorite selections from library books.

Miss LaPointe
Second Grade

We were glad to have our fire bell repaired. We had a fire drill as soon as it was in working order. Ernest Rangler has moved to the country and is now attending the Ridgeway school.

Alison Derby and Mary Lou Dinse made a pioneer poster. Pilgrims and Indians have a prominent place in our discussions now. We were informed by James Brandt that one of his ancestors Thomas Rogers was a passenger on the Mayflower.

Room mothers for our room are Mrs. Ray Campbell, Mrs. Norman Kempf and Mrs. Victor Peterson.

The following mothers have visited our room, Mrs. Clarence Randolph. Mrs. Neil Pearson, Mrs. Henry Korth, Mrs. Victor Peterson, Mrs. Gerald Griffin, Mrs. Harry Derr, Mrs. Richard Fowle, Mrs. Ralph Hodges, Mrs. Delbert Hawkins, and Mrs. James Freckelton.

Parents are always welcome.

We are now reading our basic readers, "Frinds and Neighbors."

The children of the West Branch school are grateful to to Charles Butler, of the Butler Motor Sales for donating to our building a large stock of cotton.

Grade Four
Mrs. Colson

Some exciting things have happened to us this week. Our new desks and chairs came, and we all like them very much. We are going to try to take very good care of them. The day they came we moved into a larger room, and we like that very much, too.

One of our girls, Betty Rangler, has moved to a home in the country. She will go to the Sutton school now. We will miss her, but hope she will like her new school and friends.

Twelve of us had perfect spelling lessons this week. We are trying to make that number higher each week.

Mary Wing brought her record player to school, and Ann Hodges brought some records which we enjoyed very much.

The first week of school Sharon Butler planted some pea seeds and brought them to school.

We have watched them grow and blossom, and now there are two pea pods on the vines. We have some carrot and lima bean plants, too.

Grade Five
Mrs. Uckele

David Post has moved to Florida. We miss him very much.

There are fifteen pupils from our room in the beginners' band.

We have been studying about the early days in California and have been comparing the prices of food during the gold rush with prices now. The "Forty-Niners" paid a dollar a piece for eggs, a dollar for a loaf of bread, and three dollars for a pound of sugar.

In science class we are studying about simple machines. We have performed several experiments in class.

Jerigene Greenwald went to Indiana to visit her grandmother, during Thanksgiving vacation.

Grade Four
Mrs. Whiting

During Education Week five of our mothers visited us: Mrs. Gerald Osworth, Mrs. James Rohrer, Mrs. Walter Hizer, Mrs. Frank Owen and Mrs. Russell Starkey.

This month we made a frieze showing the Mayflower, the fort, pilgrims working in the fields, and the first Thanksgiving.

In social studies we drew freehand maps of the English, French, and Spanish possessions in America. In our spare time we have made Thanksgiving posters.

On November third we elected new officers for our Citizenship Club for the next two months. Our new president is Clyde Locker; vice president, Allen Hizer; secretary, Mary Alice Stutesman; treasurer, Gordon Williams.

Grade Four
Mrs. Baily

We are happy to have a Thanksgiving vacation. Some of us are visiting folks outside of Tecumseh. We have our room decorated with pilgrims, turkeys, and harvest vegetables and fruits.

We had two birthdays in November—Sheridan Mangrum and Gary Honeycutt.

Ronnie Hill has left our room and is going back to California.

During the nice weather the last few weeks, we have been having lots of fun playing baseball with Mrs. Whiting's room. Mrs. Whiting pitches when we are up to bat and Mrs. Baily pitches when the children from Mrs. Whiting's room are up to bat. So far we have won most of the games but some of them have been very even.

In geography we are studying about children who live in yurts (we would call them tents) on plains in western Asia.

Their father is rich because he owns a large number of animals.

Grade Five
Mrs. Runk

All our thooughts last week were on turkey and dressing and pumpkin pie. Of course we were glad for the two day holiday, too. Several of us went out of town for Thanksgiving: Karren Butler to Flint; Vickey Baughey to Ohio; Susan Nichols to Toledo; Linda Griffin to Dearborn; Bruce LeFevre to Green Bay, Wisconsin; Ruth Ann Hagadorn to Milford; and Vickie Petersen to Detroit.

We are studying the war between the states in social studies. Jim Ripley and Bruce LeFevre brought Civil War muskets to school.

Our room officers for this month are president, Eugene Brion; vice president, Shirley Wagoner; secretary, Judy Mangrum; and treasurer, Dianne Gove.

Donald Linden brought a science experiment to school which he and his father had made. It was a coil of wire, the core of which became a strong magnet when it was hooked up properly to a dry cell. We were surprised at the amount of weight this magnet would hold and the length of time it would hold its magnetism after the current from the dry cell had been disconnected.

Walter Girbach brought his steam engine to show how steam can drive engines.

We are studying simple machines now, in science class, and are beginning to understand about how work is done with levers, inclined planes, and pulleys.

We are proud that 29 children in our room had A's in spelling last week.

We have eleven people in our room who are taking band lessons this year. They are Eugene Brion, saxaphone; Karren Butler, flute; Clarence Champanois, clarinet; Dennie Harrison, saxaphone; Gale Kimerer, cornet; Betty Bishop, clarinet; Kenneth Beevers, saxaphone; Harold Morgan, trombone; and Elmo Rucker, clarinet.

Grade Five
Mrs. Osburn

Rita Booth, from Alabama, is a new pupil in our room.

The following pupils are in the fifth grade band: Larry Meiers, Catherine Doyle, Mike Green, Larry Titley, Michael Robinson, Jean Ann Hoag; Abraham Evans, James Bashore, Daniel Morey, Bradley Bruce, Glen Klingensmith, Linda Wilson, Ray Goodwin, Dean Eddy, Philip Head, Patsy Matheny, Tim Tietsema, Camilla Grigg, Tommy Barton, and Patrick Holdridge. We think maybe we can have a band of our own.

All but nine of us have our new desks. We're certainly glad to get rid of the tables we had and hope the rest of our desks come soon.

Jane Hodges, Carol Lowe, Larry Titley, Patrick Holdridge and Paul Underwood were the committee for decorating the room for Thanksgiving.

Several mothers and one father visited our room during the past week.

CHRISTIAN BUILDERS

The newly organized group of Presbyterian women, who have decided on the name of Christian Builders, met Tuesday evening at the home of Mrs. Richard Fielder, with Mrs. Harlan Dicks as co-hostess. Mrs. Donald Purkey led the devotions and the various committees, who have been working diligently reported many original and promising ideas.

Several visitors were present, who are always welcomed by the group. The next meeting, Dec. 30 will be in the home of Mrs. William Sisson, 310 Outer Drive, at 8 p.m. Mrs. Bart Auito will assist and Mrs. David Faling will have charge of devotions.

Paints a Gloomy Picture If Fluoridation Is Voted

Dr. John J. Marshall Addresses Knights Of the Round Table

A gloomy health picture was painted Monday for Lansing if fluoridation of the public water supply is approved by voters here Nov. 3.

The picture was painted by Dr. John J. Marshall, of Lansing, in a speech to Knights of the Round Table, meeting at the Emerald room of the Hotel Roosevelt.

CALLS FLUORINE POISON

Fluorine is a poison, Dr. Marshall said. "There can be no safe dose of fluorine any more than there can be a safe dose of dynamite or any other poison."

He predicted that if Lansing's drinking water is treated with fluorine (to reduce tooth decay), and if people continue to eat such refined foods as sugars, starches and carbohydrates and fruits and vegetables that have been dusted and sprayed with fluorine insecticides, there would be an increase in sugar diabetes, heart disease, kidney disease, blood vessel disease, diarrhea and persons who have cancer will die earlier.

"Fluorine is the most destructive to animal tissue of any substance known," Dr. Marshall said. "From five to 10 grams will kill a person in five minutes.

He said fluorine was indigestible and had a tendency to accumulate in the body—the bones, teeth and the frontal lobes of the brain where it tends to cause paralysis.

"Turner's Chemistry," Dr. Marshall said, says: "of all known substance, it (hydrofluoric acid) is the most destructive to animal matter. When a drop the size of a pin head of the concentrated acid comes in contact with the skin, instantaneous disorganization takes place and deep malignant ulceration results."

"Legal Medicine and Toxicology" by Drs. Gonzales, Vance and Helphs, he said, reports that the "gastric juices (of the stomach) change sodium fluoride into hydrofluoric acid."

SEES CANCER INCREASE

"Here seems to be," Dr. Marshall said, "the sudden increase of internal cancer."

This is in line, he said, with the findings of Dr. Alfred Taylor, research scientist of the biochemical institute, University of Texas, who gave mice distilled water containing fluoride at the rate of .045 ppm., one-half the amount recommended for treatmnt of drinking water.

He quoted Dr. Taylor as saying: "The data we have indicates that a shortening of the life span is the result. So far as people are concerned it would possibly mean three to five years in a human life."

"It is rather phophetic," said Dr. Marshall, "that Wisconsin, which has the most towns with artificially fluoridated water, also has the highest cancer death rate."

In speaking of fluoridated water and pre-mature childbirth, Dr. Marshall said:

"Dr. Carl Neupert, Wisconsin state health officer, recently admitted that pre-mature births are increasing in his state . . . ."

"Army doctors in Colorado Springs, Colo.," the Lansing doctor said, "advise expecting wives of army personnel to drink non-fluoridated water to avoid the damaging fluoride in the public water supply."

He quoted a letter from Dr. W. B. Protho, Grand Rapids health officer, to Dr. A. L. Miller, Nebraska congressman, as saying that city had a 25 percent increase in heart disease deaths since fluoridation was started.

Dr. Marshall also said that in Grand Rapids one of every 17 persons had sugar diabetes while the national average was one in 75.

Is That So!

By Miss Clara Waldron

(First of two articles telling the history of the Lyman Curtiss house).

Some morning—probably one of those freshly-minted May mornings when housecleaning madness is in the air and housewives are assailed with the urge to "do things over"—the people who live near the corner where East Pottawatamie crosses Maumee, are going to be electrified by the sight of usually mild-mannered Mrs. Lyman Curtiss attacking her front porch with axe and crowbar. If or when she resorts to such desperate measures, it will be to restore to view the doorway now hidden by that Victorian "improvement."

Architecturally speaking it would be a noble deed, for it is a doorway of classic simplicity at least one-third of which is covered up. An early picture shows a massive lintel, which balances the heavy supporting pilasters, and a long window above the door matching the narrow side windows with their small panes of early, greenish glass.

The doorway is characteristic of the rest of the house. Built in the early 1830's, it was a house built primarily for use. It was one step (but what a long one) from the log cabin, and its chief interest is in its material and construction. Here the architectural taste and tradition of the east met the seemingly limitless resources of our virgin forests. Here was timber — literally — to burn and the most prized woods were used with a lavish hand.

In design it is of the down-east "salt box" type with lower lateral wing and while its proportions are really excellent it stands on so high a foundation that the effect is somewhat spoiled. There are interesting and unusual triangular windows in the gables and it has the "turn-back" cornice, characteristic of that and later periods.

But the sills that rest on that too high foundation, like the beams throughout the house are something to behold. Hand hewn, of course, and up to 20 inches square, some of them are 22 feet long. Most are of oak and speak eloquently of the forest giants the builders found here waiting for the axe.

Everywhere is the same wealth of wood. All the heavy paneled doors are of walnut as is the stairway with its slender, graceful balustrade and wide, handcarved molding. Even the wide floor boards of the hall are walnut but those of the "parlor" are of the still more precious button-wood. In fact all the interior finish is of white wood, which because of its smooth grain and satin surface was prized above all others in this region. There was a good story told in 1826 about Judge Dexter's white wood trees—but that is another tale.

On this interior woodwork the carpenters really let themselves go. There are seven different patterns of molding about the doors and windows, all part of the original house and all of rather unusual and interesting design. The woodwork in the parlor is, of course, the most elaborate. There are panels under the windows which bring the casings to the floor and originally there were over-lintels that carried them nearly to the high ceiling. Incidentally that ceiling has a raised plaster decoration in the center, in this case a graceful circle of molding.

As much of the interior finish has straight and relatively simple lines, it is possible that these moldings were produced locally. Long before the date of this house there were sawmills at Newburg, Brownville, Blood Road and the Quaker pond and in 1832, the Globe saw mill was built at the Standish dam. There were furniture, barrel and sash factories at Brownville also, so surely somewhere such finishing work could have been done.

CANDLELIGHT SERVICE

The combined choirs of the Presbyterian church are preparing for the church's annual Candlelight Service to be held Dec. 13 at 5 p.m. Robert Peck, director of the St. Andrew's choir and Mrs. Arthur Schwartz, who directs the Junior choir are joining efforts to make this event worthwhile. The service is sponsored by the Westminster League.

GOLDEN RULE

Election of officers was the order of business Tuesday evening when the Golden Rule Circle met at the home of Mrs. Ned Baldwin with 35 members and one guest present. Mrs. Baldwin was assisted by Mrs. Edward Boss, Mrs. R. C. Carey and Mrs. Paul Eddy.

Officers chosen for the coming year are: President, Mrs. C. L. Williams; vice president, Mrs. Ted Pihl; secretary, Mrs. Warren Peck; treasurer, Geraldine French.

The circle voted $50 toward the new robes for the Junior choir and decided to entertain the Blue Bird Brownie Scout troop in February. Devotions were read by Mrs. Glenn VanDenbergh. Members were urged to vote at the coming election.

New officers will be installed at the January meeting to be held at the home of Mrs. H. H. Hanna, with the assistance of Mrs. Don Heesen, Mrs. Mable Beardsley and Miss Ruth Harding.

Herald Installs Power Cutter

Replacing an old hand paper cutter, The Herald has purchased and recently installed what is believed to be the "largest power paper cutter in Lenawee county."

A Golding product, the cutter has a 38-inch knife which is belt driven off a three horse power motor. Additional floor bracing was required when the ton and a-half cutter was brought in.

Other equipment which has recently been installed by The Herald includes an automatic Cleveland model B folding machine which can make up to four folds on a maximum size sheet of paper 24 by 38 inches.

Another new addition to the job printing department is a Miehle vertical press on which the Tecumseh Products Broadcast is printed.

In its composing room, The Herald has added 42 fonts of new foundry type and installed a new 100 galley storage cabinet.

SEASON DEER KILL BEHIND LAST YEAR

Tecumseh's share in the state deer hunting bag is behind last year according to reports. Monday's one-day, any-deer limit, officially ended the season which was marked by unusually warm weather and little snow.

Clarence Keller, Freezit Locker operator reports only 52 deer returned for cutting and freezing this season compared to 85 last year.

The biggest deer brought into the local locker plant were 8-point bucks shot by Bill Bruce and Don Nixon.

Average weight of deer this year ran around 150 pounds.

BI-ANNUAL WATER READING UNDERWAY

Bi-annual readings of Tecumseh's 1,400 water meters are now being made by John Kopka and Leonard Creger.

Readings will be completed during the first two weeks in December.

Often mistaken for salesmen or service attendants, Kopka said that he or Creger will call at every home using village water for the "winter" reading and asked full cooperation.

The other water reading is made in June when a surcharge is also assessed for each water user's share of the sewage disposal plant's operating cost.

Models TB Appeal

...and keep everyone safe

GAYLORD — Mrs. Louise Peacock, TB patient at the Northern Michigan Sanatorium here, was chosen to "model" one of the campaign posters for the 1953 tuberculosis Christmas seal sale. Like hundreds now under medical care for TB, the Midland, Mich. mother said "getting well and getting home means the most." The Christmas Seal poster, by noted artist Steven Dohanos, urges chest X-rays, one of many programs backed by Christmas Seal proceeds.

TAKES PART IN SYMPOSIUM

Herrick Memorial hospital and its Auxiliary were ably represented Monday evening at a meeting of the South Central League for Nursing held at St. Joseph Mercy hospital, Ann Arbor.

Mrs. Hoyt Whelan, a member of the hospital board and president of the auxiliary, took part in a symposium discussion on the topic, "What is being done to improve nursing service and education in this area?"

Moderator of the symposium was Dr. Frederick House, Ann Arbor and participants were Dr. Roger B. Nelson of the University hospital, speaking for hospital administration; Mrs. Albert Milford, Ypsilanti, with the point of view of the medical auxiliary made up of the wives of physicians; Dr. C. D. Barrett, Monroe for the Public Health agencies; Edna May Doyle, R.N., representing the nurses organizations and Mrs. Whelan, who spoke of the part played by hospital auxiliaries.

Mrs. Whelan spoke not only of auxiliaries in general but presented Tecumseh's growing hospital in a very favorable light.

Announcement

A process for removing moisture and impurities from bottled gas called Dri-Processing is reported to have been perfected by The Dri-Gas Company of Chicago.

The removing of moisture or water vapors from liquefied petroleum-gas is very important. In freezing weather moisture can cause pressure regulators to freeze and restrict or stop the flow of gas through the regulator causing either restricted operation or a complete failure.

"Dri-Processing" as developed by The Dri-Gas Company, a division of Warren Petroleum Corporation of Tulsa, Oklahoma, is a combination of several operations which take place at the Company's Bulk Plants or distribution points. The actual methods used were not made known for publication.

Dri-Gas is distributed locally by:

METHODIST CHRISTMAS TREE LANE PLANS NEAR COMPLETION

The Women's Society of Christian Service according to its president, Mrs. Robert Bonner, has been busy with final arrangements of Christmas Tree Lane which will be held in the Methodist church Friday and Saturday of this week.

Mrs. Clarence Beach, who is in charge of the general arrangements of this affair announces that the following persons and groups are responsible for the various bazaar booths and shops which will be open from twelve until four o'clock on Friday, and from ten until five o'clock on Saturday: Aprons, surprise packages and scramble table, Mrs. Edward Leighton and the Reliables; handmade rugs, talent table, stationery, etc., Mrs. H. H. Loveland and Temple Dependables; Christmas greens, Mrs. Earl Greene.

On Saturday only the following shops will be managed by the following: Bakery, Mrs. Glen Work, Mrs. Ken Heflin, Mrs. Winthrop Winfield, Mrs. Elmer Bryan, Mrs. Willis Porter and Guild members; sweet shop, Wilma Bumpus and the Senior Youth Fellowship; Grandma's Grab Bag, Intermediate Youth Fellowship; used "good" comics, Mrs. Jay Callihan and her church school class.

The children's Christmas Story Hour will be held after school on Friday from four until five o'clock in the Social Room of the church. All children from the church school will be the guests of the Woman's Society during the story hour.

On Friday, the Mary Martha Circle with Mrs. Paul Hadsell as chairman will serve a luncheon to the public from eleven-thirty until one o'clock. On Saturday afternoon a Christmas Tea under the chairmanship of Mrs. R. J. McCoy assisted by Mrs. Willis Porter and others will be served from two until four o'clock.

Mrs. Wilfred Waldron will present an appropriate musical program during the tea. The proceeds from Christmas Tree Lane will be used for improvements on the church building and other forms of Christian work.

o

BAPTIST ACTIVITIES

A Christmas program directed by Mrs. Lyle Grigg will be the feature of the Baptist Women's Society meeting tonight at the Youth House. Hostesses will be Mrs. Ray Herrick, Mrs. Roscoe Hewlett, Mrs. Carl Fosbender and Mrs. James Danforth.

Mrs. Eddiie Kirkland will be in charge of an auction for which members are asked to bring Christmas wrapped gifts. The proceeds of the auction will be sent to buy individual gifts for the students at Mather School in North Carolina which is sponsored by the American Baptist Ass'n.

Sunday evening Delora and Arlen Fletcher will be hosts at the Senior Youth Fellowship meeting, with devotions in charge of Delora. Lois Butler will provide the recreation for the group.

December 13 both Junior and Senior groups will hold their Christmas parties. Plans include caroling by each organization followed by a party at the Youth House. The Juniors will meet at 5 p. m. and the Seniors at 7 p. m.

o

HOW DOES CITY SOUND ? !

Charter Approval Seen, Main Contest Monday Over 7 Council Posts

Does the "City of Tecumseh" have the same pleasing ring to your ears as it does to the many who have expressed their favorable acceptance of this phrase — which may be in common use after Monday.

For the apparent majority of voters in the enlarged incorporated area proposed for the new city, expressed their liking the phrase for more than the importance connected with "city" in contrast to "village."

For behind the term lies the real meaning and the promise for a more modern, progressive, economical and flexible home rule government with an up-to-date charter. Many of these points have been widely advertised and discussed recently with little opposition and no organized resistance to this step forward for Tecumseh.

Monday's election is expected to attract a large vote, as competition is keen for the seven council posts. Nineteen candidates are listed on the ballot. The automatic voting machines allow a maximum of seven votes, you cannot "over vote." However, each voter may cast for any number less than seven.

The main issue is the acceptance of the proposed council-manager charter for the city. The actual move to become a city was passed last summer, now the detailed labor of the nine-man charter commission is on trial. The document is expected to pass for its wide praise by state officials and authorities on political science.

The new government, if favored, takes office Jan. 5 with the seven top council candidates taking over the reigns of the new city. They will act as a board of directors does in a large company with the citizens of Tecumseh forming the stockholders. The council will hire a manager and select a "mayor" which is more an honorary title than anything else in this form of government.

It is up-to-date in every respect and gives the voters a chance for referendum and immediate vote on any city question of decision.

Most of the council candidates are well known to the community, many of them have already distinguished themselves with service to the community in one form or another. Vern Manwaring is the only member of the present council who is running, he is in the real estate business.

Paul Clauda, head of the plumbing and heating firm which bears his name, and Charles Mensing have previously served on village councils with fine records. Mensing initiated the present budget system and financial structure of village operation which has been widely praised.

Hugh Hanna and LeRoy Titley have served many years as township officials with outstanding records. Both are well known to the community and outlying districts.

Robert H. Moore is widely known for his business interest in the R. S. Moore & Son lumber business. He was president of the charter commission.

Hal Kelso is a newcomer to Tecumseh politics but has taken an active part in past civic affairs. He has been with Tresco for a number of years and is past president of Rotary.

Two women candidates are Edith Baker Smith (Mrs. Frank Smith) and Cecile M. Smith. The latter has worked in various retail stores on main street during past years while the former has taken an active party in numerous civic activities and organizations.

Richard R. Jennings is manager of the D & C store and has worked on business and commercial committees.

The Rev. Blair O. Bashore is widely known. He is the Baptist minister and booster of the city charter during the past five years.

Albert J. Seitz is a former policeman and in the plumbing business with his father. He is better known as "Bob" Seitz.

Grenval W. Spangler has been active in veterans' affairs and in labor circles and is employed as an electrical contractor.

Two youthful candidates for the council are Karl Schneider of Tecumseh Finance Co., and Arthur Schwartz, former school teacher, who now works at The Products. Schwartz lives in Tecumseh Acres.

John Saling has been an active member of the fire department and operates the Tecumseh Camera Shop.

Howard E. Diedrich, 130 E. Brown, has served on the Community Fund board and on recreation committee. He works at Tecumseh Products.

Merton H. "Pete" Thielan is a building contractor-carpenter well known in Tecumseh. He has been active on the Anti-Fluoridation committee.

Worth E. McClure sells insurance and lives at 3246 Shady Lane Rd.

Robert L. French, attorney, and Charles D. Branigin, truck farmer on west Monroe road, are running for the Justice of the Peace position.

CALL 259 FOR TRANSPORTATION

Every effort is being made to encourage a heavy furnout at the polls Monday. All voters will have a chance for a free ride to the polls by simply phoning the Chamber of Commerce, 259.

Voting will be done at the fire hall for both precincts.

Absentee voters can secure ballots up to 5 p.m. Saturday at the village office, this includes persons who will be away, who are sick or unable to be on hand Monday.

Other plans to remind people to vote are in the making. Tags will be distributed to people after they leave the polls, stating, "I Have Voted, Have You!"

Senior Play To Begin Wednesday

Next Wednesday and Thursday are big nights at high school. The local budding Barrymores take to the boards and the theater lives again in Tecumseh. With Bill Benham in the title roll, the Thespians of the Senior class will present "The Miser" in the auditorium of the Central building, with curtain time 8 p.m.

Of this play, Miss Jacqueline Egan, its director says, "'The Miser' is a classical farce by the great French dramatist, Moliere, attacking one of man's basic flaws, that of miserliness. If it were a tragedy, we might be forced to cry at Harpagon's complete obsession with money, however, as it is a farce we laugh at his antics and the incongruity of such a situation."

Miss Egan hopes that the audience will not be startled at the author's use of the technique of direct address and says the play has been "adapted for contemporary consumption by Walter Kerr, drama critic of the New York Herald Tribune."

COSCARELLI'S RE-OPEN SODA GRILL FRIDAY

Coscarelli's Soda Grill, formerly the Tecumseh Candy Kitchen, will reopen Friday after interior redecoration and installation of new lighting, new flooring, a new back bar and soda fountain. Mr. and Mrs. Larry Coscarelli are managers of the store. They plan a grand opening later.

Other Tecumseh stores which have recently redecorated and repainted inside are Sluyter Electric and Rosacrans.

A new Tecumseh business, called Parker's Furniture Outlet, was opened this week at 8900 Newburg Rd. by James and Margaret Parker. Mrs. Parker is Harry Morris' sister and the business is operated at the Morris residence near Paul's Trailer camp.

Kids Get Together With Santa Claus Friday, Dec. 19

RECORD THRONG SEEN FOR ANNUAL TECUMSEH PARTY FOR KIDS

Calling all kids!

Santa will be back in town Friday, Dec. 19.

The occasion will be his annual visit with youngsters on the downtown streets when old St. Nick will hand out boxes packed with Christmas candies to each of his favorite followers.

Arranged by the various community and civic organizations, the kid's party gets underway at 7 p.m. on the 19th when Santa is expected to arrive at the main downtown intersection with his reindeer display mounted on a truck.

From then on, some expected 2,800 boys and girls will make life happy for the jolly gentleman from the north pole as the evening will be spent in the customary fashion.

Santa's helpers will be on hand to direct the party and assist in giving out candy. Boxes will be filled Tuesday night when a group rallies around an assembly line set up at the American Legion home.

Some of the local stores will begin Chirstmas shopping hours of 9-to-9 beginning Monday. By Friday night they will all be open evenings and remain open until the 24th when stores close as usual at 5:30 p.m.

Santa will be on hand during Christmas week roaming the streets to add a festive air to the Yuletide shopping season.

Letters to Santa Claus are pouring into the Post Office from youngsters all over Tecumsehland. Among those intercepted were from Sandra and Hanky Howard.

"Hanky wants a pair of house slippers, airplane, dumptruck, fire truck, toy chicken that lays eggs, windup turkey, boy doll, toy TV, flash light, car that does funny things, police car, gun and holster, and a Howdy Doody puppet. I would like a parakeet, pair of house slippers, typewriter, big Santa Claus color book, a doll like the one Carol Kilbourn gave me, lamp for my bed, new dress, anklets, sweater set, toy kitten, dog and puppet," wrote Sandy and Hanky Howard, to Santa signing their letter, "Your friends."

Frankie Harsh signed his letter to Santa, "With love," after asking for "a garbage truck." He said, "We are going to move on a farm, hope you can find me. Thank you."

Rae Lynne Crosby included some clever little illustrations in her letter to Santa when she asked for "some clothes, bonnet, dresses, blue jeans, shirt, pajamas, pillow, apron, slip, shoes and socks. I'm helping mother with little jobs around the house." Rae Lynne signed off, "See you at Christmas, A little helper."

Further Plans To Annex Waring District Discussed

The Waring Board of Education visited the Tecumseh Board of Education Tuesday evening to discuss problems pertaining to financing schools for both districts. After reviewing facts and discussing transportation of Ridgeway pupils who now come to Tecumseh via the Waring school bus, it was decided that both boards would present the facts to the state Superintendent of Public Instruction for his opinion and approval of annexation if he felt it was feasible and desirable.

The Waring Board of Education, should approval of annexation be given by the state Superintendent of Public Instruction, will poll their district to consider the will of the school electors. Should the Waring District vote to annex to Tecumseh No. 7, the Board of Education will then hold an election of school electors to determine whether the Waring district is to be annexed. A simple majority is required in both cases.

Facts pertinent to this problem will be presented from time to time so that the school electors of both districts may decide whether the Waring district should be annexed to Tecumseh No. 7.

Since Oct. 31, 1953, it is necessary for both districts to decide this problem by vote of the school electors. Should questions arise call James McDowell, superintendent of schools, for further information.

Refrigeration Display Is Further Evidence Of Tecumseh's Claim To Compressor Capital

Tecumseh's capital position in the vast refrigeration industry was evidenced by an outstanding display of locally manufactured compressors at an industrial exposition in Cleveland.

The large, attractive booth was one of the main features in Cleveland's Public Auditorium when the All Industry Refrigeration and Air Conditioning Exposition was held in November.

Prepared by Al Russell, Tresco advertising manager, the booth measured 55 by 22 feet and covered over one-thousand square feet. There was but one larger booth at the entire exposition.

On display were compressors locally manufactured at Tecumseh Products Co., and at its Marion branch.

Offered for the first time to any industrial show was the Products' 3/4-horsepower single cylinder air conditioning compressor, 1½-horsepower twin cylinder air conditioning compressor, new pancake compressors with fusite terminals, 1/8-horsepower adjustable slant highside compressors, 1/4-horsepower baseless highside compressors designed for freezers and ice cream cabinets, the new 1½-ton automotive air conditioning compressors and 1, 1½, 2 and 3 horsepower integral hermetic compressors.

An estimated 16,000 visitors to the national exposition viewed the Products' booth, many stopped to inquire and ask questions about the compressors.

Among the refrigeration manufacturers, customers, suppliers and interested patrons of the industry on hand for the exposition were 47 representatives of the Tecumseh firm including many from the Tresco Sales department, from the Products and from its Canadian and export branches.

There was a total of 234 exhibitors.

HERMETIC COMPRESSORS AND UNITS
TECUMSEH PRODUCTS COMPANY

Tecumseh Products Company's attractive booth at the recent Refrigeration and Air Conditioning Exposition in Cleveland gave some 16,000 viewers a look at the locally made units which give Tecumseh the claim to the world's "compressor capital." The large compressors in the foreground are made at the Marion branch, reading from left to right, are the 3 horsepower water cooled, 1½ horsepower air-water cooled, 15 horsepower water cooled, 1 horsepower air cooled and 5 horsepower water cooled. All are remote condensing units. The above picture appeared in the Dec. 7 issue, TP Broadcast, Miss Mabel Lockwood, editor, which is printed at The Herald.

Council Plans Traffic Change On Patterson

A public hearing will be held in the Council chambers Monday night to settle a long-time proposal that Patterson street be made a one-way east-bound-only street between Ottawa and Maumee.

Noting a traffic congestion in that area nearly a year ago, the council has considered various plans, but none crystalized until this week when a letter from Tecumseh Products Co., was read asking the lawmakers to limit that long block on Patterson which runs in front of the Products parking lot, to one way east only.

The letter was accepted and placed on file until the hearing Monday night.

Also at this week's meeting, a further petition was presented by residents in the Protane Gas Co. area, asking the council to take whatever steps are necessary to prevent the re-establishment or re-building of the bulk transfer facilities on South Adrian street.

The Herrick Memorial Hospital board was permanently enlarged to seven members. Kenneth Herrick was appointed to fill the expired term of E. M. Campbell. He will serve until 1958.

A petition was filed by Town & Country Homes for curb and gutter on Seneca and Nokomis streets in Moore's second addition to Indian Acres.

Engineer Ed Nelson reported that village workmen made progress in November preparing for winter and completing a number of projects.

"Things were going along pretty well on the Burt street sewer until we ran into fine sand under seven feet of clay. This job became very dangerous and it was necessary to get Mr. Carr's crane to help dig. Our crane couldn't get anywhere. However we have the sewer in 300 feet north of Burt street and 300 feet east on Burt street. We are beyond all water and gas crossings now so we should go a little faster when we get beyond bridge," Nelson said.

"We have the sidewalk and driveways or road completed at the Patterson school and also the sidewalk at the high school. There is a parking area to complete at the Patterson school. It was necessary to stop on this job so as to repair streets after the rain.

"We have received all the testing equipment at the disposal plant to make the necessary test which the state requests. We have taken samples of sludge to Ann Arbor university for testing to see what we are getting in our sewer, that is killing the bacteria in the digester," Nelson reported.

Further drillings for water continue on north Union street after the company from Delta, Ohio, under contract to do the work, lost 40 feet of pipe in the first test hole across from Paul's Trailer Camp.

A second well promises a good volume of water as the well head found water in nine feet of gravel below 12 feet of clay.

In the first pumping at the new site, the whole area was dewatered at 65 feet.

Nelson said the village force would be cut down by a few more men this week as new construction has ended for the winter.

MARCH OF DIMES CHAIRMAN NAMED

Paul Ahleman, chairman of the Lenawee chapter of the National Foundation for Infantile Paralysis, announces that Mrs. Rolland Reister, 410 W. Chicago Blvd. will be chairman of the March of Dimes in Tecumseh and Raisin townships this year. Mrs. Reister replaces Mrs. George Quick who moved to Colorado.

Mrs. Reister is arranging a meeting of representatives of all organizations to be held in the Fellowship Center of the Presbyterian church on Friday evening, Dec. 11 at seven-thirty for the purpose of organizing a council to be responsible for the larger area plan. The national March of Dimes and Dollars will be conducted from Jan. 2-31.

TWENTY STORY BUILDING? NO, JUST SELLING DIRT

Rumors that a big building was going up on North Mill street just past Brown, were brought to an end by Howard Truesdale, who owns the property when he announced that only black top soil is being removed and sold.

Post Office Faces Yule Mail Load

WILL STAY OPEN ON SATURDAY AFTERNOONS

Second only to Santa Claus in popularity at Christmas time, the Tecumseh Post Office faces its annual avalanche of Yuletide mail.

Extra help plus extra hours are planned to handle the overload, Postmaster Jack Metcalf said, in announcing the Saturday afternoon opening of the local Post Office on December 12 and 19. Window service will be offered on those dates with the usual 5:30 closing.

Metcalf pointed out a lot of "assists" postal patrons can help with during this busy season, like dividing their Christmas card bundle into packs according to cities and facing all stamps together in the same corner for easy cancellation.

The postmaster thanked Tecumseh for its fine cooperation in the past. Many patrons take time to put slips of papers between each city with the destination, a big assist to the mail men.

Christmas cards which are sealed or contain writing must have three cents postage, a guarantee for forwarding or return. Unsealed Christmas cards with only the name written may go for two cents, but will not be forwarded or returned.

Foreign mailing rate is eight cents for the first ounce, and four cents for each additional ounce.

Domestic packages within postal districts one and two, roughly 200 miles in radius of Tecumseh, can weigh up to 40 pounds. Packages to other postal zones in the United States can weigh up to 40 pounds.

Overseas air mail packages can still be sent, weight limits are two pounds.

Churches Ask Community To Put God First

The Tecumseh Ministerial Association, composed of the following local churches, Assembly of God, Baptist, Episcopal, Friends, Methodist and Presbyterian, hereby make public this statement regarding local activities of community-wide interest and scope.

As representative organizations of God in this locality, we re-affirm the authority and supremacy of Almighty God in all situations and circumstances. This means we, as cooperating Protestants, agree in all occasions where it is humanly possible, our loyalty will be to the Church and to Our Father in Heaven.

Activities which compete with God's will for man and the more abundant life are thereby of nature other than primary for the good of our homes and community. Therefore, as Christmas we realize full well that when we choose to express interest and action in forms outside the realm of loyalty to the Church we are accountable to God!

In accord with this our Churches will endeavor to make a greater plea for more realistic participation, beginning with the home!

In cooperation with the schools it has been agreed that no child is to be penalized in school activities for attending or participating in church programs scheduled any night during the week. Therefore, it is understood that every organization is encouraged to thoughtfully prepare its activities in consideration of the Church, school, and community calendar with special emphasis placed upon the need for family nights at home.

George E. Walworth

ON YOUR MARK, GET SET, VOTE — It is folly to think that 3,000 or even 2,000 voters would take 30 seconds off Monday to do such an important thing as VOTE. For so few of us have ever been exposed to anything but the sugar-coated privileges of democracy. If we could only somehow change the tune, and instead of plying the citizens of Tecumseh with begs of "exercise your right to vote, it's the American way," we'd like to think for a minute of what life would be like in a land where newspapers said, "don't vote, the ruling hierarchy will decide all important issues," or better than that, "vote according to orders o-r-r-r e-l-s-e."

In contrast to all these, we have the way of freedom right in the palm of our hands, we can mold a future community, build a better town through our own decisions; together we can do anything — and it takes only thirty-seconds. Probably less if you have studied the candidates and decided upon the main issue. Thirty-seconds in the voting booth, thanks to the modern tabulating methods of the automatic voting machines.

And furthermore, your ballot cannot be ruled out or cast in error. Everything has been done to give Tecumseh its biggest chance to take a lengthy stride forward in the march of community progress.

As one charter booster put it, "Let's modernize on Monday!"

"Why don't you buy a home?" I asked Jimmy.

"We're saving up. Some day we will. But we plan to pay cash when we do," he replied.

"What form of savings do you use?"

"We have our savings scattered," he answered. "Some in our bank account, some in stock plan. A little in life insurance."

"They're all good methods, Jimmy," I said, "but have you ever considered SAVING from an ENJOYMENT standpoint?"

"No," he replied, "I haven't. What do you mean?"

"Just this. Buying a home with a down payment and making regular monthly payments is one of the most popular methods of saving money. Your "equity" increases each month. But unlike any other method, you get to USE and ENJOY the home all the time you're paying for it."

"That's an idea," Jimmy said, "forced savings with all the comforts of home thrown in."

"Yes," I replied, "You have to live somewhere. Why not ENJOY the kind of home you really want. And all the while you'll be saving money too."

"It's okay," Jimmy said, "let's talk to my wife and then look at a nice home."

Why don't YOU save money—and ENJOY your own home too?

Letters To The Editor

Editor, The Herald:

As I am always interested in the Anti-Fluoridation committee's paid ads, I thought it might be of interest to other readers to pass along some information pertaining to last week's enlightening little bit of nonsense.

The Michigan State Health Department in Lansing reports that there is no physician in or around Lansing by the name of Dr. John J. Marshall, licensed to practice medicine.

Is this new character the product of an over-worked imagination?

It has been interesting to check on the other personalities involved in their propaganda also. Anyone wishing to do so can write to: Michigan State Health Department, Lansing, Attention: Dr. Fred Wertheimer. You will find the department most cooperative.

ENTERTAIN STUDENTS

Mrs. Robert J. McCoy, chairman of the Hospital Auxiliary committee charged with the responsibility of entertaining a group of student nurses of sixteen foreign countries coming to Tecumseh from Wayne University School of Nursing this weekend, announces that plans are nearly completed for this interesting project. Private homes of the town are extending their hospitality to these young ladies and there is a busy schedule for their pleasure and information. Others on the committee are Mrs. Paul Keyser, Mrs. Hugh Andrews and Miss Gertrude Spaulding and inquiries regarding arrangements should be directed to them.

Letters To The Editor

Editor, The Herald:

My request of last week referring to the change in the school bus schedule was answered in person by the bus driver and confirmed by Mr. Greene.

I would like to thank The Herald and the above gentlemen for the prompt reply. The reason was a request by the older pupils (to the bus driver) for a later schedule to allow them to participate in extra curricular activities. The driver should be commended for his interest, and trying to accommodate the children. Mine was the anxiety of a parent for his children's health.

Yours,

George A. Choske

LEGION AUXILIARY

A display of knitted articles to be sent to Korea, consisting of 18 pairs of mittens, three caps and a sweater, was shown by Mrs. Kenneth Herrick Monday evening at a meeting of the Legion Auxiliary, presided over by Mrs. Vern Manwaring. Plans were made for the family Christmas potluck dinner for members of the Legion and their families to be held at the Legion Home, Dec. 17. Dinner will be at 6:30 and members are asked to bring two dishes to pass, either salad, vegetables or dessert as other items will be furnished. There will be movies as entertainment and a Santa Claus. Monday evening hostesses were Mrs. Richard Eggleston, Mrs. Robert Custard and Mrs. W. M. Powell.

WIT AND WISDOM CLUB

A Christmas party with the traditional tree and carols was enjoyed by 42 members of the Wit and Wisdom Club Monday evening. Held in the High school cafeteria, it was preceded by a ham supper served country style by the hosts of the evening, the Delmar Crisps, James McDowells and Earl Greenes. Instead of a gift exchange, a Christmas collection was taken which resulted in a sum of $21.50 to be used for the children's room in the hospital. The evening was completed by the showing of beautiful, colored pictures of scenes in the Hawaiian Islands by Dr. R. J. Murray, which were especially appropriate on the anniversary of Pearl Harbor.

DIES IN WYOMING

Word has been received of the death in Buffalo, Wyo., of R. C. Rasmussen, whose wife, the former Emily Hall of Tecumseh, died two months ago. Mr. Rasmussen, who was 81 years old, was killed in an automobile accident Dec. 1 and his funeral took place in Buffalo, Dec. 5. A Message To The Citizens Of The Tecumseh Area:

On Monday, December the 14th, we have facing all of us in the Tecumseh area, the biggest challenge that we have ever had. Personally, I feel we should adopt the proposed charter that was approved by the Government of the State of Michigan after long hours of hard work by the noble group of citizens that we elected to work out this charter. I have read and studied it and I believe it is a good foundation for the future of Tecumseh in years to come. It has all the instruments for growth and should give the future citizens of our Tecumseh the tools to work with; letting them adjust our government to the needs of the times to come.

When I was born, America's population was less than 63 million and on March 14, 1953, we reached a total population of 160 million. We are advised that America is growing at the rate of two and one-half million per year.

Twenty years ago, October 20, 1932, when I came to Tecumseh the population was around 1,800. Today it is approximately 5,600 and continuing to grow. Therefore, we should all feel that we should expand our form of government to meet the demands of America, as well as our great City of Tecumseh. By adopting this charter, we are taking this step.

When I was born, there were no automobiles, very few telephones, very little electricity. There were no home appliances, no radios, no airplanes; but, due to the thinking of our leaders and the development of research, we have in my life span accomplished all of these great inventions. At the same time, the American way of living has advanced until we are the leaders of the world.

There were more villages at my birth than cities in America. Now because of these improvements and expansion, we have more cities than villages. There are only a very few villages in the State of Michigan, and, to the best of my knowledge, no village is as large as Tecumseh. There are a great many cities in our great State of Michigan smaller than Tecumseh but, with their leadership, they could see the advantages to the average citizen of changing from a village to a city.

In expressing the above thoughts, they are done with only the humility of being a very proud American. I feel we are fulfilling an obligation to our great Father and to our great America, and to all of the fine citizens in our great community. Therefore, I would suggest that every citizen do some very serious thinking and, above all, vote on Monday, December 14th. Personally, I feel in my humble way, that this crisis on the future growth of our great City of Tecumseh, Michigan will be a step forward in the advancement of all citizens in this community.

I saw Mama kissing Santa Claus...

(when he brought her an Ironrite)

Yes, Mother knows her new Ironrite will give her a holiday from ironing drudgery for the *rest* of her life.

Now, she can say goodbye forever to weary hours of standing over a wobbly ironing board . . . say goodbye to sore back and muscles, to ironing-day fatigue. She's looking forward to wonderful hours of leisure—to more time with her family and friends.

She knows that she can sit comfortably before her Ironrite while she cuts her ironing time by two-thirds, cuts the hard work of hand ironing to nothing at all! And, thanks to Ironrite's exclusive features, she'll be able to iron everything in her washbasket—from her husband's shirts to daughter's ruffled pinafores—with nothing to finish by hand ironing.

Insist on Ironrite, the only ironer that *irons anything you can wash!*

- Two completely usable open ends that permit you to iron anything
- Handy Do-all ironing points that get into every tuck, ruffle or gather
- Genuine cast-iron shoe gives even heat along full length of shoe
- Convenient knee controls for simple operation

A FREE HOME TRIAL of the Ironrite can be yours at no cost or obligation. Ask your dealer to arrange for you to try the Ironrite Automatic Ironer in your own home, on your own wash, with full ironing instructions.

Recommended Council Candidates

The council of the City of Tecumseh will be called upon to run a $200,000 a year business owned by 7,500 taxpayers.

It should be a representative group consisting of capable business men for efficient management, plus others to represent the various viewpoints of all the 7,500 citizens.

This type of council will assure a well-run organization, tempered to fit the needs and best interests of the entire community.

These candidates are recommended for the following reasons:

Charles Mensing

Is recommended for his tactful, stable disposition and habit of investigating thoroughly every problem; for his 25-year knowledge of Tecumseh and its people; for his outstanding ability in the past as demonstrated by previous council experience. This man is an outstanding candidate.

Mrs. Edith Smith

Is recommended for her women's point of view and great community interest as shown by long service on the Hospital Auxiliary, Community Chest, Tecumseh Cancer committee of which she is chairman, Nurses Aid and Girl Scouts. She also is an outstanding candidate for a council post.

Art Schwartz

Is recommended as a level-headed representative of the newly incorporated outlying area. His attitude toward building a greater city of Tecumseh is needed on the council as is his youthful viewpoint.

Bob Moore

Is recommended for his organizational and business ability; for his lifelong knowledge of Tecumseh, its growth and its people. He knows the workings of the new City Charter thoroughly.

Vern Manwaring

Is recommended for his willingness to work hard as shown on the previous council; for his occupation which takes him to all corners of town and gives him an easy contact with everyone. His attitude of fairness is praiseworthy.

H. H. Hanna

Is recommended for his outstanding knowledge, wide acquaintance and intimate association with public offices and laws through the years. There's a place for "Ole" on the new City Council.

LeRoy Titley

Is recommended for his long term service to Tecumseh as a supervisor and for his knowledge of township and county activity.

Dick Jennings

Is recommended for his business ability and "main street" background, for his close touch with the retail interests of the city and for his youthful attitude.

Karl Schneider

Is recommended for the future service he will offer the city in years to come for Karl is a younger man interested in community progress and should eventually make as good a councilman as his Dad, whom we all remember.

Paul Clauda

Is recommended as a capable, successful business man with previous council experience and by no means a "yes" man. Paul is a man who must know before he decides, an attitude needed on every council.

ANY SEVEN OF THE ABOVE CANDIDATES WILL MAKE A CAPABLE COUNCIL FOR THE CITY OF TECUMSEH.

Probate Court for said County.

At a session of the probate court for the county of Lenawee, holden at the probate office, in the city of Adrian, on the 23rd day of November in the year one thousand nine hundred and fifty-three.

Present, HON. L. B. KUNEY, Judge of Probate.

In the matter of the estate of BEVERLY J. SHAW, deceased.

On reading and filing the petition of Irving C. Shaw, executor upon the estate of said deceased, alleging that the funeral expenses and debts of said deceased, and the expenses of administration thus far incurred, have been fully paid, and praying that his final administration account may be allowed, that the legal heirs of said deceased be determined, and for such other order and decree as to this court shall seem proper.

It is ordered, That Monday, the 21st day of December next, at nine o'clock in the forenoon, be assigned for the hearing of said petition.

It is ordered, That a copy of this order be published in the Tecumseh Herald a newspaper printed and circulating in said county of Lenawee, for three consecutive weeks, previous to said day of hearing.

In The Matter of LILLEY RESERVE, INC.:

Order To Show Cause

At a Session of said Court held in the City of Adrian on the 7th day of December.

PRESENT: The Honorable Henry I. Bourns, Circuit Judge.

WHEREAS, R. S. Moore of Tecumseh, Michigan did on the 7th day of December 1953 file his Petition, praying for the dissolution of subject Corporation; and further praying for his appointment as temporary Receiver to marshall the assets of said Corporation; and further praying for his appointment of permanent Receiver for the purpose of distributing the said assets, and the Court being fully advised in the premises, on motion of J. C. Beardsley, Attorney for said Petitioner, it is hereby ordered and directed that such Petition be granted and such permanent appointment be made, unless cause to the contrary be shown by persons interested therein before the 25th day of January 1954.

And it is hereby ordered that said R. S. Moore be, and hereby is, appointed temporary Receiver of the assets of said Corporation, pending said hearing.

And it is further ordered that a copy of this Order be published once each week in the Tecumseh Herald for three succeeding weeks and that a copy thereof be served by registered mail upon all creditors and stockholders of said Corporation, at least 30 days prior to said date.

From where I sit ... *by* Joe Marsh

A Case of "Moostaken" Identity

Slim Smith never had a chance to use his moose call until a trip north this year. Visited him yesterday to see what he'd bagged.

"First day out," he told me, "I picked up a trail. I sounded the call and waited. Then *I* heard a moose call. Sure enough, something came crashing through the brush. But it was another guy with his moose call. Boy, did I get my finger off the trigger in a hurry!

"My last day there I picked up another trail. This time I got me a real moose. But you can bet I took a good look before I did any shooting!"

From where I sit, we could all learn a little from Slim's experience. Most of us are guilty sometime or other of being too quick on the trigger. Like the fellow who would deny me the right to an occasional glass of beer with my dinner. I say that kind of "aim" is way off!

Announcement

A process for removing moisture and impurities from bottled gas called Dri-Processing is reported to have been perfected by The Dri-Gas Company of Chicago.

The removing of moisture or water vapors from liquefied petroleum-gas is very important. In freezing weather moisture can cause pressure regulators to freeze and restrict or stop the flow of gas through the regulator causing either restricted operation or a complete failure.

"Dri-Processing" as developed by The Dri-Gas Company, a division of Warren Petroleum Corporation of Tulsa, Oklahoma, is a combination of several operations which take place at the Company's Bulk Plants or distribution points. The actual methods used were not made known for publication.

Dri-Gas is distributed locally by:

TO SHOW FILM

At a pre-Christmas service to be held Sunday evening at 7:30 at the Friends church, the motion picture film in sound and color "The Birth of the Savior" will be shown. The public is invited to see this beautiful presentation of the record of the birth of Christ, and to join in the singing of the familiar Christmas songs.

375 ATTEND HOLIDAY BALL

The Country Club ballroom was never more beautifully decorated than Saturday evening when the Herrick Memorial Hospital Auxiliary held its most successful Holiday Ball. A Christmas eve atmosphere was created by the lighted fireplace with its colored lights and gayly wrapped packages under a star-studded ceiling and with Christmas tree decked walls.

The three hundred and seventy-five guests enjoyed the excellent music of Fred Frey and his four-piece orchestra. Mrs. Dale Bowen, general chairman of the event, expresses her appreciation of the work done by the various committees and of the generous response of the community that made possible the gratifying net sum of $945.55, which will be used for the benefit of the hospital.

W.S.C.S. SMORGASBORD

The Woman's Society of Christian Service of the Methodist church, with Mrs. T. Rentschler as chairman, will serve its second annual smorgasbord on Saturday from 4:30 until 7 p. m. According to the Swedish custom a great festival is held at this time of year honoring Santa Lucia for returning light to the Scandinavian countries. An elaborate smorgasbord, meaning food on the table, is served showing the talents of the cooks not only in providing a variety of delectable foods but in the artistry of decorating them.

Although Swedish dishes will be included, the local smorgasbord will be modified to satisfy the tastes of all who attend. Adding to the beauty of the occasion, young teen-agers dressed in formals will circulate through the social room to serve Christmas cookies and coffee. Proceeds will be used toward improvements on the church property.

CANDLELIGHT SERVICE AT PRESBYTERIAN CHURCH SUNDAY

The annual Candlelight Service of the Presbyterian church sponsored by the Westminster League will be held Sunday evening at 5 o'clock with the following program.

Prelude, "Sunset Over Galilee," by Diggle, played by Mrs. F. C. Dickinson. Part I, sung by St. Andrew's choir under the direction of Robert Peck, "Gloria in Excelsis" by Mozart; "Sleep Blessed Jesus," a Bohemian folk tune arranged by W. B. Olds; "The Blessed Lullaby" by Nevin, a special number by a double trio, consisting of Mrs. John Snyder, Mrs. Al Merz, Mrs. Nina Heath, Mrs. Charles O'Neill, Mrs. Al Helzerman and Mrs. Fred Oberlin, "The Holy City," arranged by Fred Waring.

Part II, sung by the Junior choir under the direction of Mrs. Arthur Schwartz; "My Sheep Were Grazing" by Jungst; "Jesus Christ is Born Today" by Ehestra; "See the Infant Softly Sleeping" by Gritchaninoff and "Silent Night" by Gruber. Offertory, "Christ Church Bells" by Peale.

MRS. LAIDLAW TO JOIN HUSBAND IN JAPAN

Mrs. Robert Laidlaw and sone David and Robert will leave Sunday for Seattle, enroute for Japan to join her husband, Lt. Robert Laidlaw, who is stationed at Yokota Air Force base. She expects to arrive there about the New Year and will find a completely new home awaiting her which Lt. Laidlaw has had built just off the military base. Mr. and Mrs. O. W. Laidlaw will accompany their daughter-in-law as far as Minneapolis.

Friday evening fourteen of Mrs. Laidlaw's Brown street neighbors gave her a farewell party at the home of Mrs. Bernard Goodman, who was assisted in entertaining by Mrs. Ernest Hammack.

V.F.W. AUXILIARY

Mrs. Howard Luce and Mrs. Frank Rumler were initiated into membership of the Hall-Slater Post of the V.F.W. Auxiliary at a meeting Wednesday evening. During the business meeting, presided over by Mrs. Bert Warren, it was voted to send $75 to the National home in Eaton Rapids for the Health and Happiness Fund.

Plans were perfected for the annual Christmas party of the members of the Post and Auxiliary and their families which will be held Wednesday, Dec. 16 at St. Elizabeth Parish Hall, E. Chicago Blvd. This will begin with a potluck supper at 6:30 for which meat, rolls and beverage will be furnished and will include a Christmas tree, Santa Claus and children's treat. Mrs. Robert Starkey and Mrs. Grenval Spangler are co-chairmen for this party, which will take the place of the regular meeting, thus the next meeting will not be until Jan. 6.

Is That So!

By Miss Clara Waldron

(Second of two articles about the history of the Lyman Curtiss house).

There is no record of the carpenters who built this house but of the owner-builder there is no doubt. He was Peter R. Adams, grandfather of Mrs. F. S. Anderson and Miss Edyth Shull, a lawyer, banker, landowner, editor and, during his later years, "stormy petrel" of village politics.

Peter Adams came to Tecumseh from Pennsylvania in 1830, with a fifteen year old bride, and lived for a time at the inn on east Chicago Road owned by Mr. and Mrs. Musgrove Evans. It makes "Abi" Evans more than just a name to know that she taught the young Cordelia Adams the rudiments of pioneer cookery.

It is a temptation to digress from the story of the house he built to the man, himself, for he contributed much to the development of the community during his long life. But perhaps that house, simple, practical, but very, very elegant, for its day, is the best monument he left. It was built soon after his arrival, probably before 1833, making it one of the oldest now standing.

There are many rather surprising details about the house. One is the absence of fireplaces. There are several of the low chimney openings that indicate the use of "Franklin" stoves but no evidences of the fireplaces that might be expected of the period. Perhaps this is due to the influence of Musgrove Evans, who seems to have been prejudiced against that method of heating. At least his tavern had no fireplaces and even that first log cabin, Tecumseh's first home, was planned to be heated with stoves which for some reason did not arrive, compelling Abi to cook over a camp fire all that first summer.

Most eloquent of the domestic economy of its day is, of course, the cellar. Because of the high foundation it is very deep, affording much storage space and was reached from outdoors by a wide plank door leading to the outside stairs. Dividing the cellar is a masonry structure of three small rooms, a fruit storage, a potato bin and between the two, an arch roofed "smoke room" with an opening into the main chimney. This probably served two purposes, smoking meat for the winter table and keeping the fruit and vegetables from freezing. Smoke houses were almost a necessity of those days but they were usually built away from other buildings. This arrangement is both unusual and ingenious.

That the original house has gone through so few changes is due in part to the fact that it has been in Mrs. Curtiss' family since 1870. Her grandfather, William Owen bought it from, oddly enough, another Curtiss, Dr. Philo Curtiss, who evidently had lived in the village for some time as his name appears in the records over a space of years. Mr. Adams had moved his family in 1842, to the farm east of town now owned by the Smiths and Blandens and there is no present record of other owners between those dates.

Whoever the people were who lived there they were satisfied with their dwelling as it had been built and except for a few interior alterations plus the porches that have been already mentioned and the inevitable white paint over all the rare woodwork, the house is essentially as it was one hundred and twenty years ago. Even the small brass doorknobs still open many of the doors and the ponderous front door latch with its huge key hole, covered by an iron slide, is still locked with its four and one-half inch key. You gain admittance by pulling a knob beside the heavy paneled door and a brass bell suspended in a circle of coiled wire alerts the house, as it probably did for those who called on Cordelia Adams so long ago.

WINTER DRIVING CAN BE SAFE, BY BEING SENSIBLE

Winter driving can be safe by being sensible about it.

That's the statement made by Sgt. Claude Bartell, commander of the Clinton post of the Michigan State Police, in calling attention to the fact that December is one of the deadliest months of the year.

"Don't spoil your holidays with an avoidable accident," Sgt. Bartell said. "By following a half dozen winter driving suggestions you can greatly increase your safety. The trouble is, too many drivers don't do these things and that is a big reason for the startling record that during December of the last five years nearly 800 persons have been killed and another 20,000 injured on Michigan highways.

"If one driver follows these tips he will help to protect himself and others, but he will still be at the mercy of the driver who doesn't. So all drivers should think enough of each other and pedestrians to cooperate in the suggestions and cut down the winter driving traffic toll."

Here are the tips:

1. Be prepared to meet any situation on the road.

2. Get the "feel" of the road. Try brakes occasionally while driving slowly and away from traffic. Find out just how slippery the road is and adjust speed to road and weather conditions.

3. Keep the windshield clear of ice and snow, fog and frost. Be sure headlights, windshield wiper blades and defrosters are in top condition.

4. Use tire chains on ice and snow. Chains will cut stopping distances about half and give four to seven times more starting and climbing traction.

5. Pump the car's brakes to slow down or stop. Jamming on the brakes will lock wheels and throw the vehicle into a dangerous skid.

6. Follow other cars at a safe distance. It takes three to 12 times as far to stop on snow and ice as on dry pavement.

CULBERTSON P.T.A.

Thirty-four were present at the Culbertson P.T.A. meeting held at the schoolhouse Friday evening. The program leaders, Mr. and Mrs. George Dinius and Mr. and Mrs. A. Shaw had arranged a musical program which included vocal solos by Julia Boyce accompanied by her sister, Ruth; solos by Karen Robinson and several selections played by a quartette composed of Julia Boyce at the piano, Robert Long, playing the drum, Mary Robinson, the violin and Charles Spreeman, the accordion. Hosts of the evening were the Clarence Damons, Evelyn LeFevres and Ford Mudgetts.

Looking for a real deal?

Now's the time to save money!

Today's local delivered price of the BUICK SPECIAL
2-Door, 6-Passenger Sedan
Model 48D (illustrated)
$2217.88

Optional equipment, accessories, state and local taxes, if any, additional. Prices may vary slightly in adjoining communities due to shipping charges. All prices subject to change without notice.

We feature the delivered price of the Buick pictured here to make a point about the big trade-in allowances we're giving today.

The price you pay for the car itself—*the local delivered price*—is the first thing to look for when you're bargain-hunting.

It's this figure *less* what you get on your trade-in that determines your *real* cost—the dollar difference you pay.

That means—*keep your eye on the dollar difference*. The more car it buys, the better deal you make.

So with our low delivered price and the high trade-in allowances we're giving right now—we think we have a whale of a buy for you.

And when you check into things, we believe you'll discover this:

You get more room and power for your money in this Buick than in any other car on the market.

You get hundreds of pounds more automobile here—more strength in the brawnier frame, more durability in the heavier chassis, more safety in the thicker structural members—than in a long list of cars at this Buick's price or higher.

You also get a lot more in a Buick that the specifications don't show—more fun, more thrill, more comfort, more pride and pleasure.

But why waste another day—with time growing shorter, winter coming closer, and your present car getting older? If you're looking for a *real* automobile at a *real* buy in a *real* deal—come look at Buick *right now*.

Grade School News

Grade Six
Mr. Kaiser

We are now located in the high school library. Our new desks have arrived to make our new home more pleasant.

Ralph Helzerman narrowly escaped injury last week when a car failed to stop for a stop street and hit his bicycle. We hope that we do not have any more injuries as Jane Harsh and Roger Mead each have an arm in a cast at the present time.

Our box of canned goods and used clothing for C.A.R.E. is being rapidly filled. We hope to send it out this week.

Special Room
Mrs. Buttolph

Kenneth Sipes moved recently to Onsted and now we have only seventeen pupils in our classroom.

Earl McKenzie is not able to be with us for an indefinite time because while he was playing after school Tuesday night he was hit in the middle of one of his eyes by a sharp pointed stick. We hope he soon will not have to wear the packs and can see again.

We are so happy that Christmas is coming. We have our room decorated with Christmas pictures, chains, and glitter. We even have a new fireplace that looks like a real one when it is lighted. We like to sit around it and read.

In social studies we are studying about the pioneers. We plan to make believe we are real pioneers and have a play to show how they might have celebrated Christmas.

The Happy room wishes everyone a Merry Christmas and a Happy New Year.

Grade Six
Miss Hopkins

We were fortunate in having several mothers visit us during Education Week. Mr. Greene also paid us a visit and gave us some interesting information about the Big Bertha guns used in World War I.

Last Monday we saw several film strips from the Lenawee County Library. They were pictures of life in the Middle Ages which we are studying just now.

Jan Kachur brought us an Elk's horn to convince us that they are large enough to be used in making fences.

Jim Curth and Lee Britton went up North for a part of the hunting season. Ten students in our room report that one of their relatives got their buck. Two of the lucky hunters were fathers of our boys. Congratulations, hunters.

Six of our musicians are joining the Fiddle Sticks Club. We are proud of those musicians.

Terry Hendricks was a very efficient chairman of our investigating committee that dealt with our problem of paper wads and rubber bands. We have shown that we are able to deal with our problems in a democratic way.

We are reading a book about Marco Polo. Our story about the "Miracle of 34th Street" lead to a discussion about Santa Claus and the Christmas Spirit.

Lee Britton was chosen to be chairman of our committee for the Christmas party. He has given Shirlene Bozeman the responsibility for the decorations, Judy Nichols, the games, and Delmas Dotson is in charge of serving the refreshments.

Fifteen of us are members of the Sixth Grade Glee Club. Practice has begun for the Christmas program. The band is also working toward a recital sometime in the future.

MASONIC LODGE

Tecumseh's Masonic Lodge No. 39 held its annual meeting Friday evening in the local Masonic Temple. There were seventy-five Master Masons present. Following a 6:30 turkey dinner, served by members of the Order of Eastern Star, the business meeting was held, during which annual reports were made and officers elected for the coming year.

Howard Wilson Jr. was re-elected Worshipful Master for a second term, Howard Wilson Jr. is Senior Warden; Jack Puffer, Junior Warden; Kenneth Hall, treasurer and F. C. Dickinson, secretary.

Appointive officers were announced by the Master as follows: Senior Deacon, Stanley Miller; Junior Deacon, Donald LaBounty; Stewards, Preston Caswell and William Sisson and Chaplain, Ralph Westgate.

Plans were discussed for the celebration of the centennial anniversary of the Lodge which will occur in 1954.

Why Ford delivers more car for your money

With more worth when you buy it...
and more worth when you sell it...
it's your best buy!

More go
Whether it's Ford's high-compression V-8 or Six, you get more GO per gallon, thanks to Ford's Automatic Power Pilot. Only Ford in the low-price field offers V-8 power . . . only Ford a low-friction, high-compression Six.

More ride
With Ford's advanced front suspension, front end road shock *alone* is reduced up to 80%. And with Ford's balanced spring and shock absorber action you travel "first class," whether on boulevard or the rough back roads.

More drive
Fordomatic is the only "automatic" in its field which offers both torque converter smoothness and the get-up-and-go of an automatic intermediate gear. Ford also offers gas-saving Overdrive and easy-shifting Conventional.

More looks
Modern, clean lines give your Ford style-setting beauty. And for eye-pleasing decor, you get exterior colors that harmonize with decorator-designed interiors. Ford's beautiful Crestmark bodies feature the most visibility in Ford's field and hull-tight construction. And the way these bodies last is just one more reason why Fords have such high resale value.

More advances
Ford alone in the low-price field brings you such fine-car features as foam-rubber cushions on all seats, on all models . . . suspended pedals . . . Center-Fill Fueling . . . and optional Ford Master-Guide, the last word in power steering, which does up to 75% of the work when you make a turn or park your car. Test Drive the Ford and you'll see why over 1,000,000 car-buyers selected Ford this year!

Nurses From Nine Foreign Countries View Modern Facilities of Herrick Memorial Hospital

During their recent tour of Herrick Memorial Hospital, twelve visiting nurses from nine foreign countries paused in the new nursery with hospital auxiliary president Mrs. Hoyt Whelan, right, Miss Gertrude Spaulding, left of center. Mrs. R. J. McCoy is in the background. The nurses are shown with some of the new bassinettes recently given the hospital by the auxiliary.

Tecumseh Called "Wonderful" By Foreign Nurses

"Wonderful" was the first word exclaimed by an alert nurse from the Philippine Islands during a weekend visit to Tecumseh and its modern Herrick Memorial hospital.

She had just been asked of her impressions of the community. A chorus of nearly a dozen other nurses from nine foreign countries resounded, "Yes, wonderful."

These nurses and health officials are studying at Wayne University for a year under various scholarships and had their first real look at community family life this past weekend as they visited Tecumseh and stayed in local homes.

Their intinerary included a Cook's tour of the hospital plus visits to the sewage disposal plant, Meadowridge Dairy, luncheon at the Country Club and informal entertainment by their hosts, Mrs. Paul Breitenwischer, Mrs. Joe Rohweder, Mrs. Ellsworth Collins, Mrs. M. R. Blanden, Mrs. Hoyt Whelan, Mrs. Dale Bowen, Mrs. Don Wright, Miss Beth Satterthwaite, and Mrs. Robert J. McCoy. Other auxiliary members acted as hostesses at the Country Club.

The nurses arrived on Friday evening and stayed until Sunday afternoon, many of them attending the church of their choice Sunday. They returned to Wayne University College of Nursing to continue advanced education.

Names and countries of the visiting nurses are Teofilia Braganza and Eva Obsequio from the Philippines; Germaine Desir and Lamarice Phaoton from Haiti; Chaicherd Abijataburta, Thailand; Isabel Corrina Best, Dominican Republic; Magdalena Mahdi, Indonesia; Pao-Laun Hsu, Formosa; Fumie Kobayashi, Japan; Valborg Anderson, Sweden; Bertilda Franco, Panama and Chin-Hsia Pan, Formosa.

On Saturday evening they enjoyed movie pictures shown by Mr. and Mrs. Earl Greene of western Michigan.

Legion Christmas Party Tonight

FAMILY POTLUCK AT 6:30, PARTY FOLLOWS

A family style Christmas party will be the order of Thursday night for Legionnaires and their families. A 6:30 potluck supper, the fourth annual event of its kind, will be sponsored jointly by the Legion and auxiliary with Mrs. Vern Manwaring, auxiliary president, as general chairman.

Assisting Mrs. Manwaring are many willing helpers. Special committees for Christmas tree and pop-corn balls are Mrs. Lawrence Cote and Mrs. Donald Woods; and Mrs. Lyman Curtiss, Mrs. Kenneth Herrick and Mrs. Wallace McGeorge. There are three divisions of the important committee on food; the meat will be prepared by Mesdames Dwight Drake, Elroy Johnston, Charles Osburn, Kenneth Herrick and Harold Easton, while those who work in the kitchen will be Mrs. Ottto Baaske, Mrs. Ned Rosacrans, Mrs. Bart Aiuto, Mrs. Ivan Maynard and Mrs. Ted Brooks. Mrs. Purnell Osburn, Mrs. Joe Russell, Mrs. Paul Maves and Mrs. Otto Baaske will do the serving.

The evening's program will consist of youthful talent provided by the eleven junior members of the auxiliary under the direction of Mrs. Ted Brooks and Mrs. Almond Curtis. Santa Claus will have a full pack of gifts for the youngsters provided by the auxiliary through Mrs. Charles Osburn and movies that will be especially enjoyed by little folks will round out an evening of food and fun for all.

GRADE SCHOOL CHRISTMAS PROGRAM MONDAY EVENING

Students in grades four, five and six will present their annual Elementary school Christmas program Monday evening at 8 o'clock in the Central auditorium.

Characters in the skit will be portrayed by John Winzeler, Catherine Doyle, Jerry Ireland and Leroy Gillen. Lee Britton will be the reader. Harold Underwood and Eugene Morley will be stage assistants and Jim Hoot, Terry Hendricks, Jim Kotts and Lawrence Weaver are in charge of the program.

Musical numbers included on the program are "The Little Sheep of Bethlehem," "Silent Night," "I Heard the Bells on Christmas Day," grade four; "The Friendly Beasts," sung by Joe Anderson; "Noel Kohl," Donald Roe and Chuck Osburn; "O Little Town of Bethlehem," "The First Nowell," "O Come All Ye Faithful" and "The Twelve Days of Christmas," grade five with obligato sung by Abraham Evans, Jerigene Greenwald, Susan Nichols, Dorothy Roe, Melody Smith, Larry Titley and Shirley Wagoner; "The Lowly Birth." "O Sing We All With One Accord," and "Joy to the World," sixth grade. The sixth grade Glee Club will sing "Lo How a Rose," "Wassail Song," "Come All Ye Shepherds" and "Come Dance and Sing.'

Mrs. George Schippers is director of the program and Miss Joyce Warner is accompanist.

Annual Commerce Banquet Jan. 27

Plans for the annual Chamber of Commerce mass membership meeting to be held Jan. 27, were formulated by board members at a meeting Monday evening.

A list of candidates to fill the vacancies of the expired terms of directors Edward Boss, Donald Nixon and Clarence Beach was filed by the nominating committee with the secretary. Names of additional nominees may be turned in to Miss Shirley VanHook. The resignation of Robert H. Moore was accepted. effective at the new fiscal year.

Candidates registered at Monday night's meeting were Willard Zwick, Elmer Eberhardt, Virgil Tucker, Richard Beemer, Harold Green, Richard Jennings, Russell Garno and Leo Lohrman. Ballots will be mailed to all members prior to the annual meeting.

Representatives of the Appreciation Days committee, Fay Whelan, Richard Jennings and Harold Green, appeared before the board and asked that the Chamber of Commerce hold the remaining funds of this committee in a separate account until such time as permanent signboards advertising Tecumseh can be placed in the surrounding trading area.

The board then approved the expenditure of $100 by the retail committee for the purpose of promotional Christmas advertising.

A year-end report summarizing business activities and community progress made in 1953 in comparison with 1952 is being prepared by Chamber members.

The board also expressed appreciation for the fine cooperation on the part of individuals, business, industry, civic clubs, Boy Scouts, Girl Scouts and all who assisted the Commerce club in their sponsorship of the new city charter.

GODFREY PRAISES TIME LABORATORY CALENDAR

Tecumseh's name was heard by some sixty million TV viewers and radio listeners Tuesday morning when Arthur Godfrey featured Time Laboratory's unique "time calendar."

Sent to Godfrey by A. C. Hamaker, whose Datelec Co. distribute the locally made product, the calendar was shown and praised for its popular usage.

"Give Christmas Back To God," Walworth Asks

The people of Tecumseh:

We are living in the vacuum of an unsettled time and because of it there has been a relentless growth of ingratitude. Whether we are pressed by circumstance or plain thoughtlessness the Christmas season should cause certain reflection upon our action concerning God and man.

This is an introduction to the point that every living soul in this community has reason to be grateful to God and man for many, many things. There are churches in this community of every size and description. One of these people and buildings of God can surely offer you the expression of gratitude in the manner you see fit.

Accept it or not, ingratitude eventually leads to want. God cheerfully and of His unbounding love sent Jesus Christ that man might understand gratitude and love. Therefore, for the good of all, let every citizen in this community give Christmas back to God. Go to the church of your choice and join the chorus from on high—'Peace on earth Good will to men'—and express in simplicity and honesty, love of God and of men.

Sincerely,
George E. Walworth
President, Tecumseh
Ministerial Association

ANNUAL CHRISTMAS EDITION PUBLISHED EARLY NEXT WEEK

Next week's edition of The Herald will extend Christmas greeting messages from Tecumseh merchants to the patrons of this broad trade area.

As has been the custom in previous years, the personalized greetings are published as an expression of Best Wishes to the many families who patronize the community's retail services.

The annual Christmas edition will be printed early to assure distribution before Christmas. The Herald asks full cooperation in gathering news and advertising.

Boy Scouts Hold Court of Honor

A round-up induction ceremony for new Scouts was part of the program at the Court of Honor of Troop 73 Boy Scouts at the cabin Wednesday evening. Conducted by Eddie Rozelle, Larry Anderson, Barry and Bruce Packard, it included James Beach, Robert Dick, Abraham Evans, Leslie Gillen, James Hoot, Jerry Irelan, James Lambes, Robert Marsh, Roger Mead, Steven Naugle, Sheldon Nichols, and Ronald Smith and each was awarded his tenderfoot pin by junior assistant Scoutmaster Bruce Packard and Explorer advisor Francis Packard.

Other awards were: second class, Donald Martin; first aid merit badge, Leonard Weaver, scholarship and home repairs merit badges, Eddie Rozelle; first aid, music, swimming and cooking merit badges, Barry Packard; cooking, camping, hiking and pioneering merit badges, which he earned this summer, Bruce Packard. Service Scout stars for one year were awarded Arlen Fletcher, Ivan Halberstadt, Tommy Tressler; two years, Anthony Kasik; three years, Barry Packard, two year Explorer star, Bruce Packard and a five year attendance award, Bruce Packard.

New equipment for the troop was shown, including knot tying sets, rope, bandages, signal flags, fire making sets, as was the participation banner for indoor jamboree and journalism trophy which Troop 73 won this year.

Demonstrations of first aid, bandaging and knot tying were given and Eli Dickerson, vice president of the Wolverine Council gave a talk on the value of scouting, the urgent need of leaders and the satisfaction and rewards of doing scout work. A prayer by Barry Packard closed the meeting. A Christmas party at the Baptist Youth House will be held Wednesday at 7:30 p.m.

WE'RE A CITY!

Tecumseh's Christmas Gift Is Council-Manager Charter

Tecumseh reached deep into its Christmas stocking this week and came up with an early Christmas gift — a new born city charter, blessed by 699 voters.

It marked the end of a five year changeover program which is now complete except for the Jan. 5 formal retirement of an aging village government in favor of the city's modern council-manager form.

An enlarged Tecumseh will then be fully incorporated under the new home-rule charter with a population nearing 6,000 and twice the former land area.

But to many it will be a change in name only, for the outward life of Tecumseh remains the same.

The city government with its approved charter, 699 votes against 266, points to a more economical, up-to-date operation of the growing community business which will surpass even the fondest expectations of yesteryear.

The new council will greet the New Year when the city officially takes over Jan. 5. Directing the new government will be Charles Mensing, H. H. Hanna, Robert H. Moore, LeRoy Titley, the Rev. Blair O. Bashore, Harold Kelso and Mrs. Frank Smith. All are well known for past community service of one form or another. All were selected at Monday's election from a field of 19 candidates.

Probably kept down by unfavorable weather, a light vote of 1032 was cast with the following results.

	1st	2nd	Tot.
Charles Mensing	224	439	663
H. H. Hanna	229	413	642
R. H. Moore	170	335	505
L. H. Titley	153	341	494
Rev. B. O. Bashore	152	315	467
Harold Kelso	142	259	401
Mrs. Frank Smith	127	273	400
Vern Manwaring	128	248	376
Paul Clauda	145	219	364
Mrs. Cecile Smith	108	209	317
Arthur Schwartz	80	241	321
M. H. Thielan	88	160	248
John Saling	100	167	267
Karl Schneider	72	160	232
Richard Jennings	66	111	177
Grenval Spangler	48	112	160
Howard Diedrich	76	73	149
Worth McClure	36	95	131
Albert Seitz	34	52	86

Robert L. French was elected to the Justice of the Peace office over Charles D. Branigin, 532 to 335.

Under the new charter, the council will select its own mayor, as the office is more of an "honorary" one. The city manager, though hired by the council, directs the main operation of city business. Other minor offices are also council appointed.

An Editorial

KEEP GOING, KEEP GROWING — When a new seal is engraved for the City of Tecumseh, we hope that somewhere it will bear a motto for the sons of the charter fathers to continue with the same far-sighted planning that was climaxed this week with the public's request for a new, modern government. Before the election, the slogan was, "Let's Modernize on Monday," now it should be something even more far-sighted, something inspiring like "Let's Keep Going, Keep Growing."

For the changeover is just the beginning. Truly a fine approval of five long years of planning, and six months of detailed writing and revising, but now the campaign is not over, but just begun. Tecumseh has an even greater future than before.

With the economies of city operation, of a larger incorporated boundary, we face a much bigger and better community with magnified possibilities. Tecumseh will need new facilities of all kinds, new businesses, new retail outlets, new services and many new enterprises. The capital wealth of the community has increased to a point where Tecumseh ranks high in the state among communities of its comparative size.

But Dec. 14, 1953, was just the beginning, just a Valley Forge, a July 4th, 1776, or an emancipation day. For it was a day of new beginning for much greater things ahead.

The Herald congratulates the new councilmen, they have a big job ahead and need the community's cooperative effort. One thing this charter changeover has done, is bring the people closer to their government.

We also have highest words of praise for the 12 candidates who offered their services to the new governing body, but were not elected. They made the election possible — the American way — the competitive way — where you have a choice, and the opposing candidates go away friends, both seeing the need of team work toward a common goal, for the betterment of a better place to live, to "Keep Going, Keep Growing."

HUMANE SOCIETY ANNOUNCES GIFTS BY LOCAL DONORS

A happier holiday season is in prospect this year for the lost and strayed of Lenawee's animal world because of the thoughtfulness and generosity of some local people. Moved by an account of the needs of the recently opened animal shelter maintained by the Lenawee Humane Society, Revco Inc., plus its directors, C. F. Forsthoefel, H. W. White and E. C. Boss have presented the shelter with a fifteen cubic foot freezer and soon to be forthcoming is a refrigerator from F. K. Smith, C. M. Brown and J. K. Touborg.

Miss Ruth Cargo, Adrian, chairman of the shelter committee, announced the gift and expressed the appreciation of the committee. The new equipment, she says, will make much easier the daily recurring problem of providing food for an average of thirty dogs and nearly as many cats.

She also announces that on Friday and Saturday of this week the shelter will hold an open house from 1 to 6 p.m. in order that the public may become better acquainted with the work and needs of the institution. Wire fencing for much needed runs is one of the most pressing problems just now, and the men who gave the storage equipment hope others will be reminded as they were of the opportunity to help. Children may come to the open house with their parents.

Calling All Kids...

To Santa's Party Friday Night

Favorite of every youngster's heart, white-whiskered Santa Claus will be in Tecumseh Friday night to entertain some 2,800 boys and girls in the community's greatest Christmas party.

Jolly old St. Nick will arrive from his North Pole headquarters via truck which bears a reindeer-drawn sleigh float, seen in Tecumseh during previous years.

Friday night's time-table has Santa arriving promptly at 7 p.m. to get things underway on the downtown business streets. After touring through the shopping district, he will set up a vantage point at the main intersection to meet and greet his many admirers from all corners of the Tecumseh area.

Of course each little boy and girl will have a chance to talk with Santa and receive a free box of Christmas goodies. The annual affair is expected to be the largest of its kind as 2,800 boxes of candy and favors were packed this week by "Santa's helpers" from various civic organizations.

Parents were advised not to all bring their children downtown at 7 p.m., but if possible to wait until later since the party continues for an hour and a-half. To avoid congestion, Santa and his aides will continue the party until 8:30 or until all the treats have been given out.

Police officials will direct traffic away from Santa's headquarters to give every youngster a chance to view the reindeer float and get a good look at the little man with the presents.

Friday night also marks the first evening of store-wide observance of Yuletide shopping hours as business places will remain open until 9 p.m., as they will on Saturday, Monday, Tuesday and Wednesday.

There will be free parking during Christmas week.

Letters to Santa continue to flood through the local Post Office. Some of them intercepted this week were from Larry David Schlegel who wrote, "Thank you for the very nice hammer and nails you brought me last year," before embarking on a list of "wants" for himself and baby sister Loretta, he is trying "real, real hard to be a good boy."

Jim Gordmen asks Santa for a "shoe shine kit and some cowboy gloves" among other things. Steven Hunt wrote, "Will you please bring me a guitar, train, snow shovel, cowboy suit, candy and tangerines." He is going to leave a lunch for Santa.

Sue Ann Hammack is "glad it is time to write again, my sister Kathy (3 years old) would like a Toni doll, telephone, slippers, table, chairs, dishes. I am six and would like a Toni doll, slippers, cash register, table and chairs. I would like some of them wrapped if you have time."

Other letters from John request a "shoe shine kit;" Sally, Sue and Gigi Smock all asked for sleds, Loretta Rae Schlegel, 2½-years old, wants a dish washing set with a drainer like mama's, "Would you please fill my stockings and brother's too."

Also received were letters from Esther and Dexter.

March of Dimes Council Formed

Mrs. Ted Golat was appointed chairman of the Tecumseh-Raisin area council for the annual March of Dimes drive to be held Jan. 2 to 31, at a meeting Friday evening at Fellowship Center.

Mrs. Charles Stephenson was named vice chairman; William Osburn of Raisin, secretary; David Dick, treasurer; Mrs. Truman Rentschler, publicity chairman. The Legion Auxiliary will take charge of the Mothers' March and Porch Light Parade Jan. 29. The Presbyterian Men's Club will have charge of the canisters.

Fifty representatives of local organizations were in attendance and Paul Ahleman, chairman of the Lenawee chapter of the National Foundation for Infantile Paralysis, spoke on "What the National Foundation Does for Polio," illustrating his talk with pictures of the Foundation hospital at Warm Springs, Ga.

Mrs. Rolland Reister, a member of the board of directors of the county organization, presided at the meeting.

Many times prospective home owners inquire, as we are leaving a house which they find appealing. "Is this home a good buy for me?"

The answer is "YES," if the home meets these tests.

First, does it fit your family's requirements like a glove? The number of bedrooms and general plan of the house are important here. Also the location. Is it in a neighborhood you like?

Second, does it compare favorably with other houses in the same price range? This is something you may check yourself. Naturally, it nearly always does. Another approach to its value is on the basis of replacement cost less depreciation. We can assist you in these estimates.

Third, can you afford it? Are the down payment and monthly payment well within the limits of your budget?

Fourth, does it feel like "home" to you? Is it warm and friendly? Can you picture your family comfortably settled in it?

If the answers are Yes, you have a **good buy.**

We specialize in finding GOOD BUYS for families. May we help you too?

ANDREW SEKERES BURIED TUESDAY

Andrew Sekeres, who for the past fourteen years had made his home with Mr. and Mrs. John Calhoun of Holloway, died Saturday afternoon at Herrick Memorial hospital at the age of 74.

Born in Hungary, Dec. 1, 1879, Mr. Sekeres came to this country 49 years ago. He is survived by a sister in Hungary and many friends.

Funeral services were held at 2 p.m. Tuesday at the Collins Funeral Home with Dr. Thomas Rogers, pastor of the Holloway Presbyterian church officiating. Burial was in Holloway cemetery, the bearers being Julius Vincze, Eugene Kossey, Leslie Calhoun, Ned Lanning, Lyle Calhoun and Andrew Muelner.

GARLAND HOLMES AND MARION PANGBURN WED

Saturday afternoon at one thirty at the Methodist parsonage, the marriage of Garland Holmes, son of Mr. and Mrs. Clifton Holmes and Marion Pangburn, daughter of Mr. and Mrs. George Blanchard, was performed by the Rev. Ronald Brunger. They were attended by Mrs. Wesley Holmes as matron of honor and Charles Irelan as best man.

Only the immediate families attended the ceremony but a reception for one hundred guests was held that evening at the Grange hall. Those who assisted with the serving and entertaining were, Mrs. Richard Roost, Mrs. Maurice Hockin of Jackson, Mrs. Richard Close, Miss Loretta Blanchard, Mr. and Mrs. Phil Lang, Saginaw, Mrs. Milton Meyers, Dearborn and Mrs. Robert O'Neil, Wyandotte.

Both Mr. and Mrs. Holmes attended Tecumseh high school and the groom is employed at Schneider's garage. After a weekend in Detroit they have returned to 304 S. Union St., where they will make their home.

D.A.R. CHAPTER HEARS OF "GAY NINETIES"

Mrs. Arthur Brown was both hostess and program leader for the December meeting of Abi Evans chapter of the D.A.R. Friday afternoon. She was assisted in entertaining by Mrs. Charles Branigin, Mrs. Don Hunt, Miss Ethelyn Garlinghouse and Mrs. Richard Carter.

During the business meeting presided over by the Regent Mrs. Joe Rice, Mrs. O. W. Laidlaw reported on the recent meeting in Adrian of the Youth Forum where she represented the D.A.R. chapters of the county. Attended by more than 700 high school students from all over the county and by representatives of business, education and government, she found the session most informative.

A description of the "Gay Nineties" Christmas parties, the formal dances enjoyed by the local "400" when the Opera House was the social center of the town was given by Miss Clara Waldron, with additional colorful details from those in the audience who had attended.

The hostess committee served refreshments at the close of the program with tea being poured by Mrs. Don Hunt.

Tecumseh BOOK SHELVES *Library*

Several new items have added to the interest and attractiveness of the library lobby of late.

The new rental book shelves have been installed with a varied selection for the average reader. There are about fifty books which include some of the best seller type, some lighter fiction, mystery stories and a few for more serious reading. The rental rates are fifteen cents for the first three days and three cents per day thereafter.

A friend of the library who is also a stamp collector, has contributed a framed display board for the interest and information of youthful philatelists. On it are posted specimens of the latest stamps of special issue with a description, showing how such a collection should be aranged. There is space for later issues and new display sheets can be inserted when this one is filled.

Another collection that is attracting interest is a mounted group of daguerreotypes on what was obviously an advertising display board. It is understood the pictures were taken by Mrs. Cynthia Bissell Tilton whose studio was in the house now owned by Mrs. P. B. Hardy. A few of the portraits are identified but most are unknown and Miss Harding suggests that those having old pictures compare for possible duplicates.

A festive and holiday atmosphore has been introduced by a most attractive Christmas table arrangement, contributed and designed by the ladies of the Garden Club.

MACON

Don't let a used car's price tag *Blind* you!

Remember! It's where you buy that counts. Check the price, of course. But check the dealer, too!

An unusually "good deal" on a used car is not necessarily a good *value*. But we Ford Dealers can put rock bottom price tags on A-1 used cars because *we don't depend upon used car profits to stay in business.* We sell used cars mainly as a service to our customers who trade them for new cars. Naturally, we must keep these used cars moving to make room for the constant stream of trade-ins we get.

We know it pays to play square with you. We want your good will . . . your service business. And, some day, we want to sell you a new car or another used car. So our good reputation rides with the used cars we sell. When you can trust the dealer, you can trust the used car, too.

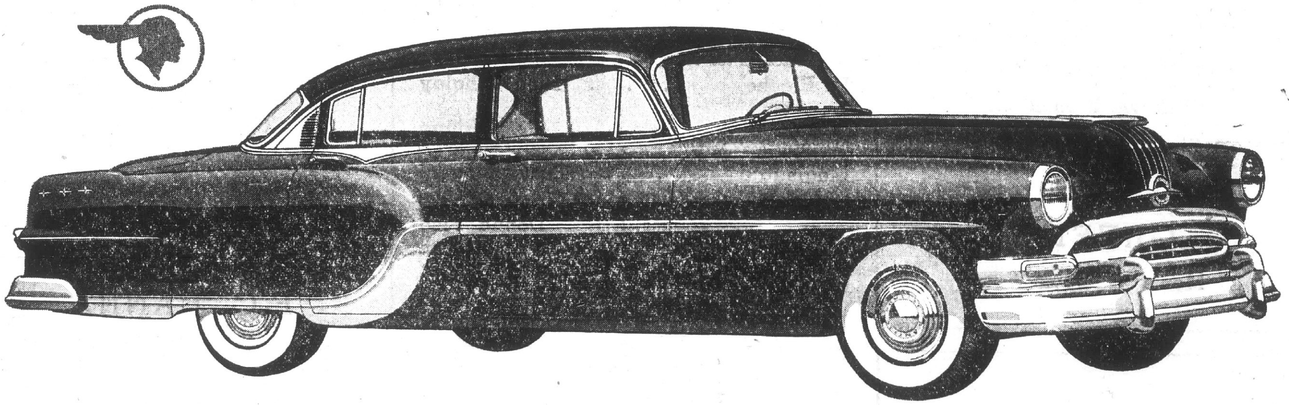
PONTIAC PRESENTS FOR 1954

A Completely New Line of Automobiles!



The New *Star Chief Series* -Bringing New Values in Luxury Size and Performance Never Before Offered at the Price!

BIGGEST PONTIAC EVER BUILT—214 INCHES OVER-ALL LENGTH

MAGNIFICENT NEW BEAUTY, INSIDE AND OUT

NEW CUSTOM-STYLED INTERIORS—NEW EXTERIOR COLORS

MOST POWERFUL PONTIAC EVER BUILT

NEW ROADABILITY AND DRIVING EASE

NEW, GREATLY INCREASED CROSS-COUNTRY LUGGAGE ROOM

Here is the magnificent new Pontiac Star Chief for 1954!

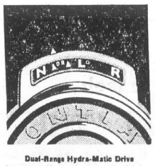
Here, in fact, is *the first genuine luxury car ever to be offered in Pontiac's low price range!*

As the biggest Pontiac ever built, the new Star Chief brings you all the generous added length required for peak roadability and riding ease. You will be cradled in fine-car comfort never before available at or near the price. And this extra length provides a long, low, aristocratic silhouette like costly cars, brought to even greater beauty by a brilliant new treatment of Pontiac's exclusive Silver Streak. Interiors are in key. Here is the gracious, spacious look of luxury for which motorists have paid several thousands more than the modest cost of the new Star Chief.

Add to all this an even mightier Pontiac engine—plus an optional choice of virtually every fine-car power control—and you will understand why you should not only see, but drive, this magnificent new car at the earliest possible moment.

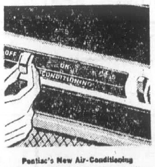
See the completely new Star Chief this weekend, along with the wonderfully improved Chieftain Series—General Motors lowest priced eight and the famous economy six. Together, they amply demonstrate that, whatever you prize most in an automobile, dollar for dollar—you can't beat a Pontiac.

TO ADD TO
YOUR DRIVING PLEASURE
AND THE LONG-RANGE VALUE OF
YOUR CAR—PONTIAC OFFERS
A WIDE SELECTION OF OPTIONAL EQUIPMENT*

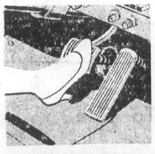


Dual-Range Hydra-Matic Drive
lets you tailor performance to driving conditions. You get instant response in traffic, extra-economical cruising.

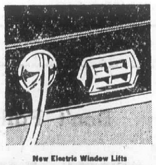
Pontiac's Famous Power Steering
offers finger tip steering ease for parking and slow turning yet you retain safe road feel.



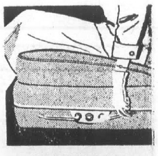
Pontiac's New Air-Conditioning
cools your car to the temperature you set in minutes. No trunk space used. Eight-cylinder models only.



New Pontiac Power Brakes
let you stop faster with far less effort and foot movement. A major advance in safety, comfort, driving ease.



New Electric Window Lifts
let you raise or lower front windows to any desired height merely by touching a convenient button.



New Comfort-Control Seat
adjusts to 360 different seat positions at a finger's touch for the most comfortable driving position.

*Optional equipment and accessories available at extra cost.

Is That So!

By Miss Clara Waldron

It's a Dog's World

They sat in a tight semi-circle around the schoolhouse door, a picture of anticipation. Four noses pointed upward, four sets of ears sharply cocked and four tails vibrating madly. Recess was about to erupt from the West Branch and boy and dog were to be reunited in quadruplicate.

So far, we gathered, dogs were not part of the regular school curriculum. Turtles, white mice, guppies and kindred fauna belonged in any well regulated schoolroom but not dogs. They belonged outside. Or so we thought until that evening, when wails, anguished canine wails, disturbed the quiet of the public library. They had been going on for a long time and official brows were creased with worried frowns. The wails sounded from inside the building. That could not be, of course. But investigation proved it could. A wriggling grateful black and white puppy had been left behind when school in the basement was dismissed.

So perhaps now dogs are not just a part of recess. (By the way is recess an obsolete word? Should we say "group recreation activity" perhaps?) Well, whatever it is called, dogs are emphatically a part of that activity.

This may be a mechanical age but model airplanes and space helmets have not replaced the dog. And what is true of the boy — and incidentally the girl — seems doubly true of his father and mother. A glance down any street is all that is needed to prove that all the world loves a dog. The horse, once the beloved companion as well as faithful necessity, is now a collector's item. The family cow is just a unit in a bovine production line. But the dog is still very much with us.

Since the town began, legal statutes governing his "running at large" have blossomed regularly in the rule books only to wither on the vine because officials (and all the rest of us) looked the other way. So assorted cockers still trot across the boulevard, cannily looking in the right direction for traffic and missing it by a whisker, the grizzled old airdale continues to waddle away from the back door of the chain store carrying his juicy bone and a sleek black — Doberman perhaps? — threads his nonchalant course across the corner at Evans and Logan while frustrated pedestrians wait vainly for an opening.

Looking down from some safe, doggy heaven must be the shade of that mountainous, shaggy black St. Bernard, who used to sleep comfortably in the middle of Chicago street while the horse drawn traffic detoured carefully around him. Owned by a main street butcher, he was a privileged character and he knew it. Only the summer "sprinkling wagon" or an occasional run-a-way disturbed him.

Then there are the dogs who live with the Helzerman family, Laddie, a rangy collie with a highly developed sense of responsibility, and Hobo, the "beagle with the beautiful bugle" and no sense whatever. Hobo's ambition in life is to escape from the yard where he is supposed to stay and get himself completely lost. Laddie's responsibility is to see that he does not.

So the neighbors occasionally wonder if they are really seeing what they think they see, when they look out at a tall collie with one end of a leash in his mouth moving inexorably across the lawn, dragging a smaller brown dog, resisting with all brakes set. Now and then, if the brakes work too well, Laddie will get behind and bunt, and he has been known to carry the beagle bodily if other measures fail.

At the Beardsley house these days is a black and white pup with the at present unlikely name of Aristotle, who, if or when he grows to an age of discretion, may fill a small corner of the jagged emptiness left by the passing of his father, Plato.

Every neighborhood has its "little friend of all the world" whose fundemental allegiance nevertheless belongs to just one master. Incidentally, if you need proof that this is still a man's world, witness the noble sentiment not say sentimentality attached to the man and his dog in contrast to the ribald jest leveled at the old maid and her cat.

CHRISTMAS CANTATA

The massed choirs of the Baptist church, totaling more than fifty voices will present a Christmas cantata Sunday evening at 7:30. Entitled "The Light of the World," this musical work will feature tenor solos by Warren Peck and the soprano voice of Mrs. Lyle Grigg. The Senior choir is directed by Mrs. Harley McConnell while Mrs. James Danforth leads the Junior group. Al Middlebrook, church organist, is the accompanist.

FORMER RESIDENT APPEARS ON TV

Members of the local TV audience who were tuned to the University Forum at one o'clock Sunday, were interested to see and hear Dr. Elman Service in a three way panel discussion of the social and economic conditions of South American countries. Dr. Service an assistant professor in the Department of Anthropology at the University, with Mrs. Service who is also an authority on the subject, spent a year in Paraguay on a grant from Columbia University studying local conditions and historical background. The son of Duaine Service of Tecumseh, Dr. Service was born here and is a graduate of Tecumseh high school.

BAPTIST MEETINGS

Mrs. Claire Beland presented a most interesting account of Christmas customs in many lands as part of the worship service at the Friday night meeting of the Baptist Good Cheer class and Mrs. Fred Sheldon gave a number of readings in her usual delightful style. The business meeting was in charge of Mrs. Roscoe Hewlett and was preceded by a potluck supper served at 6:30 in the Youth House.

Sunday evening the Junior and Senior Fellowship groups also met in the Youth House for separate Christmas parties after each had spent some time singing Christmas carols for shut-ins.

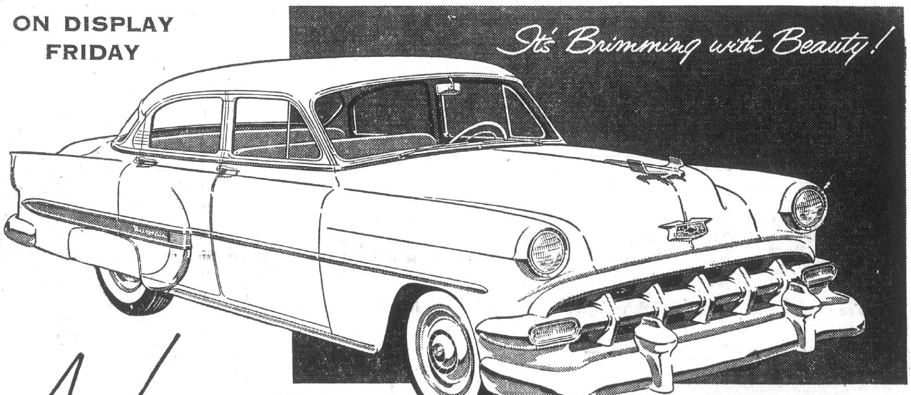
ON DISPLAY
FRIDAY



It's Brimming with Beauty!

The new 1954 Chevrolet Bel Air 4-door sedan. With 3 great series, Chevrolet offers the most beautiful choice of models in its field. Powerglide automatic transmission now available on all models, optional at extra cost.

New 1954 Chevrolet

Come see the most beautiful, most powerful Chevrolet ever built . . . the new car that combines great new performance with money-saving gas mileage!

Powered for Performance!
Engineered for Economy!

In *every* way, Chevrolet now brings you even more of the things you want.

More *beauty* with brilliant new styling in Body by Fisher and bright new color harmonies outside and inside the car.

More *power* and *finer* performance with new high-compression engine power in all models.

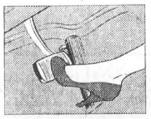
More *comforts* and *conveniences* including the richest new interiors in Chevrolet history and such new features as Power Brakes and Automatic, Electric Window and Seat Controls.

And, thanks to advanced Chevrolet engineering, all this with *new economy*, too.

The fact is, you'll find that no other car offers *so many* things you want at such low cost. That means the low *first* cost of the lowest-priced line in its field. And it means money-saving economy of operation and upkeep, as well.

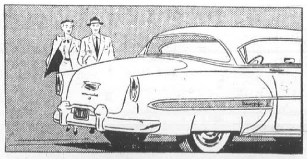
Stop in and take a good look at the best-looking Chevrolet you ever saw!

First in the Low-Price Field
with POWER BRAKES, AUTOMATIC WINDOW and SEAT CONTROLS



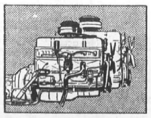
Power brakes for easier stops
Now Chevrolet brings you Power Brakes to make stopping wonderfully easy and convenient. Optional on Powerglide models at extra cost.

New, automatic window and seat controls
The touch of a button adjusts front seat and windows. Optional on Bel Air and "Two-Ten" models at extra cost.

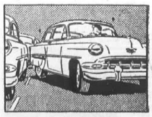


New styling that will stay new
There's a new, lower, smarter look about this new Chevrolet. All around the car, you'll see new styling that brings you Fisher Body at its beautiful best.

New interior richness
Fine new upholstery fabrics with a more liberal use of beautiful, durable vinyl trim. New color treatments in harmony with the brilliant new exterior colors.



Thrifty new power in all models
Now, in Powerglide models, is the more powerful "Blue-Flame 125" engine. Gearshift models offer the more powerful "Blue-Flame 115."



New, lower price on power steering
Chevrolet Power Steering now reduced in price! It does 80% of the work to give you easy, sure control. Optional at extra cost on all models.

More things more people want, that's why
MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

Christmas Brings Numerous Local Families Together

A white Christmas is all that is needed Thursday to make Christmas complete for scores of Tecumseh families who plan an annual day of reuniting with their loved ones for a holiday of gift-giving, feasting and observing the birthday of Jesus Christ. Though sacred from its nativity, Christmas is a time of merriment, a time for well wishing of glad tidings and great joy to one another. This spirit of "Merry Christmas" is blended with the angel's message . . . . "on earth peace, good will toward men," as the community pauses to enjoy the fellowship of friends and relatives.

Among the many local families who have social plans for the day are: Mr. and Mrs. Clarence Hunt who will have Christmas dinner with their daughter and family, Mr. and Mrs. George Philips of Holloway and all will spend the afternoon with Mr. and Mrs. Harvey Lewis. Mrs. Lewis, who was recently discharged from the hospital, is not yet able to take an active part in the holiday festivities.

Mr. and Mrs. Merrill Murphy will have as Christmas dinner guests, Mrs. Murphy's parents, Mr. and Mrs. Orin Beavers, Mr. and Mrs. Bernard Seaburger and family of Adrian, Mr. and Mrs. Jim Murphy and family, Mr. and Mrs. Jerry Murphy and family and Mr. and Mrs. Gale Stewart of Toledo.

Mrs. Earl Lindsley left Wednesday night from Willow Run airport to spend the Christmas holiday with her daughter and family, Mr. and Mrs. John DeFoe and Kerry at Memphis, Tenn. Mrs. Lindsley will return Monday.

Mr. and Mrs. Archie Porter left Saturday for Lakeland, Fla., to be with their son Archie for Christmas and vacation for a month.

Mr. and Mrs. Elmer Bryan and Mr. and Mrs. Charles Schoenholtz will be in Detroit Christmas Day with their sister and daughter Miss Alice Schoenholtz and Mr. and Mrs. R. G. Stites.

Miss Ethel Keyser left Tuesday for Tilbury, Ontario, Canada where she will spend the Christmas holiday with her sister and husband, Mr. and Mrs. A. E. Underwood.

The George Greens will be hosts to Mrs. Green's aunt and uncle, Mr. and Mrs. Paul Kopp of Hillsdale and to Mrs. Lyda Morris and her son Dr. Marlin Morris.

Carolyn Comfort is home from Wheaton college for the holiday vacation with her parents, Mr. and Mrs. Ralph Comfort, and they will be joined at Christmas by Gordon Comfort, who is in military training at Fort Knox, Ky.

Mr. and Mrs. Glenn VanDenbergh leave today for the Christmas weekend at the home of their daughter and husband, Mr. and Mrs. Lawrence VanDyke in Grand Rapids.

Mr. and Mrs. Maurice Lathers and son David of Ypsilanti and Mrs. Myra Mangus of Clinton will spend Christmas day with Miss Mary McWilliams.

Mr. and Mrs. Joseph Satterthwaite and daughter will spend Christmas on the Atlantic, sailing today. As the session of the United Nations Assembly has now closed, Mr. Satterthwaite is returning to his post as U. S. Minister to Morocco.

Mr. and Mrs. Dale Tingley will be hosts on Christmas day to Mr. and Mrs. Charles Chandler and family of Midland, Clifford Tingley and son of Detroit and Mr. and Mrs. Ernest VanVleet, Tecumseh.

The Gibbs Barbers celebrate Christmas twice this week. Monday evening Mrs. Barber's family, Mr. and Mrs. Kennard Wise, Mrs. Etta Wise and Mr. and Mrs. Lowell Wise and family were their dinner guests and Friday they will join Mr. and Mrs. Berford Barber and family of Saginaw at the home of Mrs. Clyde Barber for dinner.

Mr. and Mrs. Ben Hammack and children will spend Christmas Eve and morning with Mrs. Hammack's sister and family Mr. and Mrs. Kenneth Beck and her father, George L. Smith in Petersburg returning in time for dinner with Mrs. Ethel Hammack, Mrs. Adeline McKenzie and son Gary and Mrs. Mark Randall. Other guests in Mrs. Hammack's home will be Mr. and Mrs. Richard Ely of Toledo.

Rev. and Mrs. Ronald Brunger and sons went to Grand Ledge Wednesday to visit his parents, Mr. and Mrs. Clifford Brunger. Christmas Day they will spend at the home of Mrs. Brunger's family, Mr. and Mrs. George Hurst of Ann Arbor.

The Neil Hunters and daughter Libby will be Christmas guests of Mrs. Hunter's mother, Mrs. Pauline Poucher of Adrian.

After spending last weekend with the Rev. and Mrs. Edward Escolme, Mr. and Mrs. Donald Johnson of Cleveland are visiting Mr. Johnson's parents in Poughkeepsie, N. Y., this week and will return here for a holiday celebration on New Years.

Jack Tonneberger of Toledo and Mr. and Mrs. James Tonneberger and children will be guests of their parents Mr. and Mrs. Albert Tonneberger for Christmas dinner.

Mr. and Mrs. Edward Boss are going to Birmingham to spend Christmas with Mrs. Boss's sister and husband, Mr. and Mrs. Coy Allee.

Mr. and Mrs. Frank Rice and son Michael have Christmas dinner with Mr. Rice's sister Mrs. John Mauter of Toledo.

The Rev. and Mrs. L. H. MacPherson and family will be with Mrs. MacPherson's mother, Mrs. F. J. Smith in St. Clair, while the Rev. D. L. MacPherson, who is assisting his brother as pastor of the Church of God, goes to Ottawa, Ontario to spend Christmas with his father and family.

An early Christmas celebration was enjoyed by the members of the Mohr family last Sunday at the home of Mr. and Mrs. Raymond Mohr and son Malcolm in Jackson. Those present were Mrs. Vena Mohr, who is spending the winter in Jackson, Mr. and Mrs. Herman Titley and daughters, Marion and Ruth, Mr. and Mrs. Lawrence Mohr, Mr. and Mrs. Roland Mohr and sons Robert and Richard, Mr. and Mrs. Robert Purkey and their four children and Buford Derby.

The Owen Partridges and children will spend Christmas Eve and morning in their own home going Friday afternoon to the home of Mrs. Partridges' parents, Mr. and Mrs. L. F. Grandstaff, who live north of Pontiac for the weekend.

Mr. and Mrs. L. H. Titley, Alice Jane, Larry and Bobby will be guests Christmas Day of Mrs. Titley's sister and family, Mr. and Mrs. Lester Baker of Adrian.

Mr. and Mrs. H. A. Everhart will entertain at a family dinner Christmas their son and wife Mr. and Mrs. Don Everhart of Blissfield, Mr. and Mrs. E. L. Martin and family and Mr. and Mrs. Wayne Arnold of Jackson and Mrs. Everhart's mother, Mrs. Jessie Brown.

Mr. and Mrs. Lawrence Blum, both of whom spend the work week in Detroit where Mrs. Blum has resumed teaching, will be at their farm home for the holiday recess.

Christmas at the Ted LaBounty's will see twenty-three children and grandchildren gathered around the dinner table. Mr. and Mrs. Donald Gieske and two children will come from Jackson, Mr. and Mrs. Raymond LaBounty and two daughters from Ypsilanti, Mr. and Mrs. Carl Pichler and three children from Adrian and Mr. and Mrs. Raymond Puffer and Mr. and Mrs. Donald LaBounty each with two children from Tecumseh.

Christmas at the William Bruce house will be a quiet one with only Mrs. Bruce's father, Marion C. Hufford of Kenton, Ohio, as a guest, for Mr. and Mrs. Bruce and son Bradley had a pre-Christmas celebration last Sunday in Wayne, with her sister and family, Mr. and Mrs. William V. Coons and sons Larry and Billy. The Coons family will move in January to Utica, N. Y., where Mr. Coons has been made district sales manager for Chrysler Corp.

The Charles Branigins have been entertaining Mrs. Paul Branigin and little John Scott Branigin for two weeks. Paul Branigin arrived this week and after Christmas Eve at home they will all go to Mr. and Mrs. Charles Branigin's home in Britton for Christmas dinner.

The Ted McConnells will be dinner guests of Mr. and Mrs. Wyman Campbell and son Jack Edward in Milan.

The Brazee family consisting of Rev. and Mrs. Alvin Brazee of Iron Creek, Mr. and Mrs. Neil Brazee and two children, Tecumseh and Mr. and Mrs. Emmett Noggle and daughter of Manchester will gather for Christmas at the home of Mr. and Mrs. Donald Brazee and their three children. Reasonable Request

Combining forces for their annual Christmas party, members of two Girl Scouts troops are shown at the local Cabin with some 40 gifts they pooled for a needy Tecumseh family.

COMBINED CHOIRS PRESENT CANTATA

An impressively beautiful musical service was given at the Baptist church Sunday evening when the combined choirs, directed by Mrs. Harley McConnell and Mrs. James Danforth sang the Christmas canata "The Light of the world." Selections by the Senior choir included "Light of the World, We Hail Thee", "The Father of Lights" and "Christ is the World's True Light" and in combination with the Juniors, "The Land of Darkness" and the "Dark Hills of Judea". The junior choir sang "Silent Night, Holy Night" and there were many special numbers including men's and women's choruses, solos by Warren Peck, Ruth Danforth and Mrs. Harley McConnell and a duet by Dorothy Grigg and Priscilla Brown. Al Middlebrook was the very able accompanist and the spoken word was by the Rev. B. O. Bashore.

Christmas Spirit Stirs Scouts To Aid Needy Family

Christmas had a new meaning for some 40 Tecumseh Girl Scouts this year who put their heads together to carry out a plan which would have brought a smile of Christian gratitude on the face of the Man from Galilee if he could have been at the Scout cabin Friday afternoon.

For gift boxes large and small went into a pile for Christmas Day delivery to a local family which was found to be in need.

Part of a festive dinner was cooked by mothers and brought to the Cabin at Ottawa and East Kilbuck, the girls had a big day arranging the children's gifts they had personally selected and wrapped. No staples or clothing were included, just things they felt the children of this needy family would enjoy. And what a Christmas it will make for them! The gifts vary in size, shape and description to include almost everything youngsters in a less fortunate family desire.

The two troops which carried out this Operation Santa Claus are Holly troop 16, 1st Intermediate, sponsored by the Baptist church, and the Poppy troop 9, Presbyterian sponsored.

Members of the two troops and their leaders who are included in the picture are listed below.

Poppy Troop 9 — Leaders Mrs. L. H. Titley and Mrs. Howard Truesdale; Harriett Blanden, Linda Baldwin, Janette Buehrer, Mary Colgrove, Mary Roberts, Mary Seager, Ann Cameron, Jane Crawford, Janice George, Phyllis Honeycutt, Gail Lohrman, Judy Nichols, Judy Moynihan, Judy Truesdale, Sherry Mitzner, Peggy Robinett, Kay Schultz, Alice Jane Titley, Jean Ann Wagner and Karen Walker.

Holly Troop 16 — Leaders Mrs. E. J. Crawford and Mrs. Cecil Fielder; Evelyn Beland, Inez Boltz, Susan Day, Jacqueline Dunn, Sharon Fielder, Jean Ann Hoag, Patty Matheney, Anna Kay McCann, Isabel McCombs, Pamela Musch, Susan Nichols, Nancy Nighswander, Janice Saling, Nancy Smith, Patty Squires, Linda Wilson, Dorothy Mackey and Dotty Roe.

Christmas Alivens With Special Church Services

Christmas has always been a most sacred holiday in Tecumseh where a variety of church services bring Christians of all faiths together to worship with open hearts.

Foremost of these is held at St. Peter's Episcopal church which again this year will have an impressive old fashioned Christmas Eve Candlelight service similar to those held in past years. The service will begin at 11:30 with the singing of carols and special Christmas music will be heard during Holy Communion, which will also be observed at 10 a. m. Christmas Day.

A Christmas Eve service of Lights and Communion will begin at 11 p. m. at the Presbyterian church.

St. Elizabeth's Catholic church will celebrate High Mass at midnight Christmas Eve and two Masses will be said Christmas morning at 7:30 and 9 o'clock.

A service at 10 a. m. Christmas Day will climax holiday festivities at the Lutheran church.

Baptist, Methodist and Friends churches concluded their Christmas activities earlier this week with all church programs, Sunday School parties and pageants of the Nativity.

HOLIDAY RECESS

Students and teachers will have an opportunity to enjoy the holidays with their families when schools recess Wednesday at 3:30. Classes will resume Monday, Jan. 4.

Fourth, fifth and sixth grade pupils under the direction of Mrs. George Schippers presented their annual Christmas musical program Monday evening at the Parent-Teachers Association meeting. Parties and classroom decorations have added to Christmas festivities in the grade school.

Junior high students celebrated Tuesday evening with a dance at the Central school gymnasium and the Senior high group will attend a Candy Cane dance in the gym Wednesday evening.

United Savings Bank reports a disbursement of $58,000 to its Christmas Club members as compared with $43,000 paid out last year.

Tecumseh's hustling Postal crews are also breaking all kinds of records for amount of mail handled. Tuesday afternoon, Dec. 22, a remarkable new total of 203,375 pieces of mail had been handled compared to last year's mark of 168,145 pieces on the same date. Thursday, Dec. 17 was also the biggest day for postal business in the history of Tecumseh as a one day record of 24,000 pieces was handled. Aided by a substitute force, Postmaster Jack Metcalf said his staff was "over the hump" Tuesday afternoon after handling an avalanche of parcels and letters. "It was only made possible for us to handle this terrific amount of Chirstmas mail by complete cooperation of the community," the Postmaster said.

WEEKEND HOLIDAY

Though the one day Christmas holiday ends when business transaction returns to normal Saturday morning, a number of Tecumseh firms have announced plans to make it a "long weekend" and stay closed until Monday morning.

Some offices which normally close on Thursday afternoon will remain open this week to handle last minute Christmas trade. Stores will close Thursday at the normal 5:30 closing after remaining open until 9 p. m. each evening during the Yuletide shopping season. The "free Christmas parking" holiday has also ended as hooded parking meters are unveiled on Christmas day for use again Saturday.

EARLY AGAIN NEXT WEEK!

Next week's edition of The Herald will again be published early to allow distribution in advance of the New Year's holiday Friday.

The Herald staff deeply appreciates the splendid cooperation given by persons with news and advertising this week to make this annual Christmas issue a success.

The very best of Holiday Greetings to all of you Herald readers from your friends at the "paper office", Marjorie Wickwire, Clara Waldron, Neil Hunter, Don Blesing, Gene Simmons and Duane Oswald.

Typical Letters Reveal Gift Hopes Of Boys 'n Girls

Little Louis D. Yungling was specific about his Christmas ordering this year as the youth from 11281 Ford Rd., asked Santa for, "a real airplane that will fly 300 feet, I want it green.

"I want a real pair of cowboy boots, 9½, high, black and white. I want a BB gun, 1,000 shot."

Arnold Kleindienst sent a less detailed letter to the North Pole as he listed his hopes in order of preference, "car set, holster, train, puppet."

Barbara Colgrove wrote, "I'd like a walking doll, please, for Christmas, a pair of tap shoes, a baking set and some cooking dishes, a pair of good shoes and a cross. And fill my stocking please. I will leave you a sandwich and a glass of milk. Have I been a good girl? Would you please write me a letter? I hope you have a Merry Christmas."

Karen Diane Creger told Santa, "I am 6 years old and in the first grade. I want a doll stroller, doll, blue play puppy, some doll clothes and anything you want to bring me. Also some comic books. I am trying to be a good girl. I will leave you a lunch."

Gloria Jean Randolph wrote to Santa Claus on a pretty Christmas card saying, "I'm having Momma write my letter, I thought you might like a Christmas card, too. I would like a dollie, set of dishes and some new clothes. And my little brother Ronnie would like a kitty. Bye now Santa, will see you when you come to town."

Two Sets Of Twins Make Christmas A Happy Occasion at Wendell Belt Home

Shown as they recently prepared to leave Herrick Memorial Hospital for their home at 501 East Chicago blvd., are Mr. and Mrs. Wendell H. Belt who will have two sets of twins around their Christmas tree. Holding Rodney Dean and Roger Dale born Nov. 10, the happy parents are pictured with Sharron Raye and Sandra Kaye who will be two years old in February. Mr. Belt works at Tecumseh Products.

THE CHRISTMAS SPIRIT. This is the time of year when memories of both the youngest and oldest citizens in the community go back many years to never-to-return Christmases. Almost without exception the memories of Christmas, the family, and the home constitute the sweetest of one's childhood.

The true Christmas spirit is sometimes missed in today's commercial trample, however, and this is regrettable from several standpoints. In the first place, too much commercialism tends to make Christmas an ordeal, especially for those charged with the final responsibility of buying presents, selling presents or dealing with the commercial aspect in some other form.

In the second place, the commercialization of Christmas tends to reduce its pleasure, since the real pleasure to be derived from the season comes from a spirit of giving—not getting, the exception being the children who expect Santa Claus to come through for them, as he does on Christmas Eve night or early Christmas morning.

The proper emphasis to place on the Christmas season is a religious one, and every American, regardless of his faith, should keep this in mind. A full and beautiful realization of the inspiration Christmas should be, can be realized only through a proper appreciation of the spiritual nature of the observance.

The custom of observing Christmas is now a combination of customs which have come from Germany, England, Italy and many other countries, and combined, they usher in a beautiful and varied observance. When combined with a rededication of our spiritual lives, they take on an even more beautiful meaning and give us the real meaning of Christmas and its message for all mankind—peace on earth and good will to men.

There are many people in this community, as Christmas once again approaches, who are in need in one way or another. There are also many others who can easily afford to give them a helping hand but who go through the year, week after week, not having the time to give this problem their thought or attention. We suggest that those who are lucky enough to be blessed with plenty enjoy this Christmas to the fullest by following the words of the Bible and realizing that it is indeed "more blessed to give than to receive."

A little thought and a little action in this direction will bring the real Christmas spirit and provide more enjoyment and satisfaction than all the profits that are to be realized or gifts to be received, this Christmas.

We had nearly completed a listing on Al's house. "How much are you asking for your house?" I asked.

"Let's start the price plenty high," Al answered. "We can always come down if it doesn't sell."

"Al, I've heard that remark a thousand times in this business. But I want you to know that it often doesn't work out that way."

"What do you mean?" Al inquired.

"Owners usually assume that a buyer will inspect the property and make an offer even though the asking price is out of line. Often the reverse is true. The buyer won't even get out of the car to look at it. Instead, he'll probably say, 'That fellow doesn't want to sell. Drive on.'

"On the other hand, if your price is fair to start with, he'll be interested in sizing it up for his needs. The average buyer will pay a fair price without a lot of useless haggling."

"That sounds reasonable," Al said. "Let's set a fair price right from the first."

Letters To The Editor

Editor, The Herald:

Christmas is here with us again. This season is celebrating the birth of Christ. Everyone is excited, hurrying, shopping, gifts for everyone, decorations and last but not least, the pause to pray for peace on earth, good will toward men.

With these thoughts, we decorated our house and put some decorations outside to share this season with our friends and neighbors, but some vandal decided differently. Someone stole the light bulbs from outside trees. I didn't think anyone around here would stoop so low.

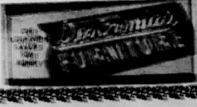
We did not put up these decorations to show off. We put them up to celebrate a great birthday, but someone didn't like this celebration, so destroyed it, tore it up. This action that these vandals have taken leads only one way. We are fighting the red element every day, but it seems to be slowly creeping into our town, now a city. I hope this does not start a trend toward vandalism here.

Respectfully yours,
Howard Diedrich

BUSINESS WOMEN

Members of the Business and Professional Women's Club may bring guests to their Twelfth Night program, Monday evening, Dec. 28. It will be held at the Baptist Youth House with Miss Marie Koenig, Mrs. Myrna Thurlby and Mrs. Myrtle Mattis hostesses for the evening and members are urged to make their reservations early. The program will be in charge of Mrs. Edna Stauter and Mrs. Nina Heath.

Season's Greetings



EAST GATE CLUB

An oyster supper at 6:30 preceded the annual meeting of the East Gate Club Monday evening at the Masonic Temple. New officers elected are: President, E. H. McConnell; vice president, Clair Rozelle; secretary, Ray Puffer; treasurer, Howard Wilson Jr.; captain of degree team, Lavern Russell; co-captain, Sam Shervino. Jack Puff was appointed to act as Chaplain. The newly elected officers earnestly desire the attendance, cooperation and support of the membership and remind all Master Masons in good standing that they are eligible to join. The next meeting of the club will be held Jan. 18 at 8 p.m. at the Temple.

HONORED AT SHOWER

Miss Jolene Barron, whose marriage to Roy William Fee of Detroit will take place December 27, was honored Wednesday evening by a bridal shower at the home of Mrs. Charles Stephenson. The hostesses were Mrs. William Wright, Mrs. George Green and Mrs. Stephenson. Whist was the entertainment of the evening, the prizes being won by Mrs. W. D. Hite and Mrs. Maude Bell. A "wagon load" of beautiful and useful gifts, gaily decorated in the Christmas motif was drawn into the room and presented to the honored guest. Refreshments were served by the three hostesses.

Grade School News

Grade One
Miss Warner

We have been getting ready for Christmas in our room. We have made some pretty red and green chains which are hanging along the top of the blackboard and in the windows. We have made some candy canes, stars, trees, and other things to decorate our room.

We are all excited about something else too. We have been learning to read. It is fun to read about the things Dick and Jane and Sally do.

Since it is near Christmas we decided to call our reading groups the Bells, the Stars, and the Reindeer.

We have been learning about machines and how they help our mothers and fathers with their work. The machines that make their work real easy are run by electricity. We cut pictures of them out of magazines and pasted them on a poster.

Good-bye for now and we wish you all a Merry Christmas.

Grade One
Miss Steinhoff

The first grade at West Branch are all busy reading but most of us are thinking about Christmas also. We have drawn names and are eagerly looking forward to the Christmas party. We are enjoying Christmas music with Mrs. Schippers and on records which the boys and girls have shared. Between us and the Kindergarten we keep the record player busy.

You would hardly know our room now. There isn't a sign of a turkey. Our room is decorated with poinsettias and Christmas stockings. On our bulletin board we have a large picture of the nativity scene. We have our Christmas trees which we decorated around it.

We plan to make Christmas bells and gifts next week.

Merry Christmas and Happy New Year! ! !

Kindergarten
Myrna Bugbee

What an exciting time in our room! We are so busy getting ready for Christmas. We made Christmas trees for our blackboards. We also have made a fireplace out of our blackboard, so we could each hang up our stockings. Santa Claus is also on there checking his list of good girls and boys.

Several of us have brought Christmas records and stories. We are enjoying singing the Christmas carols with the records. One story which we especially liked was "The Christmas Manger." Now we know about the first Christmas, and why we celebrate it today.

We have started our rhythm band. It is lots of fun to play our instruments to "Jingle Bells." We have learned several songs and poems. Lots of times we pretend that we're different Christmas toys. Among them are dolls, trains, spinning tops, balls, and teddy bears.

All of us have written our letters to Santa Claus to tell him what we'd like for Christmas. Our letters were different though, because we drew pictures to show him instead of writing the words. We hope he'll be able to read them.

We're having a nice Christmas tree in our room, and we're making our own decorations for it. We have made paper chains, and each one of us made a Santa Claus out of a star. We even surprised ourselves then. We are looking forward to our Christmas party. Wonder if Santa Claus will some to visit us?

We have a secret for Christmas. We can't tell you what it is, but our mothers and fathers will be surprised.

Cathy Haskins, Cinda Murphy, and James Wilbar all have December birthdays.

Those who have visited us recently are Mrs. Beemer, Mrs. Eggleston, Mrs. Nichols, Mrs. Brazee, Mrs. Heath, and Mrs. Hollis.

Gayle Richardson was absent from school several days because she had the mumps. We missed her.

"Although we're only in Kindergarten,
Small for our ages, folks say,
Still we can wish a great big wish
For all of you on Christmas Day—
Merry Christmas."

Grade One
Mrs. Faling

Hello there! We are about the most excited little folks on earth right now. Yes! and we'll bet you know why too. Santa will will soon make his appearance again! Our room already has the "welcome" sign out for him. We have made red and green chains, wreaths, bells and even decorated Christmas trees. We have also made Santas with movable arms and legs and put a cotton beard on each one. We each have our own stockings hung up by the tree. Old Santa will sure know who we are! Our tree is very pretty; we decorated it ourselves. We drew names for our party and it makes us each feel big to have a real secret to keep. Our library has lots of Christmas books and we have listened to Christmas records, too. Yes! we have had fun these last two weeks but we haven't been playing all the time. We have been working, too.

The "Jets" and the "Ships" have almost finished their first pre-primer, We Look and See. We think it's much more fun to read when we can read words. We have also started reading in our Guess Who books. We will be gald when our reading workbooks arrive so we can get started in them.

In arithmetic we have been talking about the numbers 5, 7, and 9. We have learned many ways to make up these three numbers. We use ouselves to show the different groupings. We are learning our number words now. We have ten nice charts to help us.

Guess what? We are learning to spell by bouncing a ball. It is fun and so much easier. We take turns bouncing. So far we can spell "oh" and "look." We are beginning to recognize each other's names. Our ABC books helped us do that. We like our writing books the best of all. They are so much fun.

We now know the difference between a wild and tame animal. Some wild animals can be tame and some tame animals can be wild. Our science books teach us many interesting things.

We made snow pictures with chalk the day we had that beautiful snow. Our playground was adorned with a family of snowmen. We do hope you have enjoyed our news. We enjoy telling you all these things we do in first grade. Everyone have a Merry Christmas and a Happy New Year as we know we will. "Bye" for this month. We'll be seeing you.

First Grade
Mrs. Elsie Neitling

Many of us are reading from our new reading books, Fun with Dick and Jane. We enjoy the adventures of these new friends very much.

Mrs. Buttolph and her boys and girls have shown us two very lovely Christmas movies. It was fun to go visiting to another room and see all the nice things they are doing.

We have drawn names for Christmas. We will have our Christmas party on the twenty-third.

We are busy making our room look very much like Christmas. We have more Santas than we have boys and girls so we have to be very good from now until Christmas.

We have learned to spell many words and are hoping to write a story of our very own before long.

Grade One
Mrs. McFerran

Thanksgiving is past. Now we're eagerly looking forward to Christmas. We are decorating our room with bells, candy canes, candles and other pictures we have made. Our teacher reads Christmas stories to us aech day. We are learning to write and read some of the words from these stories. We enjoy singing Christmas songs, "Jingle Bells," "Rudolph the Red Nose Reindeer" and "Santa Claus is Coming to Town" are the top tunes on our Christmas Hit Parade.

The Christmas party isn't far away. Wednesday afternoon of Dec. 23 we will have a gay time playing games and opening our gifts. Then it will be vacation time. Before we leave school for the holidays we want to wish each of you a very Merry Christmas and a Happy New Year.

Kindergarten
Dorothy Updike

Happy Christmas everyone!

What a busy, happy time we are having. Decorating our room. Making Mothers' gift, and planning our Christmas party are only a few of the many things we are doing.

Many of us can tell the beautiful story of Baby Jesus and his birthday. We have made a large picture of the star, the sheep and the shepherds. We made a smaller one to take home of the manger and the angel. Our lighted creche' is on a low table so we can enjoy looking at the Wise Men, Joseph and Mary, the Manger and the Animals.

We have celebrated other birthdays this month, too. Dexter Bailey, Marilyn Dick, Robert Titley, Joan Brown, Susan Kennell, Jacqueline Cunkle and Phillip Barber. Emily and Phillip have been ill and we have missed them very much. We hope they will be able to be here for our Christmas party.

Kindedgarten
Margaret Heimerdinger

We are busy with our many Christmas projects. Recently we have completed a Christmas frieze, a blackboard border, and colored Santas. We will make Christmas tree decorations and gifts for our mothers next week.

Although we are not having a program this year, we are learning a number of songs, poems, and exercises.

Our Christmas party will be held Dec. 23rd and each child is asked to bring a 30c gife exchange.

Until next year——

Merry Christmas and Happy New Year!

Mrs. Illeck

We are so excited. We came to school the other morning and on the outside window we found a letter from Santa Claus. He called at midnight the night before and since we weren't there he left a note. He said if we would write a letter to him he would answer. So we wrote immediately. Two days later hanging outside the window we discovered a package of letters tied with red ribbon. There was a letter for each of us. Each one was different. What fun!

There is a beautiful tree in our room decorated with lights and candy canes. We made some very beautiful Madonnas for our room also.

We are working hard to make our Christmas play a success. We made our own scenery and we do hope all of our parents will be able to come Tuesday afternoon at 2:30 to see it.

We have had several children hurt on the playground because the ice is so sharp. We hope there will be no more injuries.

Madonna Strand had a birthday the first of December and she treated us to three cocoanut lamb cakes. Several other children had birthdays this month and we wish them all many more.

Merry Christmas everyone, and a Happy New Year too.

Grade Three
Miss Baker

We have been busy getting our room ready for Christmas. We cut trees from green paper and decorated them. For our border in the front we colored trees and reindeer for a winter scene. Mary Ann Mead and Judy Reister made our Santa and reindeer. Paul Limes brought the manger scene which we have on our fireplace.

Last Thursday we invited Mrs. Vallie's and Mrs. Illeck's rooms to our room for a Christmas program. Santa, played by Tommy Dickinson, gave each child a candy cane when they returned to their rooms. Friday we gave the same program for our mothers. We were very happy so many of our mothers were able to come. We wish they could have all come but we know some of them work and couldn't make it.

We had refreshments after the program.

We had another spelldown with Mrs. Illeck's room to break our tie. We were very happy when Richard Brunger remained standing after everyone else went down.

We will see you next year. Happy holidays everyone!

Grade Three
Mrs. Vallie

We're back again and are we excited about Christmas! People who have a double reason for excitement this month are those with December birthdays. They are Barbara Rozelle, Larrie Eaton, Dick Golat, Craig Rosacrans, and Eldon Miller.

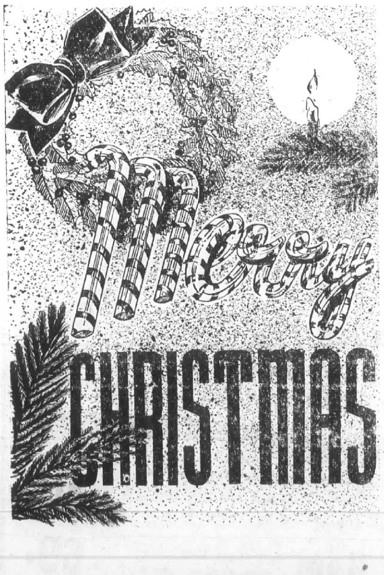
We are writing a story called "What Christmas Means to Me." Most of us have decided that Christmas means not only the coming of Santa Claus, but that we should remember it is a Celebration of the Birth of the Christ Child.

All of us are very happy about our Christmas tree. Everyone in the room helped to decorate it. Other decorations in our room are: a border of reindeer and trees, two manger scenes, three posters about Santa's arrival, and bells and Santas all around.

Yesterday we attended a Christmas program given by Miss Baker's class. We liked it very much. The class thought it was very nice of Miss Baker to give them a candy cane as an additional treat.

We are looking forward to our Christmas party which will be next Wednesday. Our room mothers who are Mrs. Deaner, Mrs. Eaton, and Mrs. Forrester will be here helping us to have a good time.

The whole class wishes all of you a very Merry Christmas. We'll see you again next year!



For all of its repetition it's still beyond beating.

I'm Often Wrong

By Neil Hunter

NEVER TOO BUSY — We missed a column or two in the mad rush to get out those fat Christmas editions, fat with that lovely advertising, but now the stampede is over, we can settle down to our favorite pastime of breathing down the neck of I'm Often Wrong — what else is there!? We're never too busy to beat out a column, just too mixed up at times. So if we ever miss again, you'll know its because we were caught in the middle of a muddle and not that we didn't want to be in this usually alloted spot.

●

A LOT OF THOUGHT — We are the recipient of a very good letter which unfortunately is only signed by a Shopper, but because it so adequately expresses a thought we have had wandering around upstairs for a long time, we're going to endorse the idea and pass it along for your reading and consideration this week.

"Page 17 of the current issue of Newsweek magazine is devoted to the idea, "LET'S KEEP CHRIST IN CHRISTMAS."

"Yet, the merchants of Tecumseh, bent upon the commercializing of December 25th, are displaying on their doors—Xmas shopping hours: Dec. 21, 22, 23, 9 to 9; Dec. 24, 9 to 5:30 — "X", the symbol of the unknown, has replaced the Christ in Christmas.

"Through the haze of advertising, sales and gift suggestions, it is difficult enough to recall the true meaning of Christmas. It would seem that those who profit most by the observance of this day could at least spell the word correctly.

"Let's not wait for war or depression to put Christ back into Christmas.

"If we, the public, and you, the press, demand action, this labor-saving substitute for Christmas will disappear from our streets.

"MERRY CHRISTMAS!

A shopper"

●

MORE TO IT — Now that we read that letter over a second time, we realize that it only goes part way, and lets us modern-day Christmas lovers off easy, when we should be put to shame. Being no expert on the subject of Christianity, etc., we can only point to some simple teachings of our Sunday school days of yesteryear when some simple little truths were drilled into our noggings — and they stuck. They should be the real meaning behind Christmas, let these symbols fall by the wayside.

The first is, Jesus was born to teach men to "put God first in their lives" and to second "put others before ourselves."

There are many of us who give to charities, help the needy, spread goodwill through benevolences, but how many people do you know who do such simple little things at Christmas time as remembering a person in our own block or neighborhood with a little cheer and comfort, when all it costs is a little time. We sometimes wonder at the churches who boast vast missionary programs in far off lands, and wonder what God thinks about their "at home" missionary work, in their own country, their own town, their own neighborhood, in their own family.

How mixed-up can we get?

●

A DAY TO REMEMBER — A week or so ago we spent part of an afternoon with Mrs. Whelan, Miss Spaulding, Mrs. McCoy and a group of nurses from foreign countries, that is truly a day we won't forget for a long time. As those gals from Sweden to Japan roamed through the corridors of our wonderful Herrick Memorial hospital, we could see how impressed and awed they were with the facilities we take for granted; we could feel how lucky they felt we here in a typical American community are. A far cry from a native hospital in the Philippines, where human beings also go for medical care and treatment. But they were all smiles and eager to learn whatever they could.

There's something about nurses that always made us stop and swallow with a sort of combined praise and pride. No easy lot, theirs, but that wonderful group of women give us a service of unparalleled and unmatched importance. Ever been flat, sick in a hospital bed? If you have you'll know what we mean. A nurse has a way of commanding every situation, no matter how glum or gloomy. And when it comes to bed pans, well a nurse puts President Ike in a back seat.

While we were visiting with those foreign nurses, one asked Miss Spaulding if she could catch a cat wink or two, the pace had been a little stiff it seems in visiting the points of interest around Tecumseh and seeing the hospital. Whereupon we noticed that Mrs. Hoyt Whelan, that grand lady who heads the hospital auxiliary, was still going strong despite her few years ahead of the younger gals. Yes, she's tops, that Mrs. Whelan, a real person, they don't make 'em like that anymore.

The hospital, by the way, has received a nice Christmas gift from the C. E. Hamlin Co., Jackson in a stainless steel wheeler stretcher with latex foam rubber pad. Instead of the regular line of flowers, calendars or gifts to the companies they deal with, the Hamlin firm gives hospital gifts to all the communities where they do business.

●

CATCHING UP — We have a bushel of odds and ends to catch up on, including such stories as told by the boys at the Dalton Fruit Farm near Adrian who had a tractor which refused to start. They brought it back to Whelans here, for official treatment. Usual emergency measures failed to produce results and a major operation seemed to be indicated. Investigation disclosed the source of the trouble, a quart and a half of cherry stones packed around the cylinders under the engine head. Each stone had a neat hole through which the meat had been removed, indicating intensive activity on the part of the field mice whose pantry had been equipped with wheels.

The December 12th issue of "Nation" contains an article by Allan Seager, local novelist and short story writer. This is the magazine's Civil Liberties issue and the article, entitled "I Dream of Comfort" deals with the actual experiences of a conscientious objector, who refuses to register for the draft.

We have a nice note from our friend Ed Goodnough, down in Monroe, thanking us for the write-up on his Cider Mill last fall and reminding us that it is still for sale. Wanta go into the sorghum business? If we only had a sweet tooth!

Thanks, too, for the many cards and good wishes from all of you on this wonderful Christmas season. There's nothing like it when you have friends, what else is there.

●

BACK AT IT — Since our chief puzzle editor, Dick Pearson, is home from law college, we'll have to try another twister out. He'll get it, will you? The head of a whale is six feet long, his tail is as long as his head and half of his body and his body is half his whole length. How long is the whale? Answer below, but figure it out before you peek.

●

DEAR DAD —

No need to wish you a merry Christmas Dad, you invented them as far as we're concerned.

Your son,
Neil

Answer to whale question only after you've figured it out: 48 feet.

PARISH HALL SCENE OF CHRISTMAS PARTIES

St. Elizabeth Parish Hall has been the scene of two Christmas parties during the past week. Friday evening Dec. 17, thirty-five ladies of the church met at 8 p.m. to exchange gifts, play games and sing carols. They enjoyed refreshments provided by a committee headed by Mrs. Kenneth Kitson and Mrs. Richard Limes.

The same committee was in charge of the children's party held Sunday afternoon from 3 to 5, when about 75 children were visited by Santa Claus and viewed movies shown by John Saling. They received candy from Santa and exchanged gifts and as a group sang Christmas carols.

TO APPEAR ON TV

Jack Tonneberger, organist and musical director at the Augsburg Lutheran church in Toledo, will be on the Television Chapel Hour Christmas morning at 8:55. His Tecumseh friends will be able to see and hear him by tuning to Channel 13, Toledo. Dr. W. Carl Satre, pastor of the Augsburg church will be the speaker on the same program, telling the Christmas story. Jack's parents, Mr. and Mrs. Albert Tonneberger and his brother and family, Mr. and Mrs. James Tonneberger and two children and other friends will drive to Toledo Christmas Eve to attend his annual Christmas concert at the church.

WATCH NIGHT SERVICE

A Watch Night service in the church of the Nazarene, Ridgeway, will begin at 9 p.m. Christmas Eve conducted by evangelists, G. W. and Pearl Hoot in cooperation with the pastor, the Rev. C. A. Bearinger.

Evangelistic meetings will continue each evening through Sunday, Jan. 3, starting at 7:45 p.m. The Rev. and Mrs. Hoot, in addition to effective preaching ministry present an excellent musical program, as Mrs. Hoot is a talented musician, having played the organ on radio station WOWO, Fort Wayne. The general public is cordially invited to these meetings.

ALL CHURCH PROGRAM GIVEN BY BAPTISTS

Christmas observance at the Baptist church ended with the all church, all church school program Wednesday evening, when the pupils of the nursery, kindergarten, primary, junior and intermediate classes presented a pageant of the Nativity at 7:30. An impressive ceremony opened the program when during the grand processional the "White Gifts" for the needy were laid at the feet of the Christ Child.

With Linda Sisson and Philip Surrat personifying the characters of the Nativity, other groups and classes presented various phases of Christmas in music under the direction of Mrs. Sevedus Maples and Mrs. Thomas Brooks and Marcia Bashore was pianist.

With the coming of Santa Claus, gifts were distributed to all pupils with the help of the teachers and a treat was furnished by the Good Cheer class. The beautiful tree which added so much to the atmosphere of the scene was presented to the church school by Cub Scout Troop 4 which meets in the Youth House.

The Britton Kiwanis held a Christmas party and Ladies Night recently when the members and their wives and six guests who were past lieutenant governor Vail Hull and Mrs. Hull of Adrian, Mr. and Mrs. Walter Nichols of Tecumseh and Mr. and Mrs. Russell Spalding were served a chicken dinner at the Britton hotel. A short business meeting followed when toastmaster Wynn Mattison introduced Mr. Hull, who installed the new officers. They are: President, Lester Edelbrock; vice president, Fred Bryan; secretary, Norris Dartt and treasurer Mr. Mattison.

Mr. and Mrs. Nichols showed a travelogue "In Old Mexico" taken by them in 1952 when on a month's vacation in that country.

At the December meeting of the Britton Woman's Club held at the home of Mrs. Elmer Eberhardt, a committee reported having remembered 21 service boys with boxes of Camp Fire candy. A five dollar contribution was sent to the Michigan Children's Aid Society. After a Christmas program, refreshments were served.

Recent callers on Mrs. Fern Smith who is recovering from pneumonia in her home, were Mrs. Emma Bach of Detroit and Mr. and Mrs. Will Kingsbury of Deerfield.

Lee Taylor is a surgical patient in Herrick Memorial hospital.

Mrs. Alex Gibson is a medical patient in Herrick Memorial hospital.

Mr. and Mrs. Orris Tubbs left Saturday for Florida for a two week's vacation.

A3/c Larry Kanous and A3/c Frank Vallie arived home Saturday from Kessler Air Force Base, Biloxi, Miss., to spend a 15 day furlough with their parents, Mr. and Mrs. Edward Kanous and Mr. and Mrs. Leonard Ramage.

Miss Gail Claxton, a U. of M. student in Ann Arbor came home Friday to spend the holiday recess.

Mr. and Mrs. Clare Griffin and family entertained at a family pre-Christmas dinner and gift exchange Sunday. Guests were Mr. and Mrs. Leland Cheever and Mr. and Mrs. LaMar Cheever of Tecumseh, Mr. and Mrs. Vernon Irelan and family of Saline and Mr. and Mrs. Kenneth Johnson and family of Macon.

Mr. and Mrs. Wayne Dunbar and son Greg visited Mr. and Mrs. Martin Greunke and family of Toledo Sunday evening.

Mr. and Mrs. William Cundiff were Sunday guests of Mr. and Mrs. Chester Crouch of Hudson.

Mr. and Mrs. Oliver Logan and son Leland were hostesses for the Logan family Christmas dinner held at the Grange hall in Deerfield. Forty-one were seated for the dinner and afterwards a gift exchange was enjoyed. Mr. and Mrs. Pirl Robinson were present from Britton.

LAVERN C. HALL BURIED TUESDAY

Lavern C. Hall, a life long resident of Lenawee county, died Saturday afternoon at 5 p.m. at his home on Shepherd Road at the age of 79. The son of Hosea and Elizabeth Aten Hall, he was born May 1, 1874, in Raisin township.

Married in Adrian, May 6, 1914, his wife, Minnie still survives him as does a sister, Mrs. Maude Stretch, five nephews and four nieces.

Preceding him in death were his brother, William and two sisters, Millie Hall and Mrs. William Boyd.

Funeral services for Mr. Hall were held Tuesday at the Green Funeral Home with the Rev. Edward Escolme officiating and burial was in the North Adrian cemetery. The bearers were his six nephews, Jesse and Carlton Stretch, LaVern, Robert and Charles Bern, all of Monroe and Walter B. Bern of Dundee.

THE Christmas Parties

Forty years is not long in the life of a town but it is a long time for one social custom to survive. For at least that many years—those between the early 1880's and 1920's—the holiday season in Tecumseh was dominated by one event, the Christmas party. It is probably more accurate to accent it and say THE Christmas party, for while there were others before, during and since that period, none were of the same importance.

The dances were organized about 1884; by a group of self-appointed Ward McAllisters, who decided rather arbitrarially on the town's 400. Their invitation was the social accolade of the eligible male and all that a dance-minded maiden had to do was to demurely finagle her invitation from one of the chosen.

All the early parties were held in the "Opera House," a few later in the "armory," the drill floor of Company C, and now Moore's lumber office; and the still later ones, which lessened in formality and elegance during the two world wars and were completely wiped out by the early depression days, took place in Witherell Hall.

It was during the gay nineties that they reached the climax of elegance. The Opera House, then with moveable seats and a level floor, would be elaborately decorated for the occasion. One description says bunting streamers "transformed the ceiling into a huge inverted tulip," greens and bunting festooned the gallery and arches of greens and holly screened the dining room on the stage, which had a latticed ceiling and was fitted with tapestries and rugs.

The orchestra, imported from Ann Arbor or Detroit, occupied the orchestra pit and opened the evening with a concert for the benefit of spectators who filled the gallery. When at 9 o'clock they broke into the grand march, the audience watched the "flower of the town" execute intricate maneuvers in the wake of the two most skillful couples and then swing into the opening waltz. From then until 4 a.m. the program was polka, schottische and waltz with an occasional quadrill in the early years.

Formal was the word for these dances. White ties and tails and white gloves for the gentlemen; decolletage, white gloves and frequently trains for the ladies and always flowers. Programs were filled in advance; no cutting in, no wall flowers, no stag line; on the surface at least all was exquisite harmony. Even though many married couples attended, there were always chaperones and many a debutante's social training was judged by how prettily she "made her manners" to the presiding dowagers. They were not notoriously temperate, the men of that period, but no liquor was served or tolerated at these parties; "the ladies, God bless 'em," were present.

Perhaps the most characteristic detail were the "hacks." Everyone went to THE Christmas party in a hack. You might live a block away, might have walked miles in the snow that day, but you went to the dance in a hack. Extra ones were imported for the night, two couples might share the same one but a hack was part of the party.

"Stuffy" would be a mild word for the reaction of a modern set down in the atmosphere of one of those dances, yet there was something to be said for that "age of gracious living."

The spirit of Christmas is a wonderful thing. It makes "Oldsters" into youngsters and youngsters into perfect angels. It brings a song and a laugh from even the most gloomy. It permiates and fills us all with the wonderful joy of living and doing for others.

This Christmas, as every Christmas, we wish all of the wonderful things of life for our friends and patrons, and sincerely hope that some of the spirit of Christmas will follow them throughout the coming year.

Letters To The Editor

Editor, The Herald:

From May until August of this year, my wife and I paid a visit to our daughter and her husband, Mr. and Mrs. George Derby, 607 West Kilbuck street, and I would like, through your columns, to wish the many people we met all possible happiness for Christmas and the New Year.

The most lasting impression we have of our visit was the kind and friendly attitude of everyone with whom we came into contact, not only in Tecumseh, but also in nearby Adrian and Clinton, and this impression is one that will always be with us.

We remember, too, the splendid work of the police and fire departments on the occasion of the fire at the bottled gas plant, which could have had such serious results, and the balloon "ascent" on July 4!

It is quite certain that, with residents such as we were privileged to meet, the future of the City of Tecumseh is indeed bright.

Yours sincerely,
K. Simpson

GARDEN CLUB

At a Christmas luncheon at the Country Club Friday the retiring president of the Garden Club, Mrs. E. C. Boss reviewed briefly the work of the past year and, after thanking the members for their cooperation, introduced the new president, Mrs. Robert McCoy. Mrs. McCoy reported on the trees decorated at the hospital and told of the two arrangements of greens and Christmas decorations that Miss Mary McWilliams had made for the hospital and the public library.

There were 28 members and eight guests at the luncheon, where interset was focused on the holiday table decorations arranged by club members. First honors were awarded to Mrs. Robert Sage with Mrs. L. W. Larsen second. Guests were Mrs. Paul Branigin of Long Island, N. Y., Mrs. George Tuesley of Edwardsburg, Miss Leta Daykin of Britton and Mrs. Edna Cameron, Mrs. C. F. Sage, Mrs. Glenn VanDenbergh, Mrs. Leon VanValkenburg and Mrs. James McDowell of Tecumseh. The location of the January meeting will be announced later.

HARMONY HOMEMAKERS

Miss Mary McWilliams assisted by Mrs. Mabel Beardsley and Mrs. Hazel Thompson entertained the Harmony Homemakers Christmas party, last Wednesday. A noon luncheon was served at a table decorated with a miniature Christmas tree and it was concluded with a decorated birthday cake honoring the anniversary of Mrs. E. J. Aebersold.

Gathered around a decorated tree after lunch, the group exchanged gifts and joined in singing carols under the leadership of Miss McWilliams and accompanied by Mrs. Kennard Wise at the piano. Several readings given by Mrs. Clarence Hunt completed a most enjoyable occasion. January 20 the group will meet at the home of Mrs. Joe O'Pravil for dinner and a work meeting.

o

LUTHERAN PROGRAM

The children's program of Grace Lutheran church will be given two evenings this week, Wednesday and Thursday, Dec. 23 and 24 at 8 p.m. The children of all classes will take part with songs, recitations, and readings in unison, also singing with the choir. There will be scripture reading and a talk by the pastor, selections by the choir and Patricia Schwede will sing "Away in the Manger." Ninety-four children will have a share in the entertainment under the direction of their nine teachers and of the Rev. Jeschke as organist and director. Thursday evening there will be a distribution of gifts.

o

CHRISTMAS PROGRAM

All classes of the Friends Sunday School joined in a typical Christmas program Tuesday evening during which the children sang and recited and their two choirs presented special music. Mrs. Clarence Randolph, assisted by the teachers, was in charge and there was a distribution of gifts from the Christmas tree. There will be no further services at the church this Christmas week.

WISHING YOU A

HAPPY NEW YEAR

Here comes 1954 . . . a bouncing, beaming, happy-go-lucky youngster, bright with the promise of 365 brand new days. May the joy that surrounds his arrival signalize the deep and abiding happiness he holds in store for you and yours. May the hopes with which you greet him be richly fulfulled by his performance. And when, in his turn, he bows off the scene, may his memory long be cherished as one of the very best years of your life.

The best people in every community go to church. Ever wonder why?

THE TECUMSEH HERALD

A public record of news and advertising printed in Tecumseh since 1850.

ONE HUNDRED THIRD YEAR — NUMBER 13 TECUMSEH, MICHIGAN, DECEMBER 29, 1953 FIVE CENTS A COPY

City Change Biggest Story In Variety Of 1953 Herald Headlines

With another year tucked away in the giant history book of time, Tecumseh can look back on a variety of headlines over the past twelve months which record the top stories in a community of varied activities. Highlighting these banner stories in The Herald during 1953, is probably the change from village to city form, and the stories which paved the way for the council-manager form of local government.

But there were others during the past year as Tecumseh argued over fluoridation, saw its bottled gas plant burn, rode on newly surfaced streets and over two new bridges while downtown stores fronts went "modern."

It was another big year for the "wayside community" as it "boomed on a diet of ice cubes." Its chronology is now set in black marks on otherwise white paper — as all part of the permanent bound volumes of The Herald, a record of Tecumseh's behavior since 1850.

Glancing back through last year's files of local news, the leading stories can be easily divided into months. But there were many, many others that didn't make the headlines, or even the front page, but were all of great importance to the newspaper and the people whom it serves. Such were bits of personal news, births, marriages, deaths, etc., and fit somewhere in the pattern of "Tecumseh 1953," though these headlines summarize the events reported in front page stories.

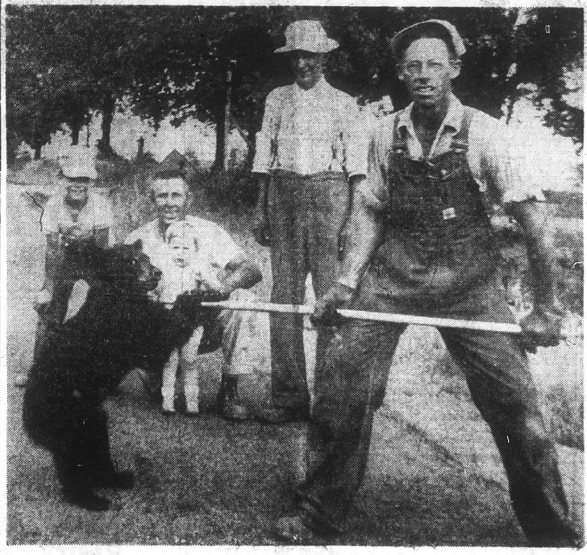
Among 1953's Unusual Stories Was Tale Of Cub Bear That Wandered Into Clinton-Macon Neighborhood



It was way back in the last days of May, 1953, that this "cute" cub bear wandered into the otherwise peaceful Clinton-Macon farm section and caused quite a stir before being captured and returned to his Manchester owner. Looking at the perplexed animal are, left to right, Jerry Rhoades, Bill Service and daughter Carol Ann, William O'Reilly and William Rhoades, who is holding the cub with a bull staff.

Though 1953 was full of many unusual stories, none surpass the heart-warming human interest narrative of a furry black cub bear that wandered into the Bill Rhoades neighborhood midway between Clinton and Macon.

For it was almost storybook form that two boys came upon a bear just as if they were in the northern peninsula wilds. The lads, Billy Swanston and Jerry Rhoades, discovered the bear running loose a week before Memorial Day. After considerable commotion and interest among the neighbors—crowds gathered from distant points to see it—father of one boy, William Rhoades, caught the bear in a culvert with a bull staff and turned him over to conservation authorities.

As stories of the incident spread, rightful owner of the bear turned up with a permit and explanation how the whole thing started. For the bear was first caught up north and brought down as a pet. A permit was granted and everything seemed in order until the cub started fighting its chain. After days of struggling, the little bear seemed dead. So its owner cut the collar and prepared for burial. But suddenly the cub became alive and disappeared in the woods, only to be found a week later by the pair of Rhoades and Swanston.

The only disappointment to the youthful finders was that they couldn't have the pet for "keeps."

FAVORS OF CLUB CHEER HOLIDAYS FOR SHUT-INS

Herrick Memorial hospital, Parrett Nursing Home and the Public Library have been brightened throughout 1953, because of a project of the Garden Club.

Christmas trees placed and decorated by Mrs. Robert McCoy and Mrs. Charles Kempf are in the hospital lobby and solarium and the windows of the latter hold red and white paper choir boys that were made by club members. On Christmas Day plastic bags of Christmas cookies also made by club members, with a chocolate Santa Claus graced each tray.

This is the fourth holiday in the year that favors have been contributed for the trays. On Thanksgiving they were little baskets of candy decorated with turkeys, on Easter gay nut cups of appropriate candy and on the Fourth of July breakfast trays bore an American flag in a gumdrop pedestal.

Baskets of pussy willows and spring flowers were placed in the hospital lobby and solarium on Easter also.

The decorations for the library have been the charge of Miss Mary McWilliams who has supplied seasonal arrangements throughout the year, with an especially beautiful grouping of greens and candles adding a holiday atmosphere at the present moment.

LAST FIRE WAS NOV. 20

Although not a record, the Tecumseh volunteer fire department has gone six weeks without a fire. The last blaze was Nov. 20.

PRIVATE ENTERPRISE ON THE MARCH!

Talk about the American way of building a business the private enterprise way, Jimmy Nighswander, Russell road tycoon, combined capital with energy to risk an economic undertaking.

It first started a year ago when Jim, son of Mr. and Mrs. Gilbert Nighswander, received a movie picture projector for Christmas. He started buying up reels of cartoons until this Christmas when he was given a printing set.

The stage was then complete to turn his first dollar bill. Jim printed up tickets at five cents a throw, got some theater space in a neighbor's garage, handed out free popcorn and played before a capacity house of 15!

Flier Finds What We Always Knew

The Mayor,
Tecumseh, Michigan,

I landed at Tecumseh on the night of 20 Nov. literally as a fugitive from the elements. I had cleared from Glenview, Illinois, for Grosse Ile under adequate by unsettled conditions. Shortly before reaching your area conditions in my path had turned worse and were verging on unsatisfactory. I was obliged under flying rules either to land or turn back, and it was even possible I might find the road back less easy.

So I was delighted to see the revolving beacon at Tecumseh, and then the runway lights. I had no hesitation in sitting down.

I am writing not so much to express my appreciation of the facilities, which no doubt are privately maintained, but for the warm hospitality and help of your citizenry, which was in the best tradition. In particular I was assisted by the sales manager for your aircraft concern, Mr. LeFevre and his family and the gentleman who operated the bowling alley on that night. Both offered to go out of their way to take me on to my destination. The same general attitude prevailed among everyone I met. Our problems are not the same in these days as when our homes were open to the stranger, but your people of Tecumseh showed that our hearts respond in the same way.

Very Sincerely,
Capt. J. M. Lane, USN

BUSINESS WOMEN TOLD OF "TWELFTH NIGHT" AT MONDAY MEETING

"Twelfth Night" was the theme of the Monday evening meeting of the Business and Professional Woman's Club at the Baptist Youth House. Thirty-eight members and seven guests gathered about tables, decorated with Christmas greens and miniature trees, their places being marked by red and white striped candy sticks. The table arrangements were the work of Miss Myrtle Mattis, one of the hostesses, the others being Mrs. Myrna Tingley and Miss Marie Koernig.

Singing of the Doxology comprised the evening's devotionals and during the business session Miss Alice Hopkins reported on the work of the committee that had helped the club play Santa Claus to a needy family. The response had been so generous that an unused sum was turned into the club treasury. Mrs. Guy Pocklington, representing the State Federation of Women's clubs spoke briefly on the importance of buying Defense bonds and Mrs. Barton Meyer was appointed as the club's reporter on its activities as requested by radio station WABJ.

Mrs. C. A. Staulter, program chairman, then introduced music in keeping with the holiday. Mrs. W. G. Waldron played a piano selection "Laces and Graces," Mrs. Maynard Mulvaney sang the old folk song "Christ Was Born on Christmas Day," accompanied by Mrs. Fred Dickinson, and Mrs. Nina Heath, Mrs. Duaine Service, Mrs. Mulvaney and Mrs. Waldron sang 'The Twelfth Day of Christmas" with Mrs. Staulter at the piano.

Mrs. F. C. Dickinson then told of the significance of Twelfth Night and of the customs that have been developed in its observance and summarized the story of Shakespeare's play by that name. She read excerpts from the text, explaining that it contained little reference to the holiday, being evidently intended only to be performed on that date.

MRS. H. H. LOVELAND BURIED IN BROOKSIDE

May Beaman Loveland, wife of Dr. H. H. Loveland, died at Herrick Memorial hospital at 3:05 a. m. December 25, as a result of pneumonia following a shoulder fracture two weeks ago.

Mrs. Loveland was born May 18, 1871, in Antwerp, N. Y. She and Dr. Loveland were married in Westboro, Mass., July 20, 1898. They moved to Tecumseh in 1928, from the Upper Peninsula where they had resided since their marriage.

Mrs. Loveland was an untiring worker in the First Methodist church of which she was a member. She served for years as a Sunday school teacher, a member of the W.S.C.S. and the Missionary Society. She was a life member of the Order of Eastern Star, a member of the D.A.R., the W.C.T.U. and the Wit and Wisdom Club.

She is survived by her husband, her son and daughter-in-law, Mr. and Mrs. Bradford Beaman Loveland and her granddaughter, Miss Anna Mae Loveland of Escanaba. In addition to the immediate survivors are several nephews.

Services for Mrs. Loveland were held Monday afternoon at 2:30 p.m. at the Collins Funeral Home and were conducted by the Rev. Ronald Brunger, with a vocal solo by Frederick C. Dickinson, accompanied by Mrs. Dickinson. Burial was in Brookside cemetery and the bearers were Wilfred Waldron, Edward Beal, Earl Greene, Aden Mead, David S. Yape and F. C. Dickinson. Honorary bearers from the staff of Herrick Memorial hospital were Dr. M. R. Blanden, Dr. R. G. B. Marsh, Dr. Ralph Helzerman, Dr. C. R. Dustin, Dr. Richard Hammel, Dr. George Wilson, Dr. A. J. O'Connor and Dr. C. L. Cook.

Friends attended the funeral from Dundee, Lansing, Adrian and Clinton.

Thieves Use Shop Tools In Burglary

PARTRIDGE CO. ENTERED AT NIGHT, $300 TAKEN

Using a torch and tools from the repair shop of Partridge Implement Co., burglars cut into the firm's heavy safe Monday night and stole $300 to $400 in cash.

Personal business checks, bonds and papers were strewn around the office by thieves who broke in the back door. A drawer of pennies was also left.

Mel Partridge pointed to a number of reasons to believe the "job" had been planned by professionals. The acetylene torch, taken from the shop, was changed over from brazing to cutting and used to remove a part of the safe's side plate of quarter-inch steel. Then the night thieves, who worked over an hour, took a hammer and cold chisel to knock through five inches of concrete.

Once inside the safe they went to the firm's general cash fund used in business operations.

The mess was found Tuesday morning. Owen Partridge said that breaking in was comparatively easy for the thieves but the safe cutting a harder job.

They had also broken into the International Harvester building next door, and Jack Osburn's Oldsmobile garage across the street, but took nothing.

State troopers who investigated said the Partridge robbery could be done by the same criminals who recently broke into a garage at Manchester but left their tools when frightened off.

Also Monday night, Lee Keeling's garage in Britton was entered by burglars but only a small amount of petty cash taken from a cardboard box.

Community Life Theme Of Prayer Week Observance

In humble observation of the great powerto be realized by men, the Annual Week of Prayer, sponsored by the Tecumseh Ministerial Association, will be held Jan. 4 through 8.

A unique plan has been adopted to represent every phase of community life in the five simple worship services to be held in the various churches. The service will begin at 8 p.m. each evening, the location and presiding ministers are listed below.

Monday, Jan. 4 at the Baptist church—The Rev. Edward Escolme preaching. Theme: Education.

Tuesday, Jan. 5 at the Assembly of God church—The Rev. Ronald Brunger preaching. Theme: Work.

Wednesday, Jan. 6 at St. Peter's Episcopal church—The Rev. Walworth preaching. Theme: Health and Recreation.

Thursday, Jan. 7 at the Friends church—The Rev. L. H. MacPherson preaching. Theme: The Home.

Friday, Jan. 8 at the Methodist church—The Rev. Edward Dicken preaching. Theme: The Church.

Monday evening the theme for prayer will be "Education." All school teachers, administrators and youth organization officials are invited to be present. Tuesday evening the theme will be "Work," with all businessmen, factory workers and officials, tradesmen to be honored. Wednesday evening all those responsible for "Health and Recreation" are to be recognized—nurses, doctors, service and fraternal organizations.

Thursday the theme will be the "Home" with definite stress being laid upon the opportunity and obligation found in parenthood. Friday evening the theme will be the "Church." Every church member in this community should be on hand to review the role of the Church in our city.

This program of specific recognition and prayer has been drawn up to realize the full potential of faith and everyday life. The entire community is invited to each worship service, but emphasis will be placed upon the Christian faith evidenced in our various forms of livelihood.

Editorials

JUDGE NOT—We can never say that "Christmas has come and gone" . . for in a very important sense, it is never "gone". Each Christmas of our lives, no matter how many, leaves at least some further tiny shred of Christian understanding in our hearts. And if we could live long enough even the most cantankerous and rebellious of us might absorb the full significance of the Nativity.

But, with that most significant of all dates on the calendar behind us, we would like to examine briefly that sudden and mysterious drive to "put Christ back in Christmas", and its corollary — to put Santa Claus out of Christmas. We understand that various of the clergy are behind this move. And we would like to ask by what consecrated arrogance do they presume to tell us that we have evicted Christ from our most celebrated holiday.

It is difficult to imagine that any man with the mental capacity for spiritual guidance of others can be so obtuse as to miss the point that Santa Claus provides a joyous embodiment of Christ's teachings that youthful minds are capable of understanding. The fact that some merchants — perhaps even a majority of them — have over-commercialized this beloved symbol of brotherly love, of the joy of giving and the warmth and sanctity of family ties, is rather beside the point. Even a preacher should admit that merchants are people, and cherish in his heart the hope and belief that they will see the error of their ways. But we can conceive of no more shocking error in these times than to banish Santa Calus. For this, if we have any concept of Him, Christ would truly weep.

Nor can we think of any single accomplishment better calculated to advance in America the cause of Godless Communism.

ALL ABOARD — Climb aboard the 1954 Express unlimited which is quick gaining steam for a journey into 365 unseen, unspoiled days ahead. Days of a bright new year, a fresh page of history for a community in which "anything is possible and nothing impossible". With hearts high and faith strong, let's make each day count in building a better Tecumseh and a better home for future prosperity.

Last year's journey was typical in its many accomplishments locally, but the big ones stand ahead. The new year will require courage, vision and faith — and there's equal opportunity here for all to share in making this a better place to live. The Herald wishes twelve months of abundant life for everyone in 1954. Let the community continue to unite in effort and press forward, holding steadfast to our free way of American life — our proudest heritage from the past and brightest hope for our future.

Let us reunite with God, let us all support our community and civic functions, get behind our schools, our new government, let us boost Tecumseh instead of "knocking" it, let's ring in the new with resolution to make 1954 the greatest year in Tecumseh's history, full of good health, happiness and fortune for each person, family and business.

ERA OF THE COMMON MAN — An agitator in England was addressing a crowd of workers. When the era of the common man arrives, he told them, "You will enjoy the pleasures of the rich. You will walk down Park Lane wearing a top hat." A listener interrupted to say, "Hi'd rather 'ave a cloth cap."

The agitator said the man could keep the cap if he wished and continued: "You'll wear a cutaway coat and pinstripe trousers." Again the listener broke in, saying, "Hi'm more comfortable in corduroys."

The agitator, annoyed, said that would be permissible, and went on: "And you'll ride to work in a Rolls Royce." Once more he was interrupted: "Hi'd rather use me bike."

This time the agitator leaped from the platform and grabbed the man by the sleeve. "Listen you," he said, "come the era of the common man and you'll do what you are blooming well ordered to do!"

Realty Views

With the New Year at hand it is time to think about ways to make your family happier in 1954.

Naturally, you'd expect to suggest that perhaps a new or different home —one suited to the needs of your family — would bring lots of pleasure. Since it is true, we do not make that suggestion.

After all, what possession is used as much, what serves as well and as long, as a good home? The right home will bring years of comfort and pleasure to your family.

Make a resolution right now to buy a better home in 1954. The years pass swiftly. The time to act is NOW.

We will be pleased to help you find the home you need. Just phone or stop by our office. We've helped countless families in their search for the proper home.

One more thing. Now that you've resolved to buy a new or different home, remember this:

"Resolutions are like babies crying in church—they should be carried out immediately."

Tecumseh BOOK SHELVES
Library

The library's collection of local historical material, which makes it the envy of other towns, contains, besides the Pioneer Society Records and the local histories, many other items contributed by town's people.

There is a file of The Tecumseh Herald beginning with the first edition in 1850, a copy of the still earlier Tecumseh Democrat and one of the Raisin Valley Record, published in 1868. A copy of the 1874 Lenawee Atlas has much county-wide information and three Tecumseh directories, the earliest of which is that of 1869, tell much about the town itself.

Three record books that will grow more precious through the years are a copy of the first land grants in Tecumseh township made in the land office in Monroe from 1824 to 1835; the original secretary's book of the minutes of the "town meetings" before the village was organized in 1837, and the original clerk's record of the first road surveys of the township, some signed in Musgrove Evan's own writing.

There are minutes of early school board meetings, of the first high school alumni records and of the Tecumseh Literary Lyceum in 1833. An early village assessment book locates house ownership and a document which should be of interest to many of their descendants is the roster of names of the local volunteers for the Black Hawk War in their original handwriting.

Perhaps the most informative regarding very early citizens is a recently discovered copy of the territorial census role taken in 1830, by Musgrove Evans when Lenawee had a total population of 1,416, of which 771 lived in Tecumseh township.

MACON
Mrs. Hamilton Moore Correspondent

The County Singspiration service was well attended Sunday afternoon at the Macon church. A quartet from Tecumseh, two duets from Rea, several musical numbers by the Ridgeway orchestra and the Macon choir all took part in the program. The January Singspiration will be held in the Rea Methodist church.

The Macon Youth Fellowship met Sunday evening at the church, then went caroling throughout the village. The group returned to Lenora and Bud Jordan's home for refreshments.

Mr. and Mrs. Charles Bigelow and family were Sunday guests of her brother and family, Mr. and Mrs. William Hendershot in Brooklyn.

Mr. and Mrs. Ralph Mehler and family of Dearborn spent Sunday with his parents, Mr. and Mrs. Herman Mehler. In the afternoon they attended the Singspiration.

Harold VanValkenburg arrived home Friday for a two week's furlough. He will report Jan. 13 at Seattle, Wash., and will be sent to the Far East. Harold re-enlisted in July.

Mr. and Mrs. Hamilton F. Moore and Richard were in Detroit, Friday evening. They attended the operetta "Amahl and the Night Visitors," held at the Masonic Temple.

Corp. and Mrs. Wesley Gilmore arrived home Saturday evening from Shepherd Air Base, Texas. They were accompanied by Melvin Sanch, also stationed at the same base. He is on leave with his parent's, Mr. and Mrs. Verl Sanch.

Miss Colleen Vershum of Ottawa Lake spent the weekend with Mr. and Mrs. Russell Vershum and was maid of honor at her brother Richard Vershum's wedding which took place Saturday evening in the Milan Baptist church.

Mrs. Hamilton Moore spent Tuesday afternoon in Ann Arbor attending an executive board meeting of the Ann Arbor district officers of the Women's Society of Christian Service.

Eric Halladay and son of Detroit visited his parents, Mr. and Mrs. Ralph Halladay Saturday.

I'm Often Wrong

By Neil Hunter

OFF THE CUFF — Odds 'n ends of holiday chatter that don't amount to much more than trivia to say the least . . . on the back of Hayden's truck is a clever warning, "This Side: Passing Side" . . . "This Side: Suicide" . . . we've already lost one Christmas glove . . . the biggest shopping day of the year in Tecumseh was the day before Christmas . . . we too just got in under the 5:30 store closing wire . . . many outstanding cards came to our desk this year from friends everywhere . . . most unusual came from George Cannon . . . biggest disappointment every Christmas is receiving cards from old friends far away whom we haven't seen for many moons, and all we get is a printed name . . . so we go on wondering how many kids they have by now . . . the best gifts are always home-made articles which often don't cost much but represent some thought and ingenuity.

Next year it's going to be different . . . we're going to shop early . . . find some gifts that are different . . . plan a clever card . . . put some lighted decorations outside the house . . . open our presents Christmas eve and sleep late Christmas morning.

Baby kittens were part of Bill Zwick's Christmas gift . . . there were enough for the whole neighborhood and plenty left over for you — if you'd like one for free just stop at 6903 Green Rd. or phone 1006-W, he might even deliver a cute ball of purry fur to your home.

Harry Woodward Wed In Chicago

Harry Alan Woodward, son of Mr. and Mrs. Andrew Woodward of Tecumseh and Nellie Marie Beukema of East Lansing were married at 4:30 Christmas Day at the Country Church in the City in Chicago, Ill., by the Rev. Benjamin Will. The bride, the daughter of Mrs. Hermine Beukema and the late Mr. Beukema of Grants Pass, Oregon, was given away by Dewey Allen.

Miss Hermine Beukema of Chicago was her sister's maid of honor and Kenneth Woodward of Tecumseh his brother's best man.

The bride wore a ballerina length gown of ivory satin with a lace overdress and carried a white orchid on a white Prayer Book, while her attendant's dress was of irridescent red taffeta and her flowers were white carnations combined with holly and silver.

The church was decorated with Christmas greens, candles and white chrysanthemums with carnations, and "Because" and "The Lord's Prayer" were the songs before and after the ceremony.

The mothers of both bride and groom wore navy blue with corsages of white carnations and holly.

Following a buffet supper at the home of the bride's sister the couple left for a short honeymoon, the bride wearing a suit of redwood wool with black accessories.

Mrs. Woodward is a dietitian with an M.S. degree in nutrition, while Mr. Woodward has his degree in Business Administration. He is at present in military service and they will live at El Paso, Texas, where he is stationed.

CLASS PARTIES AT FRIENDS CHURCH

Class parties with a holiday atmosphere are the feature of this week at the Friends church. Monday evening members of the girl's chorus met for a Christmas party at the home of Mr. and Mrs. Leon Johnson. The pastor's Sunday School class enjoyed a Christmas potluck dinner at 6:30 Tuesday with Mr. and Mrs. Amos Wilson, followed by a Christmas program.

Following the mid-week prayer meeting Wednesday at 8:30, the Welcome Class will hold their Christmas party at the church and the Crusaders Class will have a New Year's Eve party at the home of Mr. and Mrs. Ned Kotts beginning at 6:30 and closing with a Watch Night service.

Mrs. Charles Anderson and her sister Miss Marion Comfort sang a duet Sunday morning at the regular church service and Sunday evening the Rev. Loren Kuhn, of Hendrysburg, Ohio, had charge of the preaching service.

Is That So

By Miss Clara Waldron

Snow — one generation's meat and another's poison. Except in the commercial sports areas, snow is poison to this motor-minded age. Anything more than a fluffy inch to lend the landscape a post-card touch and give joy to the Very Young, is attacked by rotary monsters, treated with salt and sand and carted away like an abomination.

Yet even some of those who operate the monsters can remember when anything less than six weeks of good sleighing was an unsatisfactory winter. Then the year's heavy hauling was done; logs from the woods to the saw-mills, stove wood to basements and woodyards, wheat from granaries to mill and flour and other manufactured goods to the railroads.

The morning after a heavy snow the strongest, steadiest and wisest teams were hitched to the "bobs" and slowly, through that crystal stillness which is like no other silence on earth, they "broke out" the roads. Only the village sidewalks were cleared. The snow in the streets and roads was merely packed as rapidly as possible. Then the dust sheets were taken off the cutters, the strings of bells came from the harness rooms and the silence became musical.

In a country community then was the leisure time of the year. Families went visiting in bob-sleighs, young bloods dashed about in cutters and "sleigh rides" were planned quickly lest a January thaw spoil the fun. A sleigh with seats along the sides, straw in the bottom, hot soap stones and buffalo robes, sometimes a four-horse team and an oyster supper at the end of the miles and zero temperatures meant little.

Now and then there was an upset in the snow banks but usually the trips were uneventful. One memorable one, however, added to the scientific information of the high school participants. The host, a rigidly upright church member, served cider which was supposed to be most innocuous. What he did not realize was that the contents of the barrel had frozen and the liquid remainder was almost pure alcohol. The results were disastrous and long remembered.

Probably even then it was the young fry who enjoyed the snow most. It brought hardship as well as pleasure to the grown-ups. Only the boys and girls knew the fun of "catching kitty-eyes" on outgoing bobsleighs in the hope of catching another back to town. By the way "kitty-eye' is the way the memory of the word sounds, does anyone know how it should be spelled or what is its derivation?

ANNOUNCE ENGAGEMENT

At a family dinner party Christmas Eve, Mr. and Mrs. Hugh Hanna announced the engagement of their daughter Martha Jane to Donald Ralph Oseid, son of Mr. and Mrs. Knute Oseid of Traverse City.

Mr. and Mrs. Oseid and their son were guests at the dinner and were house guests over the weekend when nearly 200 friends called during an informal open house to express their good wishes. They came from Detroit, Grosse Pointe, Saginaw, Birmingham, Dearborn, Toledo, Adrian and Blissfield.

Miss Hanna is a graduate of Michigan State College and is teaching in Long Beach, Calif., and Mr. Oseid is a graduate student at the University of Michigan. They plan a summer wedding.

Louise Gale Weds Wilfred Waldron

At the First Methodist church of Yorktown, Ind., Saturday evening occurred the marriage of Pfc. Wilfred Robert Waldron, formerly of Tecumseh, and Louise Virginia Gale of Dalesville, Ind. The church was illuminated by myriads of candles and was decorated with greens and masses of red and white poinsettias.

Mrs. John Hamilton, sister of the groom, was matron of honor and another sister, Mrs. William Munn of Princeton, Ill., was a bridesmaid as were Miss Gale's two sisters-in-law, Mrs. Maurice and Mrs. John Gale. Mr. Waldron's college roommate, Richard Seymour, was his best man and the ushers were John Hamilton and Maurice and John Gale.

The bride's gown was of Chantilly lace over satin, embroidered with sequins and made with a cathedral train. Her fingertip veil was held by a pearl tiara and she carried a shower bouquet of lilies of the valley centered with a white orchid. Mrs. Hamilton's gown was of white velvet, with a floor length hooped skirt and her cascade bouquet was of red carnations, while the bridesmaids wore identical dresses of red velvet with which they carried white fur muffs. They were preceded by little Carol Hamilton and Susie Gale in white and red velvet, who scattered red carnation petals. The rings for the double ceremony were carried in a huge red carnation by the groom's small nephew, Johnny Hamilton in a miniature dress suit.

Harp and organ supplied the traditional music and accompanied the groom when, just before the ceremony, he sang "Ich Liebe Dich" from the rear balcony and they very softly played the favorite hymns of the couple as they exchanged their vows.

Two hundred guests attended the reception in the church recreation parlors after which the newly-weds left for a ten day trip through the southern states. On their return they will live at Fort Knox, where Pfc. Waldron is stationed.

Mrs. Waldron is a graduate of Ball Teacher's College at Muncie, Ind., while Pfc. Waldron has his Bachelor and Master's degrees from the University of Michigan and taught in the Tecumseh schools before entering military service.

Mr. and Mrs. W. G. Waldron were in Yorktown for their son's wedding as were his sister and family, Mr. and Mrs. John Hamilton and their three children.

World-Wide Distribution Another Drug-Wonder . . .

Time there was when a drug could be used only at the place and in the season it grew. Preservation of roots, herbs and other products of natural growth is just as important as the technique of making the synthetic drug marvels.

Far more wonderful is the ease of delivery to you, the patient, whenever required and wherever you may be. It's another feature of pharmacy becoming of age.

Jolene E. Barron And Roy Fee Wed

Before an altar decorated with white mums and poinsettias, Jolene Elaine Barron, daughter of Mr. and Mrs. Keith Barron became the bride of Roy W. Fee, son of Mr. and Mrs. Ernest R. Fee of Detroit, Sunday afternoon at 4 o'clock at the First Presbyterian church. The Rev. George E. Walworth officiated at the double ring ceremony.

The bride, given in marriage by her father, chose a powder blue street length dress of irridescent taffeta with matching hat. Her bouquet was of white poinsettias.

Her only attendant was Mrs. C. William Shepard of Rochester, Mich., who wore a grey dress with white accessories and carried a bouquet of red poinsettias. Mr. Fee asked James Reynolds of Detroit to be best man. Clifford Lash, uncle of the bride, played traditional nuptial music before the ceremony.

For her daughter's wedding, Mrs. Barron wore a navy blue dress trimmed in white with a corsage of pink camelias. The groom's mother was also dressed in navy blue and had a pink camelia corsage.

A reception was held following the ceremony at the home of the bride for the immediate families. Miss Lynn Dailey of Detroit cut the cake and Mrs. C. W. Empkie of Detroit poured.

When the couple left for a wedding trip to Chicago, Mrs. Fee was wearing a maroon tweed suit with black accessories.

The bride attended Michigan State College, receiving a certificate in secretarial science. She will be employed in the auditing department of the Oldsmobile plant in Lansing. The groom is a student at Michigan State College. They will reside at 1109 E. Main St., Lansing.
